Approximate date of commencement of proposed sale to the public: As soon as practicable after the effective date of this registration statement.

If any of the securities being registered on this Form are to be offered on a delayed or continuous basis pursuant to Rule 415 under the Securities Act of 1933 check the following box.

If this Form is filed to register additional securities for an offering pursuant to Rule 462(b) under the Securities Act, please check the following box and list the Securities Act registration statement number of the earlier effective registration statement for the same offering.

If this Form is a post-effective amendment filed pursuant to Rule 462(c) under the Securities Act, check the following box and list the Securities Act registration statement number of the earlier effective registration statement for the same offering.

If this Form is a post-effective amendment filed pursuant to Rule 462(d) under the Securities Act, check the following box and list the Securities Act registration statement number of the earlier effective registration statement for the same offering.

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, or smaller reporting company. See the definitions of "large accelerated filer," "accelerated filer" and "smaller reporting company" in Rule 12b-2 of the Exchange Act.

Large accelerated filer

Accelerated filer

Non-accelerated filer

Smaller reporting company

Emerging growth company

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided to Section 7(a)(2)(B) of the Securities Act.

CALCULATION OF REGISTRATION FEE

Title of Each Class of Security Being Registered	Amount Being Registered	Proposed Maximum Offering Price per Security(1)	Proposed Maximum Aggregate Offering Price(1)	Amount of Registration Fee
Units, each consisting of one share of Class A common stock, \$0.0001 par value, and one-third of one redeemable warrant(2)	17,250,000 Units	\$ 10.00	\$ 172,500,000	\$ 18,819.75
Shares of Class A common stock included as part of the units(3)	17,250,000 Shares	—	—	—(4)

Redeemable warrants included as part of the units(3)	5,750,000			
	Warrants			
Total		\$	172,500,000	\$ 18,819.75

(1) Estimated solely for the purpose of calculating the registration fee pursuant to Rule 457(a) under the Securities Act of 1933, as amended (the “Securities Act”).

(2) Includes 2,250,000 units, consisting of 2,250,000 shares of Class A common stock and 750,000 redeemable warrants, which may be issued upon exercise of a 45-day option granted to the underwriters to cover over-allotments, if any.

(3) Pursuant to Rule 416 under the Securities Act, there are also being registered an indeterminable number of additional securities as may be issued to prevent dilution resulting from stock splits, stock dividends or similar transactions.

(4) No fee pursuant to Rule 457(g) under the Securities Act.

The Registrant hereby amends this registration statement on such date or dates as may be necessary to delay its effective date until the Registrant shall file a further amendment which specifically states that this registration statement shall thereafter become effective in accordance with Section 8(a) of the Securities Act of 1933, as amended, or until the registration statement shall become effective on such date as the Securities and Exchange Commission, acting pursuant to said Section 8(a), may determine.

The information in this preliminary prospectus is not complete and may be changed. We may not sell these securities until the registration statement filed with the Securities and Exchange Commission is effective. This preliminary prospectus is not an offer to sell these securities and it is not soliciting an offer to buy these securities in any jurisdiction where the offer or sale is not permitted.

SUBJECT TO COMPLETION, DATED MAY 28, 2021

PRELIMINARY PROSPECTUS

\$150,000,000

Colombier Acquisition Corp.

15,000,000 Units

Colombier Acquisition Corp. is a newly incorporated blank check company formed for the purpose of effecting a merger, capital stock exchange, asset acquisition, stock purchase, reorganization or similar business combination with one or more businesses, which we refer to throughout this prospectus as our initial business combination. We have not selected any specific business combination target and we have not, nor has anyone on our behalf, engaged in any substantive discussions, directly or indirectly, with any business combination target with respect to an initial business combination with us. We may pursue an initial business combination target in any business or industry.

This is an initial public offering of our securities. Each unit has an offering price of \$10.00 and consists of one share of our Class A common stock and one-third of one redeemable warrant. Each whole warrant entitles the holder thereof to purchase one share of our Class A common stock at a price of \$11.50 per share, subject to adjustment as described in this prospectus. Only whole warrants are exercisable. The warrants will become exercisable on the later of 30 days after the completion of our initial business combination and 12 months from the closing of this offering (the “warrant exercise date”), and will expire five years after the completion of our initial business combination or earlier upon redemption or liquidation (the “warrant expiration date”), as described in this prospectus. Subject to the terms and conditions described in this prospectus, we may redeem the warrants for cash once the warrants become exercisable. We have also granted the underwriters a 45-day option to purchase up to an additional 2,250,000 units to cover over-allotments, if any.

We will provide our public stockholders with the opportunity to redeem all or a portion of their shares of our Class A common stock upon the completion of our initial business combination at a per share price, payable in cash, equal to the aggregate amount then on deposit in the trust account described below calculated as of two business days prior to the consummation of our initial business combination, including interest (net of amounts withdrawn to fund our working capital requirements, subject to an annual limit of \$1,000,000, and/or to pay our taxes (“permitted withdrawals”)), divided by the number of then outstanding public shares, subject to the limitations described herein. If we are unable to complete our initial business combination within 24 months from the closing of this offering, we will redeem 100% of the public shares at a per share price, payable in cash, equal to the aggregate amount then on deposit in the trust account, including interest (net of permitted withdrawals and up to \$100,000 of interest to pay dissolution expenses), divided by the number of then outstanding public shares, subject to applicable law and certain conditions as further described herein.

Our sponsor, Colombier Sponsor LLC, has subscribed to purchase an aggregate of 5,250,000 warrants (or 5,700,000 warrants if the underwriters’ option to purchase additional units is exercised in full) at a price of \$1.00 per warrant (\$5,250,000 in the aggregate, or \$5,700,000 in the aggregate if the underwriters’ option to purchase additional units is exercised in full) in a private placement that will close simultaneously with the closing of this offering (the “Private Placement”). Each private placement warrant entitles the holder thereof to purchase one share of our Class A common stock at \$11.50 per share, subject to adjustment as described in this prospectus.

Our sponsor currently holds 4,312,500 shares of Class B common stock (up to 562,500 of which are subject to forfeiture depending on the extent to which the underwriters’ option to purchase additional units is exercised). The shares of Class B common stock will automatically convert into shares of Class A common stock at the time of our initial business combination on a one-for-one basis, subject to adjustment as provided herein. Holders of our Class B common stock will have the right to elect all of our directors prior to the consummation of our initial business combination. On any other matter submitted to a vote of our stockholders, holders of our Class B common stock and holders of our Class A common stock will vote together as a single class, except as required by applicable law or stock exchange rule.

Prior to this offering, there has been no public market for our units, Class A common stock or warrants. We intend to apply to list our units on the New York Stock Exchange (the “NYSE”), under the symbol “CLBR.U” on or promptly after the date of this prospectus. We cannot guarantee that our securities will be approved for listing on the NYSE. The Class A common stock and warrants constituting the units will begin separate trading on the 52nd day following the date of this prospectus, subject to certain conditions. Once the securities constituting the units begin separate trading, we expect that the Class A common stock and warrants will be listed on the NYSE under the symbols “CLBR” and “CLBR WS,” respectively.

We are an “emerging growth company” under applicable federal securities laws and will be subject to reduced public company reporting requirements. Investing in our securities involves risks. Please see “Risk Factors” on page 31. Investors will not be entitled to protections normally afforded to investors in Rule 419 blank check offerings.

Neither the SEC nor any state securities commission has approved or disapproved of these securities or determined if this prospectus is truthful or complete. Any representation to the contrary is a criminal offense.

	Per Unit	Total
Price to Public	\$ 10.00	\$ 150,000,000
Underwriting Discounts and Commissions(1)	\$ 0.55	\$ 8,250,000
Proceeds, before expenses, to us	\$ 9.45	\$ 141,750,000

(1) Includes \$0.35 per unit, or \$5,250,000 (or up to \$6,037,500 if the underwriters' option to purchase additional units is exercised in full) in the aggregate, payable to the underwriters for deferred underwriting commissions to be placed in a trust account located in the United States as described herein. The deferred commissions will be released to the underwriters only on completion of an initial business combination, in an amount equal to \$0.35 multiplied by the number of shares of Class A common stock sold as part of the units in this offering, as described in this prospectus. Does not include certain fees and expenses payable to the underwriters in connection with this offering. See also "Underwriting (Conflicts of Interest)" for a description of compensation and other items of value payable to the underwriters.

Of the proceeds we receive from this offering and the sale of the private placement warrants described in this prospectus, \$150.0 million, or \$172.5 million if the underwriters' option to purchase additional units is exercised in full (\$10.00 per unit in either case), will be deposited into a U.S.-based trust account with Continental Stock Transfer & Trust Company acting as trustee.

The underwriters are offering the units for sale on a firm commitment basis. The underwriters expect to deliver the units to the purchasers on or about _____, 2021.

This prospectus contains references to trademarks and service marks belonging to other entities. Solely for convenience, trademarks and trade names referred to in this prospectus may appear without the ® or ™ symbols, but such references are not intended to indicate, in any way, that the applicable licensor will not assert, to the fullest extent under applicable law, its rights to these trademarks and trade names. We do not intend our use or display of other companies' trade names, trademarks or service marks to imply a relationship with, or endorsement or sponsorship of us by, any other companies.

SUMMARY

This summary only highlights the more detailed information appearing elsewhere in this prospectus. As this is a summary, it does not contain all of the information that you should consider in making an investment decision. You should read this entire prospectus carefully, including the information under "Risk Factors" and our financial statements and the related notes included elsewhere in this prospectus, before investing.

Unless otherwise stated in this prospectus or the context otherwise requires, references to:

- “amended and restated certificate of incorporation” are to our certificate of incorporation to be in effect upon the completion of this offering;
- “common stock” are to our Class A common stock and our Class B common stock;
- “completion window” is the period following the completion of this offering at the end of which, if we have not completed our initial business combination, we will redeem 100% of the public shares at a per share price, payable in cash, equal to the aggregate amount then on deposit in the trust account, including interest (net of permitted withdrawals and up to \$100,000 of interest to pay dissolution expenses), divided by the number of then outstanding public shares, subject to applicable law and certain conditions and as further described herein. The completion window ends 24 months from the closing of this offering;
- “directors” are to our directors and director nominees;
- “equity-linked securities” are to any debt or equity securities that are convertible, exercisable or exchangeable for shares of our Class A common stock issued in a financing transaction in connection with our initial business combination, including but not limited to a private placement of such securities;
- “Farvahar Partners” and “Farvahar Capital” are to Farvahar Capital LLC, principals of which are part of the group that is serving as our sponsor.
- “founder shares” are to shares of our Class B common stock and the shares of our Class A common stock issued upon the automatic conversion thereof at the time of our initial business combination as provided herein;
- “initial stockholders” are to our sponsor and any other holders of our founder shares immediately prior to this offering;
- “letter agreement” refers to the letter agreement, the form of which is filed as an exhibit to the registration statement of which this prospectus forms a part;
- “management” or our “management team” are to our officers and directors;
- “permitted withdrawals” means amounts withdrawn to fund our working capital requirements, subject to an annual limit of \$1,000,000, and/or to pay our taxes and notwithstanding the annual limitation, such withdrawals can only be made from interest and not from the principal held in the trust account;
- “Private Placement” are to a subscription of 5,250,000 warrants (or 5,700,000 warrants in the aggregate if the underwriters’ option to purchase additional units is exercised in full) at a price of \$1.00 per warrant (\$5,250,000 in the aggregate, or \$5,700,000 in the aggregate if the underwriters’ option to purchase additional units is exercised in full) by our sponsor in a private placement that will close simultaneously with the closing of this offering;
- “private placement warrants” are to the warrants issued to our sponsor in the Private Placement;
- “public shares” are to shares of our Class A common stock sold as part of the units in this offering (whether they are purchased in this offering or thereafter in the open market);
- “public stockholders” are to the holders of our public shares, including our sponsor, officers and directors to the extent our sponsor, officers or directors purchase public shares, provided that each of their status as a “public stockholder” shall only exist with respect to such public shares;
- “sponsor” are to Colombier Sponsor LLC, a Delaware limited liability company;
- “SuRo Capital Corp.” are to a publicly traded business development company (Nasdaq: SSSS), which is a part of the group that is serving as our sponsor;
- “Torch Capital” are to Torch Capital, which is a part of the group that is serving as our sponsor;
- “underwriters’ option to purchase additional units” are to the underwriters’ 45-day option to purchase up to an additional 2,250,000 units to cover over-allotments, if any;

- “warrants” are to our warrants sold as part of the units in this offering (whether they are purchased in this offering or thereafter in the open market) and the private placement warrants;
- “warrant exercise date” are to the date on which the warrants will become exercisable, which is the later of 30 days after the completion of our initial business combination and 12 months from the closing of this offering;
- “warrant expiration date” are to the date on which the warrants expire, which is five years after the completion of our initial business combination or earlier upon redemption or liquidation; and
- “we,” “us,” “company” or “our company” are to Colombier Acquisition Corp., a Delaware corporation.

Unless we tell you otherwise, the information in this prospectus assumes that the underwriters will not exercise their option to purchase additional units and the forfeiture by our sponsor of 562,500 founder shares.

General

We are a newly incorporated blank check company formed as a Delaware corporation for the purpose of effecting a merger, share exchange, asset acquisition, share purchase, reorganization or similar business combination with one or more businesses, which we refer to throughout this prospectus as our initial business combination. We have not selected any specific business combination target and we have not, nor has anyone on our behalf, engaged in any substantive discussions, directly or indirectly, with any business combination target with respect to an initial business combination with us. We may pursue an initial business combination in any business or industry but expect to focus our search on companies with enterprise value of approximately \$500 million to \$1.25 billion in industries where we believe our management team and founder’s expertise will provide us with a competitive advantage.

Sponsor Consortium

The sponsor team (the “Sponsors”) is a consortium of SuRo Capital and principals of Farvahar Partners and Torch Capital who have come together to leverage their combined expertise and differentiated relationship network to identify and execute attractive business combination opportunities. The team is led by our Chief Executive Officer and Chairman, Omeed Malik and Chief Financial Officer, Joe Voboril. Over the course of their seasoned careers, our executive team has become trusted partners to owners,

operators, and tastemakers across a variety of industries including social media, sports, music, and entertainment. Many of the companies our management team has operated or advised have also been affiliated with celebrity or influencer partners who leverage their platforms to amplify the brand and drive growth.

The respective areas of expertise within our Sponsor consortium are complementary and mutually reinforcing to our efforts. Our sourcing origination and identification efforts will largely be driven by principals of Farvahar Partners, which have developed significant long-term relationships in the consumer and technology ecosystem in its capacity as a boutique investment bank and advisor to such companies, and by principals of Torch Capital, early-stage investors with deep ties to consumer brands. Alongside these efforts, we believe that SuRo Capital Corp.'s significant investing experience in growth stage institutionally backed companies, paired with our CFO Joe Voboril's extensive investing and structuring experience, will enhance our ability to assess potential targets and investment opportunities. Eddie Kim has helped to build what we believe to be outstanding consumer brands across a variety of categories and will act as a key strategic advisor to any target. Finally, post-acquisition, our relationship with our board member and Triller co-founder Ryan Kavanaugh will allow us considerable access to celebrities and influencer partners to drive brand recognition, customer engagement, and market reach.

In sum, we believe our extensive network of relationships with tastemakers across music, sports, film, social media, and television will enhance our ability to source and execute a successful business combination as well as accelerate the growth trajectory and market reach of the acquired business.

Differentiated Target Sourcing Strategy

Our selection process will leverage our Sponsors' and management team's network of entertainment, social media, and talent agencies as well as relationships with management teams of public and private companies, investment bankers, and venture capital investors, which we believe should provide us with a number of business combination opportunities. We intend to deploy a proactive, thematic sourcing strategy and to focus on companies where we believe the combination of our operating experience, relationships, capital and influencer network can be catalysts to transform a target company and can help accelerate the target's growth and performance. Upon completion of this offering, members of our management team and Sponsors will communicate with their network of relationships to articulate our initial business combination criteria, including the parameters of our search for a target business, and will begin the disciplined process of pursuing and reviewing promising leads. We believe that we are well positioned to identify attractive acquisition opportunities in the consumer products, social, and entertainment sectors.

3

In addition to utilizing our access to industry contacts and deal flow to generate business combination opportunities, we believe that our team's differentiated network provides us with an advantage in ultimately winning a transaction in a multi-bidder scenario. We believe our team has extensive experience managing and representing talent and can use our broad relationship networks to identify the best content creators to partner with the acquisition target and catalyze growth. As potential targets evaluate multiple acquisition options in an increasingly competitive landscape, we believe that our unique access to influencers offers a differentiated advantage for the target to enhance stockholder value by using the influencers' social distribution platforms to accelerate growth, brand awareness, and customer engagement.

Competitive Strengths

We believe the sourcing, structuring and execution capabilities of our management team and Sponsors will provide us with a significant pipeline of opportunities from which to evaluate and select a business that will benefit from our expertise. We may also have the benefit of using Farvahar Capital, or another affiliate of our sponsor, as our lead financial advisor on our business combinations and other transactions. Our competitive strengths include the following:

- ***Unique Sourcing Capabilities and Industry Access.***

We believe the capabilities and connections associated with our management team, in combination with those of our Sponsors, will provide us with a differentiated pipeline of acquisition opportunities that would be difficult for other participants in the market to replicate. We expect these sourcing capabilities will be further bolstered by our management team's reputation and deep industry relationships.

Our board member and strategic advisor Ryan Kavanaugh is a respected leader and established connector in the entertainment, social, and technology space. He brings decades of entrepreneurship and relationship networks to the team - including as Co-Founder of social and distribution platform Triller; founder of Independent Sports & Entertainment; and as a highly successful television and film producer - which will be instrumental to our sourcing efforts.

Triller currently executes branding partnership campaigns for many Fortune 500 corporations. These campaigns cause Ryan to be well-attuned to the consumer technology ecosystem, and provide him unique access to celebrities, tastemakers, and entrepreneurs. These relationships will assist in our target sourcing efforts. Beyond target sourcing, however, Ryan's access to these celebrities and influencers could ultimately drive compounding value for the acquisition target as their reach is amplified across those platforms.

Additionally, all three members of our Sponsor group - SuRo Capital, and the principals of Farvahar Partners and Torch Capital - offer unique sourcing capabilities given their respective businesses.

- ***Execution and Structuring Capability.***

Our management team and Sponsors believe that our combined expertise and reputation will allow us to source and complete transactions possessing structural attributes that create an attractive investment thesis including the potential combination of multiple companies within a subsector where the resulting entity would be a market-leading brand. These types of transactions are typically complex and require creativity, industry knowledge and expertise, rigorous due diligence, and extensive negotiations and documentation. We believe that by focusing our investment activities on these types of transactions, we are able to generate investment opportunities that have attractive risk/reward profiles based on their valuations and structural characteristics.

Farvahar Partners, a boutique investment bank, principals of which are members of our Sponsor group, brings execution and structuring experience to the transaction. Farvahar Partners has developed extensive relationships across the industry by investing partner capital in growth businesses and acting as a liquidity provider of private placements on behalf of companies and institutional investors. It also offers advisory, investment banking and capital raising services to its clients.

- ***Post-Acquisition Expertise in Driving Growth through Brand Engagement.***

We believe that our team is well-positioned to leverage the notoriety of celebrities, tastemakers and influencers to grow a target's brand identity.

We believe today's consumer marketplace is over-saturated with products and brands that often lack differentiation, significant consumer engagement, and brand loyalty. Given the digital footprint of the "Amazon" world, having a good consumer product is not enough - the brand itself must stand out in order to drive the product to the front of a very crowded shelf.

4

We believe celebrity association and endorsement have the proven power to drive brand awareness and engagement. However, paid celebrity endorsements are expensive and often inauthentic – the consumer understands their transactional nature and is less impressed with their influence. But, brands that utilize tastemakers and influencers as partners are often successful in leveraging the celebrity association for brand building.

Our board member and strategic advisor Ryan Kavanaugh has spent his professional career building and amplifying brands through partnerships with individuals who have broad reach and followership. Ryan has the ability to leverage his network to amplify brands in crowded industries with often little differentiation. For example, he has partnered with celebrities and internet personalities as business co-owners to utilize their platforms to launch and scale an aspirational consumer products company. Celebrity involvement and brand amplification has differentiated the brand in a crowded marketplace.

Investment Criteria

We have developed the following high-level, non-exclusive investment criteria that we will use to screen for and evaluate target businesses. We will seek to acquire a business that:

- ***Has Strong Brand Engagement with Potential to Grow if Partnered with Our Celebrity Network***

We intend to identify targets in which our Sponsors and management team can access their extensive network and partner with the right influencer or group of influencers to drive brand engagement and accelerate growth. Proprietary access to tastemakers and celebrities provides the potential acquisition target with a value of association and authenticity that drives stronger consumer awareness, engagement, and loyalty. The acquisition target's associated reputable brand can be enhanced by this group's extensive consumer reach and access to superior marketing and advertising talent.

- ***Is Sourced Through our Differentiated Network.***

We do not expect to participate in broadly marketed processes, but rather will aim to leverage our extensive network to source our business combination. Our board member and strategic advisor Eddie Kim has a deep network in the world of leading consumer brands. Eddie has served as a founding board member in various consumer companies that have gone on to both elevate and redefine their respective categories. His experience helps ensure both identifying and winning the best targets for long term success.

- ***Has a Committed and Capable Management Team.***

We will seek to acquire a business with a professional management team whose interests are aligned with those of our investors and complement the expertise of our founder. Where necessary, we may also look to complement and enhance the capabilities of the target business's management team by recruiting additional talent through our network of contacts.

These criteria are not intended to be exhaustive. Any evaluation relating to the merits of a particular initial business combination may be based, to the extent relevant, on these general guidelines as well as on other considerations, factors and criteria that our management may deem relevant. In the event that we decide to enter into our initial business combination with a target business that does not meet the above criteria and guidelines, we will disclose that the target business does not meet the above criteria in our stockholder communications related to our initial business combination, which, as discussed in this prospectus, would be in the form of tender offer documents or proxy solicitation materials that we would file with the SEC.

Our Acquisition Process

In evaluating a prospective target business, we expect to conduct a thorough due diligence review that will encompass, among other things, meetings with incumbent management and employees, document reviews, inspection of facilities, as well as a review of financial, operational, legal and other information which will be made available to us.

We are not prohibited from pursuing an initial business combination with a company that is affiliated with our sponsor, founder, officers or directors. In the event we seek to complete our initial business combination with a business that is affiliated with our sponsor, founder, officers or directors, we, or a committee of independent and disinterested directors, will obtain an opinion from an independent investment banking firm that is a member of the Financial Industry Regulatory Authority, or FINRA, or from an independent accounting firm, that such an initial business combination is fair to our company from a financial point of view.

Members of our management team may directly or indirectly own our securities following this offering, and accordingly, they may have a conflict of interest in determining whether a particular target business is an appropriate business with which to effectuate our initial business combination. Further, each of our officers and directors may have a conflict of interest with respect to evaluating a particular business combination if the retention or resignation of any such officers and directors was included by a target business as a condition to any agreement with respect to our initial business combination.

Our sponsor and its principals may from time to time become aware of potential business opportunities, one or more of which we may desire to pursue, for a business combination, but we have not (nor has anyone on our behalf) engaged in any substantive discussions, directly or indirectly, with any business combination target with respect to a business combination transaction with us.

As described in "Proposed Business — Sourcing of Potential Business Combination Targets" and "Management — Conflicts of Interest," each of our officers and directors presently has, and any of them in the future may have additional, fiduciary, contractual or other obligations or duties to one or more other entities pursuant to which such officer or director is or will be required to present a business combination opportunity to such entities. Our amended and restated certificate of incorporation will provide that we renounce our interest in any corporate opportunity offered to any director or officer unless (i) such opportunity is expressly offered to such person solely in his or her capacity as a director or officer of our company, (ii) such opportunity is one we are legally and contractually permitted to undertake and would otherwise be reasonable for us to pursue and (iii) the director or officer is permitted to refer the opportunity to us without violating another legal obligation. Accordingly, if any of our officers or directors becomes aware of a business combination opportunity which is suitable for one or more entities to which he or she has fiduciary, contractual or other obligations or duties, he or she will honor these obligations and duties to present such business combination opportunity to such entities first, and only present it to us if such entities reject the opportunity and he or she determines to present the opportunity to us.

While neither the Sponsors nor any of our management team will have any duty to offer acquisition opportunities to us, they may become aware of a potential transaction that is an attractive opportunity for us, which they may decide to share with us. Conflicts may arise from their affiliation with our company, their provision of services both to us and to third-party clients, as well as from actions undertaken by them for their own account. In performing services for other clients and also when acting for their own account, they may take commercial steps which may have an adverse effect on us. Any of the Sponsors' or our management team's other activities may, individually or in the aggregate, have an adverse effect on us, and the interests of the Sponsors and our or their respective clients or counterparties may at times be averse to ours. Please see "Proposed Business — Certain Potential Conflicts of Interest" for additional information regarding certain potential conflicts of interest relating to the Sponsors and our Management team.

Our sponsor paid an aggregate of \$25,000 for the founder shares, or approximately \$0.006 per founder share. As a result of the low acquisition cost of our founder shares, our sponsor, our management team and advisors could make a substantial profit even if we select and consummate an initial business combination with an acquisition target that subsequently declines in value or is unprofitable for our public stockholders.

We do not believe, however, that the fiduciary, contractual or other obligations or duties of our officers or directors, or of our Sponsors and our Management team, or policies applicable to the Sponsors or any of our Management team, will materially affect our ability to complete our initial business combination.

Our officers, directors, Sponsors, and our Management team may participate in the formation of, or become an officer or director of, any other blank check company prior to completion of our initial business combination. As a result, our sponsor, officers, directors, Sponsors, and our Management team could have conflicts of interest in determining whether to present business combination opportunities to us or to any other blank check company with which they may become involved.

Initial Business Combination

The NYSE rules require that an initial business combination must be with one or more operating businesses or assets with a fair market value equal to at least 80% of the net assets held in the trust account (net of amounts disbursed to management for working capital purposes, if applicable, and excluding the amount of any deferred underwriting discount). We refer to this as the 80% of net assets test. If our board of directors is not able to independently determine the fair market value of the target business or businesses, we will obtain an opinion from an independent investment banking firm that is a member of FINRA or from an independent accounting firm, with respect to the satisfaction of such criteria. We do not currently intend to purchase multiple businesses in unrelated industries in conjunction with our initial business combination, although there is no assurance that will be the case.

We anticipate structuring our initial business combination so that the post-transaction company in which our public stockholders own shares will own or acquire 100% of the outstanding equity interests or assets of the target business or businesses. We may, however, structure our initial business combination such that the post-transaction company owns or acquires less than 100% of such interests or assets of the target business in order to meet certain objectives of the target management team or stockholders or for other reasons, but we will only complete such business combination if the post-transaction company owns or acquires 50% or more of the outstanding voting securities of the target or otherwise acquires a controlling interest in the target business sufficient for it not to be required to register as an investment company under the Investment Company Act of 1940, as amended (the "Investment Company Act"). Even if the post-transaction company owns or acquires 50% or more of the voting securities of the target, our stockholders prior to our initial business combination may collectively own a minority interest in the post-transaction company, depending on valuations ascribed to the target and us in our initial business combination transaction. For example, we could pursue a transaction in which we issue a substantial number of new shares in exchange for all of the outstanding capital stock of a target. In this case, we would acquire a 100% controlling interest in the target. However, as a result of the issuance of a substantial number of new shares, our stockholders immediately prior to our initial business combination could own less than a majority of our outstanding shares subsequent to our initial business combination. If less than 100% of the equity interests or assets of a target business or businesses are owned or acquired by the post-transaction company, the portion of such business or businesses that is owned or acquired is what will be valued for purposes of the 80% of net assets test. If our initial business combination involves more than one target business, the 80% of net assets test will be based on the aggregate value of all of the target businesses.

6

Our amended and restated certificate of incorporation will require the affirmative vote of a majority of our board of directors, which must include a majority of our independent directors, to approve our initial business combination (or such other vote as the applicable law or stock exchange rules then in effect may require).

We do not believe we will need to raise additional funds following this offering in order to meet the expenditures required for operating our business. However, if our estimates of the costs of identifying a target business, undertaking in-depth due diligence and negotiating an initial business combination are less than the actual amount necessary to do so, we may have insufficient funds available to operate our business prior to our initial business combination. Moreover, we may need to obtain additional financing either to complete our initial business combination or because we become obligated to redeem a significant number of our public shares in connection with our initial business combination or a stockholder vote to make certain amendments to our charter, in which case we may issue additional securities or incur debt in connection with our initial business combination. In addition, we intend to target businesses with enterprise values that are greater than we could acquire with the net proceeds of this offering and the sale of the private placement warrants, and, as a result, if the cash portion of the purchase price exceeds the amount available to us, including from the trust account, net of amounts needed to satisfy redemptions by public stockholders, we may be required to seek additional financing to complete such proposed initial business combination. We may also obtain financing prior to the closing of our initial business combination to fund our working capital needs and transaction costs in connection with our search for and completion of our initial business combination. There is no limitation on our ability to raise funds through the issuance of equity or equity-linked securities or through loans, advances or other indebtedness in connection with our initial business combination, including pursuant to forward purchase agreements or backstop arrangements we may enter into following the consummation of this offering. Subject to compliance with applicable securities laws, we would only complete such financing simultaneously with the completion of our business combination. If we are unable to complete our initial business combination because we do not have sufficient funds available to us, we will be forced to cease operations and liquidate the trust account upon expiration of the completion window. In addition, following our initial business combination, if cash on hand is insufficient, we may need to obtain additional financing in order to meet our obligations.

Prior to the date of this prospectus, we will file a registration statement on Form 8-A with the SEC to voluntarily register our securities under Section 12 of the Exchange Act. As a result, we will be subject to the rules and regulations promulgated under the Exchange Act. We have no current intention of filing a Form 15 to suspend our reporting or other obligations under the Exchange Act prior or subsequent to the consummation of our initial business combination.

Risk Factors Summary

Our business is subject to numerous risks and uncertainties, including those highlighted in the section titled "Risk Factors" immediately following this prospectus summary. These risks include, but are not limited to, risks associated with:

- being a newly incorporated company with no operating history and no revenues;
- our ability to complete our initial business combination, including risks arising from the uncertainty resulting from the COVID-19 pandemic;
- our public shareholders' ability to exercise redemption rights;
- the requirement that we complete our initial business combination within the completion window;
- the possibility that NYSE may delist our securities from trading on its exchange;
- being declared an investment company under the Investment Company Act;
- complying with changing laws and regulations;
- the performance of the prospective target business or businesses;
- our ability to select an appropriate target business or businesses;
- the pool of prospective target businesses available to us and the ability of our officers and directors

7

- to generate a number of potential business combination opportunities;
- the issuance of additional Class A common stock in connection with a business combination that may dilute the interest of our shareholders;
- the incentives to our sponsor, officers and directors to complete a business combination to avoid losing their entire investment in us if our initial business combination is not completed;
- our officers and directors allocating their time to other businesses and potentially having conflicts of interest with our business or in approving our initial business combination;
- our success in retaining or recruiting, or changes required in, our officers, key employees or directors following our initial business combination;
- our ability to obtain additional financing to complete our initial business combination;
- our ability to amend the terms of warrants in a manner that may be adverse to the holders of public warrants;
- our ability to redeem your unexpired warrants prior to their exercise;
- our public securities' potential liquidity and trading; and
- provisions in our amended and restated certificate of incorporation and Delaware law that may have the effect of inhibiting a takeover of us and discouraging lawsuits against our directors and officers.

Implications of Being an Emerging Growth Company

We are an "emerging growth company," as defined in Section 2(a) of the Securities Act of 1933, as amended (the "Securities Act"), as modified by the Jumpstart Our Business Startups Act of 2012 (the "JOBS Act"). As such, we are eligible to take advantage of certain exemptions from various reporting requirements that are applicable to other public companies that are not "emerging growth companies" including, but not limited to, not being required to comply with the auditor attestation requirements of Section 404 of the Sarbanes-Oxley Act of 2002 (the "Sarbanes-Oxley Act"), reduced disclosure obligations regarding executive compensation in our periodic reports and proxy statements, and exemptions from the requirements of holding a non-binding advisory vote on executive compensation and stockholder approval of any golden parachute payments not previously approved. If some investors find our securities less attractive as a result, there may be a less active trading market for our securities and the prices of our securities may be more volatile.

In addition, Section 107 of the JOBS Act also provides that an "emerging growth company" can take advantage of the extended transition period provided in Section 7(a)(2)(B) of the Securities Act for complying with new or revised accounting standards. In other words, an "emerging growth company" can delay the adoption of certain accounting standards until those standards would otherwise apply to private companies. We intend to take advantage of the benefits of this extended transition period.

We will remain an emerging growth company until the earlier of: (1) the last day of the fiscal year (a) following the fifth anniversary of the completion of this offering, (b) in which we have total annual gross revenue of \$1.07 billion or more, or (c) in which we are deemed to be a large accelerated filer, which means the market value of our common stock that is held by non-affiliates exceeds \$700 million as of the end of the prior fiscal year's second fiscal quarter; and (2) the date on which we have issued more than \$1.00 billion in non-convertible debt during the prior three-year period. References herein to "emerging growth company" shall have the meaning associated with it in the JOBS Act.

Corporate Information

Our executive offices are located at 214 Brazilian Avenue, Suite 200-A, Palm Beach, FL 33480 and our telephone number is (561) 805-3588. Upon completion of this offering, our corporate website address will be colombierspac.com. Our website and the information contained on, or that can be accessed through, the website is not deemed to be incorporated by reference in, and is not considered part of, this prospectus. You should not rely on any such information in making your decision whether to invest in our securities.

The Offering

In making your decision whether to invest in our securities, you should take into account not only the backgrounds of the members of our management team, but also the special risks we face as a blank check company and the fact that this offering is not being conducted in compliance with Rule 419 promulgated under the Securities Act. You will not be entitled to protections normally afforded to investors in Rule 419 blank check offerings. You should carefully consider these and the other risks set forth in the section below entitled "Risk Factors."

Securities Offered

15,000,000 units (plus 2,250,000 additional units if the underwriters' option to purchase additional units is exercised in full), at \$10.00 per unit, each unit consisting of:

- one share of Class A common stock; and
- one-third of one redeemable warrant to purchase one share of Class A common stock.

Proposed NYSE symbols

Units: "CLBR.U"

Class A Common Stock: "CLBR"

Warrants: "CLBR WS"

Trading commencement and separation of Class A common stock and warrants

The units are expected to begin trading promptly after the date of this prospectus. The Class A common stock and warrants constituting the units will begin separate trading on the 52nd day following the date of this prospectus unless B. Riley Securities, or B. Riley informs us of its decision to allow earlier separate trading, subject to our having filed the Current Report on Form 8-K described below and having issued a press release announcing when such separate trading will begin. Once the shares of Class A common stock and warrants commence separate trading, holders will have the option to continue to hold units or separate their units into the component securities. Holders will need to have their brokers contact our transfer agent in order to separate the units into shares of Class A common stock and warrants. No fractional warrants will be issued upon separation of the units and only whole warrants will trade. Accordingly, unless you purchase at least three units, you will not be able to receive or trade a whole warrant.

In no event will the Class A common stock and warrants be traded separately until we have filed with the SEC a Current Report on Form 8-K, which includes an audited balance sheet of our company reflecting our receipt of the gross proceeds at the closing of this offering. We will file the Current Report on Form 8-K promptly after the closing of this offering. If the underwriters' option to purchase additional units is exercised following the initial filing of such Current Report on Form 8-K, a second or amended Current Report on Form 8-K will be filed to provide updated financial information to reflect the exercise of the underwriters' option to purchase additional units.

Units:

Number outstanding before this offering: None.

9

Number outstanding after this offering: 15,000,000⁽¹⁾

Common Stock:

Number outstanding before this offering: 4,312,500⁽²⁾⁽⁴⁾

Number outstanding after this offering: 18,750,000 ⁽¹⁾⁽³⁾⁽⁴⁾

Warrants:

Number of private placement warrants to be sold in the Private Placement: 5,250,000

Number of warrants to be outstanding after this offering and the Private Placement: 10,250,000

Exercisability

Each whole warrant offered in this offering is exercisable to purchase one share of our Class A common stock, subject to adjustment as provided herein, and only whole warrants are exercisable. No fractional warrants will be issued upon separation of the units and only whole warrants will trade.

We structured each unit to contain one-third of one warrant, with each whole warrant exercisable for one share of Class A common stock, as compared to units issued by some other similar blank check companies which contain whole warrants exercisable for one whole share, in order to reduce the dilutive effect of the warrants upon completion of our initial business combination as compared to units that each contain a warrant to purchase one whole share, thus making us, we believe, a more attractive business combination partner for target businesses.

Exercise price

\$11.50 per share of Class A common stock, subject to adjustment as described herein.

Exercise period

The warrants will become exercisable on the warrant exercise date, which is the later of:

- 30 days after the completion of our initial business combination; and
- 12 months from the closing of this offering;

provided in each case that we have an effective registration statement under the Securities Act covering the issuance of the shares of common stock issuable upon exercise of the warrants and a current prospectus relating to them is available (or we permit holders to exercise their warrants on a cashless basis under the circumstances specified in the warrant agreement).

⁽¹⁾ Assumes no exercise of the underwriters' option to purchase additional units and the forfeiture by our sponsor of 562,500 founder shares.

⁽²⁾ Consists solely of founder shares and includes up to 562,500 shares that are subject to forfeiture by our sponsor depending on the extent to which the underwriters' option to purchase additional units is exercised.

⁽³⁾ Includes 15,000,000 public shares and 3,750,000 founder shares.

⁽⁴⁾ Founder shares are classified as shares of Class B common stock, which shares will automatically convert into shares of Class A common stock at the time of our initial business combination on a one-for-one basis, subject to adjustment as described below adjacent to the caption "Founder shares conversion and anti-dilution rights."

We are not registering the shares of Class A common stock issuable upon exercise of the warrants at this time. However, we have agreed that as soon as practicable, but in no event later than 15 business days after the closing of our initial business combination, we will use our reasonable best efforts to file with the SEC, and within 60 business days following our initial business combination to have declared effective, a registration statement covering the issuance of the shares of Class A common stock issuable upon exercise of the warrants and to maintain a current prospectus relating to those shares of Class A common stock until the warrants expire or are redeemed, as specified in the warrant agreement. If a registration statement covering the shares of Class A common stock issuable upon exercise of the warrants is not effective by the 60th business day after the closing of our initial business combination, warrant holders may, until such time as there is an effective registration statement and during any period when we will have failed to maintain an effective registration statement, exercise warrants on a “cashless basis” in accordance with Section 3(a)(9) of the Securities Act or another exemption. Notwithstanding the above, if our Class A common stock is at the time of any exercise of a warrant not listed on a national securities exchange such that it satisfies the definition of a “covered security” under Section 18(b)(1) of the Securities Act, we may, at our option, require holders of public warrants who exercise their warrants to do so on a “cashless basis” in accordance with Section 3(a)(9) of the Securities Act and, in the event we so elect, we will not be required to file or maintain in effect a registration statement, and in the event we do not so elect, we will use our best efforts to register or qualify the shares under applicable blue sky laws to the extent an exemption is not available. The warrants will expire at 5:00 p.m., New York City time on the warrant expiration date, which is five years after the completion of our initial business combination or earlier upon redemption or liquidation. On the exercise of any warrant, the warrant exercise price will be paid directly to us and not placed in the trust account.

Redemption of warrants

Once the warrants become exercisable, we may redeem the outstanding warrants (except as described herein with respect to the private placement warrants):

- in whole and not in part;
- at a price of \$0.01 per warrant;
- upon a minimum of 30 days’ prior written notice of redemption, which we refer to as the 30-day redemption period; and
- if, and only if, the closing price of our Class A common stock equals or exceeds \$18.00 per share (as adjusted for stock splits, stock dividends, reorganizations, recapitalizations and the like) for any 20 trading days within a 30-trading day period ending on the third trading day prior to the date on which we send the notice of redemption to the warrant holders.

We will not redeem the warrants for cash unless a registration statement under the Securities Act covering the issuance of the shares of Class A common stock issuable upon exercise of the warrants is then effective and a current prospectus relating to those shares of common stock is available throughout the 30-day redemption period, except if the warrants may be exercised on a cashless basis and such cashless exercise is exempt from registration under the Securities Act. If and when the warrants become redeemable by us, we may exercise our redemption right even if we are unable to register or qualify the underlying securities for sale under all applicable state securities laws.

Cashless Exercise

If we call the warrants for redemption for cash, as described above, our management will have the option to require all holders that wish to exercise warrants to do so on a “cashless basis.” In determining whether to require all holders to exercise their warrants on a “cashless basis,” our management will consider, among other factors, our cash position, the number of warrants that are outstanding and the dilutive effect on our stockholders of issuing the maximum number of shares of Class A common stock issuable upon the exercise of our warrants. In such event, each holder would pay the exercise price by surrendering the warrants for that number of shares of Class A common stock equal to the quotient obtained by dividing (x) the product of the number of shares of Class A common stock underlying the warrants, multiplied by the excess of the “fair market value” of our Class A common stock (defined above) over the exercise price of the warrants by (y) the fair market value. Please see “Description of Securities — Warrants — Public Stockholders’ Warrants” for additional information.

Election of directors; voting rights

Prior to the consummation of our initial business combination, only holders of our Class B common stock will have the right to vote on the election of directors. Holders of the Class A common stock will not be entitled to vote on the election of directors during such time. These provisions of our amended and restated certificate of incorporation may only be amended if approved by a majority of at least 90% of our common stock voting at a stockholder meeting. With respect to any other matter submitted to a vote of our stockholders, including any vote in connection with our initial business combination, except as required by applicable law or stock exchange rule, holders of our Class A common stock and holders of our Class B common stock will vote together as a single class, with each share entitling the holder to one vote. In connection with our initial business combination, we may enter into a shareholders agreement or other arrangements with the shareholders of the target or other investors to provide for voting or other governance arrangements that differ from those in effect upon completion of this offering.

Founder shares

On February 15, 2021, our sponsor purchased an aggregate of 4,312,500 founder shares for an aggregate purchase price of \$25,000, or approximately \$0.006 per share. The number of founder shares issued was determined based on the expectation that the founder shares would represent 20% of the outstanding shares of common stock upon the completion of this offering. Prior to the initial investment in the company of \$25,000 by our sponsor, the company had no assets, tangible or intangible. The purchase price of the founder shares was determined by dividing the amount of cash contributed to us by the number of founder shares issued. If we increase or decrease the size of this offering, we will effect a stock dividend or a share contribution back to capital or other appropriate mechanism, as applicable, with respect to our Class B common stock immediately prior to the consummation of this offering in such amount as to maintain the ownership of founder shares by our initial stockholders at 20% of our issued and outstanding shares of our common stock upon the consummation of this offering.

The 562,500 founder shares are subject to forfeiture by our sponsor depending on the extent to which the underwriters' option to purchase additional units is exercised.

The founder shares are identical to the shares of Class A common stock included in the units being sold in this offering, except that:

- only holders of the founder shares have the right to vote on the election and removal of directors prior to the consummation of our initial business combination;
- the founder shares are subject to certain transfer restrictions, as described in more detail below;
- our sponsor, officers and directors have entered into letter agreements with us, pursuant to which they have agreed: (1) to waive their redemption rights with respect to any founder shares and public shares held by them, as applicable, in connection with the completion of our initial business combination; (2) to waive their redemption rights with respect to any founder shares and public shares held by them in connection with a stockholder vote to approve an amendment to our amended and restated certificate of incorporation to modify the substance or timing of our obligation to provide for the redemption of our public shares in connection with an initial business combination or to redeem 100% of our public shares if we have not consummated our initial business combination within the completion window; and (3) to waive their rights to liquidating distributions from the trust account with respect to any founder shares they hold if we fail to complete our initial business combination within the transfer restrictions on founder completion window (although they will be entitled to liquidating distributions from the trust account with respect to any public shares they hold if we fail to complete our initial business combination within the completion window). If we submit our initial business combination to our public stockholders for a vote, our initial stockholders, officers and directors have agreed to vote any founder shares and any public shares held by them in favor of our initial business combination. As a result, in addition to our initial stockholders' founder shares, we would need 5,625,001, or 37.5%, of the 15,000,000 public shares sold in this offering to be voted in favor of an initial business combination (assuming all issued and outstanding shares are voted and the underwriters' option to purchase additional units is not exercised) in order to have such initial business combination approved;

- the founder shares are automatically convertible into shares of our Class A common stock at the time of our initial business combination, on a one-for-one basis, subject to adjustment pursuant to certain anti-dilution rights, as described in more detail below; and
- the holders of the founder shares are entitled to registration rights.

Transfer restrictions on founder shares

Our sponsor, founder, officers and directors have agreed not to transfer, assign or sell any founder shares held by them until the earlier of: (1) one year after the completion of our initial business combination; or (2) the date on which we complete a liquidation, merger, stock exchange, reorganization or other similar transaction after our initial business combination that results in all of our public stockholders having the right to exchange their shares of common stock for cash, securities or other property (except as described herein under "Principal Stockholders — Transfers of Founder Shares and Private Placement Warrants"). Any permitted transferees would be subject to the same restrictions and other agreements of our sponsor with respect to any founder shares. We refer to such transfer restrictions throughout this prospectus as the lock-up.

Notwithstanding the foregoing, if the closing price of our common stock equals or exceeds \$12.00 per share (as adjusted for stock splits, stock dividends, reorganizations, recapitalizations and the like) for any 20 trading days within any 30-trading day period commencing at least 150 days after our initial business combination, the founder shares will be released from the lock-up.

Founder shares conversion and anti-dilution rights

The shares of Class B common stock will automatically convert into shares of Class A common stock at the time of our initial business combination on a one-for-one basis, subject to adjustment as provided herein. In the case that additional shares of Class A common stock, or equity-linked securities, are issued or deemed issued in excess of the amounts sold in this offering and related to the closing of our initial business combination, the ratio at which shares of Class B common stock shall convert into shares of Class A common stock will be adjusted (unless the holders of a majority of the outstanding shares of Class B common stock agree to waive such anti-dilution adjustment with respect to any such issuance or deemed issuance) so that the number of shares of Class A common stock issuable upon conversion of all shares of Class B common stock will equal, in the aggregate, on an as-converted basis, 20% of the total number of all shares of common stock outstanding upon completion of this offering plus all shares of Class A common stock and equity-linked securities issued or deemed issued in connection with our initial business combination (net of the number of shares of Class A common stock redeemed in connection with our initial business combination), excluding any shares or equity-linked securities issued, or to be issued, to any seller in our initial business combination in consideration for such seller's interest in the business combination target and any private placement warrants issued upon the conversion of working capital loans made to us.

14

Private placement warrants

Our sponsor has subscribed to purchase an aggregate of 5,250,000 private placement warrants (or 5,700,000 if the underwriters' option to purchase additional units is exercised in full) at a price of \$1.00 per warrant (\$5,250,000 in the aggregate or \$5,700,000 in the aggregate if the underwriters' option to purchase additional units is exercised in full) in the Private Placement. Each private placement warrant entitles the holder thereof to purchase one share of Class A common stock at a price of \$11.50 per share, subject to adjustment as provided herein. The private placement warrants will not be redeemable by us so long as they are held by our sponsor or its permitted transferees (except as described below under "Principal Stockholders — Transfers of Founder Shares and Private Placement Warrants"). If the private placement warrants are held by holders other than our sponsor or its permitted transferees, the private placement warrants will be redeemable by us and exercisable by the holders on the same basis as the warrants included in the units being sold as part of this offering. Our sponsor, as well as its permitted transferees, have the option to exercise the private placement warrants on a cashless basis.

Transfer restrictions on private placement warrants

The private placement warrants (including the Class A common stock issuable upon exercise of the private placement warrants) will not be transferable, assignable or salable until 30 days after the completion of our initial business combination (except as described under the section of this prospectus entitled "Principal Stockholders — Transfers of Founder Shares and Private Placement Warrants").

Proceeds to be held in trust account

The rules of the NYSE provide that at least 90% of the gross proceeds from this offering and the sale of the private placement warrants be deposited in a trust account. Of the net proceeds we will receive from this offering and the sale of the private placement warrants described in this prospectus, \$150,000,000 (\$10.00 per unit), or \$172,500,000 (\$10.00 per unit) if the underwriters' option to purchase additional units is exercised in full, will be deposited into a segregated trust account located in the United States with Continental Stock Transfer & Trust Company acting as trustee and an aggregate of approximately \$1,240,000 will be used to pay expenses in connection with the closing of this offering and \$1,010,000 for working capital following this offering. The proceeds to be placed in the trust account include \$5,250,000 (or up to \$6,037,500 if the underwriters' option to purchase additional units is exercised in full) in deferred underwriting commissions. The funds in the trust account will be invested only in U.S. government treasury bills with a maturity of 185 days or less or in money market funds that meet certain conditions under Rule 2a-7 under the Investment Company Act and that invest only in direct U.S. government obligations.

15

Except with respect to interest earned on the funds held in the trust account that may be released to us as described below, the funds held in the trust account will not be released from the trust account until the earliest of: (1) the completion of our initial business combination; (2) the redemption of any public shares properly submitted in connection with a stockholder vote to amend our amended and restated certificate of incorporation (i) to modify the substance or timing of our obligation to provide for the redemption of our public shares in connection with an initial business combination or to redeem 100% of our public shares if we do not complete our initial business combination within the completion window or (ii) with respect to any other material provisions relating to the rights of holders of our Class A Common Stock prior to our initial business combination or pre-initial business combination business activity; and (3) the redemption of all of our public shares if we are unable to complete our initial business combination within the completion window, subject to applicable law.

Anticipated expenses and funding sources

Unless and until we complete our initial business combination, no proceeds held in the trust account will be available for our use, except permitted withdrawals. The funds in the trust account will be invested only in U.S. government treasury bills with a maturity of 185 days or less or in money market funds that meet certain conditions under Rule 2a-7 under the Investment Company Act and that invest only in direct U.S. government obligations. Based upon current interest rates, we expect the trust account to generate approximately \$12,000 of interest annually (assuming an interest rate of 0.08% per year); however, we can provide no assurances regarding this amount. Unless and until we complete our initial business combination, we may pay our expenses only from such interest withdrawn from the trust account and any loans or additional investments from our sponsor, members of our management team or any of their respective affiliates or other third parties, although they are under no obligation or other duty to loan funds to, or invest in, us, and provided that any such loans will not have any claim on the proceeds held in the trust account unless such proceeds are released to us upon completion of our initial business combination. If we complete our initial business combination, we expect to repay such loaned amounts out of the proceeds of the trust account released to us. In the event that our initial business combination does not close, we may use a portion of the working capital held outside the trust account to repay such loaned amounts but no proceeds from our trust account would be used to repay such loaned amounts. Up to \$1,500,000 of all loans made to us by our sponsor, an affiliate of our sponsor or our officers and directors may be convertible into warrants at a price of \$1.00 per warrant at the option of the lender at the time of the business combination. The warrants would be identical to the private placement warrants issued to our sponsor.

Conditions to completing our initial business combination

There is no limitation on our ability to raise funds privately or through loans in connection with our initial business combination. The NYSE rules require that an initial business combination must be with one or more operating businesses or assets with a fair market value equal to at least 80% of the net assets held in the trust account (net of amounts disbursed to management for working capital purposes, if applicable, and excluding the amount of any deferred underwriting discount). We do not currently intend to purchase multiple businesses in unrelated industries in conjunction with our initial business combination, although there is no assurance that will be the case.

If our board of directors is not able to independently determine the fair market value of the target business or businesses, we will obtain an opinion from an independent investment banking firm that is a member of FINRA or from an independent accounting firm. We will complete our initial business combination only if the post-transaction company in which our public stockholders own shares will own or acquire 50% or more of the outstanding voting securities of the target or otherwise acquires a controlling interest in the target business sufficient for it not to be required to register as an investment company under the Investment Company Act. Even if the post-transaction company owns or acquires 50% or more of the voting securities of the target, our stockholders prior to our initial business combination may collectively own a minority interest in the post-transaction company, depending on valuations ascribed to the target and us in our initial business combination transaction. If less than 100% of the equity interests or assets of a target business or businesses are owned or acquired by the post-transaction company, the portion of such business or businesses that is owned or acquired is what will be valued for purposes of the 80% of net assets test, provided that in the event that our initial business combination involves more than one target business, the 80% of net assets test will be based on the aggregate value of all of the target businesses.

Permitted purchases of public shares and public warrants by our affiliates

If we seek stockholder approval of our initial business combination and we do not conduct redemptions in connection with our initial business combination pursuant to the tender offer rules, our sponsor, directors, officers, advisors or any of their respective affiliates may purchase public shares or public warrants or a combination thereof in privately negotiated transactions or in the open market either prior to or following the completion of our initial business combination, although they are under no obligation or other duty to do so. Please see "Proposed Business — Permitted purchases of our securities" for a description of how such persons will determine from which stockholders to seek to acquire securities. There is no limit on the number of shares or warrants such persons may purchase, or any restriction on the price that they may pay.

Any such price per share may be different than the amount per share a public stockholder would receive if it elected to redeem its shares in connection with our initial business combination. However, such persons have no current commitments, plans or intentions to engage in such transactions and have not formulated any terms or conditions for any such transactions. In the event our sponsor, directors, officers, advisors or any of their affiliates determine to make any such purchases at the time of a stockholder vote relating to our initial business combination, such purchases could have the effect of influencing the vote necessary to approve such transaction. None of the funds in the trust account will be used to purchase public shares or public warrants in such transactions. If they engage in such transactions, they will be restricted from making any such purchases when they are in possession of any material non-public information not disclosed to the seller or if such purchases are prohibited by Regulation M under the Exchange Act. Prior to the consummation of this offering, we will adopt an insider trading policy which will require insiders to:

- (1) refrain from purchasing securities when they are in possession of any material non-public information; and
- (2) to clear all trades with our compliance personnel or legal counsel prior to execution. We cannot currently determine whether our insiders will make such purchases pursuant to a Rule 10b5-1 plan, as it will be dependent upon several factors, including but not limited to, the timing and size of such purchases. Depending on such circumstances, our insiders may either make such purchases pursuant to a Rule 10b5-1 plan or determine that such a plan is not necessary.

We do not currently anticipate that such purchases, if any, would constitute a tender offer subject to the tender offer rules under the Exchange Act or a going-private transaction subject to the going-private rules under the Exchange Act; however, if the purchasers determine at the time of any such purchases that the purchases are subject to such rules, the purchasers will comply with such rules. Our sponsor, directors, officers, advisors or any of their respective affiliates will be restricted from making purchases if such purchases would violate Section 9(a)(2) of or Rule 10b-5 under the Exchange Act.

We expect that any such purchases will be reported pursuant to Section 13 and Section 16 of the Exchange Act to the extent such purchasers are subject to such reporting requirements. None of the funds held in the trust account will be used to purchase shares or public warrants in such transactions prior to completion of our initial business combination. Please see “Proposed Business — Permitted purchases of our securities” for a description of how our sponsor, directors, officers, advisors or any of their respective affiliates will select which stockholders to purchase securities from in any private transaction.

18

The purpose of any such purchases of shares could be to vote such shares in favor of the initial business combination and thereby increase the likelihood of obtaining stockholder approval of the initial business combination or to satisfy a closing condition in an agreement with a target that requires us to have a minimum net worth or a certain amount of cash at the closing of our initial business combination, where it appears that such requirement would otherwise not be met. The purpose of any such purchases of public warrants could be to reduce the number of public warrants outstanding or to vote such warrants on any matters submitted to the warrant holders for approval in connection with our initial business combination. Any such purchases of our securities may result in the completion of our initial business combination that may not otherwise have been possible. In addition, if such purchases are made, the public “float” of our shares of Class A common stock or warrants may be reduced and the number of beneficial holders of our securities may be reduced, which may make it difficult to maintain or obtain the quotation, listing or trading of our securities on a national securities exchange.

Redemption rights for public stockholders in connection with our initial business combination

We will provide our public stockholders with the opportunity to redeem all or a portion of their public shares in connection with our initial business combination at a per share price, payable in cash, equal to the aggregate amount then on deposit in the trust account as of two business days prior to the consummation of our initial business combination, including interest (net of permitted withdrawals), divided by the number of then outstanding public shares, subject to the limitations described herein. The amount in the trust account is initially anticipated to be \$10.00 per public share. The per share amount we will distribute to investors who properly redeem their shares will not be reduced by the deferred underwriting commissions we will pay to the underwriters. The redemption right will include the requirement that any beneficial owner on whose behalf a redemption right is being exercised must identify itself in order to validly redeem its shares. Each public stockholder may elect to redeem its public shares without voting, and if they do vote, irrespective of whether they vote for or against the proposed transaction. There will be no redemption rights upon the completion of our initial business combination with respect to our warrants. Our sponsor, officers and directors have entered into a letter agreement with us, pursuant to which they have agreed to waive their redemption rights with respect to any founder shares and any public shares held by them in connection with the completion of our initial business combination.

Manner of conducting redemptions

We will provide our public stockholders with the opportunity to redeem all or a portion of their public shares upon the completion of our initial business combination either: (1) in connection with a stockholder meeting called to approve the business combination; or (2) by means of a tender offer. The decision as to whether we will seek stockholder approval of a proposed business combination or conduct a tender offer will be made by us, solely in our discretion, and will be based on a variety of factors such as the timing of the transaction and whether the terms of the transaction would require us to seek stockholder approval under applicable law or stock exchange listing requirement. Asset acquisitions and stock purchases would not typically require stockholder approval while direct mergers with our company where we do not survive and any transactions where we issue more than 20% of our outstanding common stock or seek to amend our amended and restated certificate of incorporation would typically require stockholder approval. We currently intend to conduct redemptions pursuant to a stockholder vote unless stockholder approval is not required by applicable law or stock exchange listing requirement and we choose to conduct redemptions pursuant to the tender offer rules of the SEC for business or other reasons.

19

If a stockholder vote is not required and we do not decide to hold a stockholder vote for business or other reasons, we will, pursuant to our amended and restated certificate of incorporation:

- conduct the redemptions pursuant to Rule 13e-4 and Regulation 14E under the Exchange Act, which regulates issuer tender offers; and
- file tender offer documents with the SEC prior to completing our initial business combination that contain substantially the same financial and other information about the initial business combination and the redemption rights as is required under Regulation 14A under the Exchange Act, which regulates the solicitation of proxies.

We expect that a final proxy statement would be mailed to public stockholders at least 10 days prior to the stockholder vote. However, we expect that a draft proxy statement would be made available to such stockholders well in advance of such time, providing additional notice of redemption if we conduct redemptions in conjunction with a proxy solicitation. Although we are not required to do so, we currently intend to comply with the substantive and procedural requirements of Regulation 14A in connection with any stockholder vote even if we are not able to maintain our NYSE listing or Exchange Act registration.

If we seek stockholder approval, unless otherwise required by applicable law, regulation or stock exchange rules, we will complete our initial business combination only if a majority of the outstanding shares of common stock voted are voted in favor of the business combination. A quorum for such meeting will consist of the holders present in person or by proxy of shares of outstanding capital stock of the company representing a majority of the voting power of all outstanding shares of capital stock of the company entitled to vote at such meeting. Our initial stockholders, officers and directors will count towards this quorum and have agreed to vote any founder shares and any public shares held by them in favor of our initial business combination. We expect that at the time of any stockholder vote relating to our initial business combination, our initial stockholders and their permitted transferees will own at least 20% of our outstanding shares of common stock entitled to vote thereon. As a result, in addition to our initial stockholders' founder shares, we would need 5,625,001, or 37.5%, of the 15,000,000 public shares sold in this offering to be voted in favor of a transaction (assuming all issued and outstanding shares are voted and the option to purchase additional units is not exercised) in order to have such initial business combination approved. These quorum and voting thresholds and agreements may make it more likely that we will consummate our initial business combination. Each public stockholder may elect to redeem its public shares irrespective of whether they vote for or against the proposed transaction or whether they were a stockholder on the record date for the stockholder meeting held to approve the proposed transaction.

Our amended and restated certificate of incorporation will provide that in no event will we redeem our public shares in an amount that would cause our net tangible assets to be less than \$5,000,001 (so that we do not then become subject to the SEC's "penny stock" rules) or any greater net tangible asset or cash requirement which may be contained in the agreement relating to our initial business combination. Redemptions of our public shares may also be subject to a higher net tangible asset test or cash requirement pursuant to an agreement relating to our initial business combination. For example, the proposed business combination may require: (1) cash consideration to be paid to the target or its owners; (2) cash to be transferred to the target for working capital or other general corporate purposes; or (3) the retention of cash to satisfy other conditions in accordance with the terms of the proposed business combination. In the event the aggregate cash consideration we would be required to pay for all shares of common stock that are validly submitted for redemption plus any amount required to satisfy cash conditions pursuant to the terms of the proposed business combination exceed the aggregate amount of cash available to us, we will not complete the business combination or redeem any shares, and all shares of common stock submitted for redemption will be returned to the holders thereof.

Tendering share certificates in connection with a tender offer or redemption rights

We may require our public stockholders seeking to exercise their redemption rights, whether they are record holders or hold their shares in "street name," to either tender their certificates to our transfer agent prior to the date set forth in the tender offer documents or proxy materials mailed to such holders, or up to two business days prior to the vote on the proposal to approve our initial business combination in the event we distribute proxy materials, or to deliver their shares to the transfer agent electronically using The Depository Trust Company's DWAC (Deposit/Withdrawal At Custodian) System, at the holder's option, rather than simply voting against the initial business combination. The tender offer or proxy materials, as applicable, that we will furnish to holders of our public shares in connection with our initial business combination will indicate whether we are requiring public stockholders to satisfy such delivery requirements, which will include the requirement that any beneficial owner on whose behalf a redemption right is being exercised must identify itself in order to validly redeem its shares.

Limitation on redemption rights of stockholders holding more than 15% of the shares sold in this offering if we hold a stockholder vote

Notwithstanding the foregoing redemption rights, if we seek stockholder approval of our initial business combination and we do not conduct redemptions in connection with our initial business combination pursuant to the tender offer rules, our amended and restated certificate of incorporation will provide that a public stockholder, together with any affiliate of such stockholder or any other person with whom such stockholder is acting in concert or as a “group” (as defined under Section 13 of the Exchange Act), will be restricted from redeeming its shares with respect to more than an aggregate of 15% of the shares sold in this offering, without our prior consent. We believe the restriction described above will discourage stockholders from accumulating large blocks of shares and subsequent attempts by such holders to use their ability to redeem their shares as a means to force us or our affiliates to purchase their shares at a significant premium to the then-current market price or on other undesirable terms. Absent this provision, a public stockholder holding more than an aggregate of 15% of the shares sold in this offering could threaten to exercise its redemption rights against a business combination if such holder’s shares are not purchased by us or our affiliates at a premium to the then-current market price or on other undesirable terms. By limiting our stockholders’ ability to redeem to no more than 15% of the shares sold in this offering, we believe we will limit the ability of a small group of stockholders to unreasonably attempt to block our ability to complete our initial business combination, particularly in connection with a business combination with a target that requires as a closing condition that we have a minimum net worth or a certain amount of cash. However, we would not be restricting our stockholders’ ability to vote all of their shares (including all shares held by those stockholders that hold more than 15% of the shares sold in this offering) for or against our initial business combination.

Redemption rights in connection with proposed amendments to our certificate of incorporation

Our amended and restated certificate of incorporation will provide that any of its provisions related to pre-business combination activity (including the requirement to fund the trust account and not release such amounts except in specified circumstances and to provide redemption rights to public stockholders as described herein) may be amended if approved by holders of at least 65% of our common stock, and corresponding provisions of the trust agreement governing the release of funds from our trust account may be amended if approved by holders of 65% of our common stock. In all other instances (other than the election of directors), our amended and restated certificate of incorporation will provide that it may be amended by holders of a majority of our common stock entitled to vote thereon, subject to applicable provisions of the Delaware General Corporation Law (the “DGCL”), or applicable stock exchange rules. Prior to an initial business combination, we may not issue additional securities that can vote on amendments to our amended and restated certificate of incorporation or on our initial business combination or that would entitle holders thereof to receive funds from the trust account. Our initial stockholders, who will beneficially own 20% of our common stock upon the closing of this offering (assuming they do not purchase any units in this offering), may participate in any vote to amend our amended and restated certificate of incorporation and/or trust agreement and will have the discretion to vote in any manner they may choose. Our sponsor, officers and directors have agreed, pursuant to a written agreement with us, that they will not propose any amendment to our amended and restated certificate of incorporation to modify the substance or timing of our obligation to provide for the redemption of our public shares in connection with an initial business combination or to redeem 100% of our public shares if we do not complete our initial business combination within the completion window, unless we provide our public stockholders with the opportunity to redeem their shares of common stock upon approval of any such amendment at a per share price, payable in cash, equal to the aggregate amount then on deposit in the trust account, including interest (net of permitted withdrawals), divided by the number of then outstanding public shares. Our sponsor, officers and directors have entered into a letter agreement with us, pursuant to which they have agreed to waive their redemption rights with respect to any founder shares and any public shares held by them in connection with the completion of our initial business combination. Any permitted transferees would be subject to the same restrictions and other agreements of our initial stockholders with respect to any founder shares.

Release of funds in trust account on closing of our initial business combination

At the time of our initial business combination, the funds held in the trust account will be used to pay amounts due to any public stockholders who exercise their redemption rights as described above under “Proposed Business — Redemption rights for public stockholders in connection with our initial business combination,” to pay the underwriters their deferred underwriting commissions, to pay all or a portion of the consideration payable to the target or owners of the target of our initial business combination and to pay other expenses associated with our initial business combination. If our initial business combination is paid for using equity or debt securities or not all of the funds released from the trust account are used for payment of the consideration in connection with our initial business combination or used for redemption of our public shares, we may apply the balance of the cash released to us from the trust account for general corporate purposes, including for maintenance or expansion of operations of post-transaction businesses, the payment of principal or interest due on indebtedness incurred in completing our initial business combination, to fund the purchase of other companies or for working capital.

Redemption of public shares and distribution and liquidation if no initial business combination

Our amended and restated certificate of incorporation provides that we will have only the completion window to complete our initial business combination. If we are unable to complete our initial business combination within the completion window, we will: (1) cease all operations except for the purpose of winding up; (2) as promptly as reasonably possible but not more than ten business days thereafter, redeem the public shares, at a per share price, payable in cash, equal to the aggregate amount then on deposit in the trust account, including interest (net of permitted withdrawals and up to \$100,000 to pay dissolution expenses), divided by the number of then outstanding public shares, which redemption will completely extinguish public stockholders' rights as stockholders (including the right to receive further liquidating distributions, if any), subject to applicable law; and (3) as promptly as reasonably possible following such redemption, subject to the approval of our remaining stockholders and our board of directors, dissolve and liquidate, subject in each case to our obligations under Delaware law to provide for claims of creditors and the requirements of other applicable law. There will be no redemption rights or liquidating distributions with respect to our warrants, which will expire worthless if we fail to complete our initial business combination within such completion window.

23

Our initial stockholders, officers and directors have entered into a letter agreement with us, pursuant to which they have waived their rights to liquidating distributions from the trust account with respect to any founder shares held by them if we fail to complete our initial business combination within the completion window. However, if our sponsor or any of our officers, directors or any of their respective affiliates acquires public shares after this offering, they will be entitled to liquidating distributions from the trust account with respect to such public shares if we fail to complete our initial business combination within the completion window. The underwriters have agreed to waive their rights to their deferred underwriting commission held in the trust account in the event we do not complete our initial business combination and, in such event, such amounts will be included with the funds held in the trust account that will be available to fund the redemption of our public shares.

Our sponsor, officers and directors have agreed, pursuant to a written agreement with us, that they will not propose any amendment to our amended and restated certificate of incorporation to modify the substance or timing of our obligation to provide for the redemption of our public shares in connection with an initial business combination or to redeem 100% of our public shares if we do not complete our initial business combination within the completion window, unless we provide our public stockholders with the opportunity to redeem their shares of common stock upon approval of any such amendment at a per share price, payable in cash, equal to the aggregate amount then on deposit in the trust account, including interest (net of permitted withdrawals and up to \$100,000 of interest to pay dissolution expenses), divided by the number of then outstanding public shares.

Limited payments to insiders

There will be no finder's fees, reimbursement, consulting fee, monies in respect of any payment of a loan or other compensation paid by us to our sponsor, officers or directors or our or any of their respective affiliates, for services rendered to us prior to or in connection with the completion of our initial business combination (regardless of the type of transaction that it is). However, the following payments may be made to our sponsor, officers or directors, or our or their affiliates, and, if made prior to our initial business combination will be made from (i) funds held outside the trust account or (ii) permitted withdrawals:

- repayment of an aggregate of up to \$300,000 in loans made to us by our sponsor to cover offering-related and organizational expenses;

24

- in connection with our initial business combination, a customary financial advisory fee to Farvahar Capital, or another affiliate of our sponsor group, in an amount that constitutes a market standard financial advisory fee for comparable transactions;
- payment to an affiliate of our sponsor of a total of \$10,000 per month, for up to 24 months, for office space, administrative and support services;
- reimbursement for any out-of-pocket expenses related to identifying, investigating and completing an initial business combination; and
- repayment of loans which may be made by our sponsor, an affiliate of our sponsor or our officers and directors to finance transaction costs in connection with an intended initial business combination, the terms of which have not been determined nor have any written agreements been executed with respect thereto. Up to \$1,500,000 of such loans may be convertible into warrants of the post-business combination entity at a price of \$1.00 per warrant at the option of the lender.

Our audit committee will review on a quarterly basis all payments that were made by us to our sponsor, officers or directors or our or any of their respective affiliates.

Audit Committee.

Prior to the effectiveness of this registration statement, we will have established and will maintain an audit committee to, among other things, monitor compliance with the terms described above and the other terms relating to this offering. If any noncompliance is identified, then the audit committee will be charged with the responsibility to immediately take all action necessary to rectify such noncompliance or otherwise to cause compliance with the terms of this offering. Please see “Management — Committees of the Board of Directors — Audit Committee” for additional information.

Conflicts of Interest

Our management team is responsible for the management of our affairs. As described above and below, each of our officers and directors presently has, and any of them in the future may have additional, fiduciary, contractual or other obligations or duties to one or more other entities pursuant to which such officer or director is or will be required to present a business combination opportunity to such entities. Accordingly, if any of our officers or directors becomes aware of a business combination opportunity that is suitable for one or more entities to which he or she has fiduciary, contractual or other obligations or duties, he or she will honor these obligations and duties to present such business combination opportunity to such entities first, and only present it to us if such entities reject the opportunity and he or she determines to present the opportunity to us (including as described in “Proposed Business — Sourcing of Potential Business Combination Targets”). These conflicts may not be resolved in our favor and a potential target business may be presented to another entity prior to its presentation to us.

25

Our strategic and operating partners and their personnel, if any, may have a duty to offer acquisition opportunities to clients or other parties. Such persons will have no duty to offer acquisition opportunities to the Company unless presented to them solely in their capacity as a director of the Company and after they have satisfied any contractual and fiduciary obligations to other parties.

As a result, such persons may compete with us for acquisition opportunities in the same industries and sectors as we may target for our initial business combination. Consequently, we may be precluded from procuring such opportunities. In addition, investment ideas may be suitable both for us and for a Strategic Partner or Operating Partner or any of its clients, and will be directed initially to such persons rather than to us.

Potential investors should also be aware of the following other potential conflicts of interest:

- None of our officers or directors is required to commit his or her efforts or attention full time to our affairs and, accordingly, may have conflicts of interest in allocating his or her time among various business activities.
- In the course of their other business activities, our officers and directors may become aware of investment and business opportunities which may be appropriate for presentation to us as well as the other entities with which our officers and directors are affiliated. Our management may have conflicts of interest in determining to which entity a particular business opportunity should be presented. Please see “— Directors, Director Nominees and Executive Officers” for a description of our management’s other affiliations.

26

- Our sponsor, officers and directors have agreed to waive their redemption rights with respect to any founder shares and any public shares held by them in connection with the consummation of our initial business combination. Additionally, our existing stockholders and initial officers and directors have agreed to waive their rights to liquidating distributions from the trust account with respect to any founder shares held by them if we fail to consummate our initial business combination within the completion window. However, if our existing stockholders or any of our officers, directors or affiliates acquire public shares in or after this offering, they will be entitled to liquidating distributions from the trust account with respect to such public shares if we fail to consummate our initial business combination within the completion window. If we do not complete our initial business combination within such applicable time period, the proceeds of the sale of the private placement warrants held in the trust account will be used (along with the proceeds of this offering) to fund the redemption of our public shares, and the private placement warrants will expire worthless. With certain limited exceptions, the founder shares will not be transferable, assignable or salable by our initial stockholders until the earlier of: (1) one year after the completion of our initial business combination; and (2) the date on which we consummate a liquidation, merger, stock exchange, reorganization or other similar transaction after our initial business combination that results in all of our public stockholders having the right to exchange their shares of common stock for cash, securities or other property. Notwithstanding the foregoing, if the closing price of our Class A common stock equals or exceeds \$12.00 per share (as adjusted for stock splits, stock dividends, reorganizations, recapitalizations and the like) for any 20 trading days within any 30-trading day period commencing at least 150 days after our initial business combination, the founder shares will be released from the lock-up. With certain limited exceptions, the private placement warrants and the shares of common stock underlying such warrants, will not be transferable, assignable or salable by our sponsor until 30 days after the completion of our initial business combination. Since our sponsor, officers and directors may directly or indirectly own common stock and warrants following this offering, our officers and directors may have a conflict of interest in determining whether a particular target business is an appropriate business with which to effectuate our initial business combination.
- Our key personnel may negotiate employment or consulting agreements with a target business in connection with a particular business combination. These agreements may provide for them to receive compensation following our initial business combination and, as a result, may cause them to have conflicts of interest in determining whether to proceed with a particular business combination.
- Our key personnel may have a conflict of interest with respect to evaluating a particular business combination if the retention or resignation of any such key personnel was included by a target business as a condition to any agreement with respect to our initial business combination.

27

- We may engage Farvahar Capital, or another affiliate of our sponsor group, as our lead financial advisor in connection with our initial business combination and may pay such affiliate a customary financial advisory fee in an amount that constitutes a market standard financial advisory fee for comparable transactions. See “Risk Factors — We may engage Farvahar Capital, or another affiliate of our sponsor group, as our lead financial advisor on our business combinations and other transactions. Any fee in connection with such engagement may be conditioned upon the completion of such transactions. This financial interest in the completion of such transactions may influence the advice such affiliate provides.”

The potential conflicts described above may limit our ability to enter into a business combination or other transactions. These circumstances could give rise to numerous situations where interests may conflict. There can be no assurance that these or other conflicts of interest with the potential for adverse effects on the Company and investors will not arise.

Indemnity

Our sponsor has agreed that it will be liable to us if and to the extent any claims by a third party (other than our independent registered public accounting firm) for services rendered or products sold to us, or a prospective target business with which we have entered into a written letter of intent, confidentiality or similar agreement or business combination agreement, reduce the amount of funds in the trust account to below: (1) \$10.00 per public share; or (2) the actual amount per public share held in the trust account, as of the date of the liquidation of the trust account, if less than \$10.00 per share due to reductions in the value of the trust assets, in each case net of permitted withdrawals, except as to any claims by a third party that executed a waiver of any and all rights to the monies held in the trust account (whether any such waiver is enforceable) and except as to any claims under our indemnity of the underwriters of this offering against certain liabilities, including liabilities under the Securities Act. We have not independently verified whether our sponsor has sufficient funds to satisfy its indemnity obligations and believe that our sponsor's only assets are securities of our company and, therefore, our sponsor may not be able to satisfy those obligations. We have not asked our sponsor to reserve for such obligations.

28

Blank Check Company Risks

We are a newly incorporated company that has conducted no operations and has generated no revenues. Until we complete our initial business combination, we will have no operations and will generate no operating revenues. In making your decision whether to invest in our securities, you should take into account not only the background of our management team, but also the special risks we face as a blank check company. This offering is not being conducted in compliance with Rule 419 promulgated under the Securities Act. Accordingly, you will not be entitled to protections normally afforded to investors in Rule 419 blank check offerings. Please see “Proposed Business — Comparison of This Offering to Those of Blank Check Companies Subject to Rule 419” for additional information concerning how Rule 419 blank check offerings differ from this offering. You should carefully consider these and the other risks set forth in the section entitled “Risk Factors” in this prospectus.

SUMMARY FINANCIAL DATA

The following table summarizes the relevant financial data for our business and should be read with our financial statements, which are included in this prospectus. We have not had any significant operations to date, so only balance sheet data is presented.

	February 25, 2021	
	Actual	As Adjusted
Balance Sheet Data:		
Working capital (deficit)(1)	\$ (67,687)	\$ 138,249,000
Total assets(2)	116,687	151,034,000
Total liabilities(3)	92,687	12,785,000
Value of common stock subject to possible redemption(4)	—	133,248,990
Stockholders' equity(5)	24,000	5,000,010

- (1) The “as adjusted” calculation includes \$151,010,000 cash held in trust from the proceeds of this offering and the sale of the private placement warrants, plus \$24,000 of actual stockholders' equity as of February 25, 2021, less \$5,250,000 of deferred underwriting commission and \$7,535,000 of warrant liability, assuming the underwriters' over-allotment option is not exercised.
- (2) The “as adjusted” calculation equals \$151,010,000 cash held in trust from the proceeds of this offering and the sale of the private placement warrants, plus \$24,000 of actual stockholders' equity as of February 25, 2021.
- (3) The “as adjusted” calculation includes \$5,250,000 of deferred underwriting commissions and \$7,535,000 of warrant liability, assuming the underwriters' over-allotment option is not exercised.
- (4) The “as adjusted” calculation equals the “as adjusted” total assets, less the “as adjusted” total liabilities, less the “as adjusted” stockholders' equity, which is set to approximate the minimum net tangible assets threshold of at least \$5,000,001.
- (5) Excludes 13,324,899 public shares that are subject to redemption in connection with our initial business combination. The “as adjusted” calculation equals the “as adjusted” total assets, less the “as adjusted” total liabilities, less the value of Class A common stock that may be redeemed in connection with our initial business combination (initially \$10.00 per share). The actual number of public shares that may be redeemed may exceed the aforementioned amount provided that we will not consummate an initial business combination unless we satisfy the \$5,000,001 minimum net tangible assets threshold.

The “as adjusted” information gives effect to the sale of the units in this offering, the sale of the private placement warrants, and the payment of the estimated expenses of this offering and assumes no exercise of the underwriters' over-allotment option. The “as adjusted” total assets amount includes the \$150,000,000 held in the trust account (which would be \$172,500,000 if the underwriters' over-allotment option is exercised in full) for the benefit of our public stockholders, which amount, less deferred underwriting commissions, will be available to us only upon the completion of our initial business combination within the completion window. The “as adjusted” total assets include \$5,250,000 being held in the trust account (which would be \$6,037,500 if the underwriters' over-allotment option is exercised in full) representing deferred underwriting commissions. The underwriters will not be entitled to any interest accrued on the deferred underwriting discounts and commissions.

RISK FACTORS

An investment in our securities involves a high degree of risk. You should consider carefully all of the risks described below, together with the other information contained in this prospectus, before making a decision to invest in our units. If any of the following events occur, our business, financial condition and operating results may be materially adversely affected. In that event, the trading price of our securities could decline, and you could lose all or part of your investment.

Risks Relating to Our Search for, and Consummation of or Inability to Consummate, an Initial Business Combination

Our public stockholders may not be afforded an opportunity to vote on our proposed initial business combination, and even if we hold a vote, holders of our founder shares will participate in such vote, which means we may complete our initial business combination even though a majority of our public stockholders do not support such a combination.

We may not hold a stockholder vote to approve our initial business combination unless the business combination would require stockholder approval under applicable law or stock exchange listing requirements or if we decide to hold a stockholder vote for business or other reasons. For instance, the NYSE rules currently allow us to engage in a tender offer in lieu of a stockholder meeting but would still require us to obtain stockholder approval if we were seeking to issue more than 20% of our outstanding shares to a target business as consideration in any business combination. Therefore, if we were structuring a business combination that required us to issue more than 20% of our outstanding shares, we would seek stockholder approval of such business combination. However, except as required by applicable law or stock exchange rules, the decision as to whether we will seek stockholder approval of a proposed business combination or will allow stockholders to sell their shares to us in a tender offer will be made by us, solely in our discretion, and will be based on a variety of factors, such as the timing of the transaction and whether the terms of the transaction would otherwise require us to seek stockholder approval. Even if we seek stockholder approval, the holders of our founder shares will participate in the vote on such approval. Accordingly, we may consummate our initial business combination even if holders of a majority of our outstanding public shares do not approve of the business combination we consummate. Please see

“Proposed Business — Stockholders may not have the ability to approve our initial business combination” for additional information.

If we seek stockholder approval of our initial business combination, our sponsor, officers and directors have agreed to vote in favor of such initial business combination, regardless of how our public stockholders vote.

Our initial stockholders, officers and directors have agreed (and their permitted transferees will agree) to vote any founder shares and any public shares held by them in favor of our initial business combination. As a result, in addition to our initial stockholders’ founder shares, we would need 5,625,001, or 37.5%, of the 15,000,000 public shares sold in this offering to be voted in favor of a transaction (assuming all issued and outstanding shares are voted and the option to purchase additional units is not exercised) in order to have such initial business combination approved. We expect that our initial stockholders and their permitted transferees will own at least 20% of our outstanding shares of common stock at the time of any such stockholder vote. Accordingly, if we seek stockholder approval of our initial business combination, it is more likely that the necessary stockholder approval will be received than would be the case if our initial stockholders and their permitted transferees agreed to vote their founder shares in accordance with the majority of the votes cast by our public stockholders.

Your only opportunity to affect the investment decision regarding a potential business combination will be limited to the exercise of your right to redeem your shares from us for cash, unless we seek stockholder approval of such business combination.

At the time of your investment in us, you will not be provided with an opportunity to evaluate the specific merits or risks of any target businesses. Additionally, since our board of directors may complete a business combination without seeking stockholder approval, public stockholders may not have the right or opportunity to vote on the business combination. Accordingly, if we do not seek stockholder approval, your only opportunity to affect the investment decision regarding a potential business combination may be limited to exercising your redemption rights within the period of time (which will be at least 20 business days) set forth in our tender offer documents mailed to our public stockholders in which we describe our initial business combination.

The ability of our public stockholders to redeem their shares for cash may make our financial condition unattractive to potential business combination targets, which may make it difficult for us to enter into a business combination with a target.

We may seek to enter into a business combination transaction agreement with a prospective target that requires as a closing condition that we have a minimum net worth or a certain amount of cash. If too many public stockholders exercise their redemption rights, we would not be able to meet such closing condition and, as a result, would not be able to proceed with the business combination. The amount of the deferred underwriting commissions payable to the underwriters will not be adjusted for any shares that are redeemed in connection with a business combination and such amount of deferred underwriting discount is not available for us to use as consideration in an initial business combination. Furthermore, in no event will we redeem our public shares in an amount that would cause our net tangible assets to be less than \$5,000,001 (so that we do not then become subject to the SEC’s “penny stock” rules) or any greater net tangible asset or cash requirement which may be contained in the agreement relating to our initial business combination. Consequently, if accepting all properly submitted redemption requests would cause our net tangible assets to be less than \$5,000,001 or such greater amount necessary to satisfy a closing condition as described above, we would not proceed with such redemption and the related business combination and may instead search for an alternate business combination. Prospective targets will be aware of these risks and, thus, may be reluctant to enter into a business combination transaction with us. If we are able to consummate an initial business combination, the per-share value of shares held by non-redeeming stockholders will reflect our obligation to pay the deferred underwriting commissions.

The ability of our public stockholders to exercise redemption rights with respect to a large number of our shares may not allow us to complete the most desirable business combination or optimize our capital structure.

At the time we enter into an agreement for our initial business combination, we will not know how many stockholders may exercise their redemption rights and, therefore, we will need to structure the transaction based on our expectations as to the number of shares that will be submitted for redemption. If our initial business combination agreement requires us to use a portion of the cash in the trust account to pay the purchase price or requires us to have a minimum amount of cash at closing, we will need to reserve a portion of the cash in the trust account to meet such requirements or arrange for third-party financing. In addition, if a larger number of shares is submitted for redemption than we initially expected, we may need to restructure the transaction to reserve a greater portion of the cash in the trust account or arrange for third party financing. Raising additional third-party financing may involve dilutive equity issuances or the incurrence of indebtedness at higher than desirable levels. Furthermore, this dilution would increase to the extent that the anti-dilution provision of the Class B common stock results in the issuance of shares of Class A common stock on a greater than one-to-one basis upon conversion of the Class B common stock at the time of our initial business combination. In addition, the amount of deferred underwriting commissions payable to the underwriters is not required to be adjusted for any shares that are redeemed in connection with an initial business combination. The above considerations may limit our ability to complete the most desirable business combination available to us or optimize our capital structure.

The ability of our public stockholders to exercise redemption rights with respect to a large number of our shares could increase the probability that our initial business combination would be unsuccessful and that you would have to wait for liquidation in order to redeem your stock.

If our initial business combination agreement requires us to use a portion of the cash in the trust account to pay the purchase price, or requires us to have a minimum amount of cash at closing, the probability that our initial business combination would be unsuccessful increases. If our initial business combination is unsuccessful, you would not receive your pro rata portion of the trust account until we liquidate the trust account. If you are in need of immediate liquidity, you could attempt to sell your stock in the open market; however, at such time our stock may trade at a discount to the pro rata amount per share in the trust account. In either situation, you may suffer a material loss on your investment or lose the benefit of funds expected in connection with our redemption until we liquidate or you are able to sell your stock in the open market.

The requirement that we complete our initial business combination within the completion window may give potential target businesses leverage over us in negotiating a business combination and may limit the time we have in which to conduct due diligence on potential business combination targets, in particular as we approach our dissolution deadline, which could undermine our ability to complete our initial business combination on terms that would produce value for our stockholders.

Any potential target business with which we enter into negotiations concerning a business combination will be aware that we must complete our initial business combination within the completion window. Consequently, such target business may obtain leverage over us in negotiating a business combination, knowing that if we do not complete our initial business combination with that particular target business, we may be unable to complete our initial business combination with any target business. This risk will increase as we get closer to the timeframe described above. In addition, we may have limited time to conduct due diligence and may enter into our initial business combination on terms that we would have rejected upon a more comprehensive investigation.

We may not be able to complete our initial business combination within the completion window, in which case we would cease all operations except for the purpose of winding up and we would redeem our public shares and liquidate, in which case our public stockholders may receive only \$10.00 per share, or less than such amount in certain circumstances, and our warrants will expire worthless.

Our sponsor, officers and directors have agreed that we must complete our initial business combination within the completion window. We may not be able to find a suitable target business and complete our initial business combination within such time period. Our ability to complete our initial business combination may be negatively impacted by general market conditions, volatility in the capital and debt markets and the other risks described herein.

If we have not completed our initial business combination within such time period, we will: (1) cease all operations except for the purpose of winding up; (2) as promptly as reasonably possible but not more than 10 business days thereafter, redeem the public shares, at a per share price, payable in cash, equal to the aggregate amount then on deposit in the trust account, including interest (net of permitted withdrawals and up to \$100,000 of interest to pay dissolution expenses), divided by the number of then outstanding public shares, which redemption will completely extinguish public stockholders' rights as stockholders (including the right to receive further liquidating distributions, if any), subject to applicable law; and (3) as promptly as reasonably possible following such redemption, subject to the approval of our remaining stockholders and our board of directors, dissolve and liquidate, subject in each case to our obligations under Delaware law to provide for claims of creditors and the requirements of other applicable law. In such case, our public stockholders may receive only \$10.00 per share, or less than \$10.00 per share, on the redemption of their shares, and our warrants will expire worthless. Please see "— If third parties bring claims against us, the proceeds held in the trust account could be reduced and the per share redemption amount received by stockholders may be less than \$10.00 per share" and other risk factors herein.

If permitted withdrawals and other sources of working capital are insufficient, it could limit the amount available to fund our search for a target business or businesses and complete our initial business combination and we will depend on loans from our sponsor or management team to fund our search, to pay our taxes and to complete our initial business combination. If we are unable to obtain such loans, we may be unable to complete our initial business combination.

Of the net proceeds of this offering and the sale of the private placement warrants, \$1,010,000 will be available to us initially outside the trust account to fund our working capital requirements. In the event that our offering expenses exceed our estimate of \$1,240,000, we may fund such excess with loans or additional investments from our sponsor, members of our management team or any of their respective affiliates or other third parties. Conversely, in the event that the offering expenses are less than our estimate of \$1,240,000, the excess would be held outside of the trust account. If we are required to seek additional capital, we would need to borrow funds from our sponsor, management team or other third parties to operate or may be forced to liquidate. Neither our sponsor, members of our management team nor any of their respective affiliates is under any obligation or other duty to loan funds to us in such circumstances. Any such loans would be repaid only from funds held outside the trust account or from funds released to us upon completion of our initial business combination. If we are unable to complete our initial business combination because we do not have sufficient funds available to us, we will be forced to cease operations and liquidate the trust account. In such case, our public stockholders may receive only \$10.00 per share, or less in certain circumstances, and our warrants will expire worthless. Please see "— If third parties bring claims against us, the proceeds held in the trust account could be reduced and the per-share redemption amount received by stockholders may be less than \$10.00 per share" and other risk factors herein.

The securities in which we invest the funds held in the trust account could bear a negative rate of interest, which could reduce the aggregate value of the assets held in the trust account such that the per share redemption amount received by public stockholders may be less than your anticipated per share redemption amount.

The funds in the trust account will be invested only in U.S. government treasury bills with a maturity of 185 days or less or in money market funds that meet certain conditions under Rule 2a-7 under the Investment Company Act and that invest only in direct U.S. government obligations. While short-term U.S. government treasury bills currently yield a positive rate of interest, they have briefly yielded negative interest rates in recent years. Central banks in Europe and Japan pursued interest rates below zero in recent years, and the Open Market Committee of the Federal Reserve has not ruled out the possibility that it may in the future adopt similar policies in the United States. In the event that we are unable to complete our initial business combination or make certain amendments to our amended and restated certificate of incorporation, our public stockholders are entitled to receive their pro-rata share of the proceeds held in the trust account, plus any interest income not released to us, net of taxes payable. Negative interest rates could impact the per share redemption amount that may be received by public stockholders.

If we seek stockholder approval of our initial business combination, our sponsor, directors, officers, advisors or any of their respective affiliates may elect to purchase shares or warrants from the public, which may influence a vote on a proposed business combination and reduce the public "float" of our common stock.

If we seek stockholder approval of our initial business combination and we do not conduct redemptions in connection with our initial business combination pursuant to the tender offer rules, our sponsor, directors, officers, advisors or any of their respective affiliates may purchase public shares or public warrants or a combination thereof in privately negotiated transactions or in the open market either prior to or following the completion of our initial business combination, although they are under no obligation or other duty to do so. Please see "Proposed Business — Permitted purchases of our securities" for a description of how such persons will determine from which stockholders to seek to acquire shares or warrants. Such a purchase may include a contractual acknowledgement that such public stockholder, although still the record holder of our shares is no longer the beneficial owner thereof and therefore agrees not to exercise its redemption rights. In the event that our sponsor, directors, officers, advisors or any of their respective affiliates purchase public shares in privately negotiated transactions from public stockholders who have already elected to exercise their redemption rights, such selling public stockholders would be required to revoke their prior elections to redeem their shares. The price per share paid in any such transaction may be different than the amount per share a public stockholder would receive if it elected to redeem its shares in connection with our initial business combination. The purpose of such purchases could be to vote such shares in favor of the business combination and thereby increase the likelihood of obtaining stockholder approval of our initial business combination or to satisfy a closing condition in an agreement with a target that requires us to have a minimum net worth or a certain amount of cash at the closing of our initial business combination, where it appears that such requirement would otherwise not be met. The purpose of such purchases could be to vote such shares in favor of the business combination and thereby increase the likelihood of obtaining stockholder approval of our initial business combination or to satisfy a closing condition in an agreement with a target that requires us to have a minimum net worth or a certain amount of cash at the closing of our initial business combination, where it appears that such requirement would otherwise not be met. The purpose of any such purchases of public warrants could be to reduce the number of public warrants outstanding or to vote such warrants on any matters submitted to the warrant holders for approval in connection with our initial business combination. Any such purchases of our securities may result in the completion of our initial business combination that may not otherwise have been possible. Any such purchases will be reported pursuant to Section 13 and Section 16 of the Exchange Act to the extent such purchasers are subject to such reporting requirements. Please see "Proposed Business — Permitted purchases of our securities" for a description of how our sponsor, directors, officers, advisors or any of their respective affiliates will select which stockholders to purchase securities from in any private transaction.

In addition, if such purchases are made, the public "float" of our Class A common stock and the number of beneficial holders of our securities may be reduced, possibly making it difficult to maintain or obtain the quotation, listing or trading of our securities on a national securities exchange.

If a stockholder fails to receive notice of our offer to redeem our public shares in connection with our initial business combination, or fails to comply with the procedures for tendering its shares, such shares may not be redeemed.

We will comply with the tender offer rules or proxy rules, as applicable, when conducting redemptions in connection with our initial business combination. Despite our compliance with these rules, if a stockholder fails to receive our tender offer or proxy materials, as applicable, such stockholder may not become aware of the opportunity to redeem its shares. In addition, the tender offer documents or proxy materials, as applicable, that we will furnish to holders of our public shares in connection with our initial business combination will describe the various procedures that must be complied with in order to validly tender or redeem public shares. For example, we may require our public stockholders seeking to exercise their redemption rights, whether they are record holders or hold their shares in "street name," to either tender their certificates to our transfer agent prior to the date set forth in the tender offer or proxy materials documents mailed to such holders, or up to two business days prior to the vote on the proposal to approve the initial business combination in the event we distribute proxy materials, or to deliver their shares to the transfer agent electronically. In the event that a stockholder fails to comply with these procedures, its shares may not be redeemed. Please see "Proposed Business — Tendering stock certificates in connection with a tender offer or redemption rights."

You will not have any rights or interests in funds from the trust account, except under certain limited circumstances. To liquidate your investment, therefore, you may be forced to sell your public shares or warrants, potentially at a loss.

Our public stockholders will be entitled to receive funds from the trust account only upon the earlier of: (1) the completion of our initial business combination, and then only in connection with those shares of Class A common stock that such stockholder properly elected to redeem, subject to the limitations described herein; (2) the redemption of any public shares properly submitted in connection with a stockholder vote to amend our amended and restated certificate of incorporation to modify the substance or timing of our obligation to provide for the redemption of our public shares in connection with an initial business combination or to redeem 100% of our public shares if we do not complete our initial business combination within the completion window; and (3) the redemption of all of our public shares if we are unable to complete our initial business combination within the completion window, subject to applicable law and as further described herein. In addition, if we are unable to complete an initial business combination within the completion window for any reason, compliance with Delaware law may require that we submit a plan of dissolution to our then-existing stockholders for approval prior to the distribution of the proceeds held in our trust account. In that case, public stockholders may be forced to wait beyond the completion window before they receive funds from our trust account. In no other circumstances will a public stockholder have any right or interest of any kind in the trust account. Holders of warrants will not have any right to the proceeds held in the trust account with respect to the warrants. Accordingly, to liquidate your investment, you may be forced to sell your public shares or warrants, potentially at a loss.

34

Because of our limited resources and the significant competition for business combination opportunities, it may be more difficult for us to complete our initial business combination. If we are unable to complete our initial business combination, our public stockholders may receive only approximately \$10.00 per share, or less in certain circumstances, on our redemption of their stock, and our warrants will expire worthless.

We expect to encounter intense competition from other entities having a business objective similar to ours, including private investors (which may be individuals or investment partnerships), other blank check companies and other entities, domestic and international competing for the types of businesses we intend to acquire. Many of these individuals and entities are well-established and have extensive experience in identifying and effecting, directly or indirectly, acquisitions of companies operating in or providing services to various industries. Many of these competitors possess greater technical, human and other resources or more local industry knowledge than we do and our financial resources will be relatively limited when contrasted with those of many of these competitors. While we believe there will be numerous target businesses we could potentially acquire with the net proceeds of this offering and the sale of the private placement warrants, our ability to compete with respect to the acquisition of certain target businesses that are sizable will be limited by our available financial resources. Our sponsor, any of its affiliates or any of their respective clients may make additional investments in us, although our sponsor and its affiliates have no obligation or other duty to do so.

This inherent competitive limitation gives others an advantage in pursuing the acquisition of certain target businesses. Furthermore, in the event we seek stockholder approval of our initial business combination and we are obligated to pay cash for public shares that are redeemed, it will potentially reduce the resources available to us for our initial business combination. Any of these obligations may place us at a competitive disadvantage in successfully negotiating and completing a business combination. If we are unable to complete our initial business combination, our public stockholders may receive only approximately \$10.00 per share, or less in certain circumstances, on the liquidation of our trust account and our warrants will expire worthless. Please see “— If third parties bring claims against us, the proceeds held in the trust account could be reduced and the per-share redemption amount received by stockholders may be less than \$10.00 per share” and other risk factors herein.

If the funds available to us outside of the trust account are insufficient to allow us to operate for at least the completion window, we may be unable to complete our initial business combination.

The funds available to us outside of the trust account may not be sufficient to allow us to operate for at least the completion window, assuming that our initial business combination is not completed during that time. We expect to incur significant costs in pursuit of our acquisition plans. Management’s plans to address this need for capital through this offering and potential loans from certain of our affiliates are discussed in the section of this prospectus titled “Management’s Discussion and Analysis of Financial Condition and Results of Operations.” However, our affiliates are not obligated to make loans to us in the future, and we may not be able to raise additional financing from unaffiliated parties necessary to fund our expenses. Any such event in the future may negatively impact the analysis regarding our ability to continue as a going concern at such time.

We believe that the funds available to us outside of the trust account, including permitted withdrawals and loans or additional investments from our sponsor, will be sufficient to allow us to operate for at least the completion window; however, we cannot assure you that our estimate is accurate. Of the funds available to us, we could use a portion of the funds available to us to pay fees to consultants to assist us with our search for a target business. We could also use a portion of the funds as a down payment or to fund a “no-shop” provision (a provision in letters of intent or merger agreements designed to keep target businesses from “shopping” around for transactions with other companies or investors on terms more favorable to such target businesses) with respect to a particular proposed business combination, although we do not have any current intention to do so. If we entered into a letter of intent or merger agreement where we paid for the right to receive exclusivity from a target business and were subsequently required to forfeit such funds (whether as a result of our breach or otherwise), we might not have sufficient funds to continue searching for, or conduct due diligence with respect to, a target business. If we are unable to complete our initial business combination, our public stockholders may receive only approximately \$10.00 per share, or less in certain circumstances, on the liquidation of our trust account and our warrants will expire worthless. Please see “— If third parties bring claims against us, the proceeds held in the trust account could be reduced and the per-share redemption amount received by stockholders may be less than \$10.00 per share” and other risk factors herein.

35

We will depend on permitted withdrawals and loans from our sponsor or management team to fund our search, to pay our taxes and to complete our initial business combination. If we are unable to obtain such loans, we may be unable to complete our initial business combination.

Of the net proceeds of this offering and the sale of the private placement warrants, \$1,010,000 will be available to us initially outside the trust account to fund our working capital requirements. In the event that our offering expenses exceed our estimate of \$1,240,000, we may fund such excess with loans or additional investments from our sponsor, members of our management team or any of their respective affiliates or other third parties. Conversely, in the event that the offering expenses are less than our estimate of \$1,240,000, the excess would be held outside of the trust account. We expect to fund our working capital requirements prior to the time of our initial business combination with permitted withdrawals from the interest earned on the trust account, subject to an annual limit of \$1,000,000. In addition, our sponsor, an affiliate of our sponsor or our officers and directors may, but none of them is obligated to, loan us funds as may be required to fund our working capital requirements. Based upon current interest rates, we expect the trust account to generate approximately \$12,000 of interest annually (assuming an interest rate of 0.08% per year); however, we can provide no assurances regarding this amount. If we are required to seek additional capital, we would need to borrow funds from our sponsor, management team or other third parties to operate or may be forced to liquidate. Neither our sponsor, members of our management team nor any of their respective affiliates is under any obligation or other duty to loan funds to us in such circumstances. Any such loans would be repaid only from funds held outside the trust account or from funds released to us upon completion of our initial business combination. If we are unable to complete our initial business combination because we do not have sufficient funds available to us, we will be forced to cease operations and liquidate the trust account. In such case, our public stockholders may receive only \$10.00 per share, or less in certain circumstances, and our warrants will expire worthless. Please see “— If third parties bring claims against us, the proceeds held in the trust account could be reduced and the per-share redemption amount received by

stockholders may be less than \$10.00 per share” and other risk factors herein.

Subsequent to our completion of our initial business combination, we may be required to take write-downs or write-offs, restructuring and impairment or other charges that could have a significant negative effect on our financial condition, results of operations and the price of our securities, which could cause you to lose some or all of your investment.

Even if we conduct extensive due diligence on a target business with which we combine, we cannot assure you that this diligence will identify all material issues that may be present with a particular target business, that it would be possible to uncover all material issues through a customary amount of due diligence, or that factors outside of the target business and outside of our control will not later arise. As a result of these factors, we may be forced to later write-down or write-off assets, restructure our operations, or incur impairment or other charges that could result in our reporting losses. Even if our due diligence successfully identifies certain risks, unexpected risks may arise and previously known risks may materialize in a manner not consistent with our preliminary risk analysis. Even though these charges may be non-cash items and not have an immediate impact on our liquidity, the fact that we report charges of this nature could contribute to negative market perceptions about us or our securities. In addition, charges of this nature may cause us to violate net worth or other covenants to which we may be subject as a result of assuming pre-existing debt held by a target business or by virtue of our obtaining post-combination debt financing. Accordingly, any stockholders or warrant holders who choose to remain a stockholder or warrant holder following our initial business combination could suffer a reduction in the value of their securities. Such stockholders or warrant holders are unlikely to have a remedy for such reduction in value.

If third parties bring claims against us, the proceeds held in the trust account could be reduced and the per share redemption amount received by stockholders may be less than \$10.00 per share.

Our placing of funds in the trust account may not protect those funds from third-party claims against us. Although we will seek to have all vendors, service providers (other than our independent registered public accounting firm), prospective target businesses or other entities with which we do business execute agreements with us waiving any right, title, interest or claim of any kind in or to any monies held in the trust account for the benefit of our public stockholders, such parties may not execute such agreements, or even if they execute such agreements they may not be prevented from bringing claims against the trust account, including, but not limited to, fraudulent inducement, breach of fiduciary responsibility or other similar claims, as well as claims challenging the enforceability of the waiver, in each case in order to gain advantage with respect to a claim against our assets, including the funds held in the trust account. If any third party refuses to execute an agreement waiving such claims to the monies held in the trust account, our management will perform an analysis of the alternatives available to it and will only enter into an agreement with a third party that has not executed a waiver if management believes that such third party’s engagement would be significantly more beneficial to us than any alternative. Making such a request of potential target businesses may make our acquisition proposal less attractive to them and, to the extent prospective target businesses refuse to execute such a waiver, it may limit the field of potential target businesses that we might pursue. Examples of possible instances where we may engage a third party that refuses to execute a waiver include the engagement of a third party consultant whose particular expertise or skills are believed by management to be significantly superior to those of other consultants that would agree to execute a waiver or in cases where we are unable to find a service provider willing to execute a waiver. In addition, there is no guarantee that such entities will agree to waive any claims they may have in the future as a result of, or arising out of, any negotiations, contracts or agreements with us and will not seek recourse against the trust account for any reason. Upon redemption of our public shares, if we are unable to complete our initial business combination within the completion window, or upon the exercise of a redemption right in connection with our initial business combination, we will be required to provide for payment of claims of creditors that were not waived that may be brought against us within the 10 years following redemption. Accordingly, the per share redemption amount received by public stockholders could be less than the per share amount initially held in the trust account, due to claims of such creditors.

Our sponsor has agreed that it will be liable to us if and to the extent any claims by a third party (other than our independent registered public accounting firm) for services rendered or products sold to us, or a prospective target business with which we have discussed entering into a transaction agreement, reduce the amount of funds in the trust account to below: (1) \$10.00 per public share; or (2) the actual amount per public share held in the trust account as of the date of the liquidation of the trust account, if less than \$10.00 per share due to reductions in the value of the trust assets, in each case net of permitted withdrawals, except as to any claims by a third party that executed a waiver of any and all rights to the monies held in the trust account (whether any such waiver is enforceable) and except as to any claims under our indemnity of the underwriters of this offering against certain liabilities, including liabilities under the Securities Act. We have not independently verified whether our sponsor has sufficient funds to satisfy its indemnity obligations and we have not asked our sponsor to reserve for such indemnification obligations. We have not asked our sponsor to reserve for such obligations. As a result, if any such claims were successfully made against the trust account, the funds available for our initial business combination and redemptions could be reduced to less than \$10.00 per public share. In such event, we may not be able to complete our initial business combination, and you would receive such lesser amount per share in connection with any redemption of your public shares. None of our officers or directors will indemnify us for claims by third parties including, without limitation, claims by vendors and prospective target businesses.

Our independent directors may decide not to enforce the indemnification obligations of our sponsor, resulting in a reduction in the amount of funds in the trust account available for distribution to our public stockholders.

In the event that the proceeds in the trust account are reduced below the lesser of: (1) \$10.00 per public share; or (2) the actual amount per share held in the trust account as of the date of the liquidation of the trust account, if less than \$10.00 per share due to reductions in the value of the trust assets, in each case net of permitted withdrawals, and our sponsor asserts that it is unable to satisfy its obligations or that it has no indemnification obligations related to a particular claim, our independent directors would determine whether to take legal action against our sponsor to enforce its indemnification obligations. While we currently expect that our independent directors would take legal action on our behalf against our sponsor to enforce its indemnification obligations to us, it is possible that our independent directors in exercising their business judgment may choose not to do so in certain instances. For example, the cost of such legal action may be deemed by the independent directors to be too high relative to the amount recoverable or the independent directors may determine that a favorable outcome is not likely. If our independent directors choose not to enforce these indemnification obligations, the amount of funds in the trust account available for distribution to our public stockholders may be reduced below \$10.00 per share.

If, after we distribute the proceeds in the trust account to our public stockholders, we file a bankruptcy petition or an involuntary bankruptcy petition is filed against us that is not dismissed, a bankruptcy court may seek to recover such proceeds, and the members of our board of directors may be viewed as having breached their fiduciary duties to our creditors, thereby exposing the members of our board of directors and us to claims of punitive damages.

If, after we distribute the proceeds in the trust account to our public stockholders, we file a bankruptcy petition or an involuntary bankruptcy petition is filed against us that is not dismissed, any distributions received by stockholders could be viewed under applicable debtor/creditor and/or bankruptcy laws as either a “preferential transfer” or a “fraudulent conveyance.” As a result, a bankruptcy court could seek to recover some or all amounts received by our stockholders. In addition, our board of directors may be viewed as having breached its fiduciary duty to our creditors and/or having acted in bad faith by paying public stockholders from the trust account prior to addressing the claims of creditors, thereby exposing itself and us to claims of punitive damages.

If, before distributing the proceeds in the trust account to our public stockholders, we file a bankruptcy petition or an involuntary bankruptcy petition is filed against us that is not dismissed, the claims of creditors in such proceeding may have priority over the claims of our stockholders and the per share amount that would otherwise be received by our stockholders in connection with our liquidation may be reduced.

If, before distributing the proceeds in the trust account to our public stockholders, we file a bankruptcy petition or an involuntary bankruptcy petition is filed against us that is not dismissed, the proceeds held in the trust account could be subject to applicable bankruptcy law, and may be included in our bankruptcy estate and subject to the claims of third parties with priority over the claims of our stockholders. To the extent any bankruptcy claims deplete the trust account, the per-share amount that would otherwise be received by our public stockholders in connection with our liquidation would be reduced.

If we are deemed to be an investment company under the Investment Company Act, we may be required to institute burdensome compliance requirements and our activities may be restricted, which may make it difficult for us to complete our initial business combination.

If we are deemed to be an investment company under the Investment Company Act, our activities may be restricted, including:

- restrictions on the nature of our investments; and
- restrictions on the issuance of securities;

each of which may make it difficult for us to complete our initial business combination. In addition, we may have imposed upon us burdensome requirements, including:

- registration as an investment company with the SEC;
- adoption of a specific form of corporate structure; and
- reporting, record keeping, voting, proxy and disclosure requirements and compliance with other rules and regulations that we are currently not subject to.

In order not to be regulated as an investment company under the Investment Company Act, unless we can qualify for an exclusion, we must ensure that we are engaged primarily in a business other than investing, reinvesting or trading of securities and that our activities do not include investing, reinvesting, owning, holding or trading “investment securities” constituting more than 40% of our total assets (exclusive of U.S. government securities and cash items) on an unconsolidated basis. Our business will be to identify and complete a business combination and thereafter to operate the post-transaction business or assets for the long-term. We do not plan to buy businesses or assets with a view to resale or profit from their resale.

We do not plan to buy unrelated businesses or assets or to be a passive investor.

We do not believe that our anticipated principal activities will subject us to the Investment Company Act. To this end, the proceeds held in the trust account may only be invested in United States “government securities” within the meaning of Section 2(a)(16) of the Investment Company Act having a maturity of 185 days or less or in money market funds meeting certain conditions under Rule 2a-7 promulgated under the Investment Company Act which invest only in direct U.S. government treasury obligations. Pursuant to the trust agreement, the trustee is not permitted to invest in other securities or assets. By restricting the investment of the proceeds to these instruments, and by having a business plan targeted at acquiring and growing businesses for the long-term (rather than on buying and selling businesses in the manner of a merchant bank or private equity fund), we intend to avoid being deemed an “investment company” within the meaning of the Investment Company Act. This offering is not intended for persons who are seeking a return on investments in government securities or investment securities. The trust account is intended as a holding place for funds pending the earliest to occur of: (i) the completion of our primary business objective, which is a business combination; (ii) the redemption of any public shares properly submitted in connection with a stockholder vote to amend our amended and restated certificate of incorporation to modify the substance or timing of our obligation to provide for the redemption of our public shares in connection with an initial business combination or to redeem 100% of our public shares if we do not complete our initial business combination within the completion window; and (iii) absent a business combination, our return of the funds held in the trust account to our public stockholders as part of our redemption of the public shares. If we do not invest the proceeds as discussed above, we may be deemed to be subject to the Investment Company Act. If we were deemed to be subject to the Investment Company Act, compliance with these additional regulatory burdens would require additional expenses for which we have not allotted funds and may hinder our ability to consummate our initial business combination. If we are unable to complete our initial business combination within the completion window, our public stockholders may receive only approximately \$10.00 per share on the liquidation of our trust account and our warrants will expire worthless. In certain circumstances, our public stockholders may receive less than \$10.00 per share on the redemption of their shares if we are unable to complete our initial business combination within the completion window. Please see “— If third parties bring claims against us, the proceeds held in the trust account could be reduced and the per-share redemption amount received by stockholders may be less than \$10.00 per share” and other risk factors herein.

Changes in laws or regulations, or a failure to comply with any laws and regulations, may adversely affect our business, including our ability to negotiate and complete our initial business combination, and results of operations.

We are subject to laws and regulations enacted by national, regional and local governments. In particular, we will be required to comply with certain SEC and other legal requirements. Compliance with, and monitoring of, applicable laws and regulations may be difficult, time consuming and costly. Those laws and regulations and their interpretation and application may also change from time to time and those changes could have a material adverse effect on our business, investments and results of operations. In addition, a failure to comply with applicable laws or regulations, as interpreted and applied, could have a material adverse effect on our business, including our ability to negotiate and complete our initial business combination, and results of operations.

Because we are neither limited to evaluating target businesses in a particular industry nor have we selected any specific target businesses with which to pursue our initial business combination, you will be unable to ascertain the merits or risks of any particular target business’s operations.

We may seek to complete a business combination with an operating company in any industry or sector. However, we will not, under our amended and restated certificate of incorporation, be permitted to effectuate our initial business combination with another blank check company or similar company with nominal operations. Because we have not yet selected or approached any specific target business with respect to a business combination, there is no basis to evaluate the possible merits or risks of any particular target business’s operations, results of operations, cash flows, liquidity, financial condition or prospects. To the extent we complete our initial business combination, we may be affected by numerous risks inherent in the business operations with which we combine. For example, if we combine with a financially unstable business or an entity lacking an established record of sales or earnings, we may be affected by the risks inherent in the business and operations of a financially unstable or a development stage entity. Although our officers and directors will endeavor to evaluate the risks inherent in a particular target business, we cannot assure you that we will properly ascertain or assess all of the significant risk factors or that we will have adequate time to complete due diligence. Furthermore, some of these risks may be outside of our control and leave us with no ability to control or reduce the chances that those risks will adversely impact a target business. We also cannot assure you that an investment in our units will ultimately prove to be more favorable to investors than a direct investment, if such opportunity were available, in a business combination target. Accordingly, any stockholders or warrant holders who choose to remain a stockholder or warrant holder following our initial business combination could suffer a reduction in the value of their securities. Such stockholders or warrant holders are unlikely to have a remedy for such reduction in value.

Although we have identified general criteria and guidelines that we believe are important in evaluating prospective target businesses, we may enter into our initial business combination with a target that does not meet such criteria and guidelines, and as a result, the target business with which we enter into our initial business combination may not have attributes entirely consistent with our general criteria and guidelines.

Although we have identified general criteria and guidelines for evaluating prospective target businesses, it is possible that a target business with which we enter into our initial business combination will not have all of these positive attributes. If we complete our initial business combination with a target that does not meet some or all of these criteria and guidelines, such combination may not be as successful as a combination with a business that does meet all of our general criteria and guidelines. In addition, if we announce a prospective business combination with a target that does not meet our general criteria and guidelines, a greater number of stockholders may exercise their redemption rights, which may make it difficult for us to meet any closing condition with a target business that requires us to have a minimum net worth or a certain amount of cash. In addition, if stockholder approval of the transaction is required by applicable law or stock exchange rules, or we decide to obtain stockholder approval for business or other reasons, it may be more difficult for us to attain stockholder approval of our initial business combination if the target business does not meet our general criteria and guidelines. If we are unable to complete our initial business combination, our public stockholders may receive only approximately \$10.00 per share, or less in certain circumstances, on the liquidation of our trust account and our warrants will expire worthless.

We may seek acquisition opportunities in acquisition targets that may be outside of our management's areas of expertise.

We will consider a business combination in sectors which may be outside of our management's areas of expertise if such business combination candidate is presented to us and we determine that such candidate offers an attractive acquisition opportunity for our company. In the event we elect to pursue an acquisition outside of the areas of our management's expertise, our management's expertise may not be directly applicable to its evaluation or operation, and the information contained in this prospectus regarding the areas of our management's expertise would not be relevant to an understanding of the business that we elect to acquire. As a result, our management may not be able to adequately ascertain or assess all of the significant risk factors relevant to such acquisition. Accordingly, any stockholders or warrant holders who choose to remain a stockholder or warrant holder following our initial business combination could suffer a reduction in the value of their securities. Such stockholders or warrant holders are unlikely to have a remedy for such reduction in value.

We may seek acquisition opportunities with an early stage company, a financially unstable business or an entity lacking an established record of revenue or earnings, which could subject us to volatile revenues or earnings, intense competition and difficulties in obtaining and retaining key personnel.

To the extent we complete our initial business combination with an early stage company, a financially unstable business or an entity lacking an established record of sales or earnings, we may be affected by numerous risks inherent in the operations of the business with which we combine. These risks include investing in a business without a proven business model and with limited historical financial data, volatile revenues or earnings, intense competition and difficulties in obtaining and retaining key personnel. Although our officers and directors will endeavor to evaluate the risks inherent in a particular target business, we may not be able to properly ascertain or assess all of the significant risk factors and we may not have adequate time to complete due diligence. Furthermore, some of these risks may be outside of our control and leave us with no ability to control or reduce the chances that those risks will adversely impact a target business.

We are not required to obtain an opinion from an independent investment banking firm or from an independent accounting firm, and consequently, you may have no assurance from an independent source that the price we are paying for the business is fair to our stockholders from a financial point of view.

Unless we complete our initial business combination with an affiliated entity, we are not required to obtain an opinion from an independent investment banking firm that is a member of FINRA or from an independent accounting firm that the price we are paying is fair to our stockholders from a financial point of view.

In addition, if our board of directors is not able to determine the fair market value of the target business or businesses, in connection with the NYSE rules that require that an initial business combination be with one or more operating businesses or assets with a fair market value equal to at least 80% of the net assets held in the trust account (net of amounts disbursed to management for working capital purposes, if applicable, and excluding the amount of any deferred underwriting discount), we will obtain an opinion from an independent investment banking firm that is a member of FINRA or from an independent accounting firm with respect to the satisfaction of such criteria.

Other than the two circumstances described above, we are not required to obtain an opinion from an independent investment banking firm that is a member of FINRA or from an independent accounting firm. If no opinion is obtained, our stockholders will be relying on the judgment of our board of directors, who will determine fair market value based on standards generally accepted by the financial community. Such standards used will be disclosed in our tender offer documents or proxy solicitation materials, as applicable, related to our initial business combination.

We may issue additional shares of Class A common stock or preferred stock to complete our initial business combination or under an employee incentive plan after completion of our initial business combination. We may also issue shares of Class A common stock upon the conversion of the Class B common stock at a ratio greater than one-to-one at the time of our initial business combination as a result of the anti-dilution provisions described herein. Any such issuances would dilute the interest of our stockholders and likely present other risks.

Our certificate of incorporation authorizes the issuance of up to 80,000,000 shares of Class A common stock, par value \$0.0001 per share, and 20,000,000 shares of Class B common stock, par value \$0.0001 per share and 1,000,000 shares of undesignated preferred stock, par value \$0.0001 per share. Immediately after this offering, there will be 54,750,000 and 16,250,000 (assuming in each case, that the underwriters have not exercised their option to purchase additional units) authorized but unissued shares of Class A and Class B common stock, respectively, available for issuance, which amount takes into account shares reserved for issuance upon exercise of outstanding warrants but not upon the conversion of the Class B common stock. Shares of Class B common stock are automatically convertible into shares of our Class A common stock at the time of our initial business combination, initially at a one-for-one ratio but subject to adjustment as set forth herein. Immediately after this offering, there will be no shares of preferred stock issued and outstanding.

We may issue a substantial number of additional shares of Class A common stock, and may issue shares of preferred stock, in order to complete our initial business combination or under an employee incentive plan after completion of our initial business combination (although our amended and restated certificate of incorporation will provide that we may not issue additional securities that can vote on amendments to our amended and restated certificate of incorporation or on our initial business combination or that would entitle holders thereof to receive funds from the trust account). We may also issue shares upon conversion of the Class B common stock at a ratio greater than one-to-one at the time of our initial business combination as a result of the anti-dilution provisions described herein. However, our amended and restated certificate of incorporation will provide, among other things, that prior to our initial business combination, we may not issue additional shares of capital stock that would entitle the holders thereof to (1) receive funds from the trust account or (2) vote on any initial business combination. The issuance of additional shares of common or preferred stock:

- may significantly dilute the equity interest of investors in this offering;
- may subordinate the rights of holders of common stock if preferred stock is issued with rights senior to those afforded our common stock;
- could cause a change in control if a substantial number of shares of common stock are issued, which may affect, among other things, our ability to use our net operating loss carry forwards, if any, and could result in the resignation or removal of our present officers and directors; and
- may adversely affect prevailing market prices for our units, common stock and/or warrants.

Resources could be wasted in researching initial business combinations that are not completed, which could materially adversely affect subsequent attempts to locate and acquire or merge with another business. If we are unable to complete our initial business combination, our public stockholders may receive only approximately \$10.00 per share, or less than such amount in certain circumstances, on the liquidation of our trust account and our warrants will expire worthless.

We anticipate that the investigation of each specific target business and the negotiation, drafting and execution of relevant agreements, disclosure documents and other instruments will require substantial management time and attention and substantial costs for accountants, attorneys and others. If we decide not to complete a specific initial business combination, the costs incurred up to that point for the proposed transaction likely would not be recoverable. Furthermore, if we reach an agreement relating to a specific target business, we may fail to complete our initial business combination for any number of reasons including those beyond our control. Any such event will result in a loss to us of the related costs incurred which could materially adversely affect subsequent attempts to locate and acquire or merge with another business. If we are unable to complete our initial business combination, our public stockholders may receive only approximately \$10.00 per share, or less in certain circumstances, on the liquidation of our trust account and our warrants will expire worthless. Please see “— If third parties bring claims against us, the proceeds held in the trust account could be reduced and the per-share redemption amount received by stockholders may be less than \$10.00 per share” and other risk factors herein.

We may only be able to complete one business combination with the proceeds of this offering and the sale of the private placement warrants, which will cause us to be solely dependent on a single business which may have a limited number of products or services. This lack of diversification may materially negatively impact our operations and profitability.

The net proceeds from this offering and the sale of the private placement warrants will provide us with \$150,000,000 (or \$172,500,000 if the underwriters’ option to purchase additional units is exercised in full) that we may use to complete our initial business combination (which includes \$5,250,000, or up to \$6,037,500 if the underwriters’ option to purchase additional units is exercised in full, of deferred underwriting commissions being held in the trust account).

We may effectuate our initial business combination with a single target business or multiple target businesses simultaneously or within a short period of time. However, we may not be able to effectuate our initial business combination with more than one target business because of various factors, including the existence of complex accounting issues and the requirement that we prepare and file pro forma financial statements with the SEC that present operating results and the financial condition of several target businesses as if they had been operated on a combined basis. By completing our initial business combination with only a single entity our lack of diversification may subject us to numerous economic, competitive and regulatory risks. Further, we would not be able to diversify our operations or benefit from the possible spreading of risks or offsetting of losses, unlike other entities which may have the resources to complete several business combinations in different industries or different areas of a single industry. Accordingly, the prospects for our success may be:

- solely dependent upon the performance of a single business, property or asset; or
- dependent upon the development or market acceptance of a single or limited number of products, processes or services.

This lack of diversification may subject us to numerous economic, competitive and regulatory risks, any or all of which may have a substantial adverse impact upon the particular industry in which we may operate subsequent to our initial business combination.

We may attempt to simultaneously complete business combinations with multiple prospective targets, which may hinder our ability to complete our initial business combination and give rise to increased costs and risks that could negatively impact our operations and profitability.

If we determine to simultaneously acquire several businesses that are owned by different sellers, we will need for each of such sellers to agree that our purchase of its business is contingent on the simultaneous closings of the other business combinations, which may make it more difficult for us, and delay our ability, to complete our initial business combination. With multiple business combinations, we could also face additional risks, including additional burdens and costs with respect to possible multiple negotiations and due diligence investigations (if there are multiple sellers) and the additional risks associated with the subsequent assimilation of the operations and services or products of the acquired companies in a single operating business. If we are unable to adequately address these risks, it could negatively impact our profitability and results of operations.

We may attempt to complete our initial business combination with a private company about which little information is available, which may result in a business combination with a company that is not as profitable as we suspected, if at all.

In pursuing our acquisition strategy, we may seek to effectuate our initial business combination with a privately held company. Very little public information generally exists about private companies, and we could be required to make our decision on whether to pursue a potential initial business combination on the basis of limited information, which may result in a business combination with a company that is not as profitable as we suspected, if at all.

Our management may not be able to maintain control of a target business after our initial business combination. We cannot provide assurance that, upon loss of control of a target business, new management will possess the skills, qualifications or abilities necessary to profitably operate such business.

We may structure our initial business combination so that the post-transaction company in which our public stockholders own shares will own less than 100% of the equity interests or assets of a target business, but we will only complete such business combination if the post-transaction company owns or acquires 50% or more of the outstanding voting securities of the target or otherwise acquires a controlling interest in the target business sufficient for us not to be required to register as an investment company under the Investment Company Act. We will not consider any transaction that does not meet such criteria. Even if the post-transaction company owns 50% or more of the voting securities of the target, our stockholders prior to our initial business combination may collectively own a minority interest in the post business combination company, depending on valuations ascribed to the target and us in our initial business combination. For example, we could pursue a transaction in which we issue a substantial number of new shares of common stock in exchange for all of the outstanding capital stock of a target. In this case, we would acquire a 100% interest in the target. However, as a result of the issuance of a substantial number of new shares of common stock, our stockholders immediately prior to such transaction could own less than a majority of our outstanding shares of common stock subsequent to such transaction. In addition, other minority stockholders may subsequently combine their holdings resulting in a single person or group obtaining a larger share of the company’s stock than we initially acquired. Accordingly, this may make it more likely that our management will not be able to maintain our control of the target business.

We do not have a specified maximum redemption threshold. The absence of such a redemption threshold may make it possible for us to complete our initial business combination with which a substantial majority of our stockholders do not agree.

Our amended and restated certificate of incorporation will not provide a specified maximum redemption threshold, except that in no event will we redeem our public shares in an amount that would cause our net tangible assets to be less than \$5,000,001 (such that we do not then become subject to the SEC’s “penny stock” rules) or any greater net tangible asset or cash requirement which may be contained in the agreement relating to our initial business combination. As a result, we may be able to complete our initial business combination even though a substantial majority of our public stockholders do not agree with the transaction and have redeemed their shares or, if we seek stockholder approval of our initial business combination and do not conduct redemptions in connection with our initial business combination pursuant to the tender offer rules, have entered

into privately negotiated agreements to sell their shares to our sponsor, officers, directors, advisors or any of their respective affiliates. In the event the aggregate cash consideration we would be required to pay for all shares of common stock that are validly submitted for redemption plus any amount required to satisfy cash conditions pursuant to the terms of the proposed business combination exceed the aggregate amount of cash available to us, we will not complete the business combination or redeem any shares, all shares of common stock submitted for redemption will be returned to the holders thereof, and we instead may search for an alternate business combination.

In order to effectuate an initial business combination, blank check companies have, in the recent past, amended various provisions of their charters and modified governing instruments, including their warrant agreements. We cannot assure you that we will not seek to amend our amended and restated certificate of incorporation or governing instruments, including our warrant agreement, in a manner that will make it easier for us to complete our initial business combination that some of our stockholders or warrant holders may not support.

In order to effectuate an initial business combination, blank check companies have, in the recent past, amended various provisions of their charters and modified governing instruments, including their warrant agreements. For example, blank check companies have amended the definition of business combination, increased redemption thresholds extended the time to consummate an initial business combination and, with respect to their warrants, amended their warrant agreements to require the warrants to be exchanged for cash and/or other securities. We cannot assure you that we will not seek to amend our charter or governing instruments or extend the time to consummate an initial business combination in order to effectuate our initial business combination.

Certain provisions of our amended and restated certificate of incorporation that will relate to our pre-business combination activity (and corresponding provisions of the agreement governing the release of funds from our trust account) may be amended with the approval of holders of not less than 65% of our common stock, which is a lower amendment threshold than that of some other blank check companies. It may be easier for us, therefore, to amend our amended and restated certificate of incorporation and the trust agreement to facilitate the completion of an initial business combination that some of our stockholders may not support.

Our amended and restated certificate of incorporation will provide that any of its provisions (other than amendments relating to the appointment of directors, which require the approval by a majority of at least 90% of our common stock voting at a stockholder meeting) related to pre-business combination activity (including the requirement to fund the trust account and not release such amounts except in specified circumstances and to provide redemption rights to public stockholders as described herein) may be amended if approved by holders of at least 65% of our common stock, and corresponding provisions of the trust agreement governing the release of funds from our trust account may be amended if approved by holders of 65% of our common stock. In all other instances, our amended and restated certificate of incorporation will provide that it may be amended by holders of a majority of our common stock, subject to applicable provisions of the DGCL, or applicable stock exchange rules. We may not issue additional securities that can vote on amendments to our amended and restated certificate of incorporation or on our initial business combination. Our initial stockholders, who will beneficially own 20% of our common stock upon the closing of this offering (assuming they do not purchase any units in this offering), may participate in any vote to amend our amended and restated certificate of incorporation and/or trust agreement and will have the discretion to vote in any manner they choose. As a result, we may be able to amend the provisions of our amended and restated certificate of incorporation which will govern our pre-business combination behavior more easily than some other blank check companies, and this may increase our ability to complete our initial business combination with which you do not agree. Our stockholders may pursue remedies against us for any breach of our amended and restated certificate of incorporation.

Our sponsor, officers and directors have agreed, pursuant to a written agreement, that they will not propose any amendment to our amended and restated certificate of incorporation to modify the substance or timing of our obligation to provide for the redemption of our public shares in connection with an initial business combination or to redeem 100% of our public shares if we do not complete our initial business combination within the completion window, unless we provide our public stockholders with the opportunity to redeem their shares of Class A common stock upon approval of any such amendment at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the trust account, divided by the number of then outstanding public shares. These agreements are contained in a letter agreement that we have entered into with our sponsor, officers and directors. Our stockholders are not parties to, or third-party beneficiaries of, these agreements and, as a result, will not have the ability to pursue remedies against our sponsor, officers or directors for any breach of these agreements. As a result, in the event of a breach, our stockholders would need to pursue a stockholder derivative action, subject to applicable law.

We may be unable to obtain additional financing to complete our initial business combination or to fund the operations and growth of a target business, which could compel us to restructure or abandon a particular business combination.

Although we believe that the net proceeds of this offering and the sale of the private placement warrants will be sufficient to allow us to complete our initial business combination, because we have not yet selected any prospective target business we cannot ascertain the capital requirements for any particular transaction. If the net proceeds of this offering and the sale of the private placement warrants prove to be insufficient, either because of the size of our initial business combination, the depletion of the available net proceeds in search of a target business, the obligation to redeem for cash a significant number of shares from stockholders who elect redemption in connection with our initial business combination or the terms of negotiated transactions to purchase shares in connection with our initial business combination, we may be required to seek additional financing or to abandon the proposed business combination. We cannot assure you that such financing will be available on acceptable terms, if at all. To the extent that additional financing proves to be unavailable when needed to complete our initial business combination, we would be compelled to either restructure the transaction or abandon that particular business combination and seek an alternative target business candidate. In addition, even if we do not need additional financing to complete our initial business combination, we may require such financing to fund the operations or growth of the target business. The failure to secure additional financing could have a material adverse effect on the continued development or growth of the target business. None of our officers, directors or stockholders is required to provide any financing to us in connection with or after our initial business combination. If we are unable to complete our initial business combination, our public stockholders may receive only approximately \$10.00 per share, or less in certain circumstances, on the liquidation of our trust account, and our warrants will expire worthless.

Our search for a business combination, and any target business with which we ultimately consummate a business combination, may be materially adversely affected by the recent novel coronavirus (“COVID-19”) outbreak.

On March 11, 2020, the World Health Organization officially declared the outbreak of the COVID-19 a “pandemic.” A significant outbreak of COVID-19 and other infectious diseases could result in a widespread health crisis that could adversely affect the economies and financial markets worldwide, and the business of any potential target business with which we consummate a business combination could be materially and adversely affected. Furthermore, we may be unable to complete a business combination if continued concerns relating to COVID-19 restrict travel, limit the ability to have meetings with potential investors or the target company’s personnel, vendors and services providers are unavailable to negotiate and consummate a transaction in a timely manner. The extent to which COVID-19 impacts our search for a business combination will depend on future developments, which are highly uncertain and cannot be predicted, including new information which may emerge concerning the severity of COVID-19 and the actions to contain COVID-19 or treat its impact, among others. If the disruptions posed by COVID-19 or other matters of global concern continue for an extensive period of time, our ability to consummate a business combination, or the operations of a target business with which we ultimately consummate a business combination, may be materially adversely affected.

attractive targets. This could increase the cost of our initial business combination and could even result in our inability to find a target or to consummate an initial business combination.

In recent years, the number of special purpose acquisition companies that have been formed has increased substantially. Many potential targets for special purpose acquisition companies have already entered into an initial business combination, and there are still many special purpose acquisition companies seeking targets for their initial business combination, as well as many such companies currently in registration. As a result, at times, fewer attractive targets may be available, and it may require more time, more effort and more resources to identify a suitable target and to consummate an initial business combination.

In addition, because there are more special purpose acquisition companies seeking to enter into an initial business combination with available targets, the competition for available targets with attractive fundamentals or business models may increase, which could cause target companies to demand improved financial terms. Attractive deals could also become scarcer for other reasons, such as economic or industry sector downturns, geopolitical tensions, or increases in the cost of additional capital needed to close business combinations or operate targets post-business combination. This could increase the cost of, delay or otherwise complicate or frustrate our ability to find and consummate an initial business combination, and may result in our inability to consummate an initial business combination on terms favorable to our investors altogether.

Changes in the market for directors and officers liability insurance could make it more difficult and more expensive for us to negotiate and complete an initial business combination.

In recent months, the market for directors and officers liability insurance for special purpose acquisition companies has changed. Fewer insurance companies are offering quotes for directors and officers liability coverage, the premiums charged for such policies have generally increased and the terms of such policies have generally become less favorable. There can be no assurance that these trends will not continue.

The increased cost and decreased availability of directors and officers liability insurance could make it more difficult and more expensive for us to negotiate an initial business combination. In order to obtain directors and officers liability insurance or modify its coverage as a result of becoming a public company, the post-business combination entity might need to incur greater expense, accept less favorable terms or both. However, any failure to obtain adequate directors and officers liability insurance could have an adverse impact on the post-business combination's ability to attract and retain qualified officers and directors.

In addition, even after we were to complete an initial business combination, our directors and officers could still be subject to potential liability from claims arising from conduct alleged to have occurred prior to the initial business combination. As a result, in order to protect our directors and officers, the post-business combination entity may need to purchase additional insurance with respect to any such claims ("run-off insurance"). The need for run-off insurance would be an added expense for the post-business combination entity, and could interfere with or frustrate our ability to consummate an initial business combination on terms favorable to our investors.

Risks Relating to Our Securities

The NYSE may delist our securities from trading on its exchange, which could limit investors' ability to make transactions in our securities and subject us to additional trading restrictions.

We intend to apply to have our units listed on the NYSE on or promptly after the date of this prospectus and our Class A common stock and warrants listed on or promptly after their date of separation. Although after giving effect to this offering we expect to meet the minimum initial listing standards set forth in the NYSE listing standards, we cannot assure you that our securities will be, or will continue to be, listed on the NYSE in the future or prior to our initial business combination. In order to continue listing our securities on the NYSE prior to our initial business combination, we must maintain certain financial, distribution and stock price levels. In general, we must maintain a minimum number of holders of our securities. Additionally, in connection with our initial business combination, we will be required to demonstrate compliance with the NYSE's initial listing requirements, which are more rigorous than the NYSE's continued listing requirements, in order to continue to maintain the listing of our securities on the NYSE. For instance, our stock price would generally be required to be at least \$4 per share. We cannot assure you that we will be able to meet those initial listing requirements at that time.

If the NYSE delists any of our securities from trading on its exchange and we are not able to list such securities on another national securities exchange, we expect such securities could be quoted on an over-the-counter market. If this were to occur, we could face significant material adverse consequences, including:

- a limited availability of market quotations for our securities;
- reduced liquidity for our securities;
- a determination that our Class A common stock is a "penny stock" which will require brokers trading in our Class A common stock to adhere to more stringent rules and possibly result in a reduced level of trading activity in the secondary trading market for our securities;

- a limited amount of news and analyst coverage; and
- a decreased ability to issue additional securities or obtain additional financing in the future.

The National Securities Markets Improvement Act of 1996, which is a federal statute, prevents or preempts the states from regulating the sale of certain securities, which are referred to as "covered securities." Because we expect that our units and eventually our Class A common stock and warrants will be listed on the NYSE, our units, Class A common stock and warrants will qualify as covered securities under such statute. Although the states are preempted from regulating the sale of our securities, the federal statute does allow the states to investigate companies if there is a suspicion of fraud, and, if there is a finding of fraudulent activity, then the states can regulate or bar the sale of covered securities in a particular case. While we are not aware of a state having used these powers to prohibit or restrict the sale of securities issued by blank check companies, other than the State of Idaho, certain state securities regulators view blank check companies unfavorably and might use these powers, or threaten to use these powers, to hinder the sale of securities of blank check companies in their states. Further, if we were no longer listed on the NYSE, our securities would not qualify as covered securities under such statute and we would be subject to regulation in each state in which we offer our securities.

You will not be entitled to protections normally afforded to investors of many other blank check companies.

Since the net proceeds of this offering and the sale of the private placement warrants are intended to be used to complete an initial business combination with a target business that has not been selected, we may be deemed to be a "blank check" company under the U.S. securities laws. However, because we will have net tangible assets in excess of \$5,000,000 upon the successful completion of this offering and the sale of the private placement warrants and will file a Current Report on Form 8-K, including an audited balance sheet of our company demonstrating this fact, we are exempt from rules promulgated by the SEC to protect investors in blank check companies, such as Rule 419. Accordingly, investors will not be afforded the benefits or protections of those rules. Among other things, this means our units will be immediately tradable and we will have a longer period of time to complete our initial business combination than do companies subject to Rule 419. Moreover, if this offering were subject to Rule 419, that rule would prohibit the release of any interest earned on funds held in the trust account to us unless and until the funds in the trust account were released to us in connection with our completion of our initial business combination. Please see "Proposed Business — Comparison of This Offering to Those of Blank Check Companies Subject to Rule 419" for a more detailed comparison of our offering to offerings that comply with Rule 419.

If we seek stockholder approval of our initial business combination and we do not conduct redemptions pursuant to the tender offer rules, and if you or a “group” of stockholders are deemed to hold in excess of 15% of our Class A common stock, you will lose the ability to redeem all such shares in excess of 15% of our Class A common stock.

If we seek stockholder approval of our initial business combination and we do not conduct redemptions in connection with our initial business combination pursuant to the tender offer rules, our amended and restated certificate of incorporation will provide that a public stockholder, together with any affiliate of such stockholder or any other person with whom such stockholder is acting in concert or as a “group” (as defined under Section 13 of the Exchange Act), will be restricted from seeking redemption rights with respect to more than an aggregate of 15% of the shares sold in this offering, without our prior consent, which we refer to as the “Excess Shares.” However, our amended and restated certificate of incorporation does not restrict our stockholders’ ability to vote all of their shares (including Excess Shares) for or against our initial business combination. Your inability to redeem the Excess Shares will reduce your influence over our ability to complete our initial business combination and you could suffer a material loss on your investment in us if you sell Excess Shares in open market transactions. Additionally, you will not receive redemption distributions with respect to the Excess Shares if we complete our initial business combination. And as a result, you will continue to hold the Excess Shares and, in order to dispose of such shares, would be required to sell your Excess Shares in open market transactions, potentially at a loss.

Our stockholders may be held liable for claims by third parties against us to the extent of distributions received by them upon redemption of their shares.

Under the DGCL, stockholders may be held liable for claims by third parties against a corporation to the extent of distributions received by them in a dissolution. The pro rata portion of our trust account distributed to our public stockholders upon the redemption of our public shares in the event we do not complete our initial business combination within the completion window may be considered a liquidating distribution under Delaware law. If a corporation complies with certain procedures set forth in Section 280 of the DGCL intended to ensure that it makes reasonable provision for all claims against it, including a 60-day notice period during which any third-party claims can be brought against the corporation, a 90-day period during which the corporation may reject any claims brought, and an additional 150-day waiting period before any liquidating distributions are made to stockholders, any liability of stockholders with respect to a liquidating distribution is limited to the lesser of such stockholder’s pro rata share of the claim or the amount distributed to the stockholder, and any liability of the stockholder would be barred after the third anniversary of the dissolution. However, it is our intention to redeem our public shares as soon as reasonably possible following the 24th month from the closing of this offering in the event we do not complete our initial business combination and, therefore, we do not intend to comply with the foregoing procedures.

Because we do not intend to comply with Section 280, Section 281(b) of the DGCL requires us to adopt a plan, based on facts known to us at such time that will provide for our payment of all existing and pending claims or claims that may be potentially brought against us within the 10 years following our dissolution. However, because we are a blank check company, rather than an operating company, and our operations will be limited to searching for prospective target businesses to acquire, the only likely claims to arise would be from our vendors (such as lawyers, investment bankers, consultants, etc.) or prospective target businesses. If our plan of distribution complies with Section 281(b) of the DGCL, any liability of stockholders with respect to a liquidating distribution is limited to the lesser of such stockholder’s pro rata share of the claim or the amount distributed to the stockholder, and any liability of the stockholder would likely be barred after the third anniversary of the dissolution. We cannot assure you that we will properly assess all claims that may be potentially brought against us. As such, our stockholders could potentially be liable for any claims to the extent of distributions received by them (but no more) and any liability of our stockholders may extend beyond the third anniversary of such date. Furthermore, if the pro rata portion of our trust account distributed to our public stockholders upon the redemption of our public shares in the event we do not complete our initial business combination within the completion window is not considered a liquidating distribution under Delaware law and such redemption distribution is deemed to be unlawful, then pursuant to Section 174 of the DGCL, the statute of limitations for claims of creditors could then be six years after the unlawful redemption distribution, instead of three years, as in the case of a liquidating distribution.

We may not hold an annual meeting of stockholders until after we consummate our initial business combination and you will not be entitled to any of the corporate protections provided by such a meeting.

We may not hold an annual meeting of stockholders until after we consummate our initial business combination (unless required by the NYSE) and thus may not be in compliance with Section 211(b) of the DGCL, which requires an annual meeting of stockholders be held for the purposes of electing directors in accordance with a company’s bylaws unless such election is made by written consent in lieu of such a meeting. Therefore, if our stockholders want us to hold an annual meeting prior to our consummation of our initial business combination, they may attempt to force us to hold one by submitting an application to the Delaware Court of Chancery in accordance with Section 211(c) of the DGCL. Moreover, our Class B stockholders will be entitled to elect all of our directors prior to the completion of our initial business combination and may elect to do so by written consent without a meeting.

We are not registering the shares of Class A common stock issuable upon exercise of the warrants under the Securities Act or any state securities laws at this time, and such registration may not be in place when an investor desires to exercise warrants, thus precluding such investor from being able to exercise its warrants except on a “cashless basis” and potentially causing such warrants to expire worthless.

We are not registering the shares of Class A common stock issuable upon exercise of the warrants under the Securities Act or any state securities laws at this time. However, under the terms of the warrant agreement, we have agreed that as soon as practicable, but in no event later than 15 business days after the closing of our initial business combination, we will use our reasonable best efforts to file with the SEC, and within 60 business days following our initial business combination to have declared effective, a registration statement covering the issuance of the shares of Class A common stock issuable upon exercise of the warrants and to maintain a current prospectus relating to those shares of Class A common stock until the warrants expire or are redeemed. We cannot assure you that we will be able to do so if, for example, any facts or events arise which represent a fundamental change in the information set forth in the registration statement or prospectus, the financial statements contained or incorporated by reference therein are not current, complete or correct or the SEC issues a stop order. If the shares issuable upon exercise of the warrants are not registered under the Securities Act, we will be required to permit holders to exercise their warrants on a cashless basis. However, no warrant will be exercisable for cash or on a cashless basis, and we will not be obligated to issue any shares to holders seeking to exercise their warrants, unless the issuance of the shares upon such exercise is registered or qualified under the securities laws of the state of the exercising holder or an exemption from registration or qualification is available. Notwithstanding the above, if our Class A common stock is at the time of any exercise of a warrant not listed on a national securities exchange such that it satisfies the definition of a “covered security” under Section 18(b)(1) of the Securities Act, we may, at our option, require holders of public warrants who exercise their warrants to do so on a “cashless basis” in accordance with Section 3(a)(9) of the Securities Act and, in the event we so elect, we will not be required to file or maintain in effect a registration statement, but we will use our reasonable best efforts to register or qualify the shares under applicable blue sky laws to the extent an exemption is not available. In no event will we be required to net cash settle any warrant, or issue securities or other compensation in exchange for the warrants in the event that we are unable to register or qualify the shares underlying the warrants under applicable state securities laws and no exemption is available. If the issuance of the shares upon exercise of the warrants is not so registered or qualified or exempt from registration or qualification, the holder of such warrant shall not be entitled to exercise such warrant and such warrant may have no value and expire worthless. In such event, holders who acquired their warrants as part of a purchase of units will have paid the full unit purchase price solely for the shares of Class A common stock included in the units. If and when the warrants become redeemable by us, we may exercise our redemption right even if we are unable to register or qualify the underlying shares of Class A common stock for sale under all applicable state securities laws.

The grant of registration rights to our initial stockholders and their permitted transferees may make it more difficult to complete our initial business combination, and the future exercise of such rights may adversely affect the market price of our Class A common stock.

Pursuant to an agreement to be entered into concurrently with the issuance and sale of the securities in this offering, our initial stockholders and their permitted transferees can demand that we register the resale of their founder shares after those shares convert to shares of our Class A common stock at the time of our initial business combination. In addition, our sponsor and its permitted transferees can demand that we register the resale of the private placement warrants and the shares of Class A common stock issuable upon exercise of the private placement warrants, and holders of warrants that may be issued upon conversion of working capital loans may demand that we register the resale of such warrants or the Class A common stock issuable upon exercise of such warrants. We will bear the cost of registering these securities. The registration and availability of such a significant number of securities for trading in the public market may have an adverse effect on the market price of our Class A common stock. In addition, the existence of the registration rights may make our initial business combination more costly or difficult to complete. This is because the stockholders of the target business may increase the equity stake they seek in the combined entity or ask for more cash consideration to offset the negative impact on the market price of our Class A common stock that is expected when the common stock owned by our initial stockholders or their permitted transferees, the private placement warrants owned by our sponsor or warrants issued in connection with working capital loans are registered for resale.

We may issue notes or other debt securities, or otherwise incur substantial debt, to complete a business combination, which may adversely affect our leverage and financial condition and thus negatively impact the value of our stockholders' investment in us.

Although we have no commitments as of the date of this prospectus to issue any notes or other debt securities, or to otherwise incur outstanding debt following this offering, we may choose to incur substantial debt to complete our initial business combination. We have agreed that we will not incur any indebtedness unless we have obtained from the lender a waiver of any right, title, interest or claim of any kind in or to the monies held in the trust account. As such, no issuance of debt will affect the per share amount available for redemption from the trust account. Nevertheless, the incurrence of debt could have a variety of negative effects, including:

- default and foreclosure on our assets if our operating revenues after an initial business combination are insufficient to repay our debt obligations;
- acceleration of our obligations to repay the indebtedness even if we make all principal and interest payments when due if we breach certain covenants that require the maintenance of certain financial ratios or reserves without a waiver or renegotiation of that covenant;
- our immediate payment of all principal and accrued interest, if any, if the debt is payable on demand;
- our inability to obtain necessary additional financing if the debt contains covenants restricting our ability to obtain such financing while the debt security is outstanding;
- our inability to pay dividends on our common stock;
- using a substantial portion of our cash flow to pay principal and interest on our debt, which will reduce the funds available for dividends on our common stock if declared, expenses, capital expenditures, acquisitions and other general corporate purposes;
- limitations on our flexibility in planning for and reacting to changes in our business and in the industry in which we operate;
- increased vulnerability to adverse changes in general economic, industry and competitive conditions and adverse changes in government regulation; and
- limitations on our ability to borrow additional amounts for expenses, capital expenditures, acquisitions, debt service requirements, execution of our strategy and other purposes and other disadvantages compared to our competitors who have less debt.

Our initial stockholders will control the election of our board of directors until consummation of our initial business combination and will hold a substantial interest in us. As a result, they will elect all of our directors prior to the consummation of our initial business combination and may exert a substantial influence on actions requiring a stockholder vote, potentially in a manner that you do not support.

Upon the closing of this offering, our initial stockholders will own 20% of our outstanding common stock (assuming they do not purchase any units in this offering). In addition, the founder shares, all of which are held by our initial stockholders, will entitle the holders to elect all of our directors prior to the consummation of our initial business combination. Holders of our public shares will have no right to vote on the election of directors during such time. These provisions of our amended and restated certificate of incorporation may only be amended by a majority of at least 90% of our common stock voting at a stockholder meeting. As a result, you will not have any influence over the election of directors prior to our initial business combination.

Neither our initial stockholders nor, to our knowledge, any of our officers or directors, have any current intention to purchase additional securities, other than as disclosed in this prospectus. Factors that would be considered in making such additional purchases would include consideration of the current trading price of our Class A common stock. In addition, as a result of their substantial ownership in our company, our initial stockholders may exert a substantial influence on other actions requiring a stockholder vote, potentially in a manner that you do not support, including amendments to our amended and restated certificate of incorporation and approval of major corporate transactions. If our initial stockholders purchase any additional shares of common stock in the aftermarket or in privately negotiated transactions, this would increase their influence over these actions. Accordingly, our initial stockholders will exert significant influence over actions requiring a stockholder vote. Please see "Proposed Business — Permitted purchases of our securities."

Our sponsor contributed \$25,000, or approximately \$0.006 per founder share, and, accordingly, you will experience immediate and substantial dilution from the purchase of our Class A common stock.

The difference between the public offering price per share (allocating all of the unit purchase price to the Class A common stock and none to the warrant included in the unit) and the pro forma net tangible book value per share of our Class A common stock after this offering constitutes the dilution to you and the other investors in this offering. Our sponsor acquired the founder shares at a nominal price, significantly contributing to this dilution. Upon the closing of this offering, and assuming no value is ascribed to the warrants included in the units, you and the other public stockholders will incur an immediate and substantial dilution of approximately 90.8% (or \$9.08 per share, assuming no exercise of the underwriters' over-allotment option), the difference between the pro forma net tangible book value per share of \$0.92 and the initial offering price of \$10.00 per unit. In addition, because of the anti-dilution rights of the founder shares, any equity or equity-linked securities issued or deemed issued in connection with our initial business combination would be disproportionately dilutive to our Class A common stock.

Our sponsor paid an aggregate of \$25,000 for the founder shares, or approximately \$0.006 per founder share. As a result of this low initial price, our sponsor, our management team, and advisors stand to make a substantial profit even if an initial business combination subsequently declines in value or is unprofitable for our public stockholders.

As a result of the low acquisition cost of our founder shares, our sponsor, our management team and advisors could make a substantial profit even if we select and consummate an initial business combination with an acquisition target that subsequently declines in value or is unprofitable for our public stockholders. Thus, such parties may

have more of an economic incentive for us to enter into an initial business combination with a riskier, weaker-performing or financially unstable business, or an entity lacking an established record of revenues or earnings, than would be the case if such parties had paid the full offering price for their founder shares.

We may amend the terms of the warrants in a manner that may be adverse to holders of public warrants with the approval by the holders of at least 50% of the then outstanding public warrants. As a result, the exercise price of your warrants could be increased, the warrants could be converted into cash or stock (at a ratio different than initially provided), the exercise period could be shortened and the number of shares of our Class A common stock purchasable upon exercise of a warrant could be decreased, all without your approval.

Our warrants will be issued in registered form under a warrant agreement between Continental Stock Transfer & Trust Company, as warrant agent, and us. The warrant agreement provides that the terms of the warrants may be amended without the consent of any holder to cure any ambiguity or correct any defective provision, but requires the approval by the holders of at least 50% of the then outstanding public warrants to make any change that adversely affects the interests of the registered holders of public warrants. Accordingly, we may amend the terms of the public warrants in a manner adverse to a holder if holders of at least 50% of the then outstanding public warrants approve of such amendment. Although our ability to amend the terms of the public warrants with the consent of at least 50% of the then outstanding public warrants is unlimited, examples of such amendments could be amendments to, among other things, increase the exercise price of the warrants, convert the warrants into cash or stock (at a ratio different than initially provided), shorten the exercise period or decrease the number of shares of our common stock purchasable upon exercise of a warrant. Our initial stockholders may purchase public warrants with the intention of reducing the number of public warrants outstanding or to vote such warrants on any matters submitted to warrant holders for approval, including amending the terms of the public warrants in a manner adverse to the interests of the registered holders of public warrants. While our initial stockholders have no current commitments, plans or intentions to engage in such transactions and have not formulated any terms or conditions for such transactions, there is no limit on the number of our public warrants that our initial stockholders may purchase and it is not currently known how many public warrants, if any, our initial stockholders may hold at the time of our initial business combination or at any other time during which the terms of the public warrants may be proposed to be amended. Please see “Proposed Business — Permitted purchases of our securities.”

Our warrants are expected to be accounted for as a warrant liability and will be recorded at fair value upon issuance with any changes in fair value each period reported in earnings, which may have an adverse effect on the market price of our securities or may make it more difficult for us to consummate an initial business combination.

Following the consummation of this offering and the concurrent private placement of warrants, we will have 10,250,000 warrants outstanding (comprised of the 5,000,000 warrants included in the units and the 5,250,000 private placement warrants, assuming the underwriters’ option to purchase additional units is not exercised). We currently expect to account for these warrants as a warrant liability, which means that we will record them at fair value upon issuance with any changes in fair value each period reported in earnings. The impact of changes in fair value on earnings may have an adverse effect on the market price of our securities. In addition, potential targets may seek a business combination partner that does not have warrants that are accounted for as a warrant liability, which may make it more difficult for us to consummate an initial business combination with a target business.

We may redeem your unexpired warrants prior to their exercise at a time that is disadvantageous to you, thereby making your warrants worthless.

We have the ability to redeem outstanding warrants at any time after they become exercisable and prior to their expiration, at a price of \$0.01 per warrant, provided that the closing price of our Class A common stock equals or exceeds \$18.00 per share (as adjusted for stock splits, stock dividends, reorganizations, recapitalizations and the like) for any 20 trading days within a 30 trading-day period ending on the third trading day prior to the date we send the notice of redemption to the warrant holders. If and when the warrants become redeemable by us, we may exercise our redemption right even if we are unable to register or qualify the underlying securities for sale under all applicable state securities laws. Redemption of the outstanding warrants could force you to: (1) exercise your warrants and pay the exercise price therefor at a time when it may be disadvantageous for you to do so (2) sell your warrants at the then-current market price when you might otherwise wish to hold your warrants; or (3) accept the nominal redemption price which, at the time the outstanding warrants are called for redemption, is likely to be substantially less than the market value of your warrants.

Our warrants and founder shares may have an adverse effect on the market price of our Class A common stock and make it more difficult to effectuate our initial business combination.

We will be issuing warrants to purchase 5,000,000 shares of our Class A common stock (or up to 5,750,000 shares of our Class A common stock if the underwriters’ option to purchase additional units is exercised in full), at a price of \$11.50 per whole share (subject to adjustment as provided herein), as part of the units offered by this prospectus. Simultaneously with the closing of this offering, we also will be issuing in the Private Placement an aggregate of 5,250,000 (or 5,700,000 if the underwriters’ option to purchase additional units is exercised in full) private placement warrants, each exercisable to purchase one share of Class A common stock at a price of \$11.50 per share, subject to adjustment as provided herein. Our initial stockholders currently hold 4,312,500 founder shares (up to 562,500 of which are subject to forfeiture by our sponsor depending on the extent to which the underwriters’ option to purchase additional units is exercised). The founder shares are convertible into shares of Class A common stock on a one-for-one basis, subject to adjustment as set forth herein. In addition, if our sponsor, an affiliate of our sponsor or certain of our officers and directors make any working capital loans, up to \$1,500,000 of such loans may be converted into warrants, at the price of \$1.00 per warrant, at the option of the lender. Such warrants would be identical to the private placement warrants.

To the extent we issue shares of Class A common stock to effectuate a business transaction, the potential for the issuance of a substantial number of additional shares of Class A common stock upon exercise of these warrants or conversion rights could make us a less attractive acquisition vehicle to a target business. Any such issuance will increase the number of outstanding shares of our Class A common stock and reduce the value of the Class A common stock issued to complete the business transaction. Therefore, our warrants and founder shares may make it more difficult to effectuate a business combination or increase the cost of acquiring the target business.

The private placement warrants are identical to the warrants sold as part of the units in this offering except that, so long as they are held by our sponsor or its permitted transferees: (1) they will not be redeemable by us; (2) they (including the Class A common stock issuable upon exercise of these warrants) may not, subject to certain limited exceptions, be transferred, assigned or sold by our sponsor until 30 days after the completion of our initial business combination; (3) they may be exercised by the holders on a cashless basis; and (4) the holders thereof (including with respect to the shares of common stock issuable upon exercise of these warrants) are entitled to registration rights.

The determination of the offering price of our units and the size of this offering is more arbitrary than the pricing of securities and size of an offering of an operating company in a particular industry. You may have less assurance, therefore, that the offering price of our units properly reflects the value of such units than you would have in a typical offering of an operating company.

Prior to this offering there has been no public market for any of our securities. The public offering price of the units and the terms of the warrants were negotiated between us and the underwriters. In determining the size of this offering, management held customary organizational meetings with representatives of the underwriters, both prior to our inception and thereafter, with respect to the state of capital markets, generally, and the amount the underwriters believed they reasonably could raise on our behalf. Factors considered in determining the size of this offering, prices and terms of the units, including the Class A common stock and warrants underlying the units, include:

- the history and prospects of companies whose principal business is the acquisition of other companies;
- prior offerings of those companies;
- our prospects for acquiring an operating business;

- a review of debt to equity ratios in leveraged transactions;
- our capital structure;
- an assessment of our management and their experience in identifying suitable acquisition opportunities;
- general conditions of the securities markets at the time of this offering; and
- other factors as were deemed relevant.

Although these factors were considered, the determination of our offering size, price and the terms of the units, including the Class A common stock and warrants underlying the units, is more arbitrary than the pricing of securities of an operating company in a particular industry since we have no historical operations or financial results.

There is currently no market for our securities and a market for our securities may not develop, which would adversely affect the liquidity and price of our securities.

There is currently no market for our securities. Stockholders therefore have no access to information about prior market history on which to base their investment decision. Following this offering, the price of our securities may vary significantly due to one or more potential business combinations and general market or economic conditions, including as a result of the COVID-19 outbreak. Furthermore, an active trading market for our securities may never develop or, if developed, it may not be sustained. You may be unable to sell your securities unless a market can be established and sustained.

Because we must furnish our stockholders with target business financial statements, we may lose the ability to complete an otherwise advantageous initial business combination with some prospective target businesses.

The federal proxy rules require that a proxy statement with respect to a vote on a business combination include historical and/or pro forma financial statement disclosure. We will include the same financial statement disclosure in connection with our tender offer documents, whether or not they are required under the tender offer rules. These financial statements may be required to be prepared in accordance with, or be reconciled to, accounting principles generally accepted in the United States of America, or GAAP, or international financial reporting standards as issued by the International Accounting Standards Board, or IFRS, depending on the circumstances and the historical financial statements may be required to be audited in accordance with the standards of the Public Company Accounting Oversight Board (United States), or PCAOB. These financial statement requirements may limit the pool of potential target businesses we may acquire because some targets may be unable to provide such financial statements in time for us to disclose such financial statements in accordance with federal proxy rules and complete our initial business combination within the completion window.

Compliance obligations under the Sarbanes-Oxley Act may make it more difficult for us to effectuate our initial business combination, require substantial financial and management resources, and increase the time and costs of completing an initial business combination.

Section 404 of the Sarbanes-Oxley Act requires that we evaluate and report on our system of internal controls beginning with our Annual Report on Form 10-K for the year ending December 31, 2022. Only in the event we are deemed to be a large accelerated filer or an accelerated filer, and no longer qualify as an emerging growth company, will we be required to comply with the independent registered public accounting firm attestation requirement on our internal control over financial reporting. Further, for as long as we remain an emerging growth company, we will not be required to comply with the independent registered public accounting firm attestation requirement on our internal control over financial reporting. The fact that we are a blank check company makes compliance with the requirements of the Sarbanes-Oxley Act particularly burdensome on us as compared to other public companies because a target business with which we seek to complete our initial business combination may not be in compliance with the provisions of the Sarbanes-Oxley Act regarding adequacy of its internal controls. The development of the internal control of any such entity to achieve compliance with the Sarbanes-Oxley Act may increase the time and costs necessary to complete any such initial business combination.

Provisions in our amended and restated certificate of incorporation and Delaware law may inhibit a takeover of us, which could limit the price investors might be willing to pay in the future for our Class A common stock and could entrench management.

Our amended and restated certificate of incorporation will contain provisions that may discourage unsolicited takeover proposals that stockholders may consider to be in their best interests. These provisions include three-year director terms and the ability of the board of directors to designate the terms of and issue new series of preferred shares, which may make more difficult the removal of management and may discourage transactions that otherwise could involve payment of a premium over prevailing market prices for our securities.

Section 203 of the DGCL affects the ability of an “interested stockholder” to engage in certain business combinations, for a period of three years following the time that the stockholder becomes an “interested stockholder.” We will elect in our certificate of incorporation not to be subject to Section 203 of the DGCL. Nevertheless, our certificate of incorporation will contain provisions that have the same effect as Section 203 of the DGCL, except that it will provide that affiliates of our sponsor and their transferees will not be deemed to be “interested stockholders,” regardless of the percentage of our voting stock owned by them, and will therefore not be subject to such restrictions. These charter provisions may limit the ability of third parties to acquire control of our company.

Risks Relating to Our Management Team

Our officers and directors will allocate their time to other businesses thereby causing conflicts of interest in their determination as to how much time to devote to our affairs. This conflict of interest could have a negative impact on our ability to complete our initial business combination.

Our officers and directors are not required to, and will not, commit their full time to our affairs, which may result in a conflict of interest in allocating their time between our operations and our search for a business combination and their other responsibilities. We do not intend to have any full-time employees prior to the completion of our business combination. Each of our officers and directors is engaged in several other business endeavors for which he or she may be entitled to substantial compensation and our officers and directors are not obligated to contribute any specific number of hours per week to our affairs.

If our officers’ and directors’ other business affairs require them to devote substantial amounts of time to such affairs in excess of their current commitment levels, it could limit their ability to devote time to our affairs which may have a negative impact on our ability to complete our initial business combination. Please see “Management — Directors, Director Nominees and Executive Officers” for a discussion of our officers’ and directors’ other business affairs.

We are dependent upon our officers and directors and their departure could adversely affect our ability to operate.

Our operations are dependent upon a relatively small group of individuals. We believe that our success depends on the continued service of our officers and directors, at least until we have completed our initial business combination. We do not have an employment agreement with, or key-man insurance on the life of any of our other directors or officers. The unexpected loss of the services of one or more of our directors or officers could have a detrimental effect on us.

Our ability to successfully effect our initial business combination and to be successful thereafter will be dependent upon the efforts of our key personnel, some of whom may join us following our initial business combination. The loss of key personnel could negatively impact the operations and profitability of our post-combination business.

Our ability to successfully effect our initial business combination is dependent upon the efforts of our key personnel. The role of our key personnel in the target business, however, cannot presently be ascertained. Although some of our key personnel may remain with the target business in senior management or advisory positions following our initial business combination, we do not currently expect that any of them will do so. While we intend to closely scrutinize any individuals we engage after our initial business combination, we cannot assure you that our assessment of these individuals will prove to be correct. These individuals may be unfamiliar with the requirements of operating a company regulated by the SEC, which could cause us to have to expend time and resources helping them become familiar with such requirements.

In addition, the officers and directors of an acquisition candidate may resign upon completion of our initial business combination. The departure of a business combination target's key personnel could negatively impact the operations and profitability of our post-combination business. The role of an acquisition candidate's key personnel upon the completion of our initial business combination cannot be ascertained at this time. Although we contemplate that certain members of an acquisition candidate's management team will remain associated with the acquisition candidate following our initial business combination, it is possible that members of the management of an acquisition candidate will not wish to remain in place. The loss of key personnel could negatively impact the operations and profitability of our post-combination business.

Our key personnel may negotiate employment or consulting agreements with a target business in connection with a particular business combination, and a particular business combination may be conditioned on the retention or resignation of such key personnel. These agreements may cause our key personnel to have conflicts of interest in determining whether to proceed with a particular business combination. However, we do not expect that any of our key personnel will remain with us after the completion of our initial business combination.

Our key personnel may be able to remain with our company after the completion of our initial business combination only if they are able to negotiate employment or consulting agreements in connection with the business combination. Such negotiations would take place simultaneously with the negotiation of the business combination and could provide for such individuals to receive compensation in the form of cash payments and/or our securities for services they would render to us after the completion of the business combination. Such negotiations also could make such key personnel's retention or resignation a condition to any such agreement. The personal and financial interests of such individuals may influence their motivation in identifying and selecting a target business. However, we believe the ability of such individuals to remain with us after the completion of our initial business combination will not be the determining factor in our decision as to whether or not we will proceed with any potential business combination, as we do not expect that any of our key personnel will remain with us after the completion of our initial business combination. The determination as to whether any of our key personnel will remain with us will be made at the time of our initial business combination.

We may have a limited ability to assess the management of a prospective target business and, as a result, may affect our initial business combination with a target business whose management may not have the skills, qualifications or abilities to manage a public company.

When evaluating the desirability of effecting our initial business combination with a prospective target business, our ability to assess the target business's management may be limited due to a lack of time, resources or information. Our assessment of the capabilities of the target business's management, therefore, may prove to be incorrect and such management may lack the skills, qualifications or abilities we suspected. Should the target business's management not possess the skills, qualifications or abilities necessary to manage a public company, the operations and profitability of the post-combination business may be negatively impacted. Accordingly, any stockholders or warrant holders who choose to remain a stockholder or warrant holder following our initial business combination could suffer a reduction in the value of their securities. Such stockholders or warrant holders are unlikely to have a remedy for such reduction in value.

The officers and directors of an initial business combination candidate may resign upon completion of our initial business combination. The departure of a business combination target's key personnel could negatively impact the operations and profitability of our post-combination business. The role of an initial business combination candidate's key personnel upon the completion of our initial business combination cannot be ascertained at this time. Although we contemplate that certain members of an acquisition candidate's management team will remain associated with the initial business combination candidate following our initial business combination, it is possible that members of the management of an acquisition candidate will not wish to remain in place. As a result, we may need to reconstitute the management team of the post-transaction company in connection with our initial business combination, which may adversely impact our ability to complete an initial business combination in a timely manner or at all.

Certain of our officers and directors are now, and all of them may in the future become, affiliated with entities engaged in business activities similar to those intended to be conducted by us and, accordingly, may have conflicts of interest in determining to which entity a particular business opportunity or other transaction should be presented.

Following the completion of this offering and until we consummate our initial business combination, we intend to engage in the business of identifying and combining with one or more businesses. Our sponsor and officers and directors are, or may in the future become, affiliated with entities (such as operating companies or investment vehicles) that are engaged in a similar business. We do not have employment contracts with our officers and directors that will limit their ability to work at other businesses. In addition, our sponsor, officers and directors may participate in the formation of, or become an officer or director of, any other blank check company prior to completion of our initial business combination. As a result, our sponsor, officers or directors could have conflicts of interest in determining whether to present business combination opportunities to us or to any other blank check company with which they may become involved.

As described in "Proposed Business — Sourcing of Potential Business Combination Targets" and "Management — Conflicts of Interest," each of our officers and directors presently has, and any of them in the future may have additional, fiduciary, contractual or other obligations or duties to one or more other entities pursuant to which such officer or director is or will be required to present a business combination opportunity to such entities. Accordingly, if any of our officers or directors becomes aware of a business combination opportunity which is suitable for one or more entities to which he or she has fiduciary, contractual or other obligations or duties, he or she will honor these obligations and duties to present such business combination opportunity to such entities first, and only present it to us if such entities reject the opportunity and he or she determines to present the opportunity to us (including as described in "Proposed Business — Sourcing of Potential Business Combination Targets"). These conflicts may not be resolved in our favor and a potential target business may be presented to another entity prior to its presentation to us. Our amended and restated certificate of incorporation will provide that we renounce our interest in any corporate opportunity offered to any director or officer unless (i) such opportunity is expressly offered to such person solely in his or her capacity as a director or officer of our company, (ii) such opportunity is one we are legally and contractually permitted to undertake and would otherwise be reasonable for us to pursue and (iii) the director or officer is permitted to refer the opportunity to us without violating another legal obligation.

In addition, none of the Operating Partners are officers or directors of our company and therefore owe us no fiduciary duties as such. While we expect that they will assist us in identifying business combination targets, they have no obligation to do so and may devote a substantial portion of their business time to activities unrelated to us. Each Operating Partner may have fiduciary, contractual or other obligations or duties to other organizations to present business combination opportunities to such other organizations rather than to us. Accordingly, if any Operating Partner becomes aware of a business combination opportunity which is suitable for one or more entities to which he or she has fiduciary, contractual or other obligations or duties, he or she will honor those obligations and duties to present such business combination opportunity to such entities first and only present it to us if such entities reject the opportunity and he or she determines to present the opportunity to us. These conflicts may not be resolved in our favor and a potential business may be presented to another entity prior to its presentation to us.

Please see “Management — Directors, Director Nominees and Executive Officers,” “Management — Conflicts of Interest” and “Certain Relationships and Related Party Transactions” for a discussion of our officers’ and directors’ business affiliations and potential conflicts of interest.

Our officers, directors, security holders and their respective affiliates may have competitive pecuniary interests that conflict with our interests.

We have not adopted a policy that expressly prohibits our directors, officers, security holders or affiliates from having a direct or indirect pecuniary or financial interest in any investment to be acquired or disposed of by us or in any transaction to which we are a party or have an interest. In fact, we may enter into a business combination with a target business that is affiliated with our sponsor or our directors or officers. We do not have a policy that expressly prohibits any such persons from engaging for their own account in business activities of the types conducted by us. Accordingly, such persons or entities may have a conflict between their interests and ours.

In particular, affiliates of our sponsor, our directors and our officers have invested, and may in the future invest, in a broad array of sectors, including those in which our company may invest. As a result, there may be substantial overlap between companies that would be a suitable business combination for us and companies that would make an attractive target for such other affiliates.

We may engage in a business combination with one or more target businesses that have relationships with entities that may be affiliated with our sponsor, officers or directors which may raise potential conflicts of interest.

In light of the involvement of our sponsor, officers and directors with other businesses, we may decide to acquire one or more businesses affiliated with or competitive with our sponsor, officers and directors, and their respective affiliates. Our directors also serve as officers and board members for other entities, including, without limitation, those described under “Management — Conflicts of Interest.” Such entities may compete with us for business combination opportunities. Our sponsor, officers and directors are not currently aware of any specific opportunities for us to complete our initial business combination with any entities with which they are affiliated, and there have been no substantive discussions concerning a business combination with any such entity or entities. Although we will not be specifically focusing on, or targeting, any transaction with any affiliated entities, we would pursue such a transaction if we determined that such affiliated entity met our criteria for a business combination as set forth in “Proposed Business — Effecting our Initial Business Combination” and “— Selection of a target business and structuring of our initial business combination” and such transaction was approved by a majority of our independent and disinterested directors. Despite our agreement to obtain an opinion from an independent investment banking firm that is a member of FINRA or from an independent accounting firm, regarding the fairness to our stockholders from a financial point of view of a business combination with one or more domestic or international businesses affiliated with our sponsor, officers or directors, potential conflicts of interest still may exist and, as a result, the terms of the business combination may not be as advantageous to our public stockholders as they would be absent any conflicts of interest.

We may engage Farvahar Capital, or another affiliate of our sponsor group, as our lead financial advisor on our business combinations and other transactions. Any fee in connection with such engagement may be conditioned upon the completion of such transactions. This financial interest in the completion of such transactions may influence the advice such affiliate provides.

We may engage Farvahar Capital, or another affiliate of our sponsor group, as a financial advisor in connection with our initial business combination and pay such affiliate a customary financial advisory fee in an amount that constitutes a market standard financial advisory fee for comparable transactions. Pursuant to any such engagement, the affiliate may earn its fee upon closing of the initial business combination. The payment of such fee would likely be conditioned upon the completion of the initial business combination. Therefore, our sponsor may have additional financial interests in the completion of the initial business combination. These financial interests may influence the advice any such affiliate provides us as our financial advisor, which advice would contribute to our decision on whether to pursue a business combination with any particular target.

Since our initial stockholders will lose their entire investment in us if our initial business combination is not completed (other than with respect to any public shares they may hold), a conflict of interest may arise in determining whether a particular business combination target is appropriate for our initial business combination.

On February 15, 2021, our sponsor purchased an aggregate of 4,312,500 founder shares for an aggregate purchase price of \$25,000, or approximately \$0.006 per share. The number of founder shares issued was determined based on the expectation that the founder shares would represent 20% of the outstanding shares of common stock upon the completion of this offering. The founder shares will be worthless if we do not complete an initial business combination.

In addition, our sponsor has subscribed to purchase an aggregate of 5,250,000 (or 5,700,000 if the underwriters’ option to purchase additional units is exercised in full) private placement warrants for a purchase price of \$5,250,000 (or \$5,700,000) if the underwriters’ option to purchase additional units is exercised in full, or \$1.00 per warrant, that will also be worthless if we do not complete our initial business combination. Each private placement warrant entitles the holder thereof to purchase one share of our Class A common stock at a price of \$11.50 per share, subject to adjustment as provided herein.

The founder shares are identical to the shares of Class A common stock included in the units being sold in this offering, except that: (1) only holders of the founder shares have the right to vote on the election and removal of directors prior to our initial business combination; (2) the founder shares are subject to certain transfer restrictions, as described in more detail below; (3) our sponsor, officers and directors have entered into a letter agreement with us, pursuant to which they have agreed to: (a) waive their redemption rights with respect to any founder shares and any public shares held by them in connection with the completion of our initial business combination, (b) waive their redemption rights with respect to any founder shares and public shares held by them in connection with a stockholder vote to approve an amendment to our amended and restated certificate of incorporation to modify the substance or timing of our obligation to provide for the redemption of our public shares in connection with an initial business combination or to redeem 100% of our public shares if we have not consummated our initial business combination within the completion window; and (c) waive their rights to liquidating distributions from the trust account with respect to any founder shares held by them if we fail to complete our initial business combination within the completion window (although they will be entitled to liquidating distributions from the trust account with respect to any public shares they hold if we fail to complete our initial business combination within the completion window); (4) the founder shares are automatically convertible into shares of our Class A common stock at the time of our initial business combination on a one-for-one basis, subject to adjustment pursuant to certain anti-dilution rights, as described herein; and (5) the holders of founder shares are entitled to registration rights.

The personal and financial interests of our sponsor, officers and directors may influence their motivation in identifying and selecting a target business combination, completing an initial business combination and influencing the operation of the business following the initial business combination. This risk may become more acute as the deadline for completing our initial business combination nears.

Changes in the market for directors and officers liability insurance could make it more difficult and more expensive for us to negotiate and complete an initial business combination.

In recent months, the market for directors and officers liability insurance for special purpose acquisition companies has changed in ways adverse to us and our management team. Fewer insurance companies are offering quotes for directors and officers liability coverage, the premiums charged for such policies have generally increased and the terms of such policies have generally become less favorable. These trends may continue into the future.

The increased cost and decreased availability of directors and officers liability insurance could make it more difficult and more expensive for us to negotiate an initial business combination. In order to obtain directors and officers liability insurance or modify its coverage as a result of becoming a public company, the post-business combination entity might need to incur greater expense, accept less favorable terms or both. However, any failure to obtain adequate directors and officers liability insurance could have an adverse impact on the post-business combination's ability to attract and retain qualified officers and directors.

In addition, even after we were to complete an initial business combination, our directors and officers could still be subject to potential liability from claims arising from conduct alleged to have occurred prior to the initial business combination. As a result, in order to protect our directors and officers, the post-business combination entity may need to purchase additional insurance with respect to any such claims ("run-off insurance"). The need for run-off insurance would be an added expense for the post-business combination entity, and could interfere with or frustrate our ability to consummate an initial business combination on terms favorable to our investors.

Risks Associated with Acquiring and Operating a Business in Foreign Countries

If our management team pursues a company with operations or opportunities outside of the United States for our initial business combination, we may face additional burdens in connection with investigating, agreeing to and completing such combination, and if we effect such initial business combination, we would be subject to a variety of additional risks that may negatively impact our operations.

If our management team pursues a company with operations or opportunities outside of the United States for our initial business combination, we would be subject to risks associated with cross-border business combinations, including in connection with investigating, agreeing to and completing our initial business combination, conducting due diligence in a foreign jurisdiction, having such transaction approved by any local governments, regulators or agencies and changes in the purchase price based on fluctuations in foreign exchange rates.

If we effect our initial business combination with such a company, we would be subject to any special considerations or risks associated with companies operating in an international setting, including any of the following:

- costs and difficulties inherent in managing cross-border business operations and complying with commercial and legal requirements of overseas markets;
- rules and regulations regarding currency redemption;
- complex corporate withholding taxes on individuals;

54

- laws governing the manner in which future business combinations may be effected;
- tariffs and trade barriers;
- regulations related to customs and import/export matters;
- longer payment cycles;
- tax consequences;
- currency fluctuations and exchange controls;
- rates of inflation;
- challenges in collecting accounts receivable;
- cultural and language differences;
- employment regulations;
- crime, strikes, riots, civil disturbances, terrorist attacks, natural disasters and wars;
- deterioration of political relations with the United States;
- obligatory military service by personnel; and
- government appropriation of assets.

We may not be able to adequately address these additional risks. If we were unable to do so, we may be unable to complete such initial business combination or, if we complete such initial business combination, our operations might suffer, either of which may adversely impact our business, results of operations and financial condition.

If our management following our initial business combination is unfamiliar with U.S. securities laws, they may have to expend time and resources becoming familiar with such laws, which could lead to various regulatory issues.

Following our initial business combination, any or all of our management could resign from their positions as officers of the Company, and the management of the target business at the time of the business combination could remain in place. Management of the target business may not be familiar with U.S. securities laws. If new management is unfamiliar with U.S. securities laws, they may have to expend time and resources becoming familiar with such laws. This could be expensive and time-consuming and could lead to various regulatory issues which may adversely affect our operations.

Our independent registered public accounting firm's report contains an explanatory paragraph that expresses substantial doubt about our ability to continue as a "going concern."

As of February 25, 2021, we had \$25,000 in cash and a working capital deficiency of \$67,687. Further, we have incurred and expect to continue to incur significant costs in pursuit of our acquisition plans. Management's plans to address this need for capital through this offering are discussed in the section of this prospectus titled "Management's Discussion and Analysis of Financial Condition and Results of Operations." We cannot assure you that our plans to raise capital or to consummate an initial business

combination will be successful. These factors, among others, raise substantial doubt about our ability to continue as a going concern. The financial statements contained elsewhere in this prospectus do not include any adjustments that might result from our inability to consummate this offering or our inability to continue as a going concern.

General Risk Factors

We are a newly incorporated company with no operating history and no revenues, and you have no basis on which to evaluate our ability to achieve our business objective.

We are a newly incorporated company with no operating results, and we will not commence operations until obtaining funding through this offering. Because we lack an operating history, you have no basis upon which to evaluate our ability to achieve our business objective of completing our initial business combination with one or more target businesses. We have no plans, arrangements or understandings with any prospective target business concerning a business combination and may be unable to complete our initial business combination. If we fail to complete our initial business combination, we will never generate any operating revenues.

55

Certain agreements related to this offering may be amended without stockholder approval.

Certain agreements, including the underwriting agreement relating to this offering, the letter agreement among us and our sponsor, officers and directors, and the registration rights agreement among us and our initial stockholders, may be amended without stockholder approval. These agreements contain various provisions that our public stockholders might deem to be material. While we do not expect our board to approve any amendment to any of these agreements prior to our initial business combination, it may be possible that our board, in exercising its business judgment and subject to its fiduciary duties, chooses to approve one or more amendments to any such agreement in connection with the consummation of our initial business combination. Any such amendments would not require approval from our stockholders, may result in the completion of our initial business combination that may not otherwise have been possible, and may have an adverse effect on the value of an investment in our securities.

We are an emerging growth company within the meaning of the Securities Act, and if we take advantage of certain exemptions from disclosure requirements available to emerging growth companies, this could make our securities less attractive to investors and may make it more difficult to compare our performance with other public companies.

We are an “emerging growth company” within the meaning of the Securities Act, as modified by the JOBS Act, and we may take advantage of certain exemptions from various reporting requirements that are applicable to other public companies that are not emerging growth companies including, but not limited to, not being required to comply with the auditor attestation requirements of Section 404 of the Sarbanes- Oxley Act, reduced disclosure obligations regarding executive compensation in our periodic reports and proxy statements, and exemptions from the requirements of holding a nonbinding advisory vote on executive compensation and stockholder approval of any golden parachute payments not previously approved. As a result, our stockholders may not have access to certain information they may deem important. We could be an emerging growth company for up to five years, although circumstances could cause us to lose that status earlier, including if the market value of our common stock held by non-affiliates exceeds \$700 million as of the end of any second quarter of a fiscal year, in which case we would no longer be an emerging growth company as of the end of such fiscal year. We cannot predict whether investors will find our securities less attractive because we will rely on these exemptions. If some investors find our securities less attractive as a result of our reliance on these exemptions, the trading prices of our securities may be lower than they otherwise would be, there may be a less active trading market for our securities and the trading prices of our securities may be more volatile.

Further, Section 102(b)(1) of the JOBS Act exempts emerging growth companies from being required to comply with new or revised financial accounting standards until private companies (that is, those that have not had a Securities Act registration statement declared effective or do not have a class of securities registered under the Exchange Act) are required to comply with the new or revised financial accounting standards. The JOBS Act provides that a company can elect to opt out of the extended transition period and comply with the requirements that apply to non-emerging growth companies but any such election to opt out is irrevocable. We have elected not to opt out of such extended transition period which means that when a standard is issued or revised and it has different application dates for public or private companies, we, as an emerging growth company, can adopt the new or revised standard at the time private companies adopt the new or revised standard. This may make comparison of our financial statements with another public company which is neither an emerging growth company nor an emerging growth company which has opted out of using the extended transition period difficult or impossible because of the potential differences in accounting standards used.

Provisions in our amended and restated certificate of incorporation and Delaware law may have the effect of discouraging lawsuits against our directors and officers.

Our amended and restated certificate of incorporation will require, to the fullest extent permitted by law, that derivative actions brought in our name, actions against directors, officers and employees for breach of fiduciary duty and other similar actions may be brought only in the Court of Chancery in the State of Delaware and, if brought outside of Delaware, the stockholder bringing the suit will be deemed to have consented to service of process on such stockholder’s counsel. This provision may have the effect of discouraging lawsuits against our directors and officers.

56

CAUTIONARY NOTE REGARDING FORWARD-LOOKING STATEMENTS

Some statements contained in this prospectus, and certain oral statements made from time to time by our representatives in connection with this offering, are forward-looking in nature. Our forward-looking statements include, but are not limited to, statements regarding our or our management team’s expectations, hopes, beliefs, intentions or strategies regarding the future. In addition, any statements that refer to projections, forecasts or other characterizations of future events or circumstances, including any underlying assumptions, are forward-looking statements. The words “anticipate,” “believe,” “continue,” “could,” “estimate,” “expect,” “intends,” “may,” “might,” “plan,” “possible,” “potential,” “predict,” “project,” “should,” “would” and similar expressions may identify forward-looking statements, but the absence of these words does not mean that a statement is not forward-looking. Forward-looking statements in this prospectus may include, for example, statements about:

- our ability to select an appropriate target business or businesses;
- our ability to complete our initial business combination;
- our expectations around the performance of a prospective target business or businesses;
- our success in retaining or recruiting, or changes required in, our officers, key employees or directors following our initial business combination;
- our officers and directors allocating their time to other businesses and potentially having conflicts of interest with our business or in approving our initial business combination;
- actual and potential conflicts of interest relating to the Sponsor Team and our directors, officers and other affiliates;

- our ability to draw from the support and expertise of our directors, officers and other affiliates;
- our potential ability to obtain additional financing to complete our initial business combination;
- our pool of prospective target businesses, including the location and industry of such target businesses;
- the ability of our officers and directors to generate a number of potential business combination opportunities;
- our public securities' potential liquidity and trading;
- the lack of a market for our securities;
- the availability to us of funds from interest income on the trust account balance;
- the trust account not being subject to claims of third parties; or
- our financial performance following this offering.

The forward-looking statements contained in this prospectus are based on our current expectations and beliefs concerning future developments and their potential effects on us. There can be no assurance that future developments affecting us will be those that we have anticipated. These forward-looking statements involve a number of risks, uncertainties (some of which are beyond our control) or other assumptions that may cause actual results or performance to be materially different from those expressed or implied by these forward-looking statements. These risks and uncertainties include, but are not limited to, those factors described under the heading "Risk Factors." Should one or more of these risks or uncertainties materialize, or should any of our assumptions prove incorrect, actual results may vary in material respects from those projected in these forward-looking statements. We undertake no obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise, except as may be required under applicable securities laws.

57

USE OF PROCEEDS

We are offering 15,000,000 units at an offering price of \$10.00 per unit. We estimate that the net proceeds of this offering together with the funds we will receive from the sale of the private placement warrants will be used as set forth in the following table.

	Without Option to Purchase Additional Units	Option to Purchase Additional Units Exercised in Full
Gross proceeds		
Gross proceeds from units offered to public(1)	\$ 150,000,000	\$ 172,500,000
Gross proceeds from private placement warrants offered in the private placement	5,250,000	5,700,000
Total gross proceeds	<u>\$ 155,250,000</u>	<u>\$ 178,200,000</u>
Estimated offering expenses(2)		
Underwriting commissions (2% of gross proceeds from units offered to public, excluding deferred portion) (3)	3,000,000	3,450,000
Legal fees and expenses	300,000	300,000
Printing and engraving expenses	35,000	35,000
Accounting fees and expenses	40,000	40,000
SEC/FINRA Expenses	45,195	45,195
Travel and road show	20,000	20,000
Directors and officers insurance premiums	650,000	650,000
NYSE listing and filing fees	85,000	85,000
Miscellaneous expenses(4)	64,805	64,805
Total estimated offering expenses (other than underwriting commissions)	1,240,000	1,240,000
Proceeds after estimated offering expenses	\$ 151,010,000	\$ 173,510,000
Held in trust account(3)	\$ 150,000,000	\$ 172,500,000
Percent of public offering size	100%	100%
Not held in trust account	\$ 1,010,000	\$ 1,010,000
	Amount	% of Total
Legal, accounting, due diligence, travel and other expenses in connection with any business combination	\$ 505,000	50.0 %
Legal and accounting fees related to regulatory reporting obligations	125,000	12.4 %
Payment for office space, utilities, administrative and support services	240,000	23.8 %
Consulting, travel and miscellaneous expenses incurred during search for initial business combination target	95,000	9.4 %
Working capital to cover miscellaneous expenses	45,000	4.5 %
Total	<u>\$ 1,010,000</u>	<u>100.0 %</u>

The foregoing table shows the use of the approximately \$1,010,000 of net proceeds not held in the trust account.

- (1) Includes amounts payable to public stockholders who properly redeem their shares in connection with our successful completion of our initial business combination.
- (2) Our sponsor has agreed to loan us up to \$300,000 as described in this prospectus. As of February 25, 2021, there was no amount outstanding under such promissory note. These loans will be repaid upon completion of this offering out of the \$1,010,000 of offering proceeds that has been allocated for the payment of offering expenses (other than underwriting commissions) not held in the trust account. In the event that offering expenses are less than as set forth in this table, any such amounts will be used for post-closing working capital expenses. In the event that the offering expenses are more than as set forth in this table, we may fund such excess with loans or additional investments from our sponsor.

58

- (3) The underwriters have agreed to defer underwriting commissions equal to 3.5% of the gross proceeds of this offering. Upon completion of our initial business combination, \$5,250,000, which constitutes the underwriters' deferred commissions (or up to \$6,037,500 if the underwriters' option to purchase additional units is exercised in full) will be paid to the underwriters from the funds held in the trust account and the remaining funds, less amounts released to the trustee to pay redeeming stockholders, will be released to us and can be used to pay all or a portion of the purchase price of the business or businesses with which our initial business combination occurs or for general corporate purposes, including payment of principal or interest on indebtedness incurred in connection with our initial business combination, to fund the purchases of other companies or for working capital. The underwriters will not be entitled to any interest accrued on the deferred underwriting discounts and commissions.
- (4) Includes organizational and administrative expenses and may include amounts related to above-listed expenses in the event actual amounts exceed estimates

The rules of NYSE provide that at least 90% of the gross proceeds from this offering and the sale of the private placement warrants be deposited in a trust account. Of the net proceeds of this offering and the sale of the private placement warrants, \$150,000,000 (or \$172,500,000 if the underwriters' over-allotment option is exercised in full), including \$5,250,000 (or up to \$6,037,500 if the underwriters' over-allotment option is exercised in full) of deferred underwriting commissions, will, upon the consummation of this offering, be placed in a U.S.-based trust account with Continental Stock Transfer & Trust Company acting as trustee. The funds in the trust account will be invested only in U.S. government treasury bills with a maturity of 185 days or less or in money market funds that meet certain conditions under Rule 2a-7 under the Investment Company Act and that invest only in direct U.S. government obligations. Based on current interest rates, we estimate that the interest earned on the trust account will be approximately \$12,000 per year, assuming an interest rate of 0.08% per year. We will not be permitted to withdraw any of the principal or interest held in the trust account, except with respect to permitted withdrawals. The funds held in the trust account will not be released from the trust account until the earliest of: (1) the completion of our initial business combination; (2) the redemption of any public shares properly submitted in connection with a stockholder vote to amend our amended and restated certificate of incorporation to modify the substance and timing of our obligation to redeem 100% of our public shares if we do not complete our initial business combination within the completion window; and (3) the redemption of all of our public shares if we are unable to complete our initial business combination within the completion window, subject to applicable law. Based on current interest rates, we expect that interest earned on the trust account will be sufficient to pay taxes.

The net proceeds held in the trust account may be used as consideration to pay the sellers of a target business with which we ultimately complete our initial business combination. If our initial business combination is paid for using equity or debt securities or not all of the funds released from the trust account are used for payment of the consideration in connection with our initial business combination or used for redemption of our public shares, we may apply the balance of the cash released to us from the trust account for general corporate purposes, including for maintenance or expansion of operations of post-transaction businesses, the payment of principal or interest due on indebtedness incurred in completing our initial business combination, to fund the purchase of other companies or for working capital. There is no limitation on our ability to raise funds privately or through loans in connection with our initial business combination.

Following this offering and prior to the completion of our initial business combination, our principal use of working capital will be to fund our activities to identify and evaluate target businesses, perform business due diligence on prospective target businesses, travel to and from the offices or similar locations of prospective target businesses or their representatives or owners, review corporate documents and material agreements of prospective target businesses, structure, negotiate and complete a business combination. During that period, we expect our other principal expenses to include franchise and income taxes; regulatory reporting requirements; NYSE continued listing fees; and office space, administrative and support services. We will enter into the Administrative Services Agreement, pursuant to which we will pay an affiliate of our sponsor a total of \$10,000 per month for office space, administrative and support services. Upon completion of our initial business combination or our liquidation, we will cease paying these monthly fees.

We expect to fund our working capital requirements prior to the time of our initial business combination with permitted withdrawals from the interest earned on the trust account, subject to an annual limit of \$1,000,000, and permitted withdrawals to pay taxes. In addition, our sponsor, an affiliate of our sponsor or our officers and directors may, but none of them is obligated to, loan us funds as may be required. If we complete our initial business combination, we would repay such loaned amounts out of the proceeds of the trust account released to us. In the event that our initial business combination does not close, we may use a portion of the working capital held outside the trust account to repay such loaned amounts but no proceeds from our trust account would be used to repay such loaned amounts. Up to \$1,500,000 of such loans may be convertible into warrants at a price of \$1.00 per warrant at the option of the lender. The warrants would be identical to the private placement warrants issued to our sponsor. The terms of such loans by our sponsor, an affiliate of our sponsor or our officers and directors, if any, have not been determined and no written agreements exist with respect to such loans. We do not expect to seek loans from parties other than our sponsor, an affiliate of our sponsor or our officers and directors, if any, as we do not believe third parties will be willing to loan such funds and provide a waiver against any and all rights to seek access to funds in our trust account.

DIVIDEND POLICY

We have not paid any cash dividends on our common stock to date and do not intend to pay cash dividends prior to the completion of our initial business combination. The payment of cash dividends in the future will be dependent upon our revenues and earnings, if any, capital requirements and general financial condition subsequent to completion of our initial business combination. The payment of any cash dividends subsequent to our initial business combination will be within the discretion of our board of directors at such time. In addition, our board of directors is not currently contemplating and does not anticipate declaring any stock dividends in the foreseeable future, except if we increase the size of this offering, in which case we will effect a stock dividend or other appropriate mechanism immediately prior to the consummation of this offering in an amount as to maintain the ownership of our initial stockholders prior to this offering at 20% of our issued and outstanding shares of common stock upon the consummation of this offering. Further, if we incur any indebtedness in connection with our initial business combination, our ability to declare dividends may be limited by restrictive covenants we may agree to in connection therewith.

DILUTION

The difference between the public offering price per share of Class A common stock, assuming no value is attributed to the warrants included in the units we are offering pursuant to this prospectus or the private placement warrants, and the pro forma net tangible book value per share of our Class A common stock after this offering constitutes the dilution to investors in this offering. Such calculation does not reflect any dilution associated with the sale and exercise of warrants, including the private placement warrants, which would cause the actual dilution to the public stockholders to be higher, particularly where a cashless exercise is utilized. Net tangible book value per share is determined by dividing our net tangible book value, which is our total tangible assets less total liabilities (including the value of Class A common stock which may be redeemed for cash), by the number of outstanding shares of our Class A common stock.

At February 25, 2021, our net tangible book value (deficit) was \$67,687, or approximately \$(0.02) per share of Class B common stock. After giving effect to the sale of 15,000,000 shares of Class A common stock included in the units we are offering by this prospectus, the sale of the private placement warrants and the deduction of underwriting commissions and estimated expenses of this offering, our pro forma net tangible book value at February 25, 2021 would have been \$5,000,010 or \$0.92 per share, representing an immediate increase in net tangible book value (as decreased by the value of the 13,324,899 shares of Class A common stock that may be redeemed for cash in

connection with our initial business combination and assuming no exercise of the underwriters' option to purchase additional units) of \$0.94 per share to our initial stockholders as of the date of this prospectus and an immediate dilution of \$9.08 per share or 90.80% to our public stockholders not exercising their redemption rights. The dilution to new investors if the underwriters exercise their option to purchase additional units in full would be an immediate dilution of \$9.19 per share or 91.9%.

The following table illustrates the dilution to the public stockholders on a per share basis, assuming no value is attributed to the warrants included in the units or the private placement warrants:

	No Exercise	Full Exercise
Public offering price	\$ 10.00	\$ 10.00
Net tangible book value before this offering	\$ (0.02)	\$ (0.02)
Increase attributable to public stockholders	\$ 0.94	\$ 0.83
Pro forma net tangible book value after this offering and the sale of the private placement warrants	\$ 0.92	\$ 0.81
Dilution to public stockholders	<u>\$ 9.08</u>	<u>\$ 9.19</u>
Percentage of dilution to new investors	90.8%	91.9%

For purposes of presentation, we have reduced our pro forma net tangible book value after this offering (assuming no exercise of the underwriters' option to purchase additional units) by \$133,248,990 because holders of up to approximately 88.8% of our public shares may redeem their shares for a pro rata share of the aggregate amount then on deposit in the trust account at a per share redemption price equal to the amount in the trust account as set forth in our tender offer or proxy materials (initially anticipated to be the aggregate amount held in trust two business days prior to the commencement of our tender offer or stockholders meeting, including interest (net of permitted withdrawals) divided by the number of shares of Class A common stock sold in this offering).

The following table sets forth information with respect to our initial stockholders and the public stockholders:

	Shares Purchased		Total Consideration		Average Price per Share
	Number	Percentage	Amount	Percentage	
Initial Stockholders(1)(2)	3,750,000	20.00%	\$ 25,000	0.02%	\$ 0.0067
Public Stockholders	15,000,000	80.00%	\$ 150,000,000	99.98%	\$ 10.00
	18,750,000	100.00%	\$ 150,025,000	100.00%	

- (1) Assumes the full forfeiture of 562,500 shares that are subject to forfeiture by our sponsor depending on the extent to which the underwriters' option to purchase additional units is exercised.
- (2) Assumes conversion of Class B common stock into Class A common stock on a one-for-one basis. The dilution to public stockholders would increase to the extent that the anti-dilution provisions of the Class B common stock result in the issuance of shares of Class A common stock on a greater than one- to-one basis upon such conversion.

61

The pro forma net tangible book value per share as of February 25, 2021 giving effect to the offering is calculated as follows:

	No Exercise	Full Exercise
Numerator:		
Net tangible book value before this offering	\$ (67,687)	\$ (67,687)
Proceeds from this offering and sale of the private placement warrants, net of expenses	151,010,000	173,510,000
Plus: offering costs paid for in advance	91,687	91,687
Less: deferred underwriters' commissions payable	(5,250,000)	(6,037,500)
Less: warrant liability	(7,535,000)	(8,415,500)
Less: amount of Class A common stock subject to redemption to maintain net tangible assets of \$5,000,001	(133,248,990)	(154,080,990)
	<u>\$ 5,000,010</u>	<u>\$ 5,000,010</u>
Denominator:		
Shares of Class B common stock outstanding prior to this offering	4,312,500	4,312,500
Shares forfeited if option to purchase additional units is not exercised	(562,500)	—
Shares of Class A common stock included in the units offered	15,000,000	17,250,000
Less: shares subject to redemption to maintain net tangible assets of \$5,000,001	(13,324,899)	(15,408,099)
	<u>5,425,101</u>	<u>6,154,401</u>

62

CAPITALIZATION

The following table sets forth our capitalization at February 25, 2021 and as adjusted to give effect to the sale of our 15,000,000 units in this offering for \$150,000,000 (or \$10.00 per unit) and the sale of 5,250,000 private placement warrants for \$5,250,000 (or \$1.00 per warrant) and the application of the estimated net proceeds derived from the sale of such securities:

	February 25, 2021	
	Actual	As Adjusted(1)
Promissory note payable	\$ —	\$ —
Warrant liability(5)	—	7,535,000
Deferred underwriting commissions	—	5,250,000
Class A common stock, subject to redemption(2)	—	133,248,990
Stockholders' equity:		
Preferred stock, \$0.0001 par value, 1,000,000 shares authorized; no shares issued or outstanding	—	—
Common Stock	—	—

Class A common stock, \$0.0001 par value, 80,000,000 shares authorized (actual and as adjusted); no shares issued or outstanding (actual); 1,675,101 (3) shares issued and outstanding (excluding 13,324,899 shares subject to redemption) (as adjusted)	—	168
Class B common stock, \$0.0001 par value, 20,000,000 shares authorized (actual and as adjusted); 4,312,500 (3) shares issued and outstanding (actual); 3,750,000 (3) shares issued and outstanding (as adjusted)	431	375
Additional paid-in capital(4)	24,569	5,229,852
Accumulated deficit	(1,000)	(230,385)
Total stockholders' equity	24,000	5,000,010
Total capitalization	\$ 24,000	\$ 151,034,000

- (1) Assumes the full forfeiture of 562,500 shares that are subject to forfeiture by our sponsor depending on the extent to which the underwriters' option to purchase additional units is exercised. The proceeds of the sale of such shares will not be deposited into the trust account, the shares will not be eligible for redemption from the trust account nor will they be eligible to vote upon the initial business combination.
- (2) In connection with our initial business combination, we will provide our public stockholders with the opportunity to redeem their public shares for cash equal to their pro rata share of the aggregate amount then on deposit in the trust account as of two business days prior to the consummation of the initial business combination, including interest (which interest shall be net of permitted withdrawals), subject to the limitations described herein whereby our net tangible assets will be maintained at a minimum of \$5,000,001 and any limitations (including, but not limited to, cash requirements) created by the terms of the proposed business combination. The "as adjusted" amount of Class A common stock, subject to redemption equals the "as adjusted" total assets of \$151,034,000 less the "as adjusted" total liabilities of \$12,785,000 less "as adjusted" total stockholder's equity. The value of Class A common stock that may be redeemed is equal to \$10.00 per share (which is the assumed redemption price) multiplied by 13,324,899 shares of Class A common stock, which is the maximum number of shares of Class A common stock that may be redeemed for a \$10.00 purchase price per share and still maintain at least \$5,000,001 of net tangible assets.
- (3) Actual share amount is prior to any forfeiture of founder shares by our sponsor and the "as adjusted" share amount assumes no exercise of the underwriters' option to purchase additional units and the forfeiture of 562,500 founder shares by our sponsor.
- (4) The "as adjusted" additional paid-in capital calculation is equal to the "as adjusted" total stockholders' equity of \$5,000,010, less common stock (par value) of \$543 plus the accumulated deficit of \$230,385.
- (5) We will account for the 10,250,000 warrants to be issued in connection with this offering (the 5,000,000 warrants included in the units, and the 5,250,000 private warrants, assuming the underwriters' over-allotment option is not exercised) in accordance with the guidance contained in ASC 815-40. Such guidance provides that because the warrants do not meet the criteria for equity treatment thereunder, each warrant must be recorded as a liability. Accordingly, we will classify each warrant as a liability at its fair value. This liability is subject to re-measurement at each balance sheet date. With each such re-measurement, the warrant liability will be adjusted to fair value, with the change in fair value recognized in our statement of operations. Such warrant classification is also subject to re-evaluation at each reporting period.

DISCUSSION OF THE COMPANY'S EXPECTED OPERATING PLANS

Overview

We are a newly incorporated blank check company incorporated as a Delaware corporation and formed for the purpose of effecting a merger, capital stock exchange, asset acquisition, stock purchase, reorganization or similar business combination with one or more businesses. We have not selected any specific business combination target and we have not, nor has anyone on our behalf, engaged in any substantive discussions, directly or indirectly, with any business combination target with respect to an initial business combination with us. We intend to effectuate our initial business combination using cash from the proceeds of this offering and the sale of the private placement warrants, our capital stock, debt or a combination of cash, stock and debt.

The issuance of additional shares of our stock in a business combination:

- may significantly dilute the equity interest of investors in this offering, which dilution would increase if the anti-dilution provisions in the Class B common stock resulted in the issuance of Class A shares on a greater than one-to-one basis upon conversion of the Class B common stock;
- may subordinate the rights of holders of common stock if preferred stock is issued with rights senior to those afforded our common stock;
- could cause a change of control if a substantial number of shares of our common stock are issued, which may affect, among other things, our ability to use our net operating loss carry forwards, if any, and could result in the resignation or removal of our present officers and directors;
- may have the effect of delaying or preventing a change of control of us by diluting the stock ownership or voting rights of a person seeking to obtain control of us; and
- may adversely affect prevailing market prices for our Class A common stock and/or warrants.

Similarly, if we issue debt securities or otherwise incur significant indebtedness, it could result in:

- default and foreclosure on our assets if our operating revenues after an initial business combination are insufficient to repay our debt obligations;
- acceleration of our obligations to repay the indebtedness even if we make all principal and interest payments when due if we breach certain covenants that require the maintenance of certain financial ratios or reserves without a waiver or renegotiation of that covenant;
- our immediate payment of all principal and accrued interest, if any, if the debt is payable on demand;
- our inability to obtain necessary additional financing if the debt contains covenants restricting our ability to obtain such financing while the debt is outstanding;
- our inability to pay dividends on our common stock;
- using a substantial portion of our cash flow to pay principal and interest on our debt, which will reduce the funds available for dividends on our common stock if declared, expenses, capital expenditures, acquisitions and other general corporate purposes;
- limitations on our flexibility in planning for and reacting to changes in our business and in the industry in which we operate;

- increased vulnerability to adverse changes in general economic, industry and competitive conditions and adverse changes in government regulation; and
- limitations on our ability to borrow additional amounts for expenses, capital expenditures, acquisitions, debt service requirements, execution of our strategy and other purposes and other disadvantages compared to our competitors who have less debt.

As of February 25, 2021, we had cash of \$25,000 and a working capital deficit of \$67,687. Further, we expect to continue to incur significant costs in the pursuit of our acquisition plans. We cannot assure you that our plans to raise capital or to complete our initial business combination will be successful.

Results of Operations and Known Trends or Future Events

We have neither engaged in any operations nor generated any revenues to date. Our only activities since inception have been organizational activities and those necessary to prepare for this offering. Following this offering, we will not generate any operating revenues until after completion of our initial business combination. We will generate non-operating income in the form of interest income on cash and cash equivalents after this offering. There has been no significant change in our financial or trading position and no material adverse change has occurred since the date of our audited financial statements. After this offering, we expect to incur increased expenses as a result of being a public company (for legal, financial reporting, accounting and auditing compliance), as well as for due diligence expenses. We expect our expenses to increase substantially after the closing of this offering.

Liquidity and Capital Resources

Our liquidity needs have been satisfied prior to the completion of this offering through receipt of \$25,000 from the sale of the founder shares and up to \$300,000 in loans from our sponsor under an unsecured promissory note. We estimate that the net proceeds from: (1) the sale of the units in this offering, after deducting offering expenses of approximately \$1,240,000 and underwriting commissions of \$3,000,000 (\$3,450,000 if the underwriters' option to purchase additional units is exercised in full), excluding deferred underwriting commissions of \$5,250,000 (or up to \$6,037,500 if the underwriters' option to purchase additional units is exercised in full); and (2) the sale of the private placement warrants for a purchase price of \$5,250,000 (or \$5,700,000 if the underwriters' option to purchase additional units is exercised in full), will be \$155,250,000 (or \$178,200,000 if the underwriters' option to purchase additional units is exercised in full), which includes \$5,250,000 (or up to \$6,037,500 if the underwriters' option to purchase additional units is exercised in full) of deferred underwriting commissions, will be deposited into the trust account. The funds in the trust account will be invested only in U.S. government treasury bills with a maturity of 185 days or less or in money market funds that meet certain conditions under Rule 2a-7 under the Investment Company Act and that invest only in direct U.S. government obligations. In the event that our offering expenses exceed our estimate of \$1,240,000, we may fund such excess with loans or additional investments from our sponsor, members of our management team or any of their respective affiliates or other third parties. Conversely, in the event that the offering expenses are less than our estimate of \$1,240,000, the excess would be held outside of the trust account.

We intend to use substantially all of the funds held in the trust account, including any amounts representing interest earned on the trust account (which interest shall be net of permitted withdrawals) to complete our initial business combination. We will make permitted withdrawals from the trust account to pay our taxes, including franchise taxes and income taxes. Delaware franchise tax is based on our authorized shares or on our assumed par and non-par capital, whichever yields a lower result. Under the authorized shares method, each share is taxed at a graduated rate based on the number of authorized shares with a maximum aggregate tax of \$200,000 per year. Under the assumed par value capital method, Delaware taxes each \$1,000,000 of assumed par value capital at the rate of \$400; where assumed par value would be (1) our total gross assets following this offering, divided by (2) our total issued shares of common stock following this offering, multiplied by (3) the number of our authorized shares following this offering. Based on the number of shares of our common stock authorized and outstanding and our estimated total gross proceeds after the completion of this offering, our annual franchise tax obligation is expected to be capped at the maximum amount of annual franchise taxes payable by us as a Delaware corporation of \$200,000. Our annual income tax obligations will depend on the amount of interest and other income earned on the amounts held in the trust account. We expect the only taxes payable by us out of the funds in the trust account will be income and franchise taxes. We expect the interest earned on the amount in the trust account will be sufficient to pay our taxes. To the extent that our capital stock or debt is used, in whole or in part, as consideration to complete our initial business combination, the remaining proceeds held in the trust account will be used as working capital to finance the operations of the target business or businesses, make other acquisitions and pursue our growth strategies.

Prior to the completion of our initial business combination, our principal use of working capital will be to fund our activities to identify and evaluate target businesses, perform business due diligence on prospective target businesses, travel to and from the offices or similar locations of prospective target businesses or their representatives or owners, review corporate documents and material agreements of prospective target businesses, structure, negotiate and complete a business combination, and to pay legal and administrative fees and taxes to the extent the interest earned on the trust account is not sufficient to pay our taxes.

We expect our primary liquidity requirements during that period to include legal, accounting, due diligence, travel and other expenses in connection with any business combinations; regulatory reporting requirements; NYSE continued listing fees; office space, administrative and support services, including under the Administrative Services Agreement; reserve for liquidation expenses; and other miscellaneous expenses.

In addition, we may pay commitment fees for financing, fees to consultants to assist us with our search for a target business or as a down payment or to fund a "no-shop" provision (a provision designed to keep target businesses from "shopping" around for transactions with other companies or investors on terms more favorable to such target businesses) with respect to a particular proposed business combination, although we do not have any current intention to do so. If we entered into an agreement where we paid for the right to receive exclusivity from a target business, the amount that would be used as a down payment or to fund a "no-shop" provision would be determined based on the terms of the specific business combination and the amount of our available funds at the time. Our forfeiture of such funds (whether as a result of our breach or otherwise) could result in our not having sufficient funds to continue searching for, or conducting due diligence with respect to, prospective target businesses.

As indicated in the accompanying financial statements, at February 25, 2021, we had \$25,000 in cash and a working capital deficiency of \$67,687. Further, we have incurred and expect to continue to incur significant costs in pursuit of our financing and acquisition plans. Management's plans to address this uncertainty through this offering are discussed below. We cannot assure you that our plans to raise capital or to consummate an initial business combination will be successful. These factors, among others, raise substantial doubt about our ability to continue as a going concern.

We expect to fund our working capital requirements prior to the time of our initial business combination with permitted withdrawals from the interest earned on the trust account, subject to an annual limit of \$1,000,000. In addition, our sponsor, an affiliate of our sponsor or our officers and directors may, but none of them is obligated to, loan us funds as may be required to fund our working capital requirements. If we complete our initial business combination, we would repay such loaned amounts out of the proceeds of the trust account released to us. In the event that our initial business combination does not close, we may use a portion of the working capital held outside the trust account to repay such loaned amounts but no proceeds from our trust account would be used for such repayment. Up to \$1,500,000 of such loans may be convertible into warrants at a price of \$1.00 per warrant at the option of the lender. The warrants would be identical to the private placement warrants issued to our sponsor. The terms of such loans by our sponsor, an affiliate of our sponsor or our officers and directors, if any, have not been determined and no written agreements exist with respect to such loans. We

do not expect to seek loans from parties other than our sponsor, an affiliate of our sponsor or our officers and directors, if any, as we do not believe third parties will be willing to loan such funds and provide a waiver against any and all rights to seek access to funds in our trust account.

We do not believe we will need to raise additional funds following this offering in order to meet the expenditures required for operating our business. However, if our estimates of the costs of identifying a target business, undertaking in-depth due diligence and negotiating an initial business combination are less than the actual amount necessary to do so, we may have insufficient funds available to operate our business prior to our initial business combination. Moreover, we may need to obtain additional financing either to complete our initial business combination or because we become obligated to redeem a significant number of our public shares in connection with our initial business combination or a stockholder vote to make certain amendments to our charter, in which case we may issue additional securities or incur debt in connection with such business combination. In addition, we intend to target businesses with enterprise values that are greater than we could acquire with the net proceeds of this offering and the sale of the private placement warrants, and, as a result, if the cash portion of the purchase price exceeds the amount available to us, including from the trust account, net of amounts needed to satisfy redemptions by public stockholders, we may be required to seek additional financing to complete such proposed initial business combination. We may also obtain financing prior to the closing of our initial business combination to fund our working capital needs and transaction costs in connection with our search for and completion of our initial business combination. There is no limitation on our ability to raise funds through the issuance of equity or equity-linked securities or through loans, advances or other indebtedness in connection with our initial business combination, including pursuant to forward purchase agreements or backstop arrangements we may enter into following the consummation of this offering. Subject to compliance with applicable securities laws, we would only complete such financing simultaneously with the completion of our business combination. If we are unable to complete our initial business combination because we do not have sufficient funds available to us, we will be forced to cease operations and liquidate the trust account upon expiration of the completion window. In addition, following our initial business combination, if cash on hand is insufficient, we may need to obtain additional financing in order to meet our obligations.

Controls and Procedures

We are not currently required to certify an effective system of internal controls as defined by Section 404 of the Sarbanes-Oxley Act. We will be required to comply with the internal control requirements of the Sarbanes-Oxley Act for the fiscal year ending December 31, 2022. Only in the event that we are deemed to be a large accelerated filer or an accelerated filer and no longer an emerging growth company would we be required to comply with the independent registered public accounting firm attestation requirement.

Further, for as long as we remain an emerging growth company as defined in the JOBS Act, we intend to take advantage of certain exemptions from various reporting requirements that are applicable to other public companies that are not emerging growth companies including, but not limited to, not being required to comply with the independent registered public accounting firm attestation requirement.

Prior to the closing of this offering, we have not completed an assessment, nor has our independent registered public accounting firm tested our systems, of internal controls. We expect to assess the internal controls of our target business or businesses prior to the completion of our initial business combination and, if necessary, to implement and test additional controls as we may determine are necessary in order to state that we maintain an effective system of internal controls. A target business may not be in compliance with the provisions of the Sarbanes-Oxley Act regarding the adequacy of internal controls. Many small and mid-sized target businesses we may consider for our initial business combination may have internal controls that need improvement in areas such as:

66

- staffing for financial, accounting and external reporting areas, including segregation of duties;
- reconciliation of accounts;
- proper recording of expenses and liabilities in the period to which they relate;
- evidence of internal review and approval of accounting transactions;
- documentation of processes, assumptions and conclusions underlying significant estimates; and
- documentation of accounting policies and procedures.

Because it will take time, management involvement and perhaps outside resources to determine what internal control improvements are necessary for us to meet regulatory requirements and market expectations for our operation of a target business, we may incur significant expenses in meeting our public reporting responsibilities, particularly in the areas of designing, enhancing, or remediating internal and disclosure controls. Doing so effectively may also take longer than we expect, thus increasing our exposure to financial fraud or erroneous financing reporting. Once our management's report on internal controls is complete, we will retain our independent auditors to audit and render an opinion on such report when required by Section 404 of the Sarbanes-Oxley Act. The independent auditors may identify additional issues concerning a target business's internal controls while performing their audit of internal control over financial reporting.

Quantitative and Qualitative Disclosures about Market Risk

The net proceeds of this offering and the sale of the private placement warrants held in the trust account will be invested in U.S. government treasury bills with a maturity of 185 days or less or in money market funds that meet certain conditions under Rule 2a-7 under the Investment Company Act and that invest only in direct U.S. government obligations. Due to the short-term nature of these investments, we believe there will be no associated material exposure to interest rate risk.

Off-Balance Sheet Arrangements; Commitments and Contractual Obligations

As of February 25, 2021, we did not have any off-balance sheet arrangements as defined in Item 303(a)(4)(ii) of Regulation S-K under the Exchange Act and did not have any commitments or contractual obligations.

Related Party Transactions

On February 15, 2021, our sponsor purchased an aggregate of 4,312,500 founder shares for an aggregate purchase price of \$25,000, or approximately \$0.006 per share. The number of founder shares issued was determined based on the expectation that the founder shares would represent 20% of the outstanding shares of common stock upon the completion of this offering. The purchase price of the founder shares was determined by dividing the amount of cash contributed to us by the number of founder shares issued.

We will enter into an Administrative Services Agreement pursuant to which we will also pay an affiliate of our sponsor a total of \$10,000 per month for office space, administrative and support services. Upon completion of our initial business combination or our liquidation, we will cease paying these monthly fees.

Our sponsor, officers and directors or any of their respective affiliates will be reimbursed for any out-of-pocket expenses incurred in connection with activities on our behalf such as identifying potential target businesses and performing due diligence on suitable business combinations. Our audit committee will review on a quarterly basis all payments that were made by us to our sponsor, officers, directors or our or any of their respective affiliates and will determine which expenses and the amount of expenses that will be reimbursed. There is no cap or ceiling on the reimbursement of out-of-pocket expenses incurred by such persons in connection with activities on our behalf.

Our sponsor has agreed to loan us up to \$300,000 under an unsecured promissory note to be used for a portion of the expenses of this offering. As of February 25, 2021, there was no outstanding amount under such promissory note. These loans are non-interest bearing, unsecured and are due at the earlier of December 31, 2021 and the closing of this offering. These loans will be repaid upon completion of this offering out of the \$1,240,000 of offering proceeds that has been allocated for the payment of offering expenses (other than underwriting commissions) not held in the trust account.

We may engage Farvahar Capital, or another affiliate of our sponsor group, as our lead financial advisor in connection with our initial business combination and may pay such affiliate a customary financial advisory fee in an amount that constitutes a market standard financial advisory fee for comparable transactions.

In addition, in order to finance transaction costs in connection with an intended initial business combination, our sponsor, an affiliate of our sponsor or our officers and directors may, but is not obligated to, loan us funds as may be required. If we complete our initial business combination, we would repay such loaned amounts out of the proceeds of the trust account released to us. In the event that our initial business combination does not close, we may use a portion of the working capital held outside the trust account to repay such loaned amounts but no proceeds from our trust account would be used for such repayment. Up to \$1,500,000 of such loans may be convertible into warrants at a price of \$1.00 per warrant at the option of the lender. The warrants would be identical to the private placement warrants issued to our sponsor. The terms of such loans by our sponsor, an affiliate of our sponsor or our officers and directors, if any, have not been determined and no written agreements exist with respect to such loans. We do not expect to seek loans from parties other than our sponsor, an affiliate of our sponsor or our officers and directors, if any, as we do not believe third parties will be willing to loan such funds and provide a waiver against any and all rights to seek access to funds in our trust account.

Our sponsor has subscribed to purchase an aggregate of 5,250,000 (or 5,700,000 if the underwriters' option to purchase additional units is exercised in full) private placement warrants at a price of \$1.00 per warrant (\$5,250,000 in the aggregate or \$5,700,000 in the aggregate if the underwriters' option to purchase additional units is exercised in full) in the Private Placement. Each private placement warrant entitles the holder thereof to purchase one share of our Class A common stock at a price of \$11.50 per share, subject to adjustment as provided herein. Our sponsor will be permitted to transfer the private placement warrants held by it to certain permitted transferees, including our officers and directors and other persons or entities affiliated with or related to them, but the transferees receiving such securities will be subject to the same agreements with respect to such securities as our sponsor. Otherwise, these warrants will not, subject to certain limited exceptions, be transferable or salable until 30 days after the completion of our initial business combination. The private placement warrants will be non-redeemable so long as they are held by our sponsor or its permitted transferees (except as described below under "Principal Stockholders — Transfers of Founder Shares and Private Placement Warrants"). The private placement warrants may also be exercised by our sponsor or its permitted transferees for cash or on a cashless basis. Otherwise, the private placement warrants have terms and provisions that are identical to those of the warrants being sold as part of the units in this offering.

Pursuant to a registration rights agreement we will enter into with our initial stockholders on or prior to the closing of this offering, we may be required to register certain securities for sale under the Securities Act. Our initial stockholders, and holders of warrants issued upon conversion of working capital loans, if any, are entitled under the registration rights agreement to make up to three demands that we register certain of our securities held by them for sale under the Securities Act and to have the securities covered thereby registered for resale pursuant to Rule 415 under the Securities Act. In addition, these holders have the right to include their securities in other registration statements filed by us. We will bear the costs and expenses of filing any such registration statements. Please see "Certain Relationships and Related Party Transactions."

JOBS Act

On April 5, 2012, the JOBS Act was signed into law. The JOBS Act contains provisions that, among other things, relax certain reporting requirements for qualifying public companies. We will qualify as an "emerging growth company" and under the JOBS Act will be allowed to comply with new or revised accounting pronouncements based on the effective date for private (not publicly traded) companies. We are electing to delay the adoption of new or revised accounting standards, and as a result, we may not comply with new or revised accounting standards on the relevant dates on which adoption of such standards is required for non-emerging growth companies. As a result, our financial statements may not be comparable to companies that comply with new or revised accounting pronouncements as of public company effective dates.

Additionally, we are in the process of evaluating the benefits of relying on the other reduced reporting requirements provided by the JOBS Act. Subject to certain conditions set forth in the JOBS Act, if, as an "emerging growth company", we choose to rely on such exemptions we may not be required to, among other things: (1) provide an auditor's attestation report on our system of internal controls over financial reporting pursuant to Section 404 of the Sarbanes-Oxley Act; (2) provide all of the compensation disclosure that may be required of non-emerging growth public companies under the Dodd-Frank Wall Street Reform and Consumer Protection Act; (3) comply with any requirement that may be adopted by the PCAOB regarding mandatory audit firm rotation or a supplement to the auditor's report providing additional information about the audit and the financial statements (auditor discussion and analysis); and (4) disclose certain executive compensation related items such as the correlation between executive compensation and performance and comparisons of the CEO's compensation to median employee compensation. These exemptions will apply for a period of five years following the completion of our initial public offering or until we are no longer an "emerging growth company," whichever is earlier.

PROPOSED BUSINESS

General

We are a newly incorporated blank check company formed as a Delaware corporation for the purpose of effecting a merger, share exchange, asset acquisition, share purchase, reorganization or similar business combination with one or more businesses, which we refer to throughout this prospectus as our initial business combination. We have not selected any specific business combination target and we have not, nor has anyone on our behalf, engaged in any substantive discussions, directly or indirectly, with any business combination target with respect to an initial business combination with us. We may pursue an initial business combination in any business or industry but expect to focus our search on companies with enterprise value of approximately \$500 million to \$1.25 billion in industries where we believe our management team and founder's expertise will provide us with a competitive advantage.

Sponsor Consortium

The sponsor team (the "Sponsors") is a consortium of SuRo Capital and principals of Farvahar Partners and Torch Capital who have come together to leverage their combined expertise and differentiated relationship network to identify and execute attractive business combination opportunities. The team is led by our Chief Executive Officer and Chairman, Omeed Malik and Chief Financial Officer, Joe Voboril. Over the course of their seasoned careers, our executive team has become trusted partners to owners, operators, and tastemakers across a variety of industries including social media, sports, music, and entertainment. Many of the companies our management team has operated or advised have also been affiliated with celebrity or influencer partners who leverage their platforms to amplify the brand and drive growth.

The respective areas of expertise within our Sponsor consortium are complementary and mutually reinforcing to our efforts. Our sourcing origination and identification efforts will largely be driven by principals of Farvahar Partners, which have developed significant long-term relationships in the consumer and technology ecosystem in its

capacity as a boutique investment bank and advisor to such companies, and by principals of Torch Capital, early-stage investors with deep ties to consumer brands. Alongside these efforts, we believe that SuRo Capital Corp.'s significant investing experience in growth stage institutionally backed companies, paired with our CFO Joe Voboril's extensive investing and structuring experience, will enhance our ability to assess potential targets and investment opportunities. Eddie Kim has helped to build what we believe to be outstanding consumer brands across a variety of categories and will act as a key strategic advisor to any target. Finally, post-acquisition, our relationship with our board member and Triller co-founder Ryan Kavanaugh will allow us considerable access to celebrities and influencer partners to drive brand recognition, customer engagement, and market reach.

In sum, we believe our extensive network of relationships with tastemakers across music, sports, film, social media, and television will enhance our ability to source and execute a successful business combination as well as accelerate the growth trajectory and market reach of the acquired business.

Differentiated Target Sourcing Strategy

Our selection process will leverage our Sponsors' and management team's network of entertainment, social media, and talent agencies as well as relationships with management teams of public and private companies, investment bankers, and venture capital investors, which we believe should provide us with a number of business combination opportunities. We intend to deploy a proactive, thematic sourcing strategy and to focus on companies where we believe the combination of our operating experience, relationships, capital and influencer network can be catalysts to transform a target company and can help accelerate the target's growth and performance. Upon completion of this offering, members of our management team and Sponsors will communicate with their network of relationships to articulate our initial business combination criteria, including the parameters of our search for a target business, and will begin the disciplined process of pursuing and reviewing promising leads. We believe that we are well positioned to identify attractive acquisition opportunities in the consumer products, social, and entertainment sectors.

In addition to utilizing our access to industry contacts and deal flow to generate business combination opportunities, we believe that our team's differentiated network provides us with an advantage in ultimately winning a transaction in a multi-bidder scenario. We believe our team has extensive experience managing and representing talent and can use our broad relationship networks to identify the best content creators to partner with the acquisition target and catalyze growth. As potential targets evaluate multiple acquisition options in an increasingly competitive landscape, we believe that our unique access to influencers offers a differentiated advantage for the target to enhance stockholder value by using the influencers' social distribution platforms to accelerate growth, brand awareness, and customer engagement.

Competitive Strengths

We believe the sourcing, structuring and execution capabilities of our management team and Sponsors will provide us with a significant pipeline of opportunities from which to evaluate and select a business that will benefit from our expertise. We may also have the benefit of using Farvahar Capital, or another affiliate of our sponsor, as our lead financial advisor on our business combinations and other transactions. Our competitive strengths include the following:

- ***Unique Sourcing Capabilities and Industry Access.***

We believe the capabilities and connections associated with our management team, in combination with those of our Sponsors, will provide us with a differentiated pipeline of acquisition opportunities that would be difficult for other participants in the market to replicate. We expect these sourcing capabilities will be further bolstered by our management team's reputation and deep industry relationships.

Our board member and strategic advisor Ryan Kavanaugh is a respected leader and established connector in the entertainment, social, and technology space. He brings decades of entrepreneurship and relationship networks to the team - including as Co-Founder of social and distribution platform Triller; founder of Independent Sports & Entertainment; and as a highly successful television and film producer - which will be instrumental to our sourcing efforts.

Triller currently executes branding partnership campaigns for many Fortune 500 corporations. These campaigns cause Ryan to be well-attuned to the consumer technology ecosystem, and provide him unique access to celebrities, tastemakers, and entrepreneurs. These relationships will assist in our target sourcing efforts. Beyond target sourcing, however, Ryan's access to these celebrities and influencers could ultimately drive compounding value for the acquisition target as their reach is amplified across those platforms.

Additionally, all three members of our Sponsor group - SuRo Capital, and the principals of Farvahar Partners and Torch Capital - offer unique sourcing capabilities given their respective businesses.

- ***Execution and Structuring Capability.***

Our management team and Sponsors believe that our combined expertise and reputation will allow us to source and complete transactions possessing structural attributes that create an attractive investment thesis including the potential combination of multiple companies within a subsector where the resulting entity would be a market-leading brand. These types of transactions are typically complex and require creativity, industry knowledge and expertise, rigorous due diligence, and extensive negotiations and documentation. We believe that by focusing our investment activities on these types of transactions, we are able to generate investment opportunities that have attractive risk/reward profiles based on their valuations and structural characteristics.

Farvahar Partners, a boutique investment bank, principals of which are members of our Sponsor group, brings execution and structuring experience to the transaction. Farvahar Partners has developed extensive relationships across the industry by investing partner capital in growth businesses and acting as a liquidity provider of private placements on behalf of companies and institutional investors. It also offers advisory, investment banking and capital raising services to its clients.

- ***Post-Acquisition Expertise in Driving Growth through Brand Engagement.***

We believe that our team is well-positioned to leverage the notoriety of celebrities, tastemakers and influencers to grow a target's brand identity.

We believe today's consumer marketplace is over-saturated with products and brands that often lack differentiation, significant consumer engagement, and brand loyalty. Given the digital footprint of the "Amazon" world, having a good consumer product is not enough - the brand itself must stand out in order to drive the product to the front of a very crowded shelf.

We believe celebrity association and endorsement have the proven power to drive brand awareness and engagement. However, paid celebrity endorsements are expensive and often inauthentic - the consumer understands their transactional nature and is less impressed with their influence. But, brands that utilize tastemakers and influencers as partners are often successful in leveraging the celebrity association for brand building.

Our board member and strategic advisor Ryan Kavanaugh has spent his professional career building and amplifying brands through partnerships with individuals who have broad reach and followership. Ryan has the ability to leverage his network to amplify brands in crowded industries with often little differentiation. For example, he has partnered with celebrities and internet personalities as business co-owners to utilize their platforms to launch and scale an aspirational consumer products company. Celebrity involvement and brand amplification has differentiated the brand in a crowded marketplace.

Investment Criteria

We have developed the following high-level, non-exclusive investment criteria that we will use to screen for and evaluate target businesses. We will seek to acquire a business that:

- ***Has Strong Brand Engagement with Potential to Grow if Partnered with Our Celebrity Network***

We intend to identify targets in which our Sponsors and management team can access their extensive network and partner with the right influencer or group of influencers to drive brand engagement and accelerate growth. Proprietary access to tastemakers and celebrities provides the potential acquisition target with a value of association and authenticity that drives stronger consumer awareness, engagement, and loyalty. The acquisition target's associated reputable brand can be enhanced by this group's extensive consumer reach and access to superior marketing and advertising talent.

- ***Is Sourced Through our Differentiated Network.***

We do not expect to participate in broadly marketed processes, but rather will aim to leverage our extensive network to source our business combination. Our board member and strategic advisor Eddie Kim has a deep network in the world of leading consumer brands. Eddie has served as a founding board member in various consumer companies that have gone on to both elevate and redefine their respective categories. His experience helps ensure both identifying and winning the best targets for long term success.

- ***Has a Committed and Capable Management Team.***

We will seek to acquire a business with a professional management team whose interests are aligned with those of our investors and complement the expertise of our founder. Where necessary, we may also look to complement and enhance the capabilities of the target business's management team by recruiting additional talent through our network of contacts.

These criteria are not intended to be exhaustive. Any evaluation relating to the merits of a particular initial business combination may be based, to the extent relevant, on these general guidelines as well as on other considerations, factors and criteria that our management may deem relevant. In the event that we decide to enter into our initial business combination with a target business that does not meet the above criteria and guidelines, we will disclose that the target business does not meet the above criteria in our stockholder communications related to our initial business combination, which, as discussed in this prospectus, would be in the form of tender offer documents or proxy solicitation materials that we would file with the SEC.

Our Acquisition Process

In evaluating a prospective target business, we expect to conduct a thorough due diligence review that will encompass, among other things, meetings with incumbent management and employees, document reviews, inspection of facilities, as well as a review of financial, operational, legal and other information which will be made available to us.

We are not prohibited from pursuing an initial business combination with a company that is affiliated with our sponsor, founder, officers or directors. In the event we seek to complete our initial business combination with a business that is affiliated with our sponsor, founder, officers or directors, we, or a committee of independent and disinterested directors, will obtain an opinion from an independent investment banking firm that is a member of the Financial Industry Regulatory Authority, or FINRA, or from an independent accounting firm, that such an initial business combination is fair to our company from a financial point of view.

Members of our management team may directly or indirectly own our securities following this offering, and accordingly, they may have a conflict of interest in determining whether a particular target business is an appropriate business with which to effectuate our initial business combination. Further, each of our officers and directors may have a conflict of interest with respect to evaluating a particular business combination if the retention or resignation of any such officers and directors was included by a target business as a condition to any agreement with respect to our initial business combination.

Our sponsor and its principals may from time to time become aware of potential business opportunities, one or more of which we may desire to pursue, for a business combination, but we have not (nor has anyone on our behalf) engaged in any substantive discussions, directly or indirectly, with any business combination target with respect to a business combination transaction with us.

As described in "Proposed Business — Sourcing of Potential Business Combination Targets" and "Management — Conflicts of Interest," each of our officers and directors presently has, and any of them in the future may have additional, fiduciary, contractual or other obligations or duties to one or more other entities pursuant to which such officer or director is or will be required to present a business combination opportunity to such entities. Our amended and restated certificate of incorporation will provide that we renounce our interest in any corporate opportunity offered to any director or officer unless (i) such opportunity is expressly offered to such person solely in his or her capacity as a director or officer of our company, (ii) such opportunity is one we are legally and contractually permitted to undertake and would otherwise be reasonable for us to pursue and (iii) the director or officer is permitted to refer the opportunity to us without violating another legal obligation. Accordingly, if any of our officers or directors becomes aware of a business combination opportunity which is suitable for one or more entities to which he or she has fiduciary, contractual or other obligations or duties, he or she will honor these obligations and duties to present such business combination opportunity to such entities first, and only present it to us if such entities reject the opportunity and he or she determines to present the opportunity to us.

While neither the Sponsors nor any of our management team will have any duty to offer acquisition opportunities to us, they may become aware of a potential transaction that is an attractive opportunity for us, which they may decide to share with us. Conflicts may arise from their affiliation with our company, their provision of services both to us and to third-party clients, as well as from actions undertaken by them for their own account. In performing services for other clients and also when acting for their own account, they may take commercial steps which may have an adverse effect on us. Any of the Sponsors' or our management team's other activities may, individually or in the aggregate, have an adverse effect on us, and the interests of the Sponsors and our or their respective clients or counterparties may at times be averse to ours. Please see "Proposed Business — Certain Potential Conflicts of Interest" for additional information regarding certain potential conflicts of interest relating to the Sponsors and our Management team.

We do not believe, however, that the fiduciary, contractual or other obligations or duties of our officers or directors, or of our Sponsors and our Management team, or policies applicable to the Sponsors or any of our Management team, will materially affect our ability to complete our initial business combination.

Our officers, directors, Sponsors, and our Management team may participate in the formation of, or become an officer or director of, any other blank check company prior to completion of our initial business combination. As a result, our sponsor, officers, directors, Sponsors, and our Management team could have conflicts of interest in determining whether to present business combination opportunities to us or to any other blank check company with which they may become involved.

Initial Business Combination

The NYSE rules require that an initial business combination must be with one or more operating businesses or assets with a fair market value equal to at least 80% of the net assets held in the trust account (net of amounts disbursed to management for working capital purposes, if applicable, and excluding the amount of any deferred underwriting discount). We refer to this as the 80% of net assets test. If our board of directors is not able to independently determine the fair market value of the target business or businesses, we will obtain an opinion from an independent investment banking firm that is a member of FINRA or from an independent accounting firm, with respect to the satisfaction of such criteria. We do not currently intend to purchase multiple businesses in unrelated industries in conjunction with our initial business combination, although there is no assurance that will be the case.

We anticipate structuring our initial business combination so that the post-transaction company in which our public stockholders own shares will own or acquire 100% of the outstanding equity interests or assets of the target business or businesses. We may, however, structure our initial business combination such that the post-transaction company owns or acquires less than 100% of such interests or assets of the target business in order to meet certain objectives of the target management team or stockholders or for other reasons, but we will only complete such business combination if the post-transaction company owns or acquires 50% or more of the outstanding voting securities of the target or otherwise acquires a controlling interest in the target business sufficient for it not to be required to register as an investment company under the Investment Company Act. Even if the post-transaction company owns or acquires 50% or more of the voting securities of the target, our stockholders prior to our initial business combination may collectively own a minority interest in the post-transaction company, depending on valuations ascribed to the target and us in our initial business combination transaction. For example, we could pursue a transaction in which we issue a substantial number of new shares in exchange for all of the outstanding capital stock of a target. In this case, we would acquire a 100% controlling interest in the target. However, as a result of the issuance of a substantial number of new shares, our stockholders immediately prior to our initial business combination could own less than a majority of our outstanding shares subsequent to our initial business combination. If less than 100% of the equity interests or assets of a target business or businesses are owned or acquired by the post-transaction company, the portion of such business or businesses that is owned or acquired is what will be valued for purposes of the 80% of net assets test. If our initial business combination involves more than one target business, the 80% of net assets test will be based on the aggregate value of all of the target businesses.

Our amended and restated certificate of incorporation will require the affirmative vote of a majority of our board of directors, which must include a majority of our independent directors to approve our initial business combination (or such other vote as the applicable law or stock exchange rules then in effect may require).

We do not believe we will need to raise additional funds following this offering in order to meet the expenditures required for operating our business. However, if our estimates of the costs of identifying a target business, undertaking in-depth due diligence and negotiating an initial business combination are less than the actual amount necessary to do so, we may have insufficient funds available to operate our business prior to our initial business combination. Moreover, we may need to obtain additional financing either to complete our initial business combination or because we become obligated to redeem a significant number of our public shares in connection with our initial business combination or a stockholder vote to make certain amendments to our charter, in which case we may issue additional securities or incur debt in connection with our initial business combination. In addition, we intend to target businesses with enterprise values that are greater than we could acquire with the net proceeds of this offering and the sale of the private placement warrants, and, as a result, if the cash portion of the purchase price exceeds the amount available to us, including from the trust account, net of amounts needed to satisfy redemptions by public stockholders, we may be required to seek additional financing to complete such proposed initial business combination. We may also obtain financing prior to the closing of our initial business combination to fund our working capital needs and transaction costs in connection with our search for and completion of our initial business combination. There is no limitation on our ability to raise funds through the issuance of equity or equity-linked securities or through loans, advances or other indebtedness in connection with our initial business combination, including pursuant to forward purchase agreements or backstop arrangements we may enter into following the consummation of this offering. Subject to compliance with applicable securities laws, we would only complete such financing simultaneously with the completion of our business combination. If we are unable to complete our initial business combination because we do not have sufficient funds available to us, we will be forced to cease operations and liquidate the trust account. In addition, following our initial business combination, if cash on hand is insufficient, we may need to obtain additional financing in order to meet our obligations.

Prior to the date of this prospectus, we will file a registration statement on Form 8-A with the SEC to voluntarily register our securities under Section 12 of the Exchange Act. As a result, we will be subject to the rules and regulations promulgated under the Exchange Act. We have no current intention of filing a Form 15 to suspend our reporting or other obligations under the Exchange Act prior or subsequent to the consummation of our initial business combination.

Corporate Information

We are an “emerging growth company,” as defined in Section 2(a) of the Securities Act as modified by the JOBS Act. As such, we are eligible to take advantage of certain exemptions from various reporting requirements that are applicable to other public companies that are not “emerging growth companies” including, but not limited to, not being required to comply with the auditor attestation requirements of Section 404 of the Sarbanes-Oxley Act, reduced disclosure obligations regarding executive compensation in our periodic reports and proxy statements, and exemptions from the requirements of holding a non-binding advisory vote on executive compensation and stockholder approval of any golden parachute payments not previously approved. If some investors find our securities less attractive as a result, there may be a less active trading market for our securities and the prices of our securities may be more volatile.

In addition, Section 107 of the JOBS Act also provides that an “emerging growth company” can take advantage of the extended transition period provided in Section 7(a)(2)(B) of the Securities Act for complying with new or revised accounting standards. In other words, an “emerging growth company” can delay the adoption of certain accounting standards until those standards would otherwise apply to private companies. We intend to take advantage of the benefits of this extended transition period.

We will remain an emerging growth company until the earlier of: (1) the last day of the fiscal year (a) following the fifth anniversary of the completion of this offering, (b) in which we have total annual gross revenue of at least \$1.07 billion, or (c) in which we are deemed to be a large accelerated filer, which means the market value of our common stock that is held by non-affiliates exceeds \$700 million as of the end of the prior fiscal year’s second fiscal quarter; and (2) the date on which we have issued more than \$1.00 billion in non-convertible debt during the prior three-year period. References herein to “emerging growth company” shall have the meaning associated with it in the JOBS Act.

Our executive offices are located at 214 Brazilian Avenue, Suite 200-A, Palm Beach, FL 33480 and our telephone number is (561) 805-3588. Upon completion of this offering, our corporate website address will be colombianspac.com. Our website and the information contained on, or that can be accessed through, the website is not deemed to be incorporated by reference in, and is not considered part of, this prospectus. You should not rely on any such information in making your decision whether to invest in our securities.

Sourcing of Potential Business Combination Targets

The Sponsors may compete with us for acquisition opportunities that we may target for our initial business combination. If the Sponsors decide to pursue any such opportunity or determines in its sole discretion not to offer such opportunity to us, we may be precluded from procuring such opportunities. In addition, investment ideas generated within the Sponsors or by persons who may make decisions for us may be suitable for both us and for the Sponsors and may be directed to the Sponsors or other third parties rather than to us. Neither the Sponsors has any fiduciary, contractual or other obligations or duties to our company, including, without limitation, to present us with any opportunity for a potential business combination of which they become aware.

Our management team, in their other endeavors (including any affiliation they may have with the Sponsors), may choose or be required to present potential business combinations or other transactions to the Sponsors or third parties, before they present such opportunities to us. Please see “Risk Factors — Certain of our officers and directors are now, and all of them may in the future become, affiliated with entities engaged in business activities similar to those intended to be conducted by us and, accordingly, may have conflicts of interest in determining to which entity a particular business opportunity or other transaction should be presented.”

We are not prohibited from pursuing an initial business combination with a company that is affiliated with the Sponsors, officers or directors, nor are we prohibited from doing so with a business that is affiliated with any the Sponsors. In the event we seek to complete our initial business combination with a business that is affiliated with the Sponsors, officers or directors, we, or a committee of independent and disinterested directors, will obtain an opinion from an independent investment banking firm that is a member of FINRA or from an independent accounting firm, that such initial business combination is fair to our company from a financial point of view. We are not required to obtain such an opinion in any other context.

We may engage Farvahar Capital, or another affiliate of our sponsor, as our lead financial advisor in connection with our initial business combination and may pay such affiliate a customary financial advisory fee in an amount that constitutes a market standard financial advisory fee for comparable transactions.

As discussed above and in “Management — Conflicts of Interest,” if any of our officers or directors becomes aware of a business combination opportunity that is suitable for one or more entities to which he or she has fiduciary, contractual or other obligations or duties, he or she will honor these obligations and duties to present such business combination opportunity to such entities first, and only present it to us if such entities reject the opportunity and he or she determines to present the opportunity to us (including as described above).

Status as a Public Company

We believe our structure will make us an attractive business combination partner to target businesses. As an existing public company, we offer target businesses an alternative to the traditional initial public offering through a merger, capital stock exchange, asset acquisition, stock purchase, reorganization or similar business combination. In this situation, the owners of the target business would exchange their shares of stock in the target business for shares of our stock or for a combination of shares of our stock and cash, allowing us to tailor the consideration to the specific needs of the sellers. Although there are various costs and obligations associated with being a public company, we believe target businesses will find this method a more certain and cost effective method to becoming a public company than the typical initial public offering. In a typical initial public offering, there are additional expenses incurred in marketing, road show and public reporting efforts that may not be present to the same extent in connection with a business combination with us.

Furthermore, once a proposed business combination is completed, the target business will have effectively become public, whereas an initial public offering is always subject to the underwriters’ ability to complete the offering, as well as general market conditions, which could delay or prevent the offering from occurring. Once public, we believe the target business would then have greater access to capital and an additional means of providing management incentives consistent with stockholders’ interests. It can offer further benefits by augmenting a company’s profile among potential new customers and vendors and aid in attracting talented employees.

Financial Position

With funds available for a business combination initially in the amount of \$144,750,000 assuming no redemptions and after payment of \$5,250,000 of deferred underwriting fees (or \$166,462,500 assuming no redemptions and after payment of up to \$6,037,500 of deferred underwriting fees if the underwriters’ option to purchase additional units is exercised in full), we offer a target business a variety of options such as creating a liquidity event for its owners, providing capital for the potential growth and expansion of its operations or strengthening its balance sheet by reducing its debt ratio. Because we are able to complete our initial business combination using our cash, debt or equity securities, or a combination of the foregoing, we have the flexibility to use the most efficient combination that will allow us to tailor the consideration to be paid to the target business to fit its needs and desires. However, we have not taken any steps to secure third party financing and there can be no assurance it will be available to us.

Effecting our Initial Business Combination

We are not presently engaged in, and we will not engage in, any operations for an indefinite period of time following this offering. We intend to effectuate our initial business combination using cash from the proceeds of this offering and the sale of the private placement warrants, our capital stock, debt or a combination of these as the consideration to be paid in our initial business combination. We may seek to complete our initial business combination with a company or business that may be financially unstable or in its early stages of development or growth, which would subject us to the numerous risks inherent in such companies and businesses.

If our initial business combination is paid for using equity or debt securities or not all of the funds released from the trust account are used for payment of the consideration in connection with our initial business combination or used for redemption of our public shares, we may apply the balance of the cash released to us from the trust account for general corporate purposes, including for maintenance or expansion of operations of post-transaction businesses, the payment of principal or interest due on indebtedness incurred in completing our initial business combination, to fund the purchase of other companies or for working capital.

Members of our management team are from time to time made aware of potential business opportunities, one or more of which we may desire to pursue, for a business combination, but we have not (nor has anyone on our behalf) engaged in any substantive discussions with a business combination target, with respect to a business combination transaction with us.

We may seek to raise additional funds in connection with the completion of our initial business combination through a private offering of equity securities or debt securities or loans, and we may effectuate our initial business combination using the proceeds of such offerings or loans rather than using the amounts held in the trust account.

In the case of an initial business combination funded with assets other than the trust account assets, our tender offer documents or proxy materials disclosing the business combination would disclose the terms of the financing and, only if required by applicable law, we would seek stockholder approval of such financing. There are no prohibitions on our ability to raise funds privately or through loans in connection with our initial business combination. At this time, we are not a party to any arrangement or understanding with any third party with respect to raising any additional funds through the sale of securities or otherwise.

Selection of a target business and structuring of our initial business combination

The NYSE rules require that an initial business combination must be with one or more operating businesses or assets with a fair market value equal to at least 80% of the net assets held in the trust account (net of amounts disbursed to management for working capital purposes, if applicable, and excluding the amount of any deferred underwriting discount). The fair market value of the target or targets will be determined by our board of directors based upon one or more standards generally accepted by the financial community, such as discounted cash flow valuation or value of comparable businesses. If our board is not able to independently determine the fair market value of the target business or businesses, we will obtain an opinion from an independent investment banking firm that is a member of FINRA or from an independent accounting firm, with

respect to the satisfaction of such criteria. We do not currently intend to purchase multiple businesses in unrelated industries in conjunction with our initial business combination, although there is no assurance that will be the case. Subject to this requirement, our management will have virtually unrestricted flexibility in identifying and selecting one or more prospective target businesses, although we will not be permitted to effectuate our initial business combination with another blank check company or a similar company with nominal operations.

In any case, we will only complete an initial business combination in which we own or acquire 50% or more of the outstanding voting securities of the target or otherwise acquire a controlling interest in the target business sufficient for it not to be required to register as an investment company under the Investment Company Act. If we own or acquire less than 100% of the equity interests or assets of a target business or businesses, the portion of such business or businesses that are owned or acquired by the post-transaction company is what will be valued for purposes of the 80% of net assets test. There is no basis for investors in this offering to evaluate the possible merits or risks of any target business with which we may ultimately complete our initial business combination.

To the extent we effect our initial business combination with a company or business that may be financially unstable or in its early stages of development or growth, we may be affected by numerous risks inherent in such company or business. Although our management will endeavor to evaluate the risks inherent in a particular target business, we cannot assure you that we will properly ascertain or assess all significant risk factors.

In evaluating a prospective target business, we expect to conduct a thorough due diligence review which will encompass, among other things, meetings with incumbent management and employees, document reviews, inspection of facilities, as well as a review of financial, operational, legal and other information which will be made available to us. We may engage Farvahar Capital, or another affiliate of our sponsor group, as our lead financial advisor in connection with our initial business combination and may pay such affiliate a customary financial advisory fee in an amount that constitutes a market standard financial advisory fee for comparable transactions.

The time required to select and evaluate a target business and to structure and complete our initial business combination, and the costs associated with this process, are not currently ascertainable with any degree of certainty. Any costs incurred with respect to the identification and evaluation of a prospective target business with which our initial business combination is not ultimately completed will result in our incurring losses and will reduce the funds we can use to complete another business combination.

Lack of business diversification

For an indefinite period of time after the completion of our initial business combination, the prospects for our success may depend entirely on the future performance of a single business.

Unlike other entities that have the resources to complete business combinations with multiple entities in one or several industries, it is probable that we will not have the resources to diversify our operations and mitigate the risks of being in a single line of business. By completing our initial business combination with only a single entity, our lack of diversification may:

- subject us to negative economic, competitive and regulatory developments, any or all of which may have a substantial adverse impact on the particular industry in which we operate after our initial business combination; and
- cause us to depend on the marketing and sale of a single product or limited number of products or services.

Limited ability to evaluate the target's management team

Although we intend to closely scrutinize the management of a prospective target business when evaluating the desirability of effecting our initial business combination with that business, our assessment of the target business's management may not prove to be correct. In addition, the future management may not have the necessary skills, qualifications or abilities to manage a public company. Furthermore, the future role of members of our management team, if any, in the target business cannot presently be stated with any certainty. While it is possible that one or more of our directors will remain associated in some capacity with us following our initial business combination, it is highly unlikely that any of them will devote their full efforts to our affairs subsequent to our initial business combination. Moreover, we cannot assure you that members of our management team will have significant experience or knowledge relating to the operations of the particular target business.

We cannot assure you that any of our key personnel will remain in senior management or advisory positions with the combined company. The determination as to whether any of our key personnel will remain with the combined company will be made at the time of our initial business combination.

Following our initial business combination, we may seek to recruit additional managers to supplement the incumbent management of the target business. We cannot assure you that we will have the ability to recruit additional managers, or that additional managers will have the requisite skills, knowledge or experience necessary to enhance the incumbent management.

Stockholders may not have the ability to approve our initial business combination

We may conduct redemptions without a stockholder vote pursuant to the tender offer rules of the SEC. However, we will seek stockholder approval if it is required by applicable law or stock exchange rule, or we may decide to seek stockholder approval for business or other reasons. Presented in the table below is a graphic explanation of the types of initial business combinations we may consider and whether stockholder approval is currently required under Delaware law for each such transaction.

Type of Transaction	Whether Stockholder Approval is Required
Purchase of assets	No
Purchase of stock of target not involving a merger with the company	No
Merger of target into a subsidiary of the company	No
Merger of the company with a target	Yes

Under the NYSE's listing rules, stockholder approval would be required for our initial business combination if, for example:

- we issue (other than in a public offering for cash) shares of common stock that will either (a) be equal to or in excess of 20% of the number of shares of common stock then outstanding or (b) have voting power equal to or in excess of 20% of the voting power then outstanding;

- any of our directors, officers or substantial security holders (as defined by the NYSE rules) has a 5% or greater interest, directly or indirectly, in the target business or assets to be acquired and if the number of shares of common stock to be issued, or if the number of shares of common stock into which the securities may be convertible or exercisable, exceeds either (a) 1% of the number of shares of common stock or 1% of the voting power outstanding before the issuance in the case of any of our directors and officers or (b) 5% of the number of shares of common stock or 5% of the voting power outstanding before the issuance in the case of any substantial security holders; or
- the issuance or potential issuance will result in our undergoing a change of control.

The decision as to whether we will seek stockholder approval of a proposed business combination in those instances in which stockholder approval is not required by law will be made by us, solely in our discretion, and will be based on business and legal reasons, which include a variety of factors, including, but not limited to:

- the timing of the transaction, including in the event we determine stockholder approval would require additional time and there is either not enough time to seek stockholder approval or doing so would place the company at a disadvantage in the transaction or result in other additional burdens on the company;
- the expected cost of holding a stockholder vote;
- the risk that the stockholders would fail to approve the proposed business combination;
- other time and budget constraints of the company; and
- additional legal complexities of a proposed business combination that would be time-consuming and burdensome to present to stockholders.

Permitted purchases of our securities

In the event we seek stockholder approval of our initial business combination and we do not conduct redemptions in connection with our initial business combination pursuant to the tender offer rules, our sponsor, directors, officers, advisors or any of their respective affiliates may purchase public shares or public warrants or a combination thereof in privately negotiated transactions or in the open market either prior to or following the completion of our initial business combination. There is no limit on the number of shares or warrants such persons may purchase. However, they have no current commitments, plans or intentions to engage in such transactions and have not formulated any terms or conditions for any such transactions. In the event our initial stockholders, directors, officers, advisors or any of their respective affiliates determine to make any such purchases at the time of a stockholder vote relating to our initial business combination, such purchases could have the effect of influencing the vote necessary to approve such transaction. None of the funds in the trust account will be used to purchase public shares in such transactions. If they engage in such transactions, they will be restricted from making any such purchases when they are in possession of any material non-public information not disclosed to the seller or if such purchases are prohibited by Regulation M under the Exchange Act. Such a purchase may include a contractual acknowledgement that such stockholder, although still the record holder of our shares, is no longer the beneficial owner thereof and therefore agrees not to exercise its redemption rights. Prior to the consummation of this offering, we will adopt an insider trading policy which will require insiders to (1) refrain from purchasing securities when they are in possession of any material non-public information and (2) to clear all trades with our compliance personnel or legal counsel prior to execution. We cannot currently determine whether our insiders will make such purchases pursuant to a Rule 10b5-1 plan, as it will be dependent upon several factors, including but not limited to, the timing and size of such purchases. Depending on such circumstances, our insiders may either make such purchases pursuant to a Rule 10b5-1 plan or determine that such a plan is not necessary.

In the event that our sponsor, directors, officers, advisors or any of their respective affiliates purchase public shares in privately negotiated transactions from public stockholders who have already elected to exercise their redemption rights or submitted a proxy to vote against our initial business combination, such selling stockholders would be required to revoke their prior elections to redeem their shares and any proxy to vote against our initial business combination. We do not currently anticipate that such purchases, if any, would constitute a tender offer subject to the tender offer rules under the Exchange Act or a going-private transaction subject to the going-private rules under the Exchange Act; however, if the purchasers determine at the time of any such purchases that the purchases are subject to such rules, the purchasers will comply with such rules.

The purpose of such purchases could be to vote such shares in favor of the business combination and thereby increase the likelihood of obtaining stockholder approval of our initial business combination or to satisfy a closing condition in an agreement with a target that requires us to have a minimum net worth or a certain amount of cash at the closing of our initial business combination, where it appears that such requirement would otherwise not be met. This may result in the completion of our initial business combination that may not otherwise have been possible.

In addition, if such purchases are made, the public “float” of our common stock may be reduced and the number of beneficial holders of our securities may be reduced, which may make it difficult to maintain or obtain the quotation, listing or trading of our securities on a national securities exchange.

Our sponsor, officers, directors, advisors and/or any of their respective affiliates anticipate that they may identify the stockholders with whom our sponsor, officers, directors, advisors or any of their respective affiliates may pursue privately negotiated purchases by either the stockholders contacting us directly or by our receipt of redemption requests submitted by stockholders following our mailing of proxy materials in connection with our initial business combination. To the extent that our sponsor, officers, directors, advisors or any of their respective affiliates enter into a private purchase, they would identify and contact only potential selling stockholders who have expressed their election to redeem their shares for a pro rata share of the trust account or vote against our initial business combination. Such persons would select the stockholders from whom to acquire shares based on the number of shares available, the negotiated price per share and such other factors as any such person may deem relevant at the time of purchase. The price per share paid in any such transaction may be different than the amount per share a public stockholder would receive if it elected to redeem its shares in connection with our initial business combination. Our sponsor, officers, directors, advisors or any of their respective affiliates will purchase shares only if such purchases comply with Regulation M under the Exchange Act and the other federal securities laws.

Any purchases by our sponsor, officers, directors and/or any of their respective affiliates who are affiliated purchasers under Rule 10b-18 under the Exchange Act will only be made to the extent such purchases are made in compliance with Rule 10b-18, which is a safe harbor from liability for manipulation under Section 9(a)(2) and Rule 10b-5 of the Exchange Act. Rule 10b-18 has certain technical requirements that must be complied with in order for the safe harbor to be available to the purchaser. Our sponsor, officers, directors and/or any of their respective affiliates will be restricted from making purchases of common stock if such purchases would violate Section 9(a)(2) or Rule 10b-5 of the Exchange Act.

Redemption rights for public stockholders in connection with our initial business combination

We will provide our public stockholders with the opportunity to redeem all or a portion of their public shares upon the completion of our initial business combination at a

per share price, payable in cash, equal to the aggregate amount then on deposit in the trust account as of two business days prior to the consummation of our initial business combination, including interest (net of permitted withdrawals), divided by the number of then outstanding public shares, subject to the limitations described herein. The amount in the trust account is initially anticipated to be \$10.00 per public share. The per share amount we will distribute to investors who properly redeem their shares will not be reduced by the deferred underwriting commissions we will pay to the underwriters. The redemption right will include the requirement that any beneficial owner on whose behalf a redemption right is being exercised must identify itself in order to validly redeem its shares. Each public stockholder may elect to redeem its public shares without voting, and if they do vote, irrespective of whether they vote for or against the proposed transaction. There will be no redemption rights upon the completion of our initial business combination with respect to our warrants. Our sponsor, officers and directors have entered into a letter agreement with us, pursuant to which they have agreed to waive their redemption rights with respect to any founder shares and any public shares held by them in connection with the completion of our initial business combination.

Manner of conducting redemptions

We will provide our public stockholders with the opportunity to redeem all or a portion of their shares of Class A common stock either: (1) in connection with a stockholder meeting called to approve the business combination; or (2) by means of a tender offer. The decision as to whether we will seek stockholder approval of a proposed business combination or conduct a tender offer will be made by us, solely in our discretion, and will be based on a variety of factors such as the timing of the transaction and whether the terms of the transaction would require us to seek stockholder approval under applicable law or stock exchange listing requirement. Asset acquisitions and stock purchases would not typically require stockholder approval while direct mergers with our company where we do not survive and any transactions where we issue more than 20% of our outstanding common stock or seek to amend our amended and restated certificate of incorporation would typically require stockholder approval. If we structure a business combination transaction with a target company in a manner that requires stockholder approval, we will not have discretion as to whether to seek a stockholder vote to approve the proposed business combination. We currently intend to conduct redemptions pursuant to a stockholder vote unless stockholder approval is not required by applicable law or stock exchange listing requirement and we choose to conduct redemptions pursuant to the tender offer rules of the SEC for business or other reasons.

If a stockholder vote is not required and we do not decide to hold a stockholder vote for business or other reasons, we will, pursuant to our amended and restated certificate of incorporation:

- conduct the redemptions pursuant to Rule 13e-4 and Regulation 14E of the Exchange Act, which regulate issuer tender offers; and
- file tender offer documents with the SEC prior to completing our initial business combination which contain substantially the same financial and other information about the initial business combination and the redemption rights as is required under Regulation 14A of the Exchange Act, which regulates the solicitation of proxies.

Upon the public announcement of our initial business combination, we and our sponsor will terminate any plan established in accordance with Rule 10b5-1 to purchase shares of our Class A common stock in the open market if we elect to redeem our public shares through a tender offer, to comply with Rule 14e-5 under the Exchange Act.

In the event we conduct redemptions pursuant to the tender offer rules, our offer to redeem will remain open for at least 20 business days, in accordance with Rule 14e-1(a) under the Exchange Act, and we will not be permitted to complete our initial business combination until the expiration of the tender offer period. In addition, the tender offer will be conditioned on public stockholders not tendering more than a specified number of public shares, which number will be based on the requirement that we may not redeem public shares in an amount that would cause our net tangible assets be less than \$5,000,001 (so that we do not then become subject to the SEC's "penny stock" rules) or any greater net tangible asset or cash requirement which may be contained in the agreement relating to our initial business combination. If public stockholders tender more shares than we have offered to purchase, we will withdraw the tender offer and not complete such initial business combination.

If, however, stockholder approval of the transaction is required by applicable law or stock exchange listing requirement, or we decide to obtain stockholder approval for business or other reasons, we will, pursuant to our amended and restated certificate of incorporation:

- conduct the redemptions in conjunction with a proxy solicitation pursuant to Regulation 14A of the Exchange Act, which regulates the solicitation of proxies, and not pursuant to the tender offer rules; and
- file proxy materials with the SEC.

We expect that a final proxy statement would be mailed to public stockholders at least 10 days prior to the stockholder vote. However, we expect that a draft proxy statement would be made available to such stockholders well in advance of such time, providing additional notice of redemption if we conduct redemptions in conjunction with a proxy solicitation. Although we are not required to do so, we currently intend to comply with the substantive and procedural requirements of Regulation 14A in connection with any stockholder vote even if we are not able to maintain our NYSE listing or Exchange Act registration.

In the event that we seek stockholder approval of our initial business combination, we will distribute proxy materials and, in connection therewith, provide our public stockholders with the redemption rights described above.

If we seek stockholder approval, unless otherwise required by applicable law, regulation or stock exchange rules, we will complete our initial business combination only if a majority of the outstanding shares of common stock voted are voted in favor of the business combination. A quorum for such meeting will consist of the holders present in person or by proxy of shares of outstanding capital stock of the company representing a majority of the voting power of all outstanding shares of capital stock of the company entitled to vote at such meeting. Our initial stockholders, officers and directors will count towards this quorum and have agreed to vote any founder shares and any public shares held by them in favor of our initial business combination. These quorum and voting thresholds and agreements, may make it more likely that we will consummate our initial business combination. Each public stockholder may elect to redeem its public shares without voting, and if they do vote, irrespective of whether they vote for or against the proposed transaction. In addition, our sponsor, officers and directors have entered into a letter agreement with us, pursuant to which they have agreed to waive their redemption rights with respect to any founder shares and any public shares held by them in connection with the completion of a business combination.

Our amended and restated certificate of incorporation will provide that in no event will we redeem our public shares in an amount that would cause our net tangible assets to be less than \$5,000,001 (so that we do not then become subject to the SEC's "penny stock" rules) or any greater net tangible asset or cash requirement which may be contained in the agreement relating to our initial business combination. Redemptions of our public shares may also be subject to a higher net tangible asset test or cash requirement pursuant to an agreement relating to our initial business combination. For example, the proposed business combination may require: (1) cash consideration to be paid to the target or its owners; (2) cash to be transferred to the target for working capital or other general corporate purposes; or (3) the retention of cash to satisfy other conditions in accordance with the terms of the proposed business combination. In the event the aggregate cash consideration we would be required to pay for all shares of Class A common stock that are validly submitted for redemption plus any amount required to satisfy cash conditions pursuant to the terms of the proposed business combination exceed the aggregate amount of cash available to us, we will not complete the business combination or redeem any shares, and all shares of Class A common stock submitted for redemption will be returned to the holders thereof.

Limitation on redemption in connection with our initial business combination if we seek stockholder approval

Notwithstanding the foregoing, if we seek stockholder approval of our initial business combination and we do not conduct redemptions in connection with our initial business combination pursuant to the tender offer rules, our amended and restated certificate of incorporation will provide that a public stockholder, together with any affiliate of such stockholder or any other person with whom such stockholder is acting in concert or as a "group" (as defined under Section 13 of the Exchange Act), will be restricted

from seeking redemption rights with respect to more than an aggregate of 15% of the shares sold in this offering, without our prior consent, which we refer to as the “Excess Shares.” We believe this restriction will discourage stockholders from accumulating large blocks of shares, and subsequent attempts by such holders to use their ability to exercise their redemption rights against a proposed business combination as a means to force us or our affiliates to purchase their shares at a significant premium to the then-current market price or on other undesirable terms. Absent this provision, a public stockholder holding more than an aggregate of 15% of the shares sold in this offering could threaten to exercise its redemption rights if such holder’s shares are not purchased by us or our affiliates at a premium to the then-current market price or on other undesirable terms. By limiting our stockholders’ ability to redeem no more than 15% of the shares sold in this offering, we believe we will limit the ability of a small group of stockholders to unreasonably attempt to block our ability to complete our initial business combination, particularly in connection with a business combination with a target that requires as a closing condition that we have a minimum net worth or a certain amount of cash. However, we would not be restricting our stockholders’ ability to vote all of their shares (including Excess Shares) for or against our initial business combination.

Tendering stock certificates in connection with a tender offer or redemption rights

We may require our public stockholders seeking to exercise their redemption rights, whether they are record holders or hold their shares in “street name,” to either tender their certificates to our transfer agent prior to the date set forth in the tender offer documents or proxy materials mailed to such holders, or up to two business days prior to the vote on the proposal to approve the business combination in the event we distribute proxy materials or to deliver their shares to the transfer agent electronically using The Depository Trust Company’s DWAC (Deposit/Withdrawal At Custodian) System, rather than simply voting against the initial business combination at the holder’s option. The tender offer or proxy materials, as applicable, that we will furnish to holders of our public shares in connection with our initial business combination will indicate whether we are requiring public stockholders to satisfy such delivery requirements, which will include the requirement that any beneficial owner on whose behalf a redemption right is being exercised must identify itself in order to validly redeem its shares. Accordingly, a public stockholder would have from the time we send out our tender offer materials until the close of the tender offer period, or up to two business days prior to the vote on the business combination if we distribute proxy materials, as applicable, to tender its shares if it wishes to seek to exercise its redemption rights. Pursuant to the tender offer rules, the tender offer period will be not less than 20 business days and, in the case of a stockholder vote, a final proxy statement would be mailed to public stockholders at least 10 days prior to the stockholder vote. However, we expect that a draft proxy statement would be made available to such stockholders well in advance of such time, providing additional notice of redemption if we conduct redemptions in conjunction with a proxy solicitation. Given the relatively short exercise period, it is advisable for stockholders to use electronic delivery of their public shares.

There is a nominal cost associated with the above-referenced tendering process and the act of certificating the shares or delivering them through The Depository Trust Company’s DWAC (Deposit/ Withdrawal At Custodian) System. The transfer agent will typically charge the tendering broker \$80.00 and it would be up to the broker whether or not to pass this cost on to the redeeming holder. However, this fee would be incurred regardless of whether or not we require holders seeking to exercise redemption rights to tender their shares. The need to deliver shares is a requirement of exercising redemption rights regardless of the timing of when such delivery must be effectuated.

The foregoing is different from the procedures used by many blank check companies. In order to perfect redemption rights in connection with their business combinations, many blank check companies would distribute proxy materials for the stockholders’ vote on an initial business combination, and a holder could simply vote against a proposed business combination and check a box on the proxy card indicating such holder was seeking to exercise his or her redemption rights. After the business combination was approved, the company would contact such stockholder to arrange for him or her to deliver his or her certificate to verify ownership. As a result, the stockholder then had an “option window” after the completion of the business combination during which he or she could monitor the price of the company’s stock in the market. If the price rose above the redemption price, he or she could sell his or her shares in the open market before actually delivering his or her shares to the company for cancellation. As a result, the redemption rights, to which stockholders were aware they needed to commit before the stockholder meeting, would become “option” rights surviving past the completion of the business combination until the redeeming holder delivered its certificate. The requirement for physical or electronic delivery prior to the meeting ensures that a redeeming holder’s election to redeem is irrevocable once the business combination is approved.

Any request to redeem such shares, once made, may be withdrawn at any time up to the date set forth in the tender offer materials or the date of the stockholder meeting set forth in our proxy materials, as applicable. Furthermore, if a holder of a public share delivered its certificate in connection with an election of redemption rights and subsequently decides prior to the applicable date not to elect to exercise such rights, such holder may simply request that the transfer agent return the certificate (physically or electronically). It is anticipated that the funds to be distributed to holders of our public shares electing to redeem their shares will be distributed promptly after the completion of our initial business combination.

If our initial business combination is not approved or completed for any reason, then our public stockholders who elected to exercise their redemption rights would not be entitled to redeem their shares for the applicable pro rata share of the trust account. In such case, we will promptly return any certificates delivered by public holders who elected to redeem their shares.

If our initial proposed business combination is not completed, we may continue to try to complete a business combination with a different target until the end of the completion window.

Redemption of public shares and liquidation if no initial business combination

Our amended and restated certificate of incorporation provides that we will have only the time of the completion window to complete our initial business combination. If we are unable to complete our initial business combination within such period, we will: (1) cease all operations except for the purpose of winding up; (2) as promptly as reasonably possible but not more than ten business days thereafter, redeem the public shares, at a per share price, payable in cash, equal to the aggregate amount then on deposit in the trust account, including interest (net of permitted withdrawals and up to \$100,000 of interest to pay dissolution expenses), divided by the number of then outstanding public shares, which redemption will completely extinguish public stockholders’ rights as stockholders (including the right to receive further liquidating distributions, if any), subject to applicable law; and (3) as promptly as reasonably possible following such redemption, subject to the approval of our remaining stockholders and our board of directors, dissolve and liquidate, subject in each case to our obligations under Delaware law to provide for claims of creditors and the requirements of other applicable law. There will be no redemption rights or liquidating distributions with respect to our warrants, which will expire worthless if we fail to complete our initial business combination within the completion window.

Our initial stockholders, officers and directors have entered into a letter agreement with us, pursuant to which they have waived their rights to liquidating distributions from the trust account with respect to any founder shares held by them if we fail to complete our initial business combination within the completion window. However, if our sponsor or any of our officers and directors acquires public shares after this offering, it will be entitled to liquidating distributions from the trust account with respect to such public shares if we fail to complete our initial business combination within the completion window.

Our sponsor, officers and directors have agreed, pursuant to a written agreement with us, that they will not propose any amendment to our amended and restated certificate of incorporation to modify the substance or timing of our obligation to provide for the redemption of our public shares in connection with an initial business combination or to redeem 100% of our public shares if we do not complete our initial business combination within the completion window, unless we provide our public stockholders with the

opportunity to redeem their shares of Class A common stock upon approval of any such amendment at a per share price, payable in cash, equal to the aggregate amount then on deposit in the trust account, including interest (net of permitted withdrawals), divided by the number of then outstanding public shares. However, we may not redeem our public shares in an amount that would cause our net tangible assets to be less than \$5,000,001 (so that we do not then become subject to the SEC's "penny stock" rules) or any greater net tangible asset or cash requirement which may be contained in the agreement relating to our initial business combination.

We expect that all costs and expenses associated with implementing our plan of dissolution, as well as payments to any creditors, will be funded from amounts held outside the trust account, although we cannot assure you that there will be sufficient funds for such purpose. However, if those funds are not sufficient to cover the costs and expenses associated with implementing our plan of dissolution, to the extent that there is any interest accrued in the trust account not required to pay taxes or make other permitted withdrawals, we may request the trustee to release to us an additional amount of up to \$100,000 of such accrued interest to pay those costs and expenses.

If we were to expend all of the net proceeds of this offering and the sale of the private placement warrants, other than the proceeds deposited in the trust account, and without taking into account interest, if any, earned on the trust account and any permitted withdrawals or expenses for the dissolution of the trust, the per share redemption amount received by stockholders upon our dissolution would be \$10.00. The proceeds deposited in the trust account could, however, become subject to the claims of our creditors which would have higher priority than the claims of our public stockholders. We cannot assure you that the actual per share redemption amount received by stockholders will not be substantially less than \$10.00. Please see "Risk Factors — If third parties bring claims against us, the proceeds held in the trust account could be reduced and the per share redemption amount received by stockholders may be less than \$10.00 per share" and other risk factors described above. Under Section 281(b) of the DGCL, our plan of dissolution must provide for all claims against us to be paid in full or make provision for payments to be made in full, as applicable, if there are sufficient assets. These claims must be paid or provided for before we make any distribution of our remaining assets to our stockholders. While we intend to pay such amounts, if any, we cannot assure you that we will have funds sufficient to pay or provide for all creditors' claims.

Although we will seek to have all vendors, service providers (other than our independent registered public accounting firm), prospective target businesses or other entities with which we do business execute agreements with us waiving any right, title, interest or claim of any kind in or to any monies held in the trust account for the benefit of our public stockholders, there is no guarantee that they will execute such agreements or even if they execute such agreements that they would be prevented from bringing claims against the trust account including but not limited to fraudulent inducement, breach of fiduciary responsibility or other similar claims, as well as claims challenging the enforceability of the waiver, in each case in order to gain an advantage with respect to a claim against our assets, including the funds held in the trust account. If any third party refuses to execute an agreement waiving such claims to the monies held in the trust account, our management will perform an analysis of the alternatives available to it and will only enter into an agreement with a third party that has not executed a waiver if management believes that such third party's engagement would be significantly more beneficial to us than any alternative. Examples of possible instances where we may engage a third party that refuses to execute a waiver include the engagement of a third party consultant whose particular expertise or skills are believed by management to be significantly superior to those of other consultants that would agree to execute a waiver or in cases where we are unable to find a service provider willing to execute a waiver. In addition, there is no guarantee that such entities will agree to waive any claims they may have in the future as a result of, or arising out of, any negotiations, contracts or agreements with us and will not seek recourse against the trust account for any reason. In order to protect the amounts held in the trust account, our sponsor has agreed that it will be liable to us if and to the extent any claims by a third party (other than our independent registered public accounting firm) for services rendered or products sold to us, or a prospective target business with which we have discussed entering into a transaction agreement, reduce the amount of funds in the trust account to below (1) \$10.00 per public share in the aggregate or (2) the actual amount per public share held in the trust account, if less than \$10.00 per share due to reductions in the value of the trust assets, in each case net of permitted withdrawals, except as to any claims by a third party that executed a waiver of any and all rights to the monies held in the trust account (whether any such waiver is enforceable) and except as to any claims under our indemnity of the underwriters of this offering against certain liabilities, including liabilities under the Securities Act. We have not independently verified whether our sponsor has sufficient funds to satisfy its indemnity obligations and believe that our sponsor's only assets are securities of our company and, therefore, our sponsor may not be able to satisfy those obligations. We have not asked our sponsor to reserve for such obligations. Therefore, we cannot assure you that our sponsor would be able to satisfy those obligations. As a result, if any such claims were successfully made against the trust account, the funds available for our initial business combination and redemptions could be reduced to less than \$10.00 per public share. In such event, we may not be able to complete our initial business combination, and you would receive such lesser amount per share in connection with any redemption of your public shares. None of our officers will indemnify us for claims by third parties including, without limitation, claims by vendors and prospective target businesses. None of our other officers will indemnify us for claims by third parties including, without limitation, claims by vendors and prospective target businesses.

In the event that the proceeds in the trust account are reduced below: (1) \$10.00 per public share in the aggregate; or (2) the actual amount per public share held in the trust account, if less than \$10.00 per share due to reductions in the value of the trust assets, in each case net of permitted withdrawals, and our sponsor asserts that it is unable to satisfy its indemnification obligations or that it has no indemnification obligations related to a particular claim, our independent directors would determine whether to take legal action against our sponsor to enforce its indemnification obligations. While we currently expect that our independent directors would take legal action on our behalf against our sponsor to enforce its indemnification obligations to us, it is possible that our independent directors in exercising their business judgment may choose not to do so in certain instances. For example, the cost of such legal action may be deemed by the independent directors to be too high relative to the amount recoverable or the independent directors may determine that a favorable outcome is not likely. Accordingly, we cannot assure you that due to claims of creditors the actual value of the per share redemption price will not be substantially less than \$10.00 per share. Please see "Risk Factors — If third parties bring claims against us, the proceeds held in the trust account could be reduced and the per share redemption amount received by stockholders may be less than \$10.00 per share" and other risk factors described above.

We will seek to reduce the possibility that our sponsor will have to indemnify the trust account due to claims of creditors by endeavoring to have all vendors, service providers (other than our independent registered public accounting firm), prospective target businesses or other entities with which we do business execute agreements with us waiving any right, title, interest or claim of any kind in or to monies held in the trust account. Our sponsor will also not be liable as to any claims under our indemnity of the underwriters of this offering against certain liabilities, including liabilities under the Securities Act. In the event that we liquidate and it is subsequently determined that the reserve for claims and liabilities is insufficient, stockholders who received funds from our trust account could be liable for claims made by creditors.

Under the DGCL, stockholders may be held liable for claims by third parties against a corporation to the extent of distributions received by them in a dissolution. The pro rata portion of our trust account distributed to our public stockholders upon the redemption of our public shares in the event we do not complete our initial business combination within the completion window may be considered a liquidating distribution under Delaware law. If the corporation complies with certain procedures set forth in Section 280 of the DGCL intended to ensure that it makes reasonable provision for all claims against it, including a 60-day notice period during which any third-party claims can be brought against the corporation, a 90-day period during which the corporation may reject any claims brought, and an additional 150-day waiting period before any liquidating distributions are made to stockholders, any liability of stockholders with respect to a liquidating distribution is limited to the lesser of such stockholder's pro rata share of the claim or the amount distributed to the stockholder, and any liability of the stockholder would be barred after the third anniversary of the dissolution.

Furthermore, if the pro rata portion of our trust account distributed to our public stockholders upon the redemption of our public shares in the event we do not complete our initial business combination within the completion window, is not considered a liquidating distribution under Delaware law and such redemption distribution is deemed to be unlawful, then pursuant to Section 174 of the DGCL, the statute of limitations for claims of creditors could then be six years after the unlawful redemption distribution, instead of three years, as in the case of a liquidating distribution. If we are unable to complete our initial business combination within the completion window, we will: (1) cease all operations except for the purpose of winding up; (2) as promptly as reasonably possible but not more than ten business days thereafter, redeem the public shares, at a per share price, payable in cash, equal to the aggregate amount then on deposit in the trust account, including interest (net of permitted withdrawals and up to \$100,000 of interest to pay dissolution expenses), divided by the number of then outstanding public shares, which redemption will completely extinguish public stockholders' rights as stockholders (including the right to receive further liquidating distributions, if any), subject to applicable law; and (3) as promptly as reasonably possible following such redemption, subject to the approval of our remaining stockholders and our board of directors, dissolve and liquidate, subject in each case to our obligations under Delaware law to provide for claims of creditors and the requirements of other applicable law. Accordingly, it is our intention to redeem our public shares as soon as reasonably possible following the expiration of the completion window and, therefore, we do not intend to comply with those procedures. As such, our stockholders could potentially be liable for any claims to

Because we will not be complying with Section 280, Section 281(b) of the DGCL requires us to adopt a plan, based on facts known to us at such time that will provide for our payment of all existing and pending claims or claims that may be potentially brought against us within the subsequent ten years. However, because we are a blank check company, rather than an operating company, and our operations will be limited to searching for prospective target businesses to acquire, the only likely claims to arise would be from our vendors (such as lawyers, investment bankers, etc.) or prospective target businesses. As described above, pursuant to the obligation contained in our underwriting agreement, we will seek to have all vendors, service providers (other than our independent registered public accounting firm), prospective target businesses or other entities with which we do business execute agreements with us waiving any right, title, interest or claim of any kind in or to any monies held in the trust account. As a result of this obligation, the claims that could be made against us are significantly limited and the likelihood that any claim that would result in any liability extending to the trust account is remote.

Further, our sponsor may be liable only to the extent necessary to ensure that the amounts in the trust account are not reduced below: (1) \$10.00 per public share; or (2) the actual amount per public share held in the trust account as of the date of the liquidation of the trust account, if less than \$10.00 per share due to reductions in value of the trust assets, in each case net of permitted withdrawals and will not be liable as to any claims under our indemnity of the underwriters of this offering against certain liabilities, including liabilities under the Securities Act.

If we file a bankruptcy petition or an involuntary bankruptcy petition is filed against us that is not dismissed, the proceeds held in the trust account could be subject to applicable bankruptcy law, and may be included in our bankruptcy estate and subject to the claims of third parties with priority over the claims of our stockholders. To the extent any bankruptcy claims deplete the trust account, we cannot assure you we will be able to return \$10.00 per share to our public stockholders. Additionally, if we file a bankruptcy petition or an involuntary bankruptcy petition is filed against us that is not dismissed, any distributions received by stockholders could be viewed under applicable debtor/creditor and/or bankruptcy laws as either a “preferential transfer” or a “fraudulent conveyance.” As a result, a bankruptcy court could seek to recover some or all amounts received by our stockholders. Furthermore, our board may be viewed as having breached its fiduciary duty to our creditors and/or may have acted in bad faith, and thereby exposing itself and our company to claims of punitive damages, by paying public stockholders from the trust account prior to addressing the claims of creditors. We cannot assure you that claims will not be brought against us for these reasons. Please see “Risk Factors — If, after we distribute the proceeds in the trust account to our public stockholders, we file a bankruptcy petition or an involuntary bankruptcy petition is filed against us that is not dismissed, a bankruptcy court may seek to recover such proceeds, and the members of our board of directors may be viewed as having breached their fiduciary duties to our creditors, thereby exposing the members of our board of directors and us to claims of punitive damages.”

Our public stockholders will be entitled to receive funds from the trust account only in the event of the redemption of our public shares if we do not complete our initial business combination within the completion window, if they redeem their respective shares for cash in connection with a stockholder vote to amend our amended and restated certificate of incorporation to modify the substance and timing of our obligation to redeem 100% of our public shares, or if we do not complete our initial business combination within the completion window or if they redeem their respective shares for cash in connection with our initial business combination. In no other circumstances will a stockholder have any right or interest of any kind to or in the trust account. In the event we seek stockholder approval in connection with our initial business combination, a stockholder’s voting in connection with our initial business combination alone will not result in a stockholder’s redeeming its shares to us for an applicable pro rata share of the trust account. Such stockholder must have also exercised its redemption rights described above.

Comparison of redemption or purchase prices in connection with our initial business combination and if we fail to complete our initial business combination

The following table compares the redemptions and other permitted purchases of public shares that may take place in connection with the completion of our initial business combination and if we are unable to complete our initial business combination within the completion window.

	Redemptions in Connection with our Initial Business Combination	Other Permitted Purchases of Public Shares by our Affiliates	Redemptions if we fail to Complete an Initial Business Combination
Calculation of redemption price	Redemptions at the time of our initial business combination may be made pursuant to a tender offer or in connection with a stockholder vote. The redemption price will be the same whether we conduct redemptions pursuant to a tender offer or in connection with a stockholder vote. In either case, our public stockholders may redeem their public shares for cash equal to the aggregate amount then on deposit in the trust account as of two business days prior to the consummation of the initial business combination (which is initially anticipated to be \$10.00 per share), including interest (net of permitted withdrawals), divided by the number of then outstanding public shares, subject to the limitation that no redemptions will take place if all of the redemptions would cause our net tangible assets to be less than \$5,000,001 or any greater net tangible asset or cash requirement which may be contained in the agreement relating to our initial business combination and any limitations.	If we seek stockholder approval of our initial business combination, our sponsor, directors, officers, advisors or any of their respective affiliates may purchase shares in privately negotiated transactions or in the open market either prior to or following the completion of our initial business combination. Such purchases will only be made to the extent such purchases are made in compliance with Rule 10b-18, which is a safe harbor from liability for manipulation under Section 9(a)(2) and Rule 10b-5 of the Exchange Act. None of the funds in the trust account will be used to purchase shares in such transactions.	If we are unable to complete our initial business combination within the completion window, we will redeem all public shares at a per share price, payable in cash, equal to the aggregate amount then on deposit in the trust account, including interest (net of permitted withdrawals and up to \$100,000 of interest to pay dissolution expenses), divided by the number of then outstanding public shares.

Impact to remaining stockholders

The redemptions in connection with our initial business combination will reduce the book value per share for our remaining stockholders, who will bear the burden of the deferred underwriting commissions and permitted withdrawals (to the extent not paid from amounts accrued as interest on the funds held in the trust account).

If the permitted purchases described above are made, there will be no impact to our remaining stockholders because the purchase price would not be paid by us.

The redemption of our public shares if we fail to complete our initial business combination will reduce the book value per share for the shares held by our initial stockholders, who will be our only remaining stockholders after such redemptions.

Comparison of This Offering to Those of Blank Check Companies Subject to Rule 419

The following table compares the terms of this offering to the terms of an offering by a blank check company subject to the provisions of Rule 419. This comparison assumes that the gross proceeds, underwriting commissions and underwriting expenses of our offering would be identical to those of an offering undertaken by a company subject to Rule 419, and that the underwriters will not exercise their option to purchase additional units. None of the provisions of Rule 419 apply to our offering.

	<u>Terms of Our Offering</u>	<u>Terms Under a Rule 419 Offering</u>
Escrow of offering proceeds	<p>The rules of the NYSE provide that at least 90% of the gross proceeds from this offering and the sale of the private placement warrants be deposited in a trust account.</p> <p>\$150,000,000 of the net proceeds of this offering will be deposited into a trust account located in the United States with Continental Stock Transfer & Trust Company acting as trustee.</p>	<p>Approximately \$127,575,000 of the offering proceeds, representing the gross proceeds of this offering less allowable underwriting commissions, expenses and company deductions under Rule 419, would be required to be deposited into either an escrow account with an insured depository institution or in a separate bank account established by a broker-dealer in which the broker-dealer acts as trustee for persons having the beneficial interests in the account.</p>
Investment of net proceeds	<p>The proceeds of this offering held in the trust account will be invested only in U.S. government treasury bills with a maturity of 185 days or less or in money market funds that meet certain conditions under Rule 2a-7 under the Investment Company Act and that invest only in direct U.S. government obligations.</p>	<p>Proceeds could be invested only in specified securities such as a money market fund meeting conditions of the Investment Company Act or in securities that are direct obligations of, or obligations guaranteed as to principal or interest by, the United States.</p>
Receipt of interest on escrowed funds	<p>Interest on proceeds from the trust account to be paid to stockholders is reduced by: (1) permitted withdrawals; and (2) in the event of our liquidation for failure to complete our initial business combination within the allotted time, up to \$100,000 of net interest that may be released to us should we have no or insufficient working capital to fund the costs and expenses of our dissolution and liquidation</p>	<p>Interest on funds in escrow account would be held for the sole benefit of investors, unless and only after the funds held in escrow were released to us in connection with our completion of a business combination.</p>
Limitation on fair value or net assets of target business	<p>The NYSE rules require that an initial business combination must be with one or more operating businesses or assets with a fair market value equal to at least 80% of the net assets held in the trust account (net of amounts disbursed to management for working capital purposes, if applicable, and excluding the amount of any deferred underwriting discount).</p>	<p>The fair value or net assets of a target business must represent at least 80% of the maximum offering proceeds.</p>

	<u>Terms of Our Offering</u>	<u>Terms Under a Rule 419 Offering</u>
Trading of securities issued	<p>The units will begin trading on or promptly after the date of this prospectus. The Class A common stock and warrants constituting the units will begin separate trading on the 52nd day following the date of this prospectus unless B. Riley informs us of its decision to allow earlier separate trading, subject to our having filed the Current Report on Form 8-K described below and having issued a press release announcing when such separate trading will begin. We will file the Current Report on Form 8-K promptly after the closing of this offering. If the underwriters' option to purchase additional units is exercised following the initial filing of such Current Report on Form 8-K, a second or amended Current Report on Form 8-K will be filed to provide updated financial information to reflect the exercise of the underwriters' option to purchase additional units.</p>	<p>No trading of the units or the underlying common stock and warrants would be permitted until the completion of a business combination.</p> <p>During this period, the securities would be held in the escrow or trust account.</p>
Exercise of the warrants	<p>The warrants cannot be exercised until the later of 30 days after the completion of our initial business combination and 12 months from the closing of this offering.</p>	<p>The warrants could be exercised prior to the completion of a business combination, but securities received and cash paid in connection with the exercise would be deposited in the escrow or trust account.</p>

Election to remain an investor

We will provide our public stockholders with the opportunity to redeem their public shares for cash equal to their pro rata share of the aggregate amount then on deposit in the trust account as of two business days prior to the consummation of our initial business combination, including interest, net of permitted withdrawals, in connection with our initial business combination, subject to the limitations described herein. We may not be required by applicable law or stock exchange rules to hold a stockholder vote. If we are not required by applicable law or stock exchange rules and do not otherwise decide to hold a stockholder vote, we will, pursuant to our amended and restated certificate of incorporation, conduct the redemptions pursuant to the tender offer rules of the SEC and file tender offer documents with the SEC which will contain substantially the same financial and other information about the initial business combination and the redemption rights as is required under the SEC's proxy rules. If, however, we hold a stockholder vote, we will, like many blank check companies, offer to redeem shares in conjunction with a proxy solicitation pursuant to the proxy rules and not pursuant to the tender offer rules. Pursuant to the tender offer rules, the tender offer period will be not less than 20 business days and, in the case of a stockholder vote, a final proxy statement would be mailed to public stockholders at least 10 days prior to the stockholder vote. However, we expect that a draft proxy statement would be made available to such stockholders well in advance of such time, providing additional notice of redemption if we conduct redemptions in conjunction with a proxy solicitation. If we seek stockholder approval, we will complete our initial business combination only if a majority of the outstanding shares of common stock voted (or any greater vote required by law or stock exchange rule) are voted in favor of the business combination. A quorum for such meeting will consist of the holders present in person or by proxy of shares of outstanding capital stock of the company representing a majority of the voting power of all outstanding shares of capital stock of the company entitled to vote at such meeting. Additionally, each public stockholder may elect to redeem its public shares without voting and, if they do vote, irrespective of whether they vote for or against the proposed transaction.

A prospectus containing information pertaining to the business combination required by the SEC would be sent to each investor. Each investor would be given the opportunity to notify the company in writing, within a period of no less than 20 business days and no more than 45 business days from the effective date of a post-effective amendment to the company's registration statement, to decide if he, she or it elects to remain a stockholder of the company or require the return of his, her or its investment. If the company has not received the notification by the end of the 45th business day, funds and interest or dividends, if any, held in the trust or escrow account are automatically returned to the stockholder. Unless a sufficient number of investors elect to remain investors, all funds on deposit in the escrow account must be returned to all of the investors and none of the securities are issued.

Business combination deadline

Terms of Our Offering

If we are unable to complete an initial business combination within the completion window, we will: (1) cease all operations except for the purpose of winding up; (2) as promptly as reasonably possible but not more than ten business days thereafter, redeem 100% of the public shares, at a per share price, payable in cash, equal to the aggregate amount then on deposit in the trust account, including interest (net of permitted withdrawals and up to \$100,000 of interest to pay dissolution expenses), divided by the number of then outstanding public shares, which redemption will completely extinguish public stockholders' rights as stockholders (including the right to receive further liquidating distributions, if any), subject to applicable law; and (3) as promptly as reasonably possible following such redemption, subject to the approval of our remaining stockholders and our board of directors, dissolve and liquidate, subject in each case to our obligations under Delaware law to provide for claims of creditors and the requirements of other applicable law.

Terms Under a Rule 419 Offering

If an acquisition has not been completed within 18 months after the effective date of the company's registration statement, funds held in the trust or escrow account are returned to investors.

Release of funds

Terms of Our Offering

Except with respect to permitted withdrawals, the funds held in the trust account will not be released from the trust account until the earliest of: (1) the completion of our initial business combination; (2) the redemption of any public shares properly submitted in connection with a stockholder vote to amend our amended and restated certificate of incorporation to modify the substance or timing of our obligation to provide for the redemption of our public shares in connection with an initial business combination or to redeem 100% of our public shares if we do not complete our initial business combination within the completion window; and (3) the redemption of all of our public shares if we are unable to complete our initial business combination within the completion window, subject to applicable law.

Terms Under a Rule 419 Offering

The proceeds held in the escrow account are not released until the earlier of the completion of a business combination and the failure to effect a business combination within the allotted time.

Limitation on redemption rights of stockholders holding more than 15% of the shares sold in this offering if we hold a stockholder vote

If we seek stockholder approval of our initial business combination and we do not conduct redemptions in connection with our initial business combination pursuant to the tender offer rules, our amended and restated certificate of incorporation will provide that a public stockholder, together with any affiliate of such stockholder or any other person with whom such stockholder is acting in concert or as a “group” (as defined under Section 13 of the Exchange Act), will be restricted from seeking redemption rights with respect to Excess Shares (more than an aggregate of 15% of the shares sold in this offering). Our public stockholders’ inability to redeem Excess Shares will reduce their influence over our ability to complete our initial business combination and they could suffer a material loss on their investment in us if they sell Excess Shares in open market transactions.

Most blank check companies provide no restrictions on the ability of stockholders to redeem shares based on the number of shares held by such stockholders in connection with an initial business combination.

Tendering stock certificates in connection with a tender offer or redemption rights

We may require our public stockholders seeking to exercise their redemption rights, whether they are record holders or hold their shares in “street name,” to either tender their certificates to our transfer agent prior to the date set forth in the tender offer documents or proxy materials mailed to such holders or up to two business days prior to the vote on the proposal to approve the business combination in the event we distribute proxy materials, or to deliver their shares to the transfer agent electronically using The Depository Trust Company’s DWAC (Deposit/Withdrawal At Custodian) System, at the holder’s option. The tender offer or proxy materials, as applicable, that we will furnish to holders of our public shares in connection with our initial business combination will indicate whether we are requiring public stockholders to satisfy such delivery requirements, which will include the requirement that any beneficial owner on whose behalf a redemption right is being exercised must identify itself in order to validly redeem its shares. Accordingly, a public stockholder would have from the time we send out our tender offer materials until the close of the tender offer period, or up to two business days prior to the vote on the business combination if we distribute proxy materials, as applicable, to tender its shares if it wishes to seek to exercise its redemption rights.

In order to perfect redemption rights in connection with their business combinations, holders could vote against a proposed business combination and check a box on the proxy card indicating such holders were seeking to exercise their redemption rights. After the business combination was approved, the company would contact such stockholders to arrange for them to deliver their certificate to verify ownership.

Competition

In identifying, evaluating and selecting a target business for our initial business combination, we may encounter intense competition from other entities having a business objective similar to ours, including other blank check companies, private equity groups and leveraged buyout funds, public companies and operating businesses seeking strategic acquisitions. Many of these entities are well established and have extensive experience identifying and effecting business combinations directly or through affiliates. Moreover, many of these competitors possess greater financial, technical, human and other resources than us. Our ability to acquire larger target businesses will be limited by our available financial resources. This inherent limitation gives others an advantage in pursuing the acquisition of a target business. Furthermore, our obligation to pay cash in connection with our public stockholders who exercise their redemption rights may reduce the resources available to us for our initial business combination and our outstanding warrants, and the future dilution they potentially represent, may not be viewed favorably by certain target businesses. Either of these factors may place us at a competitive disadvantage in successfully negotiating an initial business combination.

Certain Potential Conflicts of Interest

Sponsor Indemnity

Our sponsor has agreed that it will be liable to us if and to the extent any claims by a third party (other than our independent registered public accounting firm) for services rendered or products sold to us, or a prospective target business with which we have discussed entering into a transaction agreement, reduce the amount of funds in the trust account to below: (1) \$10.00 per public share; or (2) the actual amount per public share held in the trust account as of the date of the liquidation of the trust account, if less than \$10.00 per share due to reductions in the value of the trust assets, in each case, net of permitted withdrawals, except as to any claims by a third party that executed a waiver of any and all rights to the monies held in the trust account (whether any such waiver is enforceable) and except as to any claims under our indemnity of the underwriters of this offering against certain liabilities, including liabilities under the Securities Act. We have not independently verified whether our sponsor has sufficient funds to satisfy its indemnity obligations and believe that our sponsor’s only assets are securities of our company and, therefore, our sponsor may not be able to satisfy those obligations. We have not asked our sponsor to reserve for such obligations. Therefore, we cannot assure you that our sponsor would be able to satisfy those obligations. We believe the likelihood of our sponsor having to indemnify the trust account is limited because we will endeavor to have all vendors and prospective target businesses as well as other entities execute agreements with us waiving any right, title, interest or claim of any kind in or to monies held in the trust account.

Facilities

We currently maintain our executive offices at 214 Brazilian Avenue, Suite 200-A, Palm Beach, FL 33480. The cost for this space is included in the \$10,000 per month fee that we will pay an affiliate of our sponsor for office space, administrative and support services. We consider our current office space adequate for our current operations.

Employees

We currently have two officers and do not intend to have any full-time employees prior to the completion of our initial business combination. Members of our management team are not obligated to devote any specific number of hours to our matters but they intend to devote as much of their time as they deem necessary to our affairs until we have completed our initial business combination. The amount of time that any such person will devote in any time period to our company will vary based on whether a target business has been selected for our initial business combination and the current stage of the business combination process.

Periodic Reporting and Financial Information

We will register our units, Class A common stock and warrants under the Exchange Act and have reporting obligations, including the requirement that we file annual, quarterly and current reports with the SEC. In accordance with the requirements of the Exchange Act, our annual reports will contain financial statements audited and reported on by our independent registered public accounting firm.

We will provide stockholders with audited financial statements of the prospective target business as part of the tender offer materials or proxy solicitation materials sent to stockholders to assist them in assessing the target business. These financial statements may be required to be prepared in accordance with, or be reconciled to, GAAP or IFRS, depending on the circumstances and the historical financial statements may be required to be audited in accordance with the PCAOB. These financial statement requirements may limit the pool of potential target businesses we may acquire because some targets may be unable to provide such financial statements in time for us to disclose such financial statements in accordance with federal proxy rules and complete our initial business combination within the completion window. We cannot assure you that any particular target business selected by us as a potential business combination candidate will have financial statements prepared in accordance with GAAP or that the potential target business will be able to prepare its financial statements in accordance with the requirements outlined above. To the extent that these requirements cannot be met, we may not be able to acquire the proposed target business. While this may limit the pool of potential business combination candidates, we do not believe that this limitation will be material.

We will be required to evaluate our internal control procedures for the fiscal year ending December 31, 2022 as required by the Sarbanes-Oxley Act. Only in the event we are deemed to be a large accelerated filer or an accelerated filer and no longer an emerging growth company will we be required to have our internal control procedures audited. A target business may not be in compliance with the provisions of the Sarbanes-Oxley Act regarding adequacy of their internal controls. The development of the internal controls of any such entity to achieve compliance with the Sarbanes-Oxley Act may increase the time and costs necessary to complete any such acquisition.

Prior to the date of this prospectus, we will file a registration statement on Form 8-A with the SEC to voluntarily register our securities under Section 12 of the Exchange Act. As a result, we will be subject to the rules and regulations promulgated under the Exchange Act. We have no current intention of filing a Form 15 to suspend our reporting or other obligations under the Exchange Act prior or subsequent to the consummation of our initial business combination.

We are an “emerging growth company,” as defined in Section 2(a) of the Securities Act, as modified by the JOBS Act. As such, we are eligible to take advantage of certain exemptions from various reporting requirements that are applicable to other public companies that are not “emerging growth companies” including, but not limited to, not being required to comply with the auditor attestation requirements of Section 404 of the Sarbanes-Oxley Act, reduced disclosure obligations regarding executive compensation in our periodic reports and proxy statements, and exemptions from the requirements of holding a non-binding advisory vote on executive compensation and stockholder approval of any golden parachute payments not previously approved. If some investors find our securities less attractive as a result, there may be a less active trading market for our securities and the prices of our securities may be more volatile.

In addition, Section 107 of the JOBS Act also provides that an “emerging growth company” can take advantage of the extended transition period provided in Section 7(a)(2)(B) of the Securities Act for complying with new or revised accounting standards. In other words, an “emerging growth company” can delay the adoption of certain accounting standards until those standards would otherwise apply to private companies. We intend to take advantage of the benefits of this extended transition period.

We will remain an emerging growth company until the earlier of: (1) the last day of the fiscal year (a) following the fifth anniversary of the completion of this offering, (b) in which we have total annual gross revenue of at least \$1.07 billion, or (c) in which we are deemed to be a large accelerated filer, which means the market value of our common stock that is held by non-affiliates exceeds \$700 million as of the end of the prior fiscal year’s second fiscal quarter; and (2) the date on which we have issued more than \$1.00 billion in non-convertible debt during the prior three-year period. References herein to “emerging growth company” shall have the meaning associated with it in the JOBS Act.

90

Legal Proceedings

Other than as set forth below, there is no material litigation, arbitration or governmental proceeding currently pending against us or any members of our management team in their capacity as such, and we and the members of our management team have not been subject to any such proceeding in the 12 months preceding the date of this prospectus.

Between 2015 and 2018, Relativity Media LLC and certain of its subsidiaries (collectively, “Relativity”) commenced a restructuring action under Chapter 11 of the U.S. Bankruptcy Code (“Chapter 11”). Ryan Kavanaugh, one of our director nominees was Chief Executive Officer of Relativity before, during and for a period following its restructuring. Relativity first exited the restructuring successfully in mid-2016, with Mr. Kavanaugh as co-managing member and co-CEO where he remained until the end of 2016. Relativity subsequently commenced a second restructuring action under Chapter 11 in early 2018. The debt of Relativity was sold to UltraV Holdings LLC (“UltraV”) later in 2018. Mr. Kavanaugh entered into a consulting agreement with UltraV in 2018 where Mr. Kavanaugh earned \$10,000 per month. Mr. Kavanaugh served as a consultant to UltraV for approximately one year. UltraV elected to do a 363 restructure in 2019 (unrelated to the consultancy agreement with Mr. Kavanaugh), which such restructuring was successfully completed in 2019. Mr. Kavanaugh has also been subject to certain other litigation over the years, including in connection with his tenure at Relativity and its initial Chapter 11 proceedings.

MANAGEMENT

Directors, Director Nominees and Executive Officers

Our directors, director nominees and officers are as follows:

Name	Age	Title
Omeed Malik	41	Chief Executive Officer, Chairman of the Board of Directors and Director
Joe Voboril	42	Chief Financial Officer and Director Nominee
Ryan Kavanaugh	46	Director Nominee
Eddie Kim	39	Director Nominee
Jonathan Keidan	47	Director Nominee
Keri Findley	38	Director Nominee
Claire Councill	26	Director Nominee

92

Omeed Malik is our Chief Executive Officer, Chairman of the Board of Directors and a Director. Since 2018, Omeed has served as the Founder and CEO of Farvahar Partners, a broker/dealer and investment bank that advises high growth, venture backed private companies around primary capital issuances, M&A and provides liquidity solutions through secondary transactions, having facilitated over several hundred million dollars of such deals.

Prior to starting his own firm, Omeed was a Managing Director and the Global Head of the Hedge Fund Advisory Business at Bank of America Merrill Lynch from 2012 to 2018. Omeed was also the founder and head of the Emerging Manager Program within the Global Equities business. In this capacity, Omeed was charged with selecting both established and new hedge funds for the firm to partner with and oversaw the allocation of financing/prime brokerage, capital strategy, business consulting and talent introduction resources.

Before joining Bank of America Merrill Lynch, Omeed was a Senior Vice President at MF Global where he helped reorganize the firm's distribution platform globally and developed execution and clearing relationships with institutional clients.

An experienced financial services professional and securities attorney, Omeed was a corporate lawyer at Weil, Gotshal & Manges LLP working on transactional matters in the capital markets, corporate governance, private equity and bankruptcy fields. Omeed has also worked in the United States Senate and House of Representatives. Omeed received a JD, with Honors, from Emory Law School (where he serves on the Advisory Board) and a BA in Philosophy and Political Science, Cum Laude, from Colgate University. He holds Series 7, 63, 3, 79 and 24 registrations.

Omeed is a Term Member of the Council on Foreign Relations, a Centennial Society Member of the Economic Club of New York and a Chairman's Circle Member of the Milken Institute. Omeed is a Contributing Editor and minority owner of The Daily Caller. Omeed was selected to serve on our Board of Directors due to his significant leadership and financial experience.

Joe Voboril is our Chief Financial Officer and Director Nominee. Since 2018, Joe has served as the Co-Founder and Managing Partner of Farvahar Partners, a broker/dealer and investment bank that advises high growth, venture backed private companies around primary capital issuances, M&A and provides liquidity solutions through secondary transactions, having facilitated over several hundred million dollars of such deals.

Joe was a public market investor at different hedge funds from 2002-2015 where he constructed and risk managed public equity portfolios, in roles ranging from analyst to portfolio manager, and CIO. Despite being a generalist, his areas of focus were in Consumer, Tech/Media/Telecom (TMT), and Financial Institutions. During that period Joe made over two hundred investments into growth equity businesses, with a core focus of identifying companies that have surpassed an inflection point.

At Bank of America from 2015 to 2018, Joe co-created the Hedge Fund Advisory group and managed the internal vetting effort of investment managers for Bank of America's Emerging Manager Program. He also led the banks' Separately Managed Account (SMA) Initiative, which assisted Pensions, Endowments, and Fund of Funds in optimizing the financing of their multi-manager portfolios.

Joe is a graduate of Colgate University with a double-major in Philosophy (honors) and Political Science. He was a member of the Track and Field team. He holds Series 7, 63 and 79 licenses. Joe was selected to serve on our Board of Directors due to his significant leadership and financial experience.

Ryan Kavanaugh is a Director Nominee. Ryan Kavanaugh is one of the most accomplished, prolific and honored executives in entertainment industry history. Using an intelligent financial model of film finance, and dubbed the creator of "moneyball for movies", he produced, distributed, and/or structured financing for more than 200 films, generating more than \$20 billion in worldwide box office revenue and earning 60 Oscar nominations, holding the distinction of being the 25th highest grossing film producer of all time, including Fast and Furious 2-6, 300, Social Network, Limitless, Fighter, Talladega Nights, Step Brothers, and Mama Mia! Ryan and/or his films and shows have been Oscar, Emmy, Grammy and Tony nominated.

Ryan also originated a number of "first of their kind" deals including the creation of Marvel Studios where Kavanaugh pioneered an innovative finance deal for post-bankruptcy Marvel, creating the studio and finance structure which led to Marvel Cinematic Universe. He went on to create the SVOD (streaming) category with Netflix, an agreement that boosted that company's market capitalization significantly.

Ryan then launched a sports agency from the ground up, known today as Independent Sports & Entertainment, which under Kavanaugh's leadership grew to become the 2nd largest sports agency in the U.S. with over 2.5 billion dollars in player contracts.

He also created a television production company, now known as Critical Content, producing hit shows like Catfish on MTV and Limitless on CBS, which he sold for \$200 million. Prior to its sale the company had 40 television series on air across 19 networks.

Ryan has built and or invested in numerous successful tech and biotech companies including funding PreCash, renamed Noventus, which sold earlier this year for over \$300 million. Ryan seed invested in ZetaRX, which later reversed into a shell vehicle, Juno, the largest biotech IPO of 2014, and recently lead the acquisition, merger and re-launch of the social media and music app, Triller.

Ryan has earned several achievements and awards, from Variety's Producer of the Year Award to The Hollywood Reporters Leadership Award, from Fortune's 40 Under 40 Most Influential People in Business to Forbes' Future 400, Billion-Dollar Producer by the Daily Variety and the 100 Most Influential People in the World by Vanity Fair.

Since 2017, Ryan has served as Co-founder of Triller, one of the three fastest growing social media apps. In November 2020, he started The Fight Club, which launched with the record-breaking Tyson-Roy Jones Jr Pay Per View event becoming the 8th highest grossing PPV event. In 2017, Ryan also launched Proxima, a holding company set up to build media, technology, and related entities, and in 2016, Ryan served as Chief Executive Officer of Relativity Holdings, a media, sports, television and content company. Since 2017, Ryan has served as Chief Executive Officer of Knight Global, a family office.

Given his passion for animals, Ryan is also active in a pet food brand, Dog for Dog, who donates dog food to local and national shelters for each product purchased to save dogs from being euthanized. He also served on the boards of several charitable foundations including the Sheriff's Youth Foundation and Cedars-Sinai's Board of Governors and served as the Chairman of Art Of Elysian for almost 8 years amongst others. Ryan was selected to serve on our board of directors due to his significant leadership and entrepreneurial experience.

Eddie Kim Since 2019, Eddie has served as the Founder/CEO of Memo, one of the fastest growing companies in the brand insights industry, and counts the largest companies in the world as its clients. Memo is backed by MHS Capital, Susa Ventures and Founder Collective. Previously, from 2010 to 2019, Eddie was the Founder/CEO of SimpleReach.

Eddie is also the Founding Board Member of several companies, each of which is an industry leader in their respective categories.

Parachute Home has already been called the "Lululemon of the home category", a profitable 9 figure revenue business which continues to achieve outstanding growth. Parachute Home has raised from investors including HIG, Upfront Ventures and Flybridge Ventures.

Mixlab is the leading next-gen pet pharmacy with facilities in both NYC and LA. Mixlab has seen several consecutive years of 3x YoY growth and has an unprecedented perfect rating on every review site and platform. Mixlab's investors include Global Founders Capital, Monogram Capital and Mars Petcare.

Gracious Hospitality Management is the holding company for Cote Korean Steakhouse, the first and only Korean BBQ restaurant in the world to receive a Michelin star. Cote was part of Eater's Best New Restaurants list in 2018 and GQ's Best New Restaurants in America. Most recently, Cote opened its second location in Miami.

Eddie is also a Venture Partner at Lakehouse Ventures which invests in companies at the earliest stages. Lakehouse has invested in companies including Rhino and Billie well before they ever launched.

Eddie graduated from the University of Virginia with a BA in Music. He also studied Korean at Seoul National University and Chinese at Shanghai International Studies University. Eddie was selected to serve on our Board of Directors due to his significant leadership and financial experience.

Jonathan Keidan is a Director Nominee. Jonathan is an entrepreneur and investor who has focused his career on the intersection between consumers, media and technology. He is the co-founder of digital media company InsideHook, and the founder of Torch Capital since 2018, an early-stage consumer venture fund focusing on mission-oriented, next-gen consumer brands and tech platforms. Jonathan was an early backer of a number of top consumer startups including Compass, Zoc Doc, Acorns, Sweetgreen, Ro (Roman), Digital Ocean which have a total current market value of over \$13B. He also was the initial backer of Sir Kensington's Condiments—acquired by Unilever and Parcel – acquired by Walmart. Jonathan has also served as President of Keidan Management, Inc. since 1998.

Jonathan previously worked at McKinsey & Company in their Media & Technology practice. He then went on to work for former General Electric CEO, Jack Welch, launching his online education venture and at Mendeley, a UK tech company that offered the world's largest online research collaboration platform. He started his career in the entertainment business, where he founded a music talent management company, developing and directing the careers of high-profile artists, songwriters and producers.

94

Jonathan has an MBA from Columbia Business School and a BA from Washington University in St. Louis. He is a founding board member of the Bronx Success Academy I elementary charter school, and a board member of All-Star Code, an organization training minority boys to code and encouraging more diversity in the tech industry. He is also a life member of the Council on Foreign Relations and the Co-Trustee of the George Gershwin Family Trust. Jonathan was selected to serve on our Board of Directors due to his significant leadership and financial experience.

Keri Findley is a Director Nominee. Keri has served as Senior Managing Director of SuRo Capital since 2020, a Nasdaq-listed BDC (NASDAQ:SSSS) designed to provide access to high-growth, venture capital-backed emerging private companies. Prior to joining SuRo Capital, Keri Findley pioneered a unique form of asset-based lending to venture-backed companies. Among others, she lent funds to companies backed by top-tier VCs.

Before that Keri was Partner at Third Point LLC from 2016 to 2017, a hedge fund founded and run by Daniel Loeb, from 2009 to 2017, having joined the firm to start and build its structured credit business.

Prior to joining Third Point, Keri was an analyst with EOS Partners, an alternative investment firm, and before that with D.B. Zwirn & Co., a special situations investment firm spun off from Highbridge Capital Management (now part of JPMorgan Chase).

Keri serves as an advisor to Firework Ventures and 8VC, a venture capital firm founded by Joe Lonsdale, and on the boards of directors of Clearbanc, Point Digital, and Shogun.

Keri earned a B.S. in Operations Research from Columbia University. Keri was selected to serve on our Board of Directors due to her significant leadership and financial experience.

Claire Council is a Director Nominee. Claire has served as an investor at SuRo Capital since 2019. Prior to SuRo Capital, from 2018-2019, Claire worked in strategic finance at 1stdibs, a VC-backed luxury ecommerce marketplace, where she helped the company execute M&A and raise Series D financing.

She began her career in investment banking at Goldman Sachs in New York where she served as an investment banking analyst from 2017 to 2018.

Claire graduated with a M.S. in Finance and B.A. in Art History with distinction from the University of Virginia, where she was a Jefferson Scholar. Claire was selected to serve on our Board of Directors due to her significant leadership and financial experience.

Number and Terms of Office of Officers and Directors

Upon the effectiveness of the registration statement of which this prospectus forms a part, we expect that our board of directors will consist of 7 members. Holders of our founder shares will have the right to elect all of our directors prior to consummation of our initial business combination and holders of our public shares will not have the right to vote on the election of directors during such time; provided, however, that with respect to the election of directors in connection with a meeting of the stockholders of the Company in which a business combination is submitted to the stockholders of the Company for approval, holders of the Class A common stock and holders of the Class B common stock, voting together as a single class, shall have the exclusive right to vote for the election of directors. These provisions of our amended and restated certificate of incorporation may only be amended if approved by a majority of the Class B common stock then outstanding. Our board of directors will be divided into three classes with only one class of directors being elected in each year and each class (except for those directors appointed prior to our first annual meeting of stockholders) serving a three-year term. The term of office of the first class of directors, consisting of Omeed Malik and Joe Voboril, will expire at our first annual meeting of stockholders. The term of office of the second class of directors, consisting of Jonathan Keidan, Eddie Kim, and Claire Council, will expire at the second annual meeting of stockholders. The term of office of the third class of directors, consisting of Ryan Kavanaugh and Keri Findley, will expire at the third annual meeting of stockholders. We may not hold an annual meeting of stockholders until after we consummate our initial business combination. Subject to any other special rights applicable to the stockholders, any vacancies on our board of directors may be filled by the affirmative vote of a majority of the directors present and voting at the meeting of our board that includes any directors representing our sponsor then on our board, or by a majority of the holders of our founder shares.

Our officers are appointed by the board of directors and serve at the discretion of the board of directors, rather than for specific terms of office. Our board of directors is authorized to appoint persons to the offices set forth in our bylaws as it deems appropriate. Our bylaws will provide that our officers may consist of a Chief Executive Officer, a President, a Chief Financial Officer, Vice Presidents, a Secretary, Assistant Secretaries, a Treasurer, Assistant Treasurers and such other offices as may be determined by the board of directors.

95

Director Independence

The rules of the NYSE require that a majority of our board of directors be independent within one year of our initial public offering. An "independent director" is defined

generally as a person that, in the opinion of the company's board of directors, has no material relationship with the listed company (either directly or as a partner, shareholder or officer of an organization that has a relationship with the company). We expect to have "independent directors" as defined in the NYSE rules and applicable SEC rules prior to completion of this offering. Our board has determined that each of Eddie Kim, Jonathan Keidan, Keri Findley, and Claire Councill, is an independent director under applicable SEC and NYSE rules. Our independent directors will have regularly scheduled meetings at which only independent directors are present.

Executive Officer and Director Compensation

None of our officers or directors have received any compensation for services rendered to us. Our sponsor, officers, directors and their respective affiliates will be reimbursed for any out-of-pocket expenses incurred in connection with activities on our behalf such as identifying potential target businesses and performing due diligence on suitable business combinations. Our audit committee will review on a quarterly basis all payments that were made by us to our sponsor, officers, directors or our or any of their respective affiliates. Farvahar Capital is acting as an advisor to us in connection with this offering. Farvahar Capital is acting as an advisor to us in connection with this offering. We may engage Farvahar Capital, or another affiliate of our sponsor group, as our lead financial advisor in connection with our initial business combination and may pay such affiliate a customary financial advisory fee in an amount that constitutes a market standard financial advisory fee for comparable transactions.

After the completion of our initial business combination, directors or members of our management team who remain with us may be paid consulting, management or other compensation from the combined company. All compensation will be fully disclosed to stockholders, to the extent then known, in the tender offer materials or proxy solicitation materials furnished to our stockholders in connection with a proposed business combination. It is unlikely the amount of such compensation will be known at the time, because the directors of the post-combination business will be responsible for determining executive officer and director compensation. Any compensation to be paid to our officers after the completion of our initial business combination will be determined by a compensation committee constituted solely by independent directors.

We are not party to any agreements with our executive officers and directors that provide for benefits upon termination of employment. The existence or terms of any such employment or consulting arrangements may influence our management's motivation in identifying or selecting a target business, and we do not believe that the ability of our management to remain with us after the consummation of our initial business combination should be a determining factor in our decision to proceed with any potential business combination.

Committees of the Board of Directors

Upon the effective date of the registration statement of which this prospectus forms a part, our board of directors will have three standing committees: an audit committee, a compensation committee and a nominating and corporate governance committee. Both our audit committee and our compensation committee will be composed solely of independent directors. Subject to phase-in rules, the rules of NYSE and Rule 10A-3 of the Exchange Act require that the audit committee of a listed company be comprised solely of independent directors, and the rules of NYSE require that the compensation committee and the nominating and corporate governance committee of a listed company be comprised solely of independent directors. Each committee will operate under a charter that will be approved by our board and will have the composition and responsibilities described below. The charter of each committee will be available on our website following the closing of this offering.

Audit Committee

Upon the effectiveness of the registration statement of which this prospectus forms a part, we will establish an audit committee of the board of directors. The audit committee will initially be comprised of Claire Councill, Eddie Kim, and Keri Findley, who will serve as the chair of the audit committee. We are utilizing the phase-in provisions of Rule 303A of the NYSE rules, which allows us to have one independent member on our audit committee at the time of listing.

Each member of the audit committee is financially literate and our board of directors has determined that Keri Findley qualifies as an "audit committee financial expert" as defined in applicable SEC rules and has accounting or related financial management expertise.

We will adopt an audit committee charter, which will detail the purpose and principal functions of the audit committee, including:

96

- assisting board oversight of (1) the integrity of our financial statements, (2) our compliance with legal and regulatory requirements, (3) our independent auditor's qualifications and independence, and (4) the performance of our internal audit function and independent auditors;
- the appointment, compensation, retention, replacement, and oversight of the work of the independent auditors and any other independent registered public accounting firm engaged by us;
- pre-approving all audit and non-audit services to be provided by the independent auditors or any other registered public accounting firm engaged by us, and establishing pre-approval policies and procedures;
- reviewing and discussing with the independent auditors all relationships the auditors have with us in order to evaluate their continued independence;
- setting clear hiring policies for employees or former employees of the independent auditors;
- setting clear policies for audit partner rotation in compliance with applicable laws and regulations;
- obtaining and reviewing a report, at least annually, from the independent auditors describing (1) the independent auditor's internal quality-control procedures and (2) any material issues raised by the most recent internal quality-control review, or peer review, of the audit firm, or by any inquiry or investigation by governmental or professional authorities, within the preceding five years respecting one or more independent audits carried out by the firm and any steps taken to deal with such issues;
- meeting to review and discuss our annual audited financial statements and quarterly financial statements with management and the independent auditor, including reviewing our specific disclosures under "Management's Discussion and Analysis of Financial Condition and Results of Operations";
- reviewing and approving any related party transaction required to be disclosed pursuant to Item 404 of Regulation S-K promulgated by the SEC prior to us entering into such transaction; and
- reviewing with management, the independent auditors, and our legal advisors, as appropriate, any legal, regulatory or compliance matters, including any correspondence with regulators or government agencies and any employee complaints or published reports that raise material issues regarding our financial statements or accounting policies and any significant changes in accounting standards or rules promulgated by the Financial Accounting Standards Board, the SEC or other regulatory authorities.

Compensation Committee

Upon the effectiveness of the registration statement of which this prospectus forms a part, we will establish a compensation committee of the board of directors. The members of our compensation committee will be Keri Findley, Claire Councill, and Jonathan Keidan, who will serve as chair of the compensation committee. We are utilizing the phase-in provisions of Rule 303A of the NYSE rules, which allows us to have one independent member on the committee at the time of listing.

We will adopt a compensation committee charter, which will detail the purpose and responsibility of the compensation committee, including:

- reviewing and approving on an annual basis the corporate goals and objectives relevant to our Chief Executive Officer's compensation, evaluating our Chief Executive Officer's performance in light of such goals and objectives and determining and approving the remuneration (if any) of our Chief Executive Officer based on such evaluation;
- reviewing and making recommendations to our board of directors with respect to (or approving, if such authority is so delegated by our board of directors) the compensation, and any incentive- compensation and equity-based plans that are subject to board approval of all of our other officers;
- reviewing our executive compensation policies and plans;
- implementing and administering our incentive compensation equity-based remuneration plans;
- assisting management in complying with our proxy statement and annual report disclosure requirements;
- approving all special perquisites, special cash payments and other special compensation and benefit arrangements for our officers and employees;
- producing a report on executive compensation to be included in our annual proxy statement; and
- reviewing, evaluating and recommending changes, if appropriate, to the remuneration for directors.

The charter will also provide that the compensation committee may, in its sole discretion, retain or obtain the advice of a compensation consultant, independent legal counsel or other advisor and will be directly responsible for the appointment, compensation and oversight of the work of any such adviser.

However, before engaging or receiving advice from a compensation consultant, external legal counsel or any other adviser, the compensation committee will consider the independence of each such advisor, including the factors required by the NYSE and the SEC.

Nominating and Corporate Governance Committee

Upon the effectiveness of the registration statement of which this prospectus forms a part, we will establish a nominating and corporate governance committee of the board of directors. The members of our nominating and corporate governance committee will be Jonathan Keidan, Keri Findley, and Claire Council, who will serve as chair of the nominating and corporate governance committee. We are utilizing the phase-in provisions of Rule 303A of the NYSE rules, which allows us to have one independent member on the committee at the time of listing.

We will adopt a nominating and corporate governance committee charter, which will detail the purpose and responsibilities of the nominating and corporate governance committee, including:

- identifying, screening and reviewing individuals qualified to serve as directors, consistent with criteria approved by the board, and recommending to the board of directors candidates for nomination for election at the annual meeting of stockholders or to fill vacancies on the board of directors;
- developing and recommending to the board of directors and overseeing implementation of our corporate governance guidelines;
- coordinating and overseeing the annual self-evaluation of the board of directors, its committees, individual directors and management in the governance of the company; and
- reviewing on a regular basis our overall corporate governance and recommending improvements as and when necessary.

The charter will also provide that the nominating and corporate governance committee may, in its sole discretion, retain or obtain the advice of, and terminate, any search firm to be used to identify director candidates, and will be directly responsible for approving the search firm's fees and other retention terms.

We have not formally established any specific, minimum qualifications that must be met or skills that are necessary for directors to possess. In general, in identifying and evaluating nominees for director, the board of directors considers educational background, diversity of professional experience, knowledge of our business, integrity, professional reputation, independence, wisdom, and the ability to represent the best interests of our stockholders. Prior to our initial business combination, holders of our public shares will not have the right to recommend director candidates for nomination to our board of directors.

Compensation Committee Interlocks and Insider Participation

None of our officers currently serves, and in the past year has not served, as a member of the board of directors or compensation committee of any entity that has one or more officers serving on our board of directors.

Code of Ethics

Prior to the effectiveness of the registration statement of which this prospectus is a part, we will have adopted a Code of Ethics applicable to our directors, officers and employees. We will file a copy of our form of Code of Ethics and our audit committee charter as exhibits to the registration statement.

You will be able to review these documents by accessing our public filings at the SEC's website at www.sec.gov. In addition, a copy of the Code of Ethics will be provided without charge upon request from us. We intend to disclose any amendments to or waivers of certain provisions of our Code of Ethics in a Current Report on Form 8-K. Please see "Where You Can Find Additional Information."

Conflicts of Interest

Our management team is responsible for the management of our affairs. As described above and below, each of our officers and directors presently has, and any of them in the future may have additional, fiduciary, contractual or other obligations or duties to one or more other entities pursuant to which such officer or director is or will be required to present a business combination opportunity to such entities. Accordingly, if any of our officers or directors becomes aware of a business combination opportunity that is suitable for one or more entities to which he or she has fiduciary, contractual or other obligations or duties, he or she will honor these obligations and duties to present such

business combination opportunity to such entities first, and only present it to us if such entities reject the opportunity and he or she determines to present the opportunity to us (including as described in “Proposed Business — Sourcing of Potential Business Combination Targets”). These conflicts may not be resolved in our favor and a potential target business may be presented to another entity prior to its presentation to us.

Our Strategic and Operating Partners and their personnel, if any, may have a duty to offer acquisition opportunities to clients or other parties. Such persons will have no duty to offer acquisition opportunities to the Company unless presented to them solely in their capacity as a director of the Company and after they have satisfied any contractual and fiduciary obligations to other parties.

As a result, such persons may compete with us for acquisition opportunities in the same industries and sectors as we may target for our initial business combination. Consequently, we may be precluded from procuring such opportunities. In addition, investment ideas may be suitable both for us and for a Strategic Partner or Operating Partner or any of its clients, and will be directed initially to such persons rather than to us.

Potential investors should also be aware of the following other potential conflicts of interest:

- None of our officers or directors is required to commit his or her full time to our affairs and, accordingly, may have conflicts of interest in allocating his or her time among various business activities.
- In the course of their other business activities, our officers and directors may become aware of investment and business opportunities which may be appropriate for presentation to us as well as the other entities with which they are affiliated. Our management may have conflicts of interest in determining to which entity a particular business opportunity should be presented. Please see “— Directors, Director Nominees and Executive Officers” for a description of our management’s other affiliations.
- Our sponsor, officers and directors have agreed to waive their redemption rights with respect to any founder shares and any public shares held by them in connection with the consummation of our initial business combination. Additionally, our initial stockholders, officers and directors have agreed to waive their rights to liquidating distributions from the trust account with respect to any founder shares held by them if we fail to consummate our initial business combination within the completion window. However, if our initial stockholders or any of our officers, directors or affiliates acquire public shares in or after this offering, they will be entitled to liquidating distributions from the trust account with respect to such public shares if we fail to consummate our initial business combination within the completion window. If we do not complete our initial business combination within such applicable time period, the proceeds of the sale of the private placement warrants held in the trust account will be used to fund the redemption of our public shares, and the private placement warrants will expire worthless. With certain limited exceptions, the founder shares will not be transferable, assignable or salable by our initial stockholders until the earlier of: (1) one year after the completion of our initial business combination; and (2) the date on which we consummate a liquidation, merger, stock exchange, reorganization or other similar transaction after our initial business combination that results in all of our public stockholders having the right to exchange their shares of common stock for cash, securities or other property. Notwithstanding the foregoing, if the closing price of our Class A common stock equals or exceeds \$12.00 per share (as adjusted for stock splits, stock dividends, reorganizations, recapitalizations and the like) for any 20 trading days within any 30-trading day period commencing at least 150 days after our initial business combination, the founder shares will be released from the lock-up. With certain limited exceptions, the private placement warrants and the shares of common stock underlying such warrants, will not be transferable, assignable or salable by our sponsor until 30 days after the completion of our initial business combination. Since our sponsor, officers and directors may directly or indirectly own common stock and warrants following this offering, our officers and directors may have a conflict of interest in determining whether a particular target business is an appropriate business with which to effectuate our initial business combination.
- Our key personnel may negotiate employment or consulting agreements with a target business in connection with a particular business combination. These agreements may provide for them to receive compensation following our initial business combination and, as a result, may cause them to have conflicts of interest in determining whether to proceed with a particular business combination.
- Our key personnel may have a conflict of interest with respect to evaluating a particular business combination if the retention or resignation of any such key personnel was included by a target business as a condition to any agreement with respect to our initial business combination.

- We may engage Farvahar Capital, or another affiliate of our sponsor group, as our lead financial advisor in connection with our initial business combination and may pay such affiliate a customary financial advisory fee in an amount that constitutes a market standard financial advisory fee for comparable transactions. See “Risk Factors — We may engage Farvahar Capital, or another affiliate of our sponsor group, as our lead financial advisor on our business combinations and other transactions. Any fee in connection with such engagement may be conditioned upon the completion of such transactions. This financial interest in the completion of such transactions may influence the advice such affiliate provides.”

The conflicts described above may not be resolved in our favor.

In general, officers and directors of a corporation incorporated under the laws of the State of Delaware are required to present business opportunities to a corporation if:

- the corporation could financially undertake the opportunity;
- the opportunity is within the corporation’s line of business; and
- it would not be fair to the corporation and its stockholders for the opportunity not to be brought to the attention of the corporation.

Accordingly, as a result of multiple business affiliations, our officers and directors have similar legal obligations and duties relating to presenting business opportunities meeting the above-listed criteria to multiple entities. Furthermore, our amended and restated certificate of incorporation will provide that the doctrine of corporate opportunity will not apply with respect to any of our officers or directors in circumstances where the application of the doctrine would conflict with any fiduciary duties or contractual obligations they may have, and there will not be any expectancy that any of our directors or officers will offer any such corporate opportunity of which he or she may become aware to us. Below is a table summarizing the entities to which our officers, directors and director nominees currently have fiduciary duties or contractual obligations that may present a conflict of interest:

<u>Name of Individual</u>	<u>Entity Name</u>	<u>Entity’s Business</u>	<u>Affiliation</u>
Omeed Malik	Farvahar Partners	Investment Banking and Advisory Services	Founder and Chief Executive Officer
Joe Voboril	Farvahar Partners	Investment Banking and Advisory Services	Co-Founder and Managing Partner
Jonathan Keidan	Torch Capital	Financial services	Founder
Keri Findley	SuRo Capital Corp.	Financial Services	Senior Managing Director
Claire Council	SuRo Capital Corp.	Financial Services	Investor

Accordingly, if any of our officers or directors becomes aware of a business combination opportunity which is suitable for one or more entities to which he or she has fiduciary, contractual or other obligations or duties, he or she will honor these obligations and duties to present such business combination opportunity to such entities first, and

only present it to us if such entities reject the opportunity and he or she determines to present the opportunity to us (including as described in “Proposed Business — Sourcing of Potential Business Combination Targets”). These conflicts may not be resolved in our favor and a potential target business may be presented to another entity prior to its presentation to us.

We do not believe, however, that the fiduciary, contractual or other obligations or duties of our officers or directors, Farvahar Capital, Torch Capital or SuRo Capital, will materially affect our ability to complete our initial business combination. Our amended and restated certificate of incorporation will provide that we renounce our interest in any corporate opportunity offered to any director or officer unless (i) such opportunity is expressly offered to such person solely in his or her capacity as a director or officer of our company, (ii) such opportunity is one we are legally and contractually permitted to undertake and would otherwise be reasonable for us to pursue and (iii) the director or officer is permitted to refer the opportunity to us without violating another legal obligation.

We are not prohibited from pursuing an initial business combination with a company that is affiliated with our sponsor, officers or directors. In the event we seek to complete our initial business combination with a business that is affiliated with our sponsor, officers or directors, we, or a committee of independent and disinterested directors, will obtain an opinion from an independent investment banking firm that is a member of FINRA or from an independent accounting firm, that such initial business combination is fair to our company from a financial point of view. We are not required to obtain such an opinion in any other context.

100

In addition, our sponsor or any of its affiliates, or any of their respective clients, may make additional investments in the company in connection with the initial business combination, although our sponsor and its affiliates have no obligation or current intention to do so. If our sponsor or any of its affiliates elects to make additional investments, such proposed investments could influence our sponsor’s motivation to complete an initial business combination.

In the event that we submit our initial business combination to our public stockholders for a vote, our initial stockholders, officers and directors have agreed to vote any founder shares and any public shares held by them in favor of our initial business combination, and our officers and directors have also agreed to vote public shares purchased by them (if any) during or after this offering in favor of our initial business combination.

Limitation on Liability and Indemnification of Officers and Directors

Our amended and restated certificate of incorporation will provide that our officers and directors will be indemnified by us to the fullest extent authorized by Delaware law, as it now exists or may in the future be amended. In addition, our amended and restated certificate of incorporation will provide that our directors will not be personally liable for monetary damages to us or stockholders for breaches of their fiduciary duty as directors, except to the extent such exemption from liability or limitation thereof is not permitted by the DGCL.

We will enter into agreements with our officers and directors to provide contractual indemnification in addition to the indemnification provided for in our amended and restated certificate of incorporation. Our bylaws also permit us to maintain insurance on behalf of any officer, director or employee for any liability arising out of his or her actions, regardless of whether Delaware law would permit such indemnification. We will obtain a policy of directors’ and officers’ liability insurance that insures our officers and directors against the cost of defense, settlement or payment of a judgment in some circumstances and insures us against our obligations to indemnify our officers and directors.

These provisions may discourage stockholders from bringing a lawsuit against our directors for breach of their fiduciary duty. These provisions also may have the effect of reducing the likelihood of derivative litigation against directors and officers, even though such an action, if successful, might otherwise benefit us and our stockholders. Furthermore, a stockholder’s investment may be adversely affected to the extent we pay the costs of settlement and damage awards against officers and directors pursuant to these indemnification provisions.

We believe that these provisions, the insurance and the indemnity agreements are necessary to attract and retain talented and experienced officers and directors.

In connection with this registration statement, we have undertaken that insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers or persons controlling us pursuant to the foregoing provisions, we have been informed that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act and is therefore unenforceable.

101

PRINCIPAL STOCKHOLDERS

The following table sets forth information regarding the beneficial ownership of our common stock as of the date of this prospectus, and as adjusted to reflect the sale of our common stock included in the units offered by this prospectus, and assuming no purchase of units in this offering, by:

- each person known by us to be the beneficial owner of more than 5% of our outstanding shares of common stock;
- each of our executive officers, directors and director nominees; and
- all our executive officers, directors and director nominees as a group.

Unless otherwise indicated, we believe that all persons named in the table have sole voting and investment power with respect to all shares of common stock beneficially owned by them. The following table does not reflect record or beneficial ownership of the private placement warrants as these warrants are not exercisable within 60 days of the date of this prospectus.

The post-offering ownership percentage column below assumes that the underwriters do not exercise their option to purchase additional units, that our sponsor forfeits 562,500 founder shares and that there are 18,750,000 shares of our common stock issued and outstanding after this offering.

Name and Address of Beneficial Owner(1)	Number of Shares Beneficially Owned(2)	Approximate Percentage of Outstanding Common Stock	
		Before Offering	After Offering(2)
Colombier Sponsor LLC(3)	4,312,500	100.0%	20.0%
Omeed Malik(3)	—	—	—

Joe Voboril	—	—	—
Ryan Kavanaugh	—	—	—
Eddie Kim	—	—	—
Johnathan Keidan	—	—	—
Keri Findley	—	—	—
Claire Council	—	—	—
All directors and executive officers as a group (7 individuals)	4,312,500	100.0%	20.0%

- (1) Unless otherwise noted, the business address of each of the following entities or individuals is c/o Colombier Acquisition Corp., 214 Brazilian Avenue, Suite 200-A, Palm Beach, FL 33480.
- (2) Interests shown consist solely of shares of Class B common stock which are referred to herein as founder shares. Such shares will automatically convert into shares of Class A common stock at the time of our initial business combination on a one-for-one basis, subject to adjustment, as described in the section entitled “Description of Securities.”
- (3) Omeed Malik exercises voting and investment control over the shares of our common stock held by Colombier Sponsor LLC.

Upon the completion of this offering, our initial stockholders will beneficially own 20.0% of the then issued and outstanding shares of our common stock. Our initial stockholders will have the right to elect all of our directors prior to the consummation of our initial business combination as a result of holding all of the founder shares. In addition, because of this ownership block, our initial stockholders may be able to effectively influence the outcome of all matters requiring approval by our stockholders, including amendments to our amended and restated certificate of incorporation and approval of significant corporate transactions.

Our sponsor has subscribed to purchase an aggregate of 5,250,000 (or 5,700,000 if the underwriters’ option to purchase additional units is exercised in full) private placement warrants at a price of \$1.00 per warrant (\$5,250,000 in the aggregate or \$5,700,000 in the aggregate if the underwriters’ option to purchase additional units is exercised in full) in the Private Placement. Each private placement warrant entitles the holder thereof to purchase one share of our Class A common stock at \$11.50 per share, subject to adjustment as provided herein. Proceeds from the private placement warrants will be added to the proceeds from this offering to be held in the trust account. If we do not complete our initial business combination within the completion window, the proceeds of the sale of the private placement warrants held in the trust account will be used to fund the redemption of our public shares, and the private placement warrants will expire worthless. The private placement warrants are subject to the transfer restrictions described below. The private placement warrants will not be redeemable by us so long as they are held by our sponsor or its permitted transferees. If the private placement warrants are held by holders other than our sponsor or its permitted transferees, the private placement warrants will be redeemable by us and exercisable by the holders on the same basis as the warrants included in the units being sold in this offering. Otherwise, the private placement warrants have terms and provisions that are identical to those of the warrants being sold as part of the units in this offering.

Our sponsor is deemed to be our “promoter” as such term is defined under the federal securities laws. Please see “Certain Relationships and Related Party Transactions” for additional information regarding our relationships with our promoters.

Transfers of Founder Shares and Private Placement Warrants

The founder shares, private placement warrants and any shares of Class A common stock issued upon conversion or exercise thereof are each subject to transfer restrictions pursuant to lock-up provisions in the letter agreement with us to be entered into by our initial stockholders. Those lock-up provisions provide that such securities are not transferable or salable (1) in the case of the founder shares, until the earlier of (A) one year after the completion of our initial business combination and (B) subsequent to our initial business combination, (x) if the closing price of the Class A common stock equals or exceeds \$12.00 per share (as adjusted for stock splits, stock dividends, reorganizations, recapitalizations and the like) for any 20 trading days within any 30-trading day period commencing at least 150 days after our initial business combination, or (y) the date following the completion of our initial business combination on which we complete a liquidation, merger, stock exchange, reorganization or other similar transaction that results in all of our public stockholders having the right to exchange their shares of Class A common stock for cash, securities or other property, and (2) in the case of the private placement warrants and the respective Class A common stock underlying such warrants, until 30 days after the completion of our initial business combination, except in each case (a) to our officers or directors, any affiliates or family members of any of our officers or directors, any members of our sponsor, or any affiliates of our sponsor, (b) in the case of an individual, by gift to a member of the individual’s immediate family or to a trust, the beneficiary of which is a member of the individual’s immediate family or an affiliate of such person, or to a charitable organization; (c) in the case of an individual, by virtue of laws of descent and distribution upon death of the individual; (d) in the case of an individual, pursuant to a qualified domestic relations order; (e) transfers by private sales or transfers made in connection with consummation of a business combination at prices no greater than the price at which the securities were originally purchased; (f) in the event of our liquidation prior to our completion of our initial business combination; (g) by virtue of the laws of Delaware or our sponsor’s limited liability company agreement, as amended, upon dissolution of our sponsor; or (h) in the event of our completion of a liquidation, merger, stock exchange, reorganization or other similar transaction which results in all of our public stockholders having the right to exchange their shares of Class A common stock for cash, securities or other property subsequent to our completion of our initial business combination; or (i) to a nominee or custodian of a person or entity to whom a disposition or transfer would be permissible under clauses (a) through (h) above, provided, however, that in the case of clauses (a) through (e) and (i) these permitted transferees must enter into a written agreement agreeing to be bound by these transfer restrictions and the other restrictions contained in the letter agreement.

Registration Rights

The holders of the founder shares, private placement warrants and warrants that may be issued upon conversion of working capital loans (and any shares of common stock issuable upon the exercise of the private placement warrants or warrants issued upon conversion of the working capital loans and upon conversion of the founder shares) will be entitled to registration rights pursuant to a registration rights agreement to be signed prior to or on the effective date of this offering requiring us to register such securities for resale (in the case of the founder shares, only after conversion to shares of Class A common stock). The holders of these securities will be entitled to make up to three demands, excluding short form registration demands, that we register such securities. In addition, the holders have certain “piggy-back” registration rights with respect to registration statements filed subsequent to our completion of our initial business combination and rights to require us to register for resale such securities pursuant to Rule 415 under the Securities Act. We will bear the expenses incurred in connection with the filing of any such registration statements.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

On February 15, 2021, our sponsor purchased an aggregate of 4,312,500 founder shares for an aggregate purchase price of \$25,000, or approximately \$0.006 per share. The number of founder shares issued was determined based on the expectation that the founder shares would represent 20% of the outstanding shares of common stock upon completion of this offering. If we increase or decrease the size of this offering, we will effect a stock dividend or share contribution back to capital or other appropriate

mechanism, as applicable, with respect to our Class B common stock immediately prior to the consummation of this offering in such amount as to maintain the ownership of founder shares by our initial stockholders prior to this offering at 20% of our issued and outstanding shares of our common stock upon the consummation of this offering.

Our sponsor has subscribed to purchase an aggregate of 5,250,000 (or 5,700,000 if the underwriters' option to purchase additional units is exercised in full) private placement warrants for a purchase price of \$1.00 per warrant in the Private Placement. As such, our sponsor's interest in this transaction is valued at between \$5,250,000 and \$5,700,000, depending on the number of private placement warrants purchased. Each private placement warrant entitles the holder thereof to purchase one share of Class A common stock at a price of \$1.00 per share, subject to adjustment as provided herein. The private placement warrants (including the Class A common stock issuable upon exercise of the private placement warrants) may not, subject to certain limited exceptions, be transferred, assigned or sold by our sponsor until 30 days after the completion of our initial business combination.

As described in "Proposed Business — Sourcing of Potential Business Combination Targets" and "Management — Conflicts of Interest," if any of our officers or directors becomes aware of a business combination opportunity which is suitable for one or more entities to which he or she has fiduciary, contractual or other obligations or duties, he or she will honor these obligations and duties to present such business combination opportunity to such entities first, and only present it to us if such entities reject the opportunity and he or she determines to present the opportunity to us. Our officers and directors currently have other relevant fiduciary, contractual or other obligations or duties that may take priority over their duties to us.

We will enter into an Administrative Services Agreement pursuant to which we will also pay an affiliate of our sponsor a total of \$10,000 per month for office space, administrative and support services. Upon completion of our initial business combination or our liquidation, we will cease paying these monthly fees. Accordingly, in the event the consummation of our initial business combination takes the maximum 24 months, an affiliate of our sponsor will be paid a total of \$240,000 (\$10,000 per month) for office space, administrative and support services and will be entitled to be reimbursed for any out-of-pocket expenses.

We may engage Farvahar Capital, or another affiliate of our sponsor group, as our lead financial advisor in connection with our initial business combination and may pay such affiliate a customary financial advisory fee in an amount that constitutes a market standard financial advisory fee for comparable transactions.

Our sponsor, officers and directors or any of their respective affiliates will be reimbursed for any out-of-pocket expenses incurred in connection with activities on our behalf such as identifying potential target businesses and performing due diligence on suitable business combinations. Our audit committee will review on a quarterly basis all payments that were made by us to our sponsor, officers, directors or our or any of their respective affiliates and will determine which expenses and the amount of expenses that will be reimbursed. There is no cap or ceiling on the reimbursement of out-of-pocket expenses incurred by such persons in connection with activities on our behalf.

Our sponsor has agreed to loan us up to \$300,000 under an unsecured promissory note to be used for a portion of the expenses of this offering. As of February 25, 2021, there was no outstanding amount under such promissory note. These loans are non-interest bearing, unsecured and are due at the earlier of December 31, 2021 and the closing of this offering. These loans will be repaid upon completion of this offering out of the \$1,240,000 of offering proceeds that has been allocated for the payment of offering expenses (other than underwriting commissions) not held in the trust account. The value of our sponsor's interest in this loan transaction corresponds to the principal amount outstanding under any such loan.

In addition, in order to finance transaction costs in connection with an intended initial business combination, our sponsor, an affiliate of our sponsor or our officers and directors may, but is not obligated to, loan us funds as may be required. If we complete our initial business combination, we would repay such loaned amounts out of the proceeds of the trust account released to us. In the event that our initial business combination does not close, we may use a portion of the working capital held outside the trust account to repay such loaned amounts but no proceeds from our trust account would be used for such repayment. Up to \$1,500,000 of such loans may be convertible into warrants at a price of \$1.00 per warrant at the option of the lender. The warrants would be identical to the private placement warrants issued to our sponsor. The terms of such loans by our sponsor, an affiliate of our sponsor or our officers and directors, if any, have not been determined and no written agreements exist with respect to such loans. We do not expect to seek loans from parties other than our sponsor, an affiliate of our sponsor or our officers and directors, if any, as we do not believe third parties will be willing to loan such funds and provide a waiver against any and all rights to seek access to funds in our trust account.

After our initial business combination, members of our management team who remain with us, if any, may be paid consulting, management or other fees from the combined company with any and all amounts being fully disclosed to our stockholders, to the extent then known, in the tender offer or proxy solicitation materials, as applicable, furnished to our stockholders. It is unlikely the amount of such compensation will be known at the time of distribution of such tender offer materials or at the time of a stockholder meeting held to consider our initial business combination, as applicable, as it will be up to the directors of the post-combination business to determine executive officer and director compensation.

We have entered into a registration rights agreement with respect to the founder shares, private placement warrants and warrants issued upon conversion of working capital loans (if any), which is described under the heading "Principal Stockholders — Registration Rights."

Related Party Policy

We have not yet adopted a formal policy for the review, approval or ratification of related party transactions. Accordingly, the transactions discussed above were not reviewed, approved or ratified in accordance with any such policy.

Prior to the consummation of this offering, we will adopt a Code of Ethics requiring us to avoid, wherever possible, all conflicts of interests, except under guidelines or resolutions approved by our board of directors (or the appropriate committee of our board) or as disclosed in our public filings with the SEC. Under our Code of Ethics, conflict of interest situations will include any financial transaction, arrangement or relationship (including any indebtedness or guarantee of indebtedness) involving the company.

In addition, our audit committee, pursuant to a written charter that we will adopt prior to the consummation of this offering, will be responsible for reviewing and approving related party transactions to the extent that we enter into such transactions. An affirmative vote of a majority of the members of the audit committee present at a meeting at which a quorum is present will be required in order to approve a related party transaction. A majority of the members of the entire audit committee will constitute a quorum. Without a meeting, the unanimous written consent of all of the members of the audit committee will be required to approve a related party transaction. Our audit committee will review on a quarterly basis all payments that were made by us to our sponsor, officers or directors, or our or any of their affiliates.

These procedures are intended to determine whether any such related party transaction impairs the independence of a director or presents a conflict of interest on the part of a director, employee or officer.

To further minimize conflicts of interest, we have agreed not to consummate an initial business combination with an entity that is affiliated with any of our sponsor, officers or directors unless we, or a committee of independent and disinterested directors, have obtained an opinion from an independent investment banking firm which is a member of FINRA or an independent accounting firm that our initial business combination is fair to our company from a financial point of view. There will be no finder's fees, reimbursement, consulting fee, monies in respect of any payment of a loan or other compensation paid by us to our sponsor, officers or directors or our or any of their respective affiliates, for services rendered to us prior to or in connection with the completion of our initial business combination (regardless of the type of transaction that it is). However, the following payments may be made to our sponsor, officers or directors, or our or their affiliates, and, if made prior to our initial business combination will be made from (i) funds held outside the trust account or (ii) permitted withdrawals:

- repayment of an aggregate of up to \$300,000 in loans made to us by our sponsor to cover offering-related and organizational expenses;
- in connection with our initial business combination, a customary financial advisory fee to Farvihar Capital, or another affiliate of our sponsor group, in an amount that constitutes a market standard financial advisory fee for comparable transactions;
- payment to an affiliate of our sponsor of a total of \$10,000 per month, for up to 24 months, for office space, administrative and support services;
- reimbursement for any out-of-pocket expenses related to identifying, investigating and completing an initial business combination; and
- repayment of loans which may be made by our sponsor, an affiliate of our sponsor or our officers and directors to finance transaction costs in connection with an intended initial business combination, the terms of which have not been determined nor have any written agreements been executed with respect thereto. Up to \$1,500,000 of such loans may be convertible into warrants of the post-business combination entity at a price of \$1.00 per warrant at the option of the lender.

These payments may be made using funds that are not held in the trust account or, upon completion of the initial business combination, from any amounts remaining from the proceeds of the trust account released to us in connection therewith.

DESCRIPTION OF SECURITIES

Pursuant to our certificate of incorporation, our authorized capital stock consist of 80,000,000 shares of Class A common stock, \$0.0001 par value, 20,000,000 shares of Class B common stock, \$0.0001 par value, and 1,000,000 shares of undesignated preferred stock, \$0.0001 par value. The following description summarizes the material terms of our capital stock. Because it is only a summary, it may not contain all the information that is important to you.

Units

Each unit has an offering price of \$10.00 and consists of one share of Class A common stock and one-third of one redeemable warrant. Each whole warrant entitles the holder thereof to purchase one share of our Class A common stock at a price of \$11.50 per share, subject to adjustment as described in this prospectus. Pursuant to the warrant agreement, a warrant holder may exercise its warrants only for a whole number of shares of the company's Class A common stock. This means only a whole warrant may be exercised at any given time by a warrant holder. No fractional warrants will be issued upon separation of the units and only whole warrants will trade.

The common stock and warrants constituting the units will begin separate trading on the 52nd day following the closing of this offering unless B. Riley informs us of its decision to allow earlier separate trading, subject to our having filed the Current Report on Form 8-K described below and having issued a press release announcing when such separate trading will begin. Once the shares of Class A common stock and warrants commence separate trading, holders will have the option to continue to hold units or separate their units into the component securities. Holders will need to have their brokers contact our transfer agent in order to separate the units into shares of Class A common stock and warrants. No fractional warrants will be issued upon separation of the units and only whole warrants will trade. Accordingly, unless you purchase at least three units, you will not be able to receive or trade a whole warrant.

In no event will the Class A common stock and warrants be traded separately until we have filed with the SEC a Current Report on Form 8-K which includes an audited balance sheet of our company reflecting our receipt of the gross proceeds at the closing of this offering. We will file the Current Report on Form 8-K which will include this audited balance sheet, promptly after the closing of this offering. If the underwriters' option to purchase additional units is exercised following the initial filing of such Current Report on Form 8-K, a second or amended Current Report on Form 8-K will be filed to provide updated financial information to reflect the exercise of the underwriters' option to purchase additional units.

Common Stock

Upon the closing of this offering, 18,750,000 shares of our common stock will be outstanding (assuming no exercise of the underwriters' option to purchase additional units and the corresponding forfeiture of 562,500 founder shares by our sponsor), including:

- 15,000,000 shares of our Class A common stock underlying the units being offered in this offering; and
- 3,750,000 shares of Class B common stock held by our initial stockholders.

If we increase or decrease the size of this offering, we will effect a stock dividend or share contribution back to capital or other appropriate mechanism, as applicable, with respect to our Class B common stock immediately prior to the consummation of this offering in such amount as to maintain the ownership of founder shares by our initial stockholders prior to this offering at 20% of our issued and outstanding shares of our common stock upon the consummation of this offering.

Common stockholders of record are entitled to one vote for each share held on all matters to be voted on by stockholders. Holders of our Class B common stock will have the right to elect all of our directors prior to the consummation of our initial business combination; provided, however, that with respect to the election of directors in connection with a meeting of the stockholders of the Company in which a business combination is submitted to the stockholders of the Company for approval, holders of the Class A common stock and holders of the Class B common stock, voting together as a single class, shall have the exclusive right to vote for the election of directors. On any other matter submitted to a vote of our stockholders, holders of our Class B common stock and holders of our Class A common stock will vote together as a single class, except as required by applicable law or stock exchange rule. These provisions of our amended and restated certificate of incorporation may only be amended by a majority of the Class B common stock then outstanding. Unless specified in our amended and restated certificate of incorporation or bylaws, or as required by applicable law or stock exchange rules, the affirmative vote of a majority of our shares of common stock that are voted is required to approve any such matter voted on by our stockholders (other than the election of directors). Directors will be divided into three classes, each of which will generally serve for a term of three years with only one class elected in each year. There is no cumulative voting with respect to the election of directors. In connection with our initial business combination, we may enter into a shareholders agreement or other arrangements with the shareholders of the target or other investors to provide for voting or other governance arrangements that differ from those in effect upon completion of this offering. Our stockholders are entitled to receive ratable dividends when, as and if declared by the board of directors out of funds legally available therefor.

Because our certificate of incorporation authorizes the issuance of up to 80,000,000 shares of Class A common stock, if we were to enter into a business combination, we may (depending on the terms of such a business combination) be required to increase the number of shares of common stock which we are authorized to issue at the same time as our stockholders vote on the business combination to the extent we seek stockholder approval in connection with our initial business combination.

In accordance with the NYSE corporate governance requirements, we are not required to hold an annual meeting until not later than one year after our first fiscal year end

following our listing on the NYSE. Under Section 211(b) of the DGCL, we are, however, required to hold an annual meeting of stockholders for the purposes of electing directors in accordance with our bylaws unless such election is made by written consent in lieu of such a meeting. We may not hold an annual meeting of stockholders to elect new directors prior to the consummation of our initial business combination, and thus we may not be in compliance with Section 211(b) of the DGCL, which requires an annual meeting. Therefore, if our stockholders want us to hold an annual meeting prior to the consummation of our initial business combination, they may attempt to force us to hold one by submitting an application to the Delaware Court of Chancery in accordance with Section 211(c) of the DGCL.

We will provide our public stockholders with the opportunity to redeem all or a portion of their shares in connection with our initial business combination at a per share price, payable in cash, equal to the aggregate amount then on deposit in the trust account as of two business days prior to the consummation of our initial business combination, including interest (net of permitted withdrawals), divided by the number of then outstanding public shares, subject to the limitations described herein. The amount in the trust account is initially anticipated to be \$10.00 per public share.

107

The per share amount we will distribute to investors who properly redeem their shares will not be reduced by the deferred underwriting commissions we will pay to the underwriters. The redemption right will include the requirement that any beneficial owner on whose behalf a redemption right is being exercised must identify itself in order to validly redeem its shares. Each public stockholder may elect to redeem its public shares without voting, and if they do vote, irrespective of whether they vote for or against the proposed transaction. Our sponsor, officers and directors have entered into a letter agreement with us, pursuant to which they have agreed to waive their redemption rights with respect to any founder shares and any public shares held by them in connection with the completion of our initial business combination. Permitted transferees of our sponsor, officers or directors will be subject to the same obligations. Unlike many blank check companies that hold stockholder votes and conduct proxy solicitations in connection with their initial business combinations and provide for related redemptions of public shares for cash in connection with such initial business combinations even when a vote is not required by applicable law or stock exchange listing requirements, if a stockholder vote is not required by applicable law or stock exchange listing requirements and we do not decide to hold a stockholder vote for business or other reasons, we will, pursuant to our amended and restated certificate of incorporation, conduct the redemptions pursuant to the tender offer rules of the SEC, and file tender offer documents with the SEC prior to completing our initial business combination. Our amended and restated certificate of incorporation will require these tender offer documents to contain substantially the same financial and other information about the initial business combination and the redemption rights as is required under the SEC's proxy rules. If, however, a stockholder approval of the transaction is required by applicable law or stock exchange rules, or we decide to obtain stockholder approval for business or other reasons, we will, like many blank check companies, offer to redeem shares in conjunction with a proxy solicitation pursuant to the proxy rules and not pursuant to the tender offer rules. If we seek stockholder approval, unless a different vote is required by applicable law or stock exchange rules, we will complete our initial business combination only if a majority of the outstanding shares of common stock voted are voted in favor of the business combination. Unless otherwise required by applicable law or stock exchange rules, a quorum for such meeting will consist of the holders present in person or by proxy of shares of outstanding capital stock of the company representing a majority of the voting power of all outstanding shares of capital stock of the company entitled to vote at such meeting. However, the participation of our sponsor, officers, directors, advisors or any of their respective affiliates in privately-negotiated transactions (as described in this prospectus), if any, could result in the approval of our initial business combination even if a majority of our public stockholders vote, or indicate their intention to vote, against such business combination. For purposes of seeking approval of the majority of our outstanding shares of common stock, non-votes will have no effect on the approval of our initial business combination once a quorum is obtained. We intend to give approximately 30 days (but not less than 10 days nor more than 60 days) prior written notice of any such meeting, if required, at which a vote shall be taken to approve our initial business combination. These quorum and voting thresholds and agreements may make it more likely that we will consummate our initial business combination.

If we seek stockholder approval of our initial business combination and we do not conduct redemptions in connection with our initial business combination pursuant to the tender offer rules, our amended and restated certificate of incorporation will provide that a public stockholder, together with any affiliate of such stockholder or any other person with whom such stockholder is acting in concert or as a "group" (as defined under Section 13 of the Exchange Act), will be restricted from redeeming more than an aggregate of 15% of the shares sold in this offering, without our prior consent, which we refer to as the "Excess Shares." However, we would not be restricting our stockholders' ability to vote all of their shares (including Excess Shares) for or against our initial business combination. Our stockholders' inability to redeem the Excess Shares will reduce their influence over our ability to complete our initial business combination, and such stockholders could suffer a material loss in their investment if they sell such Excess Shares on the open market. Additionally, such stockholders will not receive redemption distributions with respect to the Excess Shares if we complete the business combination. And, as a result, such stockholders will continue to hold that number of shares exceeding 15% and, in order to dispose such shares would be required to sell their stock in open market transactions, potentially at a loss.

If we seek stockholder approval in connection with our initial business combination, our initial stockholders, officers and directors have (and their permitted transferees, as applicable, will agree) agreed to vote any founder shares and any public shares held by them in favor of our initial business combination. As a result, in addition to our initial stockholders' founder shares, we would need 5,625,001, or 37.5%, of the 15,000,000 public shares sold in this offering to be voted in favor of our initial business combination (assuming all issued and outstanding shares are voted and the option to purchase additional units is not exercised) in order to have such initial business combination approved. Additionally, each public stockholder may elect to redeem its public shares without voting, and if they do vote, irrespective of whether they vote for or against the proposed transaction.

Pursuant to our amended and restated certificate of incorporation, if we are unable to complete our initial business combination within the completion window, we will: (1) cease all operations except for the purpose of winding up; (2) as promptly as reasonably possible but no more than ten business days thereafter, subject to lawfully available funds therefor, redeem the public shares, at a per share price, payable in cash, equal to the aggregate amount then on deposit in the trust account, including interest (net of permitted withdrawals and up to \$100,000 of interest to pay dissolution expenses), divided by the number of then outstanding public shares, which redemption will completely extinguish public stockholders' rights as stockholders (including the right to receive further liquidating distributions, if any), subject to applicable law; and (3) as promptly as reasonably possible following such redemption, subject to the approval of our remaining stockholders and our board of directors, dissolve and liquidate, subject in each case to our obligations under Delaware law to provide for claims of creditors and the requirements of other applicable law. Our initial stockholders, officers and directors have entered into a letter agreement with us, pursuant to which they have agreed to waive their rights to liquidating distributions from the trust account with respect to any founder shares held by them if we fail to complete our initial business combination within the completion window. However, if our sponsor or any of our officers or directors acquires public shares after this offering, they will be entitled to liquidating distributions from the trust account with respect to such public shares if we fail to complete our initial business combination within the completion window.

108

In the event of a liquidation, dissolution or winding up of the company after a business combination, our stockholders are entitled to share ratably in all assets remaining available for distribution to them after payment of liabilities and after provision is made for each class of stock, if any, having preference over the common stock. Our stockholders have no preemptive or other subscription rights. There are no sinking fund provisions applicable to the common stock, except that in connection with our initial business combination we will provide our stockholders with the opportunity to redeem their public shares for cash equal to their pro rata share of the aggregate amount on deposit in the trust account as of two business days prior to the consummation of our initial business combination, including interest (net of permitted withdrawals), subject to the limitations described herein.

Founder Shares

The founder shares are identical to the shares of Class A common stock included in the units being sold in this offering, except that: (1) only holders of the founder shares have the right to vote on the election and removal of directors prior to our initial business combination; provided, however, that with respect to the election of directors in connection with a meeting of the stockholders of the Company in which a business combination is submitted to the stockholders of the Company for approval, holders of the Class A common stock and holders of the Class B common stock, voting together as a single class, shall have the exclusive right to vote for the election of directors; (2) the founder shares are subject to certain transfer restrictions, as described in more detail below; (3) our sponsor, officers and directors have entered into a letter agreement with us, pursuant to which they have agreed to: (a) waive their redemption rights with respect to any founder shares and any public shares held by them in connection with the completion of our initial business combination, (b) waive their redemption rights with respect to any founder shares and public shares held by them in connection with a stockholder vote to approve an amendment to our amended and restated certificate of incorporation to modify the substance or timing of our obligation to provide for the redemption of our public shares in connection with an initial business combination or to redeem 100% of our public shares if we have not consummated our initial business combination within the completion window; and (c) waive their rights to liquidating distributions from the trust account with respect to any founder shares held by them if we fail to complete our initial business combination within the completion window (although they will be entitled to liquidating distributions from the trust account with respect to any public shares they hold if we fail to complete our initial business combination within the completion window); (4) the founder shares are automatically convertible into shares of our Class A common stock at the time of our initial business combination on a one-for-one basis, subject to adjustment pursuant to certain anti-dilution rights, as described herein; and (5) the holders of founder shares are entitled to registration rights. If we submit our initial business combination to our public stockholders for a vote, our initial stockholders, officers and directors have agreed (and their permitted transferees, as applicable, will agree) to vote any founder shares and any public shares held by them in favor of our initial business combination.

The shares of Class B common stock will automatically convert into shares of Class A common stock at the time of our initial business combination on a one-for-one basis, subject to adjustment as provided herein. In the case that additional shares of Class A common stock, or equity-linked securities, are issued or deemed issued in excess of the amounts sold in this offering and related to the closing of our initial business combination, the ratio at which shares of Class B common stock shall convert into shares of Class A common stock will be adjusted (unless the holders of a majority of the outstanding shares of Class B common stock agree to waive such anti-dilution adjustment with respect to any such issuance or deemed issuance) so that the number of shares of Class A common stock issuable upon conversion of all shares of Class B common stock will equal, in the aggregate, on an as-converted basis, 20% of the total number of all shares of common stock outstanding upon completion of this offering plus all shares of Class A common stock and equity-linked securities issued or deemed issued in connection with our initial business combination (net of the number of shares of Class A common stock redeemed in connection with our initial business combination), excluding any shares or equity-linked securities issued, or to be issued, to any seller in our initial business combination in consideration for such seller's interest in the business combination target and any private placement warrants issued upon the conversion of working capital loans made to us.

With certain limited exceptions, the founder shares are not transferable, assignable or salable (except to our officers and directors and other persons or entities affiliated with our sponsor and other permitted transferees, each of whom will be subject to the same transfer restrictions) until the earlier of (A) one year after the completion of our initial business combination, (B) subsequent to our initial business combination, if the closing price of our Class A common stock equals or exceeds \$12.00 per share (as adjusted for stock splits, stock dividends, reorganizations, recapitalizations and the like) for any 20 trading days within any 30-trading day period commencing at least 150 days after our initial business combination, and (C) following the completion of our initial business combination, such future date on which we complete a liquidation, merger, stock exchange, reorganization or other similar transaction that results in all of our public stockholders having the right to exchange their shares of common stock for cash, securities or other property.

Preferred Stock

Our certificate of incorporation authorizes 1,000,000 shares of preferred stock and provides that shares of preferred stock may be issued from time to time in one or more series. Our board of directors will be authorized to fix the voting rights, if any, designations, powers, preferences, the relative, participating, optional or other special rights and any qualifications, limitations and restrictions thereof, applicable to the shares of each series. Our board of directors will be able to, without stockholder approval, issue preferred stock with voting and other rights that could adversely affect the voting power and other rights of the holders of the common stock and could have anti-takeover effects. The ability of our board of directors to issue preferred stock without stockholder approval could have the effect of delaying, deferring or preventing a change of control of us or the removal of existing management. We have no preferred stock outstanding at the date hereof. Although we do not currently intend to issue any shares of preferred stock, we cannot assure you that we will not do so in the future. No shares of preferred stock are being issued or registered in this offering.

Warrants

Public Stockholders' Warrants

Each whole warrant entitles the registered holder to purchase one share of our Class A common stock at a price of \$11.50 per share, subject to adjustment as discussed below, at any time commencing on the later of 12 months from the closing of this offering and 30 days after the completion of our initial business combination. Pursuant to the warrant agreement, a warrant holder may exercise its warrants only for a whole number of shares of Class A common stock. This means only a whole warrant may be exercised at a given time by a warrant holder. No fractional warrants will be issued upon separation of the units and only whole warrants will trade. Accordingly, unless you purchase at least three units, you will not be able to receive or trade a whole warrant. The warrants will expire five years after the completion of our initial business combination, at 5:00 p.m., New York City time, or earlier upon redemption or liquidation.

We will not be obligated to deliver any shares of Class A common stock pursuant to the exercise of a warrant and will have no obligation to settle such warrant exercise unless a registration statement under the Securities Act covering the issuance of the shares of Class A common stock issuable upon exercise of the warrants is then effective and a current prospectus relating to those shares of Class A common stock is available, subject to our satisfying our obligations described below with respect to registration. No warrant will be exercisable for cash or on a cashless basis, and we will not be obligated to issue any shares to holders seeking to exercise their warrants, unless the issuance of the shares upon such exercise is registered or qualified under the securities laws of the state of the exercising holder, or an exemption from registration is available. In the event that the conditions in the two immediately preceding sentences are not satisfied with respect to a warrant, the holder of such warrant will not be entitled to exercise such warrant and such warrant may have no value and expire worthless. In the event that a registration statement is not effective for the exercised warrants, the purchaser of a unit containing such warrant will have paid the full purchase price for the unit solely for the share of Class A common stock underlying such unit.

We have agreed that as soon as practicable, but in no event later than 15 business days after the closing of our initial business combination, we will use our reasonable best efforts to file with the SEC, and within 60 business days following our initial business combination to have declared effective, a registration statement covering the issuance of the shares of Class A common stock issuable upon exercise of the warrants and to maintain a current prospectus relating to those shares of Class A common stock until the warrants expire or are redeemed. Notwithstanding the above, if our Class A common stock is at the time of any exercise of a warrant not listed on a national securities exchange such that it satisfies the definition of a "covered security" under Section 18(b)(1) of the Securities Act, we may, at our option, require holders of public warrants who exercise their warrants to do so on a "cashless basis" in accordance with Section 3(a)(9) of the Securities Act and, in the event we so elect, we will not be required to file or maintain in effect a registration statement, but will use our reasonable best efforts to qualify the shares under applicable blue sky laws to the extent an exemption is not available.

Redemption of Warrants for Cash. Once the warrants become exercisable, we may call the warrants for redemption:

- in whole and not in part;
- at a price of \$0.01 per warrant;

upon a minimum of 30 days' prior written notice of redemption, or the 30-day redemption period, to each warrant holder; and

if, and only if, the closing price of our Class A common stock equals or exceeds \$18.00 per share (as adjusted for stock splits, stock dividends, reorganizations, recapitalizations and the like) for any 20 trading days within a 30-trading day period ending on the third trading day prior to the date on which we send the notice of redemption to the warrant holders.

If and when the warrants become redeemable by us, we may exercise our redemption right even if we are unable to register or qualify the underlying securities for sale under all applicable state securities laws.

We have established the last of the redemption criterion discussed above to prevent a redemption call unless there is at the time of the call a significant premium to the warrant exercise price. If the foregoing conditions are satisfied and we issue a notice of redemption of the warrants, each warrant holder will be entitled to exercise his, her or its warrant prior to the scheduled redemption date. However, the price of the Class A common stock may fall below the \$18.00 redemption trigger price as well as the \$11.50 warrant exercise price after the redemption notice is issued.

Redemption Procedures and Cashless Exercise. If we call the warrants for redemption as described above, our management will have the option to require all holders that wish to exercise warrants to do so on a "cashless basis." In determining whether to require all holders to exercise their warrants on a "cashless basis," our management will consider, among other factors, our cash position, the number of warrants that are outstanding and the dilutive effect on our stockholders of issuing the maximum number of shares of Class A common stock issuable upon the exercise of our warrants. In such event, each holder would pay the exercise price by surrendering the warrants for that number of shares of Class A common stock equal to the quotient obtained by dividing (x) the product of the number of shares of Class A common stock underlying the warrants, multiplied by the excess of the "fair market value" (defined below) over the exercise price of the warrants by (y) the fair market value. The "fair market value" shall mean the average closing price of the Class A common stock for the 10 trading days ending on the third trading day prior to the date on which the notice of redemption is sent to the holders of warrants. If our management takes advantage of this option, the notice of redemption will contain the information necessary to calculate the number of shares of Class A common stock to be received upon exercise of the warrants, including the "fair market value" in such case. Requiring a cashless exercise in this manner will reduce the number of shares to be issued and thereby lessen the dilutive effect of a warrant redemption. We believe this feature is an attractive option to us if we do not need the cash from the exercise of the warrants after our initial business combination. If we call our warrants for redemption and our management does not take advantage of this option, our sponsor and its permitted transferees would still be entitled to exercise their private placement warrants for cash or on a cashless basis using the same formula described above that other warrant holders would have been required to use had all warrant holders been required to exercise their warrants on a cashless basis, as described in more detail below.

A holder of a warrant may notify us in writing in the event it elects to be subject to a requirement that such holder will not have the right to exercise such warrant, to the extent that after giving effect to such exercise, such person (together with such person's affiliates), to the warrant agent's actual knowledge, would beneficially own in excess of 9.8% (or such other amount as a holder may specify) of the shares of Class A common stock outstanding immediately after giving effect to such exercise.

Anti-Dilution Adjustments. If the number of outstanding shares of Class A common stock is increased by a stock dividend payable in shares of Class A common stock, or by a split-up of shares of Class A common stock or other similar event, then, on the effective date of such stock dividend, split-up or similar event, the number of shares of Class A common stock issuable on exercise of each warrant will be increased in proportion to such increase in the outstanding shares of Class A common stock. A rights offering to holders of Class A common stock entitling holders to purchase shares of Class A common stock at a price less than the fair market value will be deemed a stock dividend of a number of shares of Class A common stock equal to the product of (1) the number of shares of Class A common stock actually sold in such rights offering (or issuable under any other equity securities sold in such rights offering that are convertible into or exercisable for Class A common stock) multiplied by (2) one minus the quotient of (x) the price per share of Class A common stock paid in such rights offering divided by (y) the fair market value. For these purposes (1) if the rights offering is for securities convertible into or exercisable for Class A common stock, in determining the price payable for Class A common stock, there will be taken into account any consideration received for such rights, as well as any additional amount payable upon exercise or conversion and (2) fair market value means the volume weighted average price of Class A common stock as reported during the ten trading day period ending on the trading day prior to the first date on which the shares of Class A common stock trade on the applicable exchange or in the applicable market, regular way, without the right to receive such rights.

In addition, if we, at any time while the warrants are outstanding and unexpired, pay a dividend or make a distribution in cash, securities or other assets to the holders of Class A common stock on account of such shares of Class A common stock (or other shares of our capital stock into which the warrants are convertible), other than (a) as described above, (b) certain ordinary cash dividends, (c) to satisfy the redemption rights of the holders of Class A common stock in connection with a proposed initial business combination, (d) to satisfy the redemption rights of the holders of Class A common stock in connection with a stockholder vote to amend our amended and restated certificate of incorporation to modify the substance or timing of our obligation to provide for the redemption of our public shares in connection with an initial business combination or to redeem 100% of our Class A common stock if we do not complete our initial business combination within the completion window, or (e) in connection with the redemption of our public shares upon our failure to complete our initial business combination, then the warrant exercise price will be decreased, effective immediately after the effective date of such event, by the amount of cash and/or the fair market value of any securities or other assets paid on each share of Class A common stock in respect of such event.

If the number of outstanding shares of our Class A common stock is decreased by a consolidation, combination, reverse stock split or reclassification of shares of Class A common stock or other similar event, then, on the effective date of such consolidation, combination, reverse stock split, reclassification or similar event, the number of shares of Class A common stock issuable on exercise of each warrant will be decreased in proportion to such decrease in outstanding shares of Class A common stock.

Whenever the number of shares of Class A common stock purchasable upon the exercise of the warrants is adjusted, as described above, the warrant exercise price will be adjusted by multiplying the warrant exercise price immediately prior to such adjustment by a fraction (x) the numerator of which will be the number of shares of Class A common stock purchasable upon the exercise of the warrants immediately prior to such adjustment, and (y) the denominator of which will be the number of shares of Class A common stock so purchasable immediately thereafter.

In case of any reclassification or reorganization of the outstanding shares of Class A common stock (other than those described above or that solely affects the par value of such shares of Class A common stock), or in the case of any merger or consolidation of us with or into another corporation (other than a consolidation or merger in which we are the continuing corporation and that does not result in any reclassification or reorganization of our outstanding shares of Class A common stock), or in the case of any sale or conveyance to another corporation or entity of the assets or other property of us as an entirety or substantially as an entirety in connection with which we are dissolved, the holders of the warrants will thereafter have the right to purchase and receive, upon the basis and upon the terms and conditions specified in the warrants and in lieu of the shares of our Class A common stock immediately theretofore purchasable and receivable upon the exercise of the rights represented thereby, the kind and amount of shares of stock or other securities or property (including cash) receivable upon such reclassification, reorganization, merger or consolidation, or upon a dissolution following any such sale or transfer, that the holder of the warrants would have received if such holder had exercised their warrants immediately prior to such event. However, if such holders were entitled to exercise a right of election as to the kind or amount of securities, cash or other assets receivable upon such consolidation or merger, then the kind and amount of securities,

cash or other assets for which each warrant will become exercisable will be deemed to be the weighted average of the kind and amount received per share by such holders in such consolidation or merger that affirmatively make such election, and if a tender, exchange or redemption offer has been made to and accepted by such holders (other than a tender, exchange or redemption offer made by the company in connection with redemption rights held by stockholders of the company as provided for in the company's amended and restated certificate of incorporation or as a result of the redemption of shares of Class A common stock by the company if a proposed initial business combination is presented to the stockholders of the company for approval) under circumstances in which, upon completion of such tender or exchange offer, the maker thereof, together with members of any group (within the meaning of Rule 13d-5(b)(1) under the Exchange Act) of which such maker is a part, and together with any affiliate or associate of such maker (within the meaning of Rule 12b-2 under the Exchange Act) and any members of any such group of which any such affiliate or associate is a part, own beneficially (within the meaning of Rule 13d-3 under the Exchange Act) more than 50% of the outstanding shares of Class A common stock, the holder of a warrant will be entitled to receive the highest amount of cash, securities or other property to which such holder would actually have been entitled as a stockholder if such warrant holder had exercised the warrant prior to the expiration of such tender or exchange offer, accepted such offer and all of the Class A common stock held by such holder had been purchased pursuant to such tender or exchange offer, subject to adjustments (from and after the consummation of such tender or exchange offer) as nearly equivalent as possible to the adjustments provided for in the warrant agreement. Additionally, if less than 70% of the consideration receivable by the holders of Class A common stock in such a transaction is payable in the form of common stock in the successor entity that is listed for trading on a national securities exchange or is quoted in an established over-the-counter market, or is to be so listed for trading or quoted immediately following such event, and if the registered holder of the warrant properly exercises the warrant within thirty days following public disclosure of such transaction, the warrant exercise price will be reduced as specified in the warrant agreement based on the per share consideration minus Black-Scholes Warrant Value (as defined in the warrant agreement) of the warrant. The purpose of such exercise price reduction is to provide additional value to holders of the warrants when an extraordinary transaction occurs during the exercise period of the warrants pursuant to which the holders of the warrants otherwise do not receive the full potential value of the warrants in order to determine and realize the option value component of the warrant. This formula is to compensate the warrant holder for the loss of the option value portion of the warrant due to the requirement that the warrant holder exercise the warrant within 30 days of the event. The Black-Scholes model is an accepted pricing model for estimating fair market value where no quoted market price for an instrument is available.

The warrants will be issued in registered form under a warrant agreement between Continental Stock Transfer & Trust Company, as warrant agent, and us. You should review a copy of the warrant agreement, which will be filed as an exhibit to the registration statement of which this prospectus is a part, for a description of the terms and conditions applicable to the warrants. The warrant agreement provides that the terms of the warrants may be amended without the consent of any holder to cure any ambiguity or correct any defective provision, but requires the approval by the holders of at least 50% of the then outstanding public warrants to make any change that adversely affects the interests of the registered holders of public warrants.

The warrants may be exercised upon surrender of the warrant certificate on or prior to the expiration date at the offices of the warrant agent, with the exercise form on the reverse side of the warrant certificate completed and executed as indicated, accompanied by full payment of the exercise price (or on a cashless basis, if applicable), by certified or official bank check payable to us, for the number of warrants being exercised. The warrant holders do not have the rights or privileges of holders of Class A common stock and any voting rights until they exercise their warrants and receive shares of Class A common stock. After the issuance of shares of Class A common stock upon exercise of the warrants, each holder will be entitled to one vote for each share held of record on all matters to be voted on by stockholders.

Applicable Law. We have agreed that, subject to applicable law, any action, proceeding or claim against us arising out of or relating in any way to the warrant agreement will be brought and enforced in the courts of the State of New York or the United States District Court for the Southern District of New York, and we irrevocably submit to such jurisdiction, which jurisdiction will be the exclusive forum for any such action, proceeding or claim. This exclusive forum provision shall not apply to suits brought to enforce a duty or liability created by the Exchange Act, any other claim for which the federal courts have exclusive jurisdiction or any complaint asserting a cause of action arising under the Securities Act against us or any of our directors, officers, other employees or agents. Section 27 of the Exchange Act creates exclusive federal jurisdiction over all suits brought to enforce any duty or liability created by the Exchange Act or the rules and regulations thereunder.

Private Placement Warrants

The private placement warrants (including the Class A common stock issuable upon exercise of the private placement warrants) will not be transferable, assignable or salable until 30 days after the completion of our initial business combination (except, among other limited exceptions as described under "Principal Stockholders — Transfers of Founder Shares and Private Placement Warrants," to our officers and directors and other persons or entities affiliated with our sponsor) and they will not be redeemable by us so long as they are held by our sponsor or its permitted transferees. Our sponsor, or its permitted transferees, has the option to exercise the private placement warrants on a cashless basis and will be entitled to certain registration rights. Otherwise, the private placement warrants have terms and provisions that are identical to those of the warrants being sold as part of the units in this offering. If the private placement warrants are held by holders other than our sponsor or its permitted transferees, the private placement warrants will be redeemable by us and exercisable by the holders on the same basis as the warrants included in the units being sold in this offering.

If holders of the private placement warrants elect to exercise them on a cashless basis, they would pay the exercise price by surrendering their warrants for that number of shares of Class A common stock equal to the quotient obtained by dividing (x) the product of the number of shares of Class A common stock underlying the warrants, multiplied by the excess of the "fair market value" (defined below) over the exercise price of the warrants by (y) the fair market value. The "fair market value" shall mean the average closing price of the Class A common stock for the 10 trading days ending on the third trading day prior to the date on which the notice of redemption is sent to the holders of warrants. The reason that we have agreed that these warrants will be exercisable on a cashless basis so long as they are held by our sponsor and its permitted transferees is because it is not known at this time whether they will be affiliated with us following a business combination. If they remain affiliated with us, their ability to sell our securities in the open market will be significantly limited. We expect to have policies in place that prohibit insiders from selling our securities except during specific periods of time. Even during such periods of time when insiders will be permitted to sell our securities, an insider cannot trade in our securities if he or she is in possession of material non-public information. Accordingly, unlike public stockholders who could exercise their warrants and sell the shares of Class A common stock received upon such exercise freely in the open market in order to recoup the cost of such exercise, the insiders could be significantly restricted from selling such securities. As a result, we believe that allowing the holders to exercise such warrants on a cashless basis is appropriate.

In order to finance transaction costs in connection with an intended initial business combination, our sponsor, an affiliate of our sponsor or our officers and directors may, but none of them is obligated to, loan us funds as may be required. If we complete our initial business combination, we would repay such loaned amounts out of the proceeds of the trust account released to us. In the event that our initial business combination does not close, we may use a portion of the working capital held outside the trust account to repay such loaned amounts but no proceeds from our trust account would be used to repay such loaned amounts. Up to \$1,500,000 of such loans may be convertible into warrants at a price of \$1.00 per warrant at the option of the lender. The warrants would be identical to the private placement warrants issued to our sponsor.

Dividends

We have not paid any cash dividends on our common stock to date and do not intend to pay cash dividends prior to the completion of our initial business combination. The payment of cash dividends in the future will be dependent upon our revenues and earnings, if any, capital requirements and general financial condition subsequent to completion of our initial business combination. The payment of any cash dividends subsequent to a business combination will be within the discretion of our board of directors at such time. In addition, our board of directors is not currently contemplating and does not anticipate declaring any stock dividends in the foreseeable future, except if we increase the size of this offering, in which case we will effect a stock dividend with respect to our Class B common stock immediately prior to the consummation of this offering in such amount as to maintain the ownership of founder shares by our initial stockholders prior to this offering at 20% of our issued and outstanding shares of our common stock upon the consummation of this offering. Further, if we incur any indebtedness, our ability to declare dividends may be limited by restrictive covenants we may agree to in connection therewith.

Our Transfer Agent and Warrant Agent

The transfer agent for our common stock and warrant agent for our warrants is Continental Stock Transfer & Trust Company. We have agreed to indemnify Continental Stock Transfer & Trust Company in its roles as transfer agent and warrant agent, its agents and each of its stockholders, directors, officers and employees against all liabilities, including judgments, costs and reasonable counsel fees that may arise out of acts performed or omitted for its activities in that capacity, except for any liability due to any gross negligence, willful misconduct or bad faith of the indemnified person or entity.

Our Amended and Restated Certificate of Incorporation

Our amended and restated certificate of incorporation will contain certain requirements and restrictions relating to this offering that will apply to us until the completion of our initial business combination. These provisions (other than amendments relating to the election and removal of directors, which require the approval of a majority of the Class B common stock then outstanding) cannot be amended without the approval of the holders of at least 65% of our common stock. Our initial stockholders, who collectively will beneficially own 20% of our common stock upon the closing of this offering, may participate in any vote to amend our amended and restated certificate of incorporation and will have the discretion to vote in any manner they choose. Prior to an initial business combination, we may not issue additional securities that can vote on amendments to our amended and restated certificate of incorporation. Specifically, our amended and restated certificate of incorporation will provide, among other things, that:

- if we are unable to complete our initial business combination within the completion window, we will: (1) cease all operations except for the purpose of winding up; (2) as promptly as reasonably possible but not more than ten business days thereafter, subject to lawfully available funds therefor, redeem 100% of the public shares, at a per share price, payable in cash, equal to the aggregate amount then on deposit in the trust account, including interest (net of permitted withdrawals and up to \$100,000 of interest to pay dissolution expenses), divided by the number of then outstanding public shares, which redemption will completely extinguish public stockholders' rights as stockholders (including the right to receive further liquidating distributions, if any), subject to applicable law; and (3) as promptly as reasonably possible following such redemption, subject to the approval of our remaining stockholders and our board of directors, dissolve and liquidate, subject in each case to our obligations under Delaware law to provide for claims of creditors and the requirements of other applicable law;
- prior to our initial business combination, we may not issue additional shares of capital stock that would entitle the holders thereof to: (1) receive funds from the trust account; or (2) vote on any initial business combination;
- although we do not intend to enter into a business combination with a target business that is affiliated with our sponsor, our directors or our officers, we are not prohibited from doing so. In the event we seek to complete our initial business combination with a company that is affiliated with our sponsor, officers or directors, we, or a committee of independent and disinterested directors, will obtain an opinion from an independent investment banking firm that is a member of FINRA or from an independent accounting firm that such a business combination is fair to our company from a financial point of view;
- if a stockholder vote on our initial business combination is not required by applicable law or stock exchange rules and we do not decide to hold a stockholder vote for business or other reasons, we will offer to redeem our public shares pursuant to Rule 13e-4 and Regulation 14E of the Exchange Act, and will file tender offer documents with the SEC prior to completing our initial business combination which contain substantially the same financial and other information about our initial business combination and the redemption rights as is required under Regulation 14A of the Exchange Act;
- if required by applicable stock-exchange rules, our initial business combination must be with one or more operating businesses or assets with a fair market value equal to at least 80% of the net assets held in the trust account (excluding the amount of any deferred underwriting discount).
- if our stockholders approve an amendment to our amended and restated certificate of incorporation to modify the substance or timing of our obligation to provide for the redemption of our public shares in connection with an initial business combination or to redeem 100% of our public shares if we do not complete our initial business combination within the completion window, we will provide our public stockholders with the opportunity to redeem all or a portion of their shares of common stock upon such approval at a per share price, payable in cash, equal to the aggregate amount then on deposit in the trust account, including interest (net of permitted withdrawals), divided by the number of then outstanding public shares; and
- we will not effectuate our initial business combination with another blank check company or a similar company with nominal operations.

In addition, our amended and restated certificate of incorporation will provide that under no circumstances will we redeem our public shares in an amount that would cause our net tangible assets to be less than \$5,000,001 (so that we do not then become subject to the SEC's "penny stock" rules) or any greater net tangible asset or cash requirement which may be contained in the agreement relating to our initial business combination.

Certain Anti-Takeover Provisions of Delaware Law and our Amended and Restated Certificate of Incorporation and Bylaws

We have elected to be exempt from the restrictions imposed under Section 203 of the DGCL. However, our certificate of incorporation will contain similar provisions providing that we may not engage in certain "business combinations" with any "interested stockholder" for a three-year period following the time that such stockholder becomes an interested stockholder unless:

- prior to such time, our board of directors approved either the business combination or the transaction which resulted in the stockholder becoming an interested stockholder;

- upon consummation of the transaction which resulted in the stockholder becoming an "interested stockholder," the interested stockholder owned at least 85% of our voting stock outstanding at the time the transaction commenced (excluding certain shares); or
- on or subsequent to such time, the business combination is approved by the Board and authorized at an annual or special meeting of stockholders, and not by written consent, by the affirmative vote of at least two-thirds of the outstanding voting stock not owned by the interested stockholder.

Generally, a "business combination" includes a merger, asset or stock sale to the interested stockholder. Subject to certain exceptions, an "interested stockholder" is a person who, together with that person's affiliates and associates, owns, or within the previous three years owned, 15% or more of our voting stock.

Under some circumstances, this provision will make it more difficult for a person who is an interested stockholder to effect various business combinations with us for a three-year period.

Our certificate of incorporation will provide that our sponsor and its various affiliates, successors and transferees will not be deemed to be “interested stockholders” regardless of the percentage of our voting stock owned by them, and accordingly will not be subject to this provision.

Our authorized but unissued common stock and preferred stock are available for future issuances without stockholder approval and could be utilized for a variety of corporate purposes, including future offerings to raise additional capital, acquisitions and employee benefit plans. The existence of authorized but unissued and unreserved common stock and preferred stock could render more difficult or discourage an attempt to obtain control of us by means of a proxy contest, tender offer, merger or otherwise.

Exclusive Forum For Certain Lawsuits

Our amended and restated certificate of incorporation will require, to the fullest extent permitted by law, that (i) any derivative action or proceeding brought on our behalf, (ii) any action asserting a claim of breach of a fiduciary duty owed by any director, officer or other employee to us or our stockholders, (iii) any action asserting a claim against us, our directors, officers or employees arising pursuant to any provision of the DGCL or our amended and restated certificate of incorporation or bylaws, or (iv) any action asserting a claim against us, our directors, officers or employees governed by the internal affairs doctrine may be brought only in the Court of Chancery in the State of Delaware, except any action (A) as to which the Court of Chancery of the State of Delaware determines that there is an indispensable party not subject to the jurisdiction of the Court of Chancery (and the indispensable party does not consent to the personal jurisdiction of the Court of Chancery within ten days following such determination), (B) which is vested in the exclusive jurisdiction of a court or forum other than the Court of Chancery, (C) for which the Court of Chancery does not have subject matter jurisdiction, or (D) arising under the Securities Act, as to which the Court of Chancery and the federal district court for the District of Delaware shall have concurrent jurisdiction. If an action is brought outside of Delaware, the stockholder bringing the suit will be deemed to have consented to service of process on such stockholder’s counsel. Although we believe this provision benefits us by providing increased consistency in the application of Delaware law in the types of lawsuits to which it applies, a court may determine that this provision is unenforceable, and to the extent it is enforceable, the provision may have the effect of discouraging lawsuits against our directors and officers, although our stockholders will not be deemed to have waived our compliance with federal securities laws and the rules and regulations thereunder.

Our amended and restated certificate of incorporation will provide that the exclusive forum provision will be applicable to the fullest extent permitted by applicable law. Section 27 of the Exchange Act creates exclusive federal jurisdiction over all suits brought to enforce any duty or liability created by the Exchange Act or the rules and regulations thereunder. As a result, the exclusive forum provision will not apply to suits brought to enforce any duty or liability created by the Exchange Act or any other claim for which the federal courts have exclusive jurisdiction. Section 22 of the Securities Act creates concurrent jurisdiction for federal and state courts over all suits brought to enforce any duty or liability created by the Securities Act or the rules and regulations thereunder. As noted above, our amended and restated certificate of incorporation will provide that the Court of Chancery and the federal district court for the District of Delaware shall have concurrent jurisdiction over any action arising under the Securities Act. Accordingly, there is uncertainty as to whether a court would enforce such provision, and our stockholders will not be deemed to have waived our compliance with the federal securities laws and the rules and regulations thereunder.

Special Meeting of Stockholders

Our bylaws provide that special meetings of our stockholders may be called only by a majority vote of our board of directors, by our chief executive officer or by our chairman, if any.

Advance Notice Requirements for Stockholder Proposals and Director Nominations

Our bylaws will provide for advance notice procedures with respect to stockholder proposals and the nomination of candidates for election as directors, other than nominations made by or at the direction of our board of directors or a committee of our board of directors. In order for any matter to be “properly brought” before a meeting, a stockholder will have to comply with advance notice requirements and provide us with certain information. Generally, to be timely, a stockholder’s notice must be received at our principal executive offices not less than 90 days nor more than 120 days prior to the first anniversary date of the immediately preceding annual meeting of stockholders. Pursuant to Rule 14a-8 of the Exchange Act, proposals seeking inclusion in our annual proxy statement must comply with the notice periods contained therein. Our bylaws will also specify requirements as to the form and content of a stockholder’s notice. Our bylaws will allow the chairman of the meeting at a meeting of the stockholders to adopt rules and regulations for the conduct of meetings which may have the effect of precluding the conduct of certain business at a meeting if the rules and regulations are not followed. These provisions may also defer, delay or discourage a potential acquirer from conducting a solicitation of proxies to elect the acquirer’s own slate of directors or otherwise attempting to influence or obtain control of us.

Action by Written Consent

Subsequent to the consummation of this offering, any action required or permitted to be taken by our stockholders must be effected by a duly called annual or special meeting of such stockholders and may not be effected by written consent of the stockholders other than with respect to our Class B common stock.

Classified Board of Directors

Our board of directors will initially be divided into three classes, Class I, Class II and Class III, with members of each class serving staggered three-year terms. Our amended and restated certificate of incorporation will provide that the authorized number of directors may be changed only by resolution of the board of directors. Subject to the terms of any preferred stock, any or all of the directors may be removed from office at any time, with or without cause by the affirmative vote of holders of a majority of the voting power of all then outstanding shares of the Class B common stock entitled to vote generally in the election of directors, voting together as a single class. Any vacancy on our board of directors, including a vacancy resulting from an enlargement of our board of directors, may be filled only by vote of a majority of our directors then in office.

Class B Common Stock Consent Right

For so long as any shares of Class B common stock remain outstanding, we may not, without the prior vote or written consent of the holders of a majority of the shares of Class B common stock then outstanding, voting separately as a single class, amend, alter or repeal any provision of our certificate of incorporation, whether by merger, consolidation or otherwise, if such amendment, alteration or repeal would alter or change the powers, preferences or relative, participating, optional or other or special rights of the Class B common stock. Any action required or permitted to be taken at any meeting of the holders of Class B common stock may be taken without a meeting, without prior notice and without a vote, if a consent or consents in writing, setting forth the action so taken, shall be signed by the holders of the outstanding Class B common stock having not less than the minimum number of votes that would be necessary to authorize or take such action at a meeting at which all shares of Class B common stock were present and voted.

Securities Eligible for Future Sale

Immediately after this offering we will have 15,000,000 (or 17,250,000 if the underwriters’ option to purchase additional units is exercised in full) shares of Class A common stock outstanding. All of these shares will have been sold in this offering and will be freely tradable without restriction or further registration under the Securities Act, except for any shares purchased by one of our affiliates within the meaning of Rule 144 under the Securities Act. All of the 3,750,000 (or 4,312,500 if the underwriters’ over-allotment option is exercised in full) Class B founder shares and all 5,250,000 (or 5,700,000 if the underwriters’ option to purchase additional units is exercised in full) private placement warrants are restricted securities under Rule 144, in that they were issued in private transactions not involving a public offering, and are subject to transfer restrictions as set forth elsewhere in this prospectus.

Rule 144

Pursuant to Rule 144, a person who has beneficially owned restricted shares of our common stock or warrants for at least six months would be entitled to sell their securities provided that: (1) such person is not deemed to have been one of our affiliates at the time of, or at any time during the three months preceding, a sale; and (2) we are subject to the Exchange Act periodic reporting requirements for at least three months before the sale and have filed all required reports under Section 13 or 15(d) of the Exchange Act during the 12 months (or such shorter period as we were required to file reports) preceding the sale.

116

Persons who have beneficially owned restricted shares of our common stock or warrants for at least six months but who are our affiliates at the time of, or at any time during the three months preceding, a sale, would be subject to additional restrictions, by which such person would be entitled to sell within any three-month period only a number of securities that does not exceed the greater of:

- 1% of the total number of shares of Class A common stock then outstanding, which will equal 150,000 shares immediately after this offering (or 172,500 if the underwriters exercise their option to purchase additional units in full); or
- the average weekly reported trading volume of the common stock during the four calendar weeks preceding the filing of a notice on Form 144 with respect to the sale.

Sales by our affiliates under Rule 144 are also limited by manner of sale provisions and notice requirements and to the availability of current public information about us.

Restrictions on the Use of Rule 144 by Shell Companies or Former Shell Companies

Rule 144 is not available for the resale of securities initially issued by shell companies (other than a business combination related shell companies) or issuers that have been at any time previously a shell company. However, Rule 144 also includes an important exception to this prohibition if the following conditions are met:

- the issuer of the securities that was formerly a shell company has ceased to be a shell company;
- the issuer of the securities is subject to the reporting requirements of Section 13 or 15(d) of the Exchange Act;
- the issuer of the securities has filed all Exchange Act reports and material required to be filed, as applicable, during the preceding 12 months (or such shorter period that the issuer was required to file such reports and materials), other than Current Reports on Form 8-K; and
- at least one year has elapsed from the time that the issuer filed current Form 10 type information with the SEC reflecting its status as an entity that is not a shell company.

As a result, our initial stockholders will be able to sell their founder shares and our sponsor will be able to sell its private placement warrants, as applicable, pursuant to Rule 144 without registration one year after we have completed our initial business combination.

Registration Rights

The holders of the founder shares, private placement warrants and warrants that may be issued upon conversion of working capital loans (and any shares of common stock issuable upon the exercise of the private placement warrants or warrants issued upon conversion of the working capital loans and upon conversion of the founder shares) will be entitled to registration rights pursuant to a registration rights agreement to be signed prior to or on the effective date of this offering requiring us to register such securities for resale (in the case of the founder shares, only after conversion into shares of Class A common stock). The holders of these securities will be entitled to make up to three demands, excluding short form registration demands, that we register such securities. In addition, the holders have certain “piggy-back” registration rights with respect to registration statements filed subsequent to our completion of our initial business combination and rights to require us to register for resale such securities pursuant to Rule 415 under the Securities Act. We will bear the expenses incurred in connection with the filing of any such registration statement.

Listing of Securities

We intend to apply to list our units, Class A common stock and warrants on the NYSE under the symbols “CLBR,” “CLBR WS” and “CLBR.U,” respectively. We expect that our units will be listed on the NYSE on or promptly after the effective date of the registration statement. Following the date the shares of our Class A common stock and warrants are eligible to trade separately, we anticipate that the shares of our common stock and warrants will be listed separately and as a unit on the NYSE. We cannot guarantee that our securities will be approved for listing on the NYSE.

117

UNITED STATES FEDERAL INCOME TAX CONSIDERATIONS

The following discussion is a summary of the U.S. federal income tax considerations generally applicable to the ownership and disposition of our units, Class A common stock and warrants, which we refer to collectively as our securities. This summary is based upon U.S. federal income tax law as of the date of this prospectus, which is subject to change or differing interpretations, possibly with retroactive effect. This summary does not discuss all aspects of U.S. federal income taxation that may be important to particular investors in light of their individual circumstances, including investors subject to special tax rules (e.g., financial institutions, insurance companies, broker-dealers, tax-exempt organizations (including private foundations), taxpayers that have elected mark-to-market accounting, S corporations, regulated investment companies, real estate investment trusts, investors that will hold Class A common stock or warrants as part of a straddle, hedge, conversion, or other integrated transaction for U.S. federal income tax purposes, or investors that have a functional currency other than the U.S. dollar), all of whom may be subject to tax rules that differ materially from those summarized below. In addition, this summary does not discuss other U.S. federal tax consequences (e.g., estate or gift tax), any state, local, or non-U.S. tax considerations, or the additional tax on net investment income or alternative minimum tax. In addition, this summary is limited to investors that will hold our securities as “capital assets” (generally, property held for investment) under the Internal Revenue Code of 1986, as amended, (the “Code”), and that acquired the securities pursuant to this offering (or, in the case of Class A common stock, upon exercise of warrants so acquired). No ruling from the Internal Revenue Service, (the “IRS”) has been or will be sought regarding any matter discussed herein. No assurance can be given that the IRS would not assert, or that a court would not sustain a position contrary to any of the tax aspects set forth below.

For purposes of this summary, a “U.S. Holder” is a beneficial holder of securities who or that is:

- an individual who is a U.S. citizen or resident of the United States as determined for U.S. federal income tax purposes;

- a corporation or other entity treated as a corporation for U.S. federal income tax purposes created in, or organized under the law of, the United States or any state or political subdivision thereof;
- an estate the income of which is includible in gross income for U.S. federal income tax purposes regardless of its source; or
- a trust (A) the administration of which is subject to the primary supervision of a U.S. court and which has one or more U.S. persons (within the meaning of the Code) who have the authority to control all substantial decisions of the trust or (B) that has in effect a valid election under applicable Treasury regulations to be treated as a U.S. person.

A “non-U.S. Holder” is a beneficial holder of shares who or that is neither a U.S. Holder nor a partnership for U.S. federal income tax purposes.

If a partnership (including an entity or arrangement treated as a partnership for U.S. federal income tax purposes) holds our securities, the tax treatment of a partner, member or other beneficial owner in such partnership will generally depend upon the status of the partner, member or other beneficial owner, the activities of the partnership and certain determinations made at the partner, member or other beneficial owner level. If you are a partner, member or other beneficial owner of a partnership holding our securities, you are urged to consult your tax advisor regarding the tax consequences of the ownership and disposition of our securities.

THIS DISCUSSION OF U.S. FEDERAL INCOME TAX CONSIDERATIONS IS FOR GENERAL INFORMATION PURPOSES ONLY AND IS NOT TAX ADVICE. WE URGE PROSPECTIVE HOLDERS TO CONSULT THEIR TAX ADVISORS CONCERNING THE U.S. FEDERAL INCOME TAX CONSEQUENCES TO THEM OF OWNING AND DISPOSING OF OUR SECURITIES, AS WELL AS THE APPLICATION OF ANY, STATE, LOCAL AND NON-U.S. INCOME, ESTATE AND OTHER TAX CONSIDERATIONS.

Personal Holding Company Status

We would be subject to a second level of U.S. federal income tax on a portion of our income if we are determined to be a personal holding company, or PHC, for U.S. federal income tax purposes. A U.S. corporation will generally be classified as a PHC for U.S. federal income tax purposes in a given taxable year if (1) at any time during the last half of such taxable year, five or fewer individuals (without regard to their citizenship or residency and including as individuals for this purpose certain entities such as certain tax-exempt organizations, pension funds, and charitable trusts) own or are deemed to own (pursuant to certain constructive ownership rules), directly or indirectly, more than 50% of the stock of the corporation by value and (2) at least 60% of the corporation’s adjusted ordinary gross income, as determined for U.S. federal income tax purposes, for such taxable year consists of PHC income (which includes, among other things, dividends, interest, certain royalties, annuities and, under certain circumstances, rents).

Depending on the date and size of our initial business combination, it is possible that at least 60% of our adjusted ordinary gross income may consist of PHC income as discussed above. In addition, depending on the concentration of our stock in the hands of individuals, including the members of our sponsor and certain tax-exempt organizations, pension funds, and charitable trusts, it is possible that more than 50% of our stock will be owned or deemed owned (pursuant to the constructive ownership rules) by five or fewer such persons during the last half of a taxable year. Thus, no assurance can be given that we will not become a PHC following this offering or in the future. If we are or were to become a PHC in a given taxable year, we would be subject to an additional PHC tax, currently 20%, on our undistributed PHC income, which generally includes our taxable income, subject to certain adjustments.

General Treatment of Units

There is no authority directly addressing the treatment, for U.S. federal income tax purposes, of instruments with terms substantially the same as the units and, therefore, their treatment is not entirely clear. The acquisition of a unit should be treated for U.S. federal income tax purposes as the acquisition of one share of our Class A common stock and one-third of one warrant to acquire one share of our Class A common stock. We intend to treat the acquisition of a unit in this manner and, by purchasing a unit, you agree to adopt such treatment for tax purposes. Each holder of a unit must allocate the purchase price paid by such holder for such unit between the share of Class A common stock and the one-third of one warrant based on their respective relative fair market values. A holder’s initial tax basis in the Class A common stock and the one-third of one warrant included in each unit should equal the portion of the purchase price of the unit allocated thereto. The separation of the Class A common stock and one-third of one warrant constituting a unit should not be a taxable event for U.S. federal income tax purposes.

The foregoing treatment of the units and a holder’s purchase price allocation are not binding on the IRS or the courts. Because there is no authority that directly addresses instruments that are similar to the units, no assurance can be given that the IRS or the courts will agree with the characterization described above or the discussion below. Each prospective investor is urged to consult its tax advisors regarding the U.S. federal, state, local and any foreign tax consequences of an investment in a unit (including alternative characterizations of a unit and its components). The following discussion is based on the assumption that the characterization of the Class A common stock and warrants and the allocation methodology described above are respected for U.S. federal income tax purposes.

U.S. Holders

Taxation of Distributions

If we pay cash distributions to U.S. Holders of shares of our Class A common stock, such distributions will constitute dividends for U.S. federal income tax purposes to the extent paid from our current or accumulated earnings and profits, as determined under U.S. federal income tax principles. Distributions in excess of current and accumulated earnings and profits will constitute a return of capital that will be applied against and reduce (but not below zero) the U.S. Holder’s adjusted tax basis in our Class A common stock. Any remaining excess will be treated as gain realized on the sale or other disposition of the Class A common stock and will be treated as described under “U.S. Holders — Gain or Loss on Sale, Taxable Exchange or Other Taxable Disposition of Class A Common Stock” below.

Dividends we pay to a U.S. Holder that is a taxable corporation generally will qualify for the dividends received deduction if the requisite holding period is satisfied. With certain exceptions (including dividends treated as investment income for purposes of investment interest deduction limitations), and provided certain holding period requirements are met, dividends we pay to a non-corporate U.S. Holder will generally constitute “qualified dividends” that will be subject to tax at the maximum tax rate accorded to long-term capital gains. It is unclear whether the redemption rights with respect to the Class A common stock described in this prospectus may prevent a U.S. Holder from satisfying the applicable holding period requirements with respect to the dividends received deduction or the preferential tax rate on qualified dividend income, as the case may be.

Gain or Loss on Sale, Taxable Exchange or Other Taxable Disposition of Class A Common Stock

A U.S. Holder will recognize gain or loss on the sale, taxable exchange or other taxable disposition (which would include a dissolution and liquidation in the event we do not complete an initial business combination within the completion window) of our Class A common stock. Any such gain or loss will be capital gain or loss, and will be long-term capital gain or loss if the U.S. Holder’s holding period for the Class A common stock so disposed of exceeds one year. It is unclear, however, whether the redemption rights with respect to the Class A common stock described in this prospectus may suspend the running of the applicable holding period for this purpose. The amount of gain or loss recognized will generally be equal to the difference between (1) the sum of the amount of cash and the fair market value of any property received in such disposition (or, if the Class A common stock is held as part of a unit at the time of the disposition, the portion of the amount realized on such disposition that is allocated to the Class A common

stock based upon the then fair market values of the Class A common stock and the one-third of one warrant included in the unit) and (2) the U.S. Holder's adjusted tax basis in its Class A common stock so disposed of. A U.S. Holder's adjusted tax basis in its Class A common stock will generally equal the U.S. Holder's acquisition cost (that is, as discussed above, the portion of the purchase price of a unit allocated to a share of Class A common stock or, as discussed below, the U.S. Holder's initial basis for Class A common stock received upon exercise of a warrant) less any prior distributions treated as a return of capital. The deductibility of capital losses is subject to limitations.

Redemption of Class A Common Stock

In the event that a U.S. Holder's Class A common stock is redeemed pursuant to the redemption provisions described in this prospectus under "Description of Securities — Common Stock", the treatment of the transaction for U.S. federal income tax purposes will depend on whether the redemption qualifies as sale of the Class A common stock under Section 302 of the Code. If the redemption qualifies as a sale of Class A common stock under the tests described below, the tax consequences to the U.S. Holder will be the same as described under "U.S. Holders — Gain or Loss on Sale, Taxable Exchange or Other Taxable Disposition of Class A Common Stock" above. If the redemption does not qualify as a sale of Class A common stock, the U.S. Holder will be treated as receiving a corporate distribution, the tax consequences of which are described above under "U.S. Holders — Taxation of Distributions". Whether the redemption qualifies for sale treatment will depend primarily on the total number of shares of our stock treated as held by the U.S. Holder (including any stock constructively owned by the U.S. Holder as a result of owning warrants) both before and after the redemption. For a given U.S. Holder, the redemption of Class A common stock will generally be treated as a sale of the Class A common stock (rather than as a corporate distribution) if the redemption (1) is "substantially disproportionate" with respect to the U.S. Holder; (2) results in a "complete termination" of the U.S. Holder's interest in us or (3) is "not essentially equivalent to a dividend" with respect to the U.S. Holder. These tests are explained more fully below.

In determining whether any of the foregoing tests are satisfied, a U.S. Holder takes into account not only stock actually owned by the U.S. Holder, but also shares of our stock that are constructively owned by it. A U.S. Holder may constructively own stock owned by certain related individuals and entities in which the U.S. Holder has an interest or that have an interest in such U.S. Holder, as well as any stock the U.S. Holder has a right to acquire by exercise of an option, which would generally include common stock which could be acquired pursuant to the exercise of the warrants. A redemption of a U.S. Holder's stock will be substantially disproportionate with respect to the U.S. Holder if the percentage of our outstanding voting stock actually and constructively owned by the U.S. Holder immediately following the redemption of common stock is, among other requirements, less than 80% of the percentage of our outstanding voting stock actually and constructively owned by the U.S. Holder immediately before the redemption. Prior to our initial business combination, the Class A common stock may not be treated as voting stock for this purpose and, consequently, this substantially disproportionate test may not be applicable. There will be a complete termination of a U.S. Holder's interest if either (1) all of the shares of our stock actually and constructively owned by the U.S. Holder are redeemed or (2) all of the shares of our stock actually owned by the U.S. Holder are redeemed and the U.S. Holder is eligible to waive, and effectively waives in accordance with specific rules, the attribution of stock owned by certain family members and the U.S. Holder does not constructively own any other stock (including any stock constructively owned by the U.S. Holder as a result of owning warrants). The redemption of the Class A common stock will not be essentially equivalent to a dividend if the redemption results in a "meaningful reduction" of the U.S. Holder's proportionate interest in us. Whether the redemption will result in a meaningful reduction in a U.S. Holder's proportionate interest in us will depend on the particular facts and circumstances. The IRS has indicated in a published ruling that even a small reduction in the proportionate interest of a small minority stockholder in a publicly held corporation who exercises no control over corporate affairs may constitute such a "meaningful reduction." Each U.S. Holder is urged to consult its tax advisor as to the tax consequences of a redemption, including the application of the constructive ownership rules described above.

If none of the foregoing tests is satisfied, the redemption will be treated as a corporate distribution, the tax consequences of which are described under "U.S. Holders — Taxation of Distributions," above. After the application of those rules, any remaining tax basis of the U.S. Holder in the redeemed Class A common stock should be added to the U.S. Holder's adjusted tax basis in its remaining stock, or, if it has none, to the U.S. Holder's adjusted tax basis in its warrants or possibly in other stock constructively owned by it.

Exercise of a Warrant

Except as discussed below with respect to the cashless exercise of a warrant, a U.S. Holder will not recognize gain or loss upon the exercise of a warrant. The U.S. Holder's tax basis in the share of our Class A common stock received upon exercise of the warrant will generally be an amount equal to the sum of the U.S. Holder's initial investment in the warrant (i.e., the portion of the U.S. Holder's purchase price for a unit that is allocated to the warrant, as described above under "— General Treatment of Units") and the exercise price of such warrant. It is unclear whether a U.S. Holder's holding period for the Class A common stock received upon exercise of the warrant would commence on the date of exercise of the warrant or the day following the date of exercise of the warrant; however, in either case the holding period will not include the period during which the U.S. Holder held the warrants.

The tax consequences of a cashless exercise of a warrant are not clear under current tax law. A cashless exercise may be nontaxable, either because the exercise is not a realization event or because the exercise is treated as a recapitalization for U.S. federal income tax purposes. In either situation, a U.S. Holder's tax basis in the Class A common stock received would generally equal the holder's tax basis in the warrant. If the cashless exercise were treated as not being a realization event, it is unclear whether a U.S. Holder's holding period for the Class A common stock would commence on the date of exercise of the warrant or the day following the date of exercise of the warrant. If, however, the cashless exercise were treated as a recapitalization, the holding period of the Class A common stock would include the holding period of the warrant.

It is also possible that a cashless exercise could be treated as a taxable exchange in which gain or loss is recognized. In such event, a U.S. Holder would be deemed to have surrendered a number of warrants having a value equal to the exercise price. The U.S. Holder would recognize capital gain or loss in an amount equal to the difference between the fair market value of the Class A common stock represented by the warrants deemed surrendered and the U.S. Holder's tax basis in the warrants deemed surrendered. In this case, a U.S. Holder's tax basis in the Class A common stock received would equal the sum of the U.S. Holder's initial investment in the warrants exercised (i.e., the portion of the U.S. Holder's purchase price for the units that is allocated to the warrant, as described above under "— General Treatment of Units") and the exercise price of such warrants. It is unclear whether a U.S. Holder's holding period for the Class A common stock would commence on the date of exercise of the warrant or the day following the date of exercise of the warrant.

Due to the absence of authority on the U.S. federal income tax treatment of a cashless exercise, including when a U.S. Holder's holding period would commence with respect to the Class A common stock received, there can be no assurance which, if any, of the alternative tax consequences and holding periods described above would be adopted by the IRS or a court of law. Accordingly, each U.S. Holder is urged to consult its tax advisor regarding the tax consequences of a cashless exercise.

Sale, Exchange, Redemption or Expiration of a Warrant

Upon a sale, exchange (other than by exercise), redemption (other than a redemption for Class A common stock), or expiration of a warrant, a U.S. Holder will recognize taxable gain or loss in an amount equal to the difference between (1) the amount realized upon such disposition or expiration (or, if the warrant is held as part of a unit at the time of the disposition of the unit, the portion of the amount realized on such disposition that is allocated to the warrant based on the then fair market values of the warrant and the Class A common stock constituting such unit) and (2) the U.S. Holder's tax basis in the warrant (that is, the portion of the U.S. Holder's purchase price for a unit that is allocated to the warrant, as described above under "— General Treatment of Units"). Such gain or loss will generally be treated as long-term capital gain or loss if the warrant is

held by the U.S. Holder for more than one year at the time of such disposition or expiration. If a warrant is allowed to lapse unexercised, a U.S. Holder generally will recognize a capital loss equal to such holder's tax basis in the warrant. The deductibility of capital losses is subject to certain limitations.

Possible Constructive Distributions

The terms of each warrant provide for an adjustment to the number of shares of Class A common stock for which the warrant may be exercised or to the exercise price of the warrant in certain events, as discussed in the section of this prospectus captioned "Description of Securities — Warrants — Public Stockholders' Warrants." An adjustment which has the effect of preventing dilution is generally not a taxable event. Nevertheless, a U.S. Holder of warrants would be treated as receiving a constructive distribution from us if, for example, the adjustment increases the holder's proportionate interest in our assets or earnings and profits (e.g., through an increase in the number of shares of Class A common stock that would be obtained upon exercise) as a result of a distribution of cash to the holders of shares of our Class A common stock which is taxable to such U.S. Holders as described under "U.S. Holders — Taxation of Distributions" above. Such constructive distribution would be subject to tax as described under that section in the same manner as if such U.S. Holder received a cash distribution from us equal to the fair market value of such increased interest.

Information Reporting and Backup Withholding.

In general, information reporting requirements may apply to dividends paid to a U.S. Holder and to the proceeds of the sale or other disposition of our units, shares of Class A common stock and warrants, unless the U.S. Holder is an exempt recipient. Backup withholding may apply to such payments if the U.S. Holder fails to provide a taxpayer identification number, a certification of exempt status or has been notified by the IRS that it is subject to backup withholding (and such notification has not been withdrawn).

Backup withholding is not an additional tax. Any amounts withheld under the backup withholding rules will be allowed as a refund or a credit against a U.S. Holder's U.S. federal income tax liability provided the required information is timely furnished to the IRS.

Non-U.S. Holders

Taxation of Distributions

In general, any distributions (including constructive distributions) we make to a non-U.S. Holder of shares of our Class A common stock, to the extent paid out of our current or accumulated earnings and profits (as determined under U.S. federal income tax principles), will constitute dividends for U.S. federal income tax purposes and, provided such dividends are not effectively connected with the non-U.S. Holder's conduct of a trade or business within the United States, we will be required to withhold tax from the gross amount of the dividend at a rate of 30%, unless such non-U.S. Holder is eligible for a reduced rate of withholding tax under an applicable income tax treaty and provides proper certification of its eligibility for such reduced rate (usually on an IRS Form W-8BEN or W-8BEN-E, as applicable). In the case of any constructive dividend, it is possible that this tax would be withheld from any amount owed to a non-U.S. Holder by the applicable withholding agent, including cash distributions on other property or sale proceeds from warrants or other property subsequently paid or credited to such holder. Any distribution not constituting a dividend will be treated first as reducing (but not below zero) the non-U.S. Holder's adjusted tax basis in its shares of our Class A common stock and, to the extent such distribution exceeds the non-U.S. Holder's adjusted tax basis, as gain realized from the sale or other disposition of the Class A common stock, which will be treated as described under "Non-U.S. Holders — Gain on Sale, Taxable Exchange or Other Taxable Disposition of Class A Common Stock and Warrants" below. In addition, if we determine that we are classified as a "United States real property holding corporation" (see "Non-U.S. Holders — Gain on Sale, Taxable Exchange or Other Taxable Disposition of Class A Common Stock and Warrants" below), we will withhold 15% of any distribution that exceeds our current and accumulated earnings and profits.

Dividends we pay to a non-U.S. Holder that are effectively connected with such non-U.S. Holder's conduct of a trade or business within the United States (or, if a tax treaty applies, are attributable to a U.S. permanent establishment or fixed base maintained by the non-U.S. Holder) will generally not be subject to U.S. withholding tax, provided such non-U.S. Holder complies with certain certification and disclosure requirements (usually by providing an IRS Form W-8ECI). Instead, such dividends will generally be subject to U.S. federal income tax, net of certain deductions, at the same graduated individual or corporate rates applicable to U.S. Holders. If the non-U.S. Holder is a corporation, dividends that are effectively connected income may also be subject to a "branch profits tax" at a rate of 30% (or such lower rate as may be specified by an applicable income tax treaty).

Exercise of a Warrant

The U.S. federal income tax treatment of a non-U.S. Holder's exercise of a warrant generally will correspond to the U.S. federal income tax treatment of the exercise of a warrant by a U.S. Holder, as described under "U.S. Holders — Exercise of a Warrant" above, although to the extent a cashless exercise results in a taxable exchange, the tax consequences to the non-U.S. Holder would be the same as those described below in "Non-U.S. Holders — Gain on Sale, Exchange or Other Taxable Disposition of Class A Common Stock and Warrants."

Gain on Sale, Exchange or Other Taxable Disposition of Class A Common Stock and Warrants

A non-U.S. Holder will generally not be subject to U.S. federal income or withholding tax in respect of gain recognized on a sale, taxable exchange or other taxable disposition of our Class A common stock, which would include a dissolution and liquidation in the event we do not complete an initial business combination within the completion window, or warrants (including an expiration or redemption of our warrants), in each case without regard to whether those securities were held as part of a unit, unless:

- the gain is effectively connected with the conduct of a trade or business by the non-U.S. Holder within the United States (and, if an applicable tax treaty so requires, is attributable to a U.S. permanent establishment or fixed base maintained by the non-U.S. Holder);
- the non-U.S. Holder is an individual who is present in the United States for 183 days or more in the taxable year of disposition and certain other conditions are met; or
- we are or have been a "United States real property holding corporation" for U.S. federal income tax purposes at any time during the shorter of the five-year period ending on the date of disposition or the period that the non-U.S. Holder held our Class A common stock, and, in the case where shares of our Class A common stock are regularly traded on an established securities market, the non-U.S. Holder has owned, directly or constructively, more than 5% of our Class A common stock at any time within the shorter of the five-year period preceding the disposition or such non-U.S. Holder's holding period for the shares of our Class A common stock. There can be no assurance that our Class A common stock will be treated as regularly traded on an established securities market for this purpose.

Gain described in the first bullet point above will be subject to tax at generally applicable U.S. federal income tax rates. Any gains described in the first bullet point above of a non-U.S. Holder that is a foreign corporation may also be subject to an additional "branch profits tax" at a 30% rate (or lower applicable treaty rate). Gain described in the second bullet point above will generally be subject to a flat 30% U.S. federal income tax. Non-U.S. Holders are urged to consult their tax advisors regarding possible eligibility for benefits under income tax treaties.

If the third bullet point above applies to a non-U.S. Holder, gain recognized by such holder on the sale, exchange or other disposition of our Class A common stock or warrants will be subject to tax at generally applicable U.S. federal income tax rates. In addition, a buyer of our Class A common stock or warrants from such holder may be

required to withhold U.S. income tax at a rate of 15% of the amount realized upon such disposition. We cannot determine whether we will be a United States real property holding corporation in the future until we complete an initial business combination. We will be classified as a United States real property holding corporation if the fair market value of our “United States real property interests” equals or exceeds 50% of the sum of the fair market value of our worldwide real property interests plus our other assets used or held for use in a trade or business, as determined for U.S. federal income tax purposes. If we are or have been a “United States real property holding corporation” you are urged to consult your own tax advisors regarding the application of these rules.

Possible Constructive Distributions

The terms of each warrant provide for an adjustment to the number of shares of Class A common stock for which the warrant may be exercised or to the exercise price of the warrant in certain events, as discussed in the section of this prospectus captioned “Description of Securities — Warrants — Public Stockholders’ Warrants.” An adjustment which has the effect of preventing dilution is generally not a taxable event. Nevertheless, a non-U.S. Holder of warrants would be treated as receiving a constructive distribution from us if, for example, the adjustment increases the holder’s proportionate interest in our assets or earnings and profits (e.g., through an increase in the number of shares of Class A common stock that would be obtained upon exercise) as a result of a distribution of cash to the holders of shares of our Class A common stock which is taxable to such non-U.S. Holders as described under “Non-U.S. Holders — Taxation of Distributions” above. A non-U.S. Holder would be subject to U.S. federal income tax withholding under that section in the same manner as if such non-U.S. Holder received a cash distribution from us equal to the fair market value of such increased interest without any corresponding receipt of cash.

Redemption of Class A Common Stock

The characterization for U.S. federal income tax purposes of the redemption of a non-U.S. Holder’s Class A common stock pursuant to the redemption provisions described in this prospectus under “Description of Securities — Common Stock” will generally correspond to the U.S. federal income tax characterization of such a redemption of a U.S. Holder’s Class A common stock, as described under “U.S. Holders — Redemption of Class A Common Stock” above, and the consequences of the redemption to the non-U.S. Holder will be as described above under “Non-U.S. Holders — Taxation of Distributions” and “Non-U.S. Holders — Gain on Sale, Exchange or Other Taxable Disposition of Class A Common Stock and Warrants,” as applicable.

Foreign Account Tax Compliance Act

Sections 1471 through 1474 of the Code and the Treasury Regulations and administrative guidance promulgated thereunder (commonly referred as the “Foreign Account Tax Compliance Act” or “FATCA”) generally impose withholding at a rate of 30% in certain circumstances on dividends in respect of our securities which are held by or through certain foreign financial institutions (including investment funds), unless any such institution (1) enters into, and complies with, an agreement with the IRS to report, on an annual basis, information with respect to interests in, and accounts maintained by, the institution that are owned by certain U.S. persons and by certain non-U.S. entities that are wholly or partially owned by U.S. persons and to withhold on certain payments, or (2) if required under an intergovernmental agreement between the United States and an applicable foreign country, reports such information to its local tax authority, which will exchange such information with the U.S. authorities. An intergovernmental agreement between the United States and an applicable foreign country may modify these requirements. Accordingly, the entity through which our securities are held will affect the determination of whether such withholding is required. Similarly, dividends in respect of our securities held by an investor that is a non-financial non-U.S. entity that does not qualify under certain exceptions will generally be subject to withholding at a rate of 30%, unless such entity either (1) certifies to us or the applicable withholding agent that such entity does not have any “substantial United States owners” or (2) provides certain information regarding the entity’s “substantial United States owners,” which will in turn be provided to the U.S. Department of Treasury. Prospective investors should consult their tax advisors regarding the possible implications of FATCA on their investment in our securities.

Information Reporting and Backup Withholding

In general, information reporting requirements will apply to payments of dividends and proceeds from the sale of our securities to non-U.S. Holders that are not exempt recipients. We must report annually to the IRS and to each such holder the amount of dividends or other distributions we pay to such non-U.S. Holder on our shares of Class A common stock and the amount of tax withheld with respect to those distributions, regardless of whether withholding is required. The IRS may make copies of the information returns reporting those dividends and amounts withheld available to the tax authorities in the country in which the non-U.S. Holder resides pursuant to the provisions of an applicable income tax treaty or exchange of information treaty.

The gross amount of dividends and proceeds from the disposition of our Class A common stock or warrants paid to a holder that fails to provide the appropriate certification in accordance with applicable U.S. Treasury regulations generally will be subject to backup withholding at the applicable rate.

Information reporting and backup withholding are generally not required with respect to the amount of any proceeds from the sale by a non-U.S. Holder of Class A common stock or warrants outside the United States through a foreign office of a foreign broker that does not have certain specified connections to the United States. However, if a non-U.S. Holder sells Class A common stock or warrants through a U.S. broker or the U.S. office of a foreign broker, the broker will generally be required to report to the IRS the amount of proceeds paid to such holder, unless the non-U.S. Holder provides appropriate certification (usually on an IRS Form W-8BEN or W-8BEN-E, as applicable) to the broker of its status as a non-U.S. Holder or such non-U.S. Holder is an exempt recipient. In addition, for information reporting purposes, certain non-U.S. brokers with certain relationships with the United States will be treated in a manner similar to U.S. brokers.

Backup withholding is not an additional tax. Any amounts we withhold under the backup withholding rules may be refunded or credited against a holder’s U.S. federal income tax liability, if any, by the IRS if the required information is furnished in a timely manner to the IRS.

UNDERWRITING

We intend to offer our securities described in this prospectus through the underwriters named below. Subject to the terms and conditions of the underwriting agreement, the underwriters, through their representative B. Riley Securities, or B. Riley have severally agreed to purchase from us on a firm commitment basis the following respective number of units at a public offering price less the underwriting discounts and commissions set forth on the cover page of this prospectus:

Underwriter	Number of Units
B. Riley Securities	

Total	15,000,000
-------	------------

The underwriting agreement provides that the obligations of the underwriters to purchase the units included in this offering are subject to approval of legal matters by counsel and to other conditions. The underwriters are obligated to purchase all of the units (other than those covered by the over-allotment option described below) if they purchase any of the units.

Units sold by the underwriters to the public will initially be offered at the initial public offering price set forth on the cover of this prospectus. If all of the units are not sold at the initial offering price, the underwriters may change the offering price and the other selling terms. The representative has advised us that the underwriters do not intend to make sales to discretionary accounts. Sales of any units made outside of the United States may be made by affiliates of the underwriters. The offering of the units by the underwriters is subject to receipt and acceptance and subject to the underwriters' right to reject any order in whole or in part.

Over-Allotment Option

If the underwriters sell more units than the total number set forth in the table above, we have granted to the underwriters an option, exercisable for 45 days from the date of this prospectus, to purchase up to 2,250,000 additional units at the public offering price less the underwriting discount. The underwriters may exercise this option solely for the purpose of covering over-allotments, if any, in connection with this offering. To the extent the option is exercised, each underwriter must purchase a number of additional units approximately proportionate to that underwriter's initial purchase commitment. Any units issued or sold under the option will be issued and sold on the same terms and conditions as the other units that are the subject of this offering.

Restrictions on Transfer of Certain Securities

We, our sponsor and our officers and directors have agreed that, for a period of 180 days from the date of this prospectus, we and they will not, without the prior written consent of the representative, offer, sell, contract to sell, pledge or otherwise dispose of, directly or indirectly, any units, warrants, shares of common stock or any other securities convertible into, or exercisable, or exchangeable for, shares of common stock, subject to certain exceptions. The representative in its sole discretion may release any of the securities subject to these lock-up agreements at any time without notice. Our sponsor, officers and directors are also subject to separate transfer restrictions on their founder shares and private placement warrants pursuant to the insider letters as described herein.

Our sponsor, founder, officers and directors have agreed not to transfer, assign or sell any founder shares held by them until the earlier to occur of: (1) one year after the completion of our initial business combination; or (2) the date on which we complete a liquidation, merger, stock exchange, reorganization or other similar transaction after our initial business combination that results in all of our public stockholders having the right to exchange their shares of common stock for cash, securities or other property (except as described herein under "Principal Stockholders — Transfers of Founder Shares and Private Placement Warrants"). Any permitted transferees would be subject to the same restrictions and other agreements of our sponsor with respect to any founder shares. We refer to such transfer restrictions throughout this prospectus as the lock-up. Notwithstanding the foregoing, if the closing price of our common stock equals or exceeds \$12.00 per share (as adjusted for stock splits, stock dividends, reorganizations, recapitalizations and the like) for any 20 trading days within any 30-trading day period commencing at least 150 days after our initial business combination, the founder shares will be released from the lock-up. The private placement warrants (including the Class A common stock issuable upon exercise of the private placement warrants) will not be transferable, assignable or saleable until 30 days after the completion of our initial business combination (except with respect to permitted transferees as described herein under the section of this prospectus entitled "Principal Stockholders — Transfers of Founder Shares and Private Placement Warrants").

Pricing this Offering

Prior to this offering, there has been no public market for our securities. Consequently, the initial public offering price for the units was determined by negotiations between us and the representative.

Among the factors considered in determining the initial public offering price were the history and prospects of companies whose principal business is the acquisition of other companies, prior offerings of those companies, our management, our capital structure, and currently prevailing general conditions in the equity securities markets, including current market valuations of publicly traded companies considered comparable to our company. We cannot assure you, however, that the price at which the units, Class A common stock or warrants will sell in the public market after this offering will not be lower than the initial public offering price or that an active trading market in our units, Class A common stock or warrants will develop and continue after this offering.

Listing of our Securities

We have applied to list our units on the NYSE under the symbol "CLBR.U." We cannot guarantee that our securities will be approved for listing on the NYSE. We expect that our Class A common stock and warrants will be listed under the symbols "CLBR" and "CLBR WS," respectively, once the Class A common stock and warrants begin separate trading.

Commissions and Discounts

The following table shows the underwriting discounts and commissions that we are to pay to the underwriters in connection with this offering. These amounts are shown assuming both no exercise and full exercise of the underwriters' over-allotment option.

	<u>Payable by Colomier Acquisition Corp.</u>	
	<u>No Exercise</u>	<u>Full Exercise</u>
Per Unit ⁽¹⁾	\$ 0.55	\$ 0.55
Total ⁽¹⁾	\$ 8,250,000	\$ 9,487,500

(1) Includes \$0.35 per unit, or \$5,250,000 (or \$6,037,500 if the over-allotment option is exercised in full) in the aggregate payable to the underwriters for deferred underwriting commissions to be placed in a trust account located in the United States as described herein. The deferred commissions will be released to the underwriters only on completion of an initial business combination.

In addition to the underwriting discount, we have agreed to pay for the FINRA-related fees and expenses of the underwriters' legal counsel and certain diligence and other fees, which such fees and expenses are capped at an aggregate of \$50,000. We will also reimburse the underwriters for background checks on our directors, director nominees and executive officers, and certain costs associated with the roadshow process, such fee reimbursement is not expected to exceed an aggregate of \$50,000.

We have also agreed to grant B. Riley the right (the "Right of First Refusal") to act as lead placement agent in any private placement, backstop or similar financing transactions entered into or contemplated by us within 24 months following the consummation of this offering (each, an "Other Transaction"). In the event B. Riley chooses to exercise the Right of First Refusal, its compensation in connection with any Other Transaction shall be determined by separate agreement between us and B. Riley on the basis of compensation customarily paid to placement agents in similar transactions.

No discounts or commissions will be paid on the sale of the private warrants.

If we do not complete our initial business combination and subsequently liquidate, the trustee and the underwriters have agreed that they will forfeit any rights or claims to their deferred underwriting discounts and commissions, including any accrued interest thereon, then in the trust account upon liquidation.

Regulatory Restrictions on Purchase of Securities

In connection with the offering, the underwriters may purchase and sell units in the open market. Purchases and sales in the open market may include short sales, purchases to cover short positions, which may include purchases pursuant to the over-allotment option and stabilizing purchases, in accordance with Regulation M under the Exchange Act.

- Short sales involve secondary market sales by the underwriters of a greater number of units than they are required to purchase in the offering.
- “Covered” short sales are sales of units in an amount up to the number of units represented by the underwriters’ over-allotment option.
- “Naked” short sales are sales of units in an amount in excess of the number of units represented by the underwriters’ over-allotment option.

125

- Covering transactions involve purchases of units either pursuant to the over-allotment option or in the open market after the distribution has been completed in order to cover short positions.
- To close a naked short position, the underwriters must purchase units in the open market after the distribution has been completed. A naked short position is more likely to be created if the underwriters are concerned that there may be downward pressure on the price of the units in the open market after pricing that could adversely affect investors who purchase in the offering.
- To close a covered short position, the underwriters must purchase units in the open market after the distribution has been completed or must exercise the over-allotment option. In determining the source of units to close the covered short position, the underwriters will consider, among other things, the price of units available for purchase in the open market as compared to the price at which they may purchase units through the over-allotment option.
- Stabilizing transactions involve bids to purchase units so long as the stabilizing bids do not exceed a specified maximum.

Purchases to cover short positions and stabilizing purchases, as well as other purchases by the underwriters for their own accounts, may have the effect of preventing or retarding a decline in the market price of the units. They may also cause the price of the units to be higher than the price that would otherwise exist in the open market in the absence of these transactions. The underwriters may conduct these transactions in the over-the-counter market or otherwise. If the underwriters commence any of these transactions, they may discontinue them at any time.

Indemnification

We have agreed to indemnify the underwriters against certain liabilities, including liabilities under the Securities Act, or to contribute to payments the underwriters may be required to make because of any of those liabilities.

Other Terms

Other than the Right of First Refusal described above, we are not under any contractual obligation to engage any of the underwriters to provide any services for us after this offering, but we may do so at our discretion. However, any of the underwriters may introduce us to potential target businesses, provide financial advisory services to us in connection with a business combination or assist us in raising additional capital in the future, including by acting as a placement agent in a private offering or underwriting or arranging debt financing. If any of the underwriters provide services to us after this offering, we may pay such underwriter fair and reasonable fees that would be determined at that time in an arm’s length negotiation; provided that no agreement will be entered into with any of the underwriters and no fees for such services will be paid to any of the underwriters prior to the date that is 60 days from the date of this prospectus, unless FINRA determines that such payment would not be deemed underwriters’ compensation in connection with this offering, and we may pay the underwriters of this offering or any entity with which they are affiliated, a finder’s fee or other compensation for services rendered to us in connection with the completion of a business combination. Any fees we may pay the underwriters or their affiliates for services rendered to us after this offering may be contingent on the completion of a business combination and may include non-cash compensation. The underwriters or their affiliates that provide these services to us may have a potential conflict of interest given that the underwriters are entitled to the deferred portion of their underwriting compensation for this offering only if an initial business combination is completed within the specified timeframe.

Underwriter Services and Relationship

Some of the underwriters and their affiliates have engaged in, and may in the future engage in, investment banking and other commercial dealings in the ordinary course of business with us or our affiliates. They have received, or may in the future receive, customary fees and commissions for these transactions.

In addition, in the ordinary course of their business activities, the underwriters and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of ours or our affiliates. The underwriters and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

126

LEGAL MATTERS

Eversheds Sutherland (US) LLP, Washington, D.C., has passed upon the validity of the securities offered in this prospectus on behalf of us. Reed Smith LLP, New York, New York, advised the underwriters in connection with the offering of the securities.

EXPERTS

The financial statements of Colombier Acquisition Corp. as of February 25, 2021 and for the period from February 12, 2021 (inception) through February 25, 2021

included in this prospectus have been audited by Marcum LLP, independent registered public accounting firm, as set forth in their report, thereon (which contains an explanatory paragraph relating to substantial doubt about the ability of Colombier Acquisition Corp. to continue as a going concern as described in Note 1 to the financial statements), appearing elsewhere in this prospectus, are included in reliance on the report of such firm given their authority as experts in accounting and auditing.

WHERE YOU CAN FIND ADDITIONAL INFORMATION

We have filed with the SEC a registration statement on Form S-1 under the Securities Act with respect to the securities we are offering by this prospectus. This prospectus does not contain all of the information included in the registration statement. For further information about us and our securities, you should refer to the registration statement and the exhibits and schedules filed with the registration statement. Whenever we make reference in this prospectus to any of our contracts, agreements or other documents, the references are materially complete but may not include a description of all aspects of such contracts, agreements or other documents, and you should refer to the exhibits attached to the registration statement for copies of the actual contract, agreement or other document.

Upon completion of this offering, we will be subject to the information requirements of the Exchange Act and will file annual, quarterly and current event reports, proxy statements and other information with the SEC. You can read our SEC filings, including the registration statement, over the Internet at the SEC's website at <http://www.sec.gov>.

F-1

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Stockholder and Board of Directors of
Colombier Acquisition Corp.

Opinion on the Financial Statements

We have audited the accompanying balance sheet of Colombier Acquisition Corp. (the "Company") as of February 25, 2021, and the related statements of operations, changes in stockholder's equity and cash flows for the period from February 12, 2021 (inception) through February 25, 2021, the related notes (collectively referred to as the "financial statements"). In our opinion, the financial statements present fairly, in all material respects, the financial position of the Company as of February 25, 2021, and the results of its operations and its cash flows for the period from February 12, 2021 (inception) through February 25, 2021, in conformity with accounting principles generally accepted in the United States of America.

Explanatory Paragraph - Going Concern

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. As more fully described in Note 1 to the financial statements, the Company's ability to execute its business plan is dependent upon its completion of the proposed initial public offering described in Note 3 to the financial statements. The Company has a working capital deficiency as of February 25, 2021 and lacks the financial resources it needs to sustain operations for a reasonable period of time, which is considered to be one year from the issuance date of the financial statements. These conditions raise substantial doubt about the Company's ability to continue as a going concern. Management's plans with regard to these matters are also described in Notes 1 and 3. The financial statements do not include any adjustments that might become necessary should the Company be unable to continue as a going concern.

Basis for Opinion

These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on the Company's financial statements based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) ("PCAOB") and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. As part of our audit we are required to obtain an understanding of internal control over financial reporting but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion.

Our audit included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audit provides a reasonable basis for our opinion.

/s/ Marcum LLP

Marcum LLP

We have served as the Company's auditor since 2021.

NOTE 1. DESCRIPTION OF ORGANIZATION AND BUSINESS OPERATIONS

Colombier Acquisition Corp. (the “Company”) is a blank check company incorporated in Delaware on February 12, 2021. The Company was formed for the purpose of effectuating a merger, capital stock exchange, asset acquisition, stock purchase, reorganization or other similar business combination with one or more businesses (the “Business Combination”).

The Company is not limited to a particular industry or sector for purposes of consummating a Business Combination. The Company is an early stage and emerging growth company and, as such, the Company is subject to all of the risks associated with early stage and emerging growth companies.

As of February 25, 2021, the Company had not yet commenced any operations. All activity for the period February 12, 2021 (inception) through February 25, 2021 relates to the Company’s formation and the proposed initial public offering (the “Proposed Public Offering”), which is described below. The Company will not generate any operating revenues until after the completion of a Business Combination, at the earliest. The Company will generate non-operating income in the form of interest income from the proceeds derived from the Proposed Public Offering. The Company has selected December 31 as its fiscal year end.

The Company’s ability to commence operations is contingent upon obtaining adequate financial resources through a proposed initial public offering of 15,000,000 units at \$10.00 per unit (or 17,250,000 units if the underwriter’s over-allotment option is exercised in full) (the “Units” and, with respect to the shares of Class A common stock included in the Units being offered, the “Public Shares”) which is discussed in Note 3 and the sale of 5,250,000 warrants (or 5,700,000 warrants if the underwriter’s over-allotment option is exercised in full) (the “Private Placement Warrants”) at a price of \$1.00 per Private Placement Warrant that will close in a private placement to Colombier Sponsor LLC (the “Sponsor”) simultaneously with the closing of the Proposed Public Offering (see Note 3).

The Company’s management has broad discretion with respect to the specific application of the net proceeds of the Proposed Public Offering and the sale of the Private Placement Warrants, although substantially all of the net proceeds are intended to be applied generally toward consummating a Business Combination. There is no assurance that the Company will be able to complete a Business Combination successfully. The Company must complete one or more initial Business Combinations with one or more operating businesses or assets with a fair market value equal to at least 80% of the net assets held in the Trust Account (as defined below) (less any deferred underwriting commissions and taxes payable on interest earned on the Trust Account) at the time of the signing a definitive agreement to enter a Business Combination. The Company will only complete a Business Combination if the post-Business Combination company owns or acquires 50% or more of the outstanding voting securities of the target or otherwise acquires a controlling interest in the target sufficient for it not to be required to register as an investment company under the Investment Company Act of 1940, as amended (the “Investment Company Act”). There is no assurance that the Company will be able to successfully effect a Business Combination. Upon the closing of the Proposed Public Offering, management has agreed that \$10.00 per Unit sold in the Proposed Public Offering, including the proceeds from the sale of the Private Placement Warrants, will be held in a trust account (the “Trust Account”) and invested in U.S. government securities, within the meaning set forth in Section 2(a)(16) of the Investment Company Act, with a maturity of 185 days or less, or in any open-ended investment company that holds itself out as a money market fund meeting the conditions of Rule 2a-7 of the Investment Company Act, as determined by the Company, until the earlier of: (i) the consummation of a Business Combination or (ii) the distribution of the funds in the Trust Account to the Company’s stockholders, as described below.

The Company will provide its holders of the outstanding Public Shares (the “public stockholders”) with the opportunity to redeem all or a portion of their Public Shares upon the completion of a Business Combination either (i) in connection with a stockholder meeting called to approve the Business Combination or (ii) by means of a tender offer. The decision as to whether the Company will seek stockholder approval of a Business Combination or conduct a tender offer will be made by the Company, solely in its discretion. The public stockholders will be entitled to redeem their Public Shares for a pro rata portion of the amount then in the Trust Account (initially anticipated to be \$10.00 per Public Share, plus any pro rata interest earned on the funds held in the Trust Account and not previously released to the Company to pay its tax obligations). There will be no redemption rights upon the completion of a Business Combination with respect to the Company’s warrants. The Public Shares subject to redemption will be recorded at redemption value and classified as temporary equity upon the completion of the Proposed Public Offering in accordance with the Financial Accounting Standards Board’s (“FASB”) Accounting Standards Codification (“ASC”) Topic 480 “Distinguishing Liabilities from Equity.”

The Company will proceed with a Business Combination only if the Company has net tangible assets of at least \$5,000,001 either prior to or upon such consummation of a Business Combination and, if the Company seeks stockholder approval, a majority of the shares voted are voted in favor of the Business Combination. If a stockholder vote is not required by law and the Company does not decide to hold a stockholder vote for business or other reasons, the Company will, pursuant to its Amended and Restated Certificate of Incorporation (the “Amended and Restated Certificate of Incorporation”), conduct the redemptions pursuant to the tender offer rules of the U.S. Securities and Exchange Commission (“SEC”) and file tender offer documents with the SEC prior to completing a Business Combination. If, however, stockholder approval of the transaction is required by law, or the Company decides to obtain stockholder approval for business or other reasons, the Company will offer to redeem shares in conjunction with a proxy solicitation pursuant to the proxy rules and not pursuant to the tender offer rules. If the Company seeks stockholder approval in connection with a Business Combination, the Sponsor has agreed to vote its Founder Shares (as defined in Note 5) and any Public Shares purchased during or after the Proposed Public Offering in favor of approving a Business Combination. Additionally, each public stockholder may elect to redeem their Public Shares irrespective of whether they vote for or against the proposed transaction or don’t vote at all.

Notwithstanding the above, if the Company seeks stockholder approval of a Business Combination and it does not conduct redemptions pursuant to the tender offer rules, the Amended and Restated Certificate of Incorporation provides that a public stockholder, together with any affiliate of such stockholder or any other person with whom such stockholder is acting in concert or as a “group” (as defined under Section 13 of the Securities Exchange Act of 1934, as amended (the “Exchange Act”)), will be restricted from redeeming its shares with respect to more than an aggregate of 15% or more of the Public Shares, without the prior consent of the Company.

The Sponsor has agreed (a) to waive its redemption rights with respect to its Founder Shares and Public Shares held by it in connection with the completion of a Business Combination, (b) to waive its liquidation rights with respect to the Founder Shares if the Company fails to complete a Business Combination within 24 months from the closing of the Proposed Public Offering and (c) not to propose an amendment to the Amended and Restated Certificate of Incorporation (i) to modify the substance or timing of the Company’s obligation to allow redemption in connection with the Company’s initial Business Combination or to redeem 100% of its Public Shares if the Company does not complete a Business Combination or (ii) with respect to any other provision relating to stockholders’ rights or pre-initial business combination activity, unless the Company provides the public stockholders with the opportunity to redeem their Public Shares in conjunction with any such amendment.

The Company will have until 24 months from the closing of the Proposed Public Offering to complete a Business Combination (the “Combination Period”). If the Company is unable to complete a Business Combination within the Combination Period, the Company will (i) cease all operations except for the purpose of winding up, (ii) as promptly as reasonably possible but not more than ten business days thereafter, redeem the Public Shares, at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the Trust Account including interest earned on the funds held in the Trust Account and not previously released to the Company to pay its tax obligations (less up to \$100,000 of interest to pay dissolution expenses), divided by the number of then outstanding Public Shares, which redemption will completely extinguish public stockholders’ rights as stockholders (including the right to receive further liquidating distributions, if any), and (iii) as promptly as reasonably possible following such redemption, subject to the approval of the Company’s remaining stockholders and the Company’s board of directors, dissolve and liquidate, subject in each case to the Company’s obligations under Delaware law to provide for claims of creditors and the requirements of other applicable law. There will be no redemption rights or liquidating distributions with respect to the Company’s warrants, which will expire worthless if the Company fails to complete a Business Combination within the Combination Period.

F-8

The Sponsor has agreed to waive its liquidation rights with respect to the Founder Shares if the Company fails to complete a Business Combination within the Combination Period. However, if the Sponsor acquires Public Shares in or after the Proposed Public Offering, such Public Shares will be entitled to liquidating distributions from the Trust Account if the Company fails to complete a Business Combination within the Combination Period. The underwriters have agreed to waive their rights to their deferred underwriting commission (see Note 6) held in the Trust Account in the event the Company does not complete a Business Combination within the Combination Period and, in such event, such amounts will be included with the other funds held in the Trust Account that will be available to fund the redemption of the Public Shares. In the event of such distribution, it is possible that the per share value of the assets remaining available for distribution will be less than the Proposed Public Offering price per Unit (\$10.00).

In order to protect the amounts held in the Trust Account, the Sponsor has agreed to be liable to the Company if and to the extent any claims by a third party for services rendered or products sold to the Company, or a prospective target business with which the Company has discussed entering into a transaction agreement, reduce the amount of funds in the Trust Account to below (1) \$10.00 per Public Share or (2) the actual amount per Public Share held in the Trust Account as of the date of the liquidation of the Trust Account, if less than \$10.00 per public Share due to reductions in the value of the trust assets, less taxes payable, provided that such liability will not apply to any claims by a third party or prospective target business who executed a waiver of any and all rights to monies held in the Trust Account nor will it apply to any claims under the Company’s indemnity of the underwriters of the Proposed Public Offering against certain liabilities, including liabilities under the Securities Act of 1933, as amended (the “Securities Act”). Moreover, in the event that an executed waiver is deemed to be unenforceable against a third party, the Sponsor will not be responsible to the extent of any liability for such third-party claims. The Company will seek to reduce the possibility that the Sponsor will have to indemnify the Trust Account due to claims of creditors by endeavoring to have all vendors, service providers (except the Company’s independent registered public accounting firm), prospective target businesses or other entities with which the Company does business, execute agreements with the Company waiving any right, title, interest or claim of any kind in or to monies held in the Trust Account.

Going Concern Consideration

At February 25, 2021, the Company had \$25,000 in cash and a working capital deficit of \$67,687. The Company has incurred and expects to continue to incur significant costs in pursuit of its financing and acquisition plans. These conditions raise substantial doubt about the Company’s ability to continue as a going concern for a period of time within one year after the date that the financial statements are issued. Management plans to address this uncertainty through the Proposed Public Offering as discussed in Note 3. There is no assurance that the Company’s plans to raise capital or to consummate a Business Combination will be successful or successful within the Combination Period. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

Risks and Uncertainties

Management is currently evaluating the impact of the COVID-19 pandemic and has concluded that while it is reasonably possible that the virus could have a negative effect on the Company’s financial position, results of its operations, close of the Proposed Public Offering, and/or search for a target company, the specific impact is not readily determinable as of the date of these financial statements. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements are presented in conformity with accounting principles generally accepted in the United States of America (“GAAP”) and pursuant to the rules and regulations of the SEC.

F-9

Emerging Growth Company

The Company is an “emerging growth company,” as defined in Section 2(a) of the Securities Act, as modified by the Jumpstart Our Business Startups Act of 2012 (the “JOBS Act”), and it may take advantage of certain exemptions from various reporting requirements that are applicable to other public companies that are not emerging growth companies including, but not limited to, not being required to comply with the independent registered public accounting firm attestation requirements of Section 404 of the Sarbanes-Oxley Act, reduced disclosure obligations regarding executive compensation in its periodic reports and proxy statements, and exemptions from the requirements of holding a nonbinding advisory vote on executive compensation and stockholder approval of any golden parachute payments not previously approved.

Further, Section 102(b)(1) of the JOBS Act exempts emerging growth companies from being required to comply with new or revised financial accounting standards until private companies (that is, those that have not had a Securities Act registration statement declared effective or do not have a class of securities registered under the Exchange Act) are required to comply with the new or revised financial accounting standards. The JOBS Act provides that a company can elect to opt out of the extended transition period and comply with the requirements that apply to non-emerging growth companies but any such election to opt out is irrevocable. The Company has elected not to opt out of such extended transition period, which means that when a standard is issued or revised and it has different application dates for public or private companies, the Company, as an emerging growth company, can adopt the new or revised standard at the time private companies adopt the new or revised standard. This may make comparison of the Company’s financial statements with another public company, which is neither an emerging growth company nor an emerging growth company which has opted out of using the extended transition period difficult or impossible because of the potential differences in accounting standards used.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period.

Making estimates requires management to exercise significant judgment. It is at least reasonably possible that the estimate of the effect of a condition, situation or set of circumstances that existed at the date of the financial statements, which management considered in formulating its estimate, could change in the near term due to one or more future confirming events. Accordingly, the actual results could differ significantly from those estimates.

Cash and Cash Equivalents

The Company considers all short-term investments with an original maturity of three months or less when purchased to be cash equivalents. The Company did not have any cash equivalents as of February 25, 2021.

Deferred Offering Costs

Deferred offering costs consist of legal, accounting and other expenses incurred through the balance sheet date that are directly related to the Proposed Public Offering and that will be charged to stockholder’s equity upon the completion of the Proposed Public Offering. Should the Proposed Public Offering prove to be unsuccessful, these deferred costs, as well as additional expenses incurred, will be charged to operations.

Income Taxes

The Company complies with the accounting and reporting requirements of ASC Topic 740, “Income Taxes,” which requires an asset and liability approach to financial accounting and reporting for income taxes. Deferred income tax assets and liabilities are computed for differences between the financial statement and tax bases of assets and liabilities that will result in future taxable or deductible amounts, based on enacted tax laws and rates applicable to the periods in which the differences are expected to affect taxable income. Valuation allowances are established, when necessary, to reduce deferred tax assets to the amount expected to be realized.

ASC Topic 740 prescribes a recognition threshold and a measurement attribute for the financial statement recognition and measurement of tax positions taken or expected to be taken in a tax return. For those benefits to be recognized, a tax position must be more-likely-than-not to be sustained upon examination by taxing authorities. The Company recognizes accrued interest and penalties related to unrecognized tax benefits, if any, as income tax expense. There were no unrecognized tax benefits and no amounts accrued for interest and penalties as of February 25, 2021. The Company is currently not aware of any issues under review that could result in significant payments, accruals or material deviation from its position. The Company is subject to income tax examinations by major taxing authorities since inception.

The provision for income taxes was deemed to be de minimis for the period from February 12, 2021 (inception) through February 25, 2021. The Company’s deferred tax assets were deemed to be de minimis as of February 25, 2021.

Net Loss Per Common Share

Net loss per share of common stock is computed by dividing net loss by the weighted average number of common shares outstanding during the period, excluding shares of common stock subject to forfeiture. Weighted average shares were reduced for the effect of an aggregate of 562,500 shares of Class B common stock that are subject to forfeiture if the over-allotment option is not exercised by the underwriter (see Note 5). At February 25, 2021, the Company did not have any dilutive securities and other contracts that could, potentially, be exercised or converted into common stock and then share in the earnings of the Company. As a result, diluted loss per share is the same as basic loss per share for the period presented.

Fair Value of Financial Instruments

The fair value of the Company’s assets and liabilities, which qualify as financial instruments under ASC Topic 820, “Fair Value Measurement,” approximates the carrying amounts represented in the accompanying balance sheet, primarily due to their short-term nature.

Fair Value Measurements

Fair value is defined as the price that would be received for sale of an asset or paid for transfer of a liability, in an orderly transaction between market participants at the measurement date. GAAP establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). These tiers include: • Level 1, defined as observable inputs such as quoted prices (unadjusted) for identical instruments in active markets; • Level 2, defined as inputs other than quoted prices in active markets that are either directly or indirectly observable such as quoted prices for similar instruments in active markets or quoted prices for identical or similar instruments in markets that are not active; and • Level 3, defined as unobservable inputs in which little or no market data exists, therefore requiring an entity to develop its own assumptions, such as valuations derived from valuation techniques in which one or more significant inputs or significant value drivers are unobservable. In some

circumstances, the inputs used to measure fair value might be categorized within different levels of the fair value hierarchy. In those instances, the fair value measurement is categorized in its entirety in the fair value hierarchy based on the lowest level input that is significant to the fair value measurement.

Derivative Financial Instruments

The Company evaluates its financial instruments to determine if such instruments are derivatives or contain features that qualify as embedded derivatives in accordance with ASC Topic 815, "Derivatives and Hedging". Derivative instruments are initially recorded at fair value on the grant date and re-valued at each reporting date, with changes in the fair value reported in the statements of operations. Derivative assets and liabilities are classified in the balance sheet as current or non-current based on whether or not net-cash settlement or conversion of the instrument could be required within 12 months of the balance sheet date.

Recent Accounting Standards

Management does not believe that any recently issued, but not yet effective, accounting standards, if currently adopted, would have a material effect on the Company's financial statements.

NOTE 3. PROPOSED PUBLIC OFFERING

Pursuant to the Proposed Public Offering, the Company will offer for sale up to 15,000,000 Units (or 17,250,000 Units if the underwriter's overallotment option is exercised in full) at a purchase price of \$10.00 per Unit. Each Unit will consist of one share of the Company's Class A common stock and one-third of one redeemable warrant ("Public Warrant"). Each Public Warrant will entitle the holder to purchase one share of Class A common stock at an exercise price of \$11.50 per whole share (see Note 7).

NOTE 4. PRIVATE PLACEMENT

The Sponsor has committed to purchase an aggregate of 5,250,000 Private Placement Warrants (or 5,700,000 Private Placement Warrants if the underwriters' overallotment option is exercised in full) at a price of \$1.00 per Private Placement Warrant, for an aggregate purchase price of \$5,250,000 (or \$5,700,000 if the underwriters' overallotment option is exercised in full), in a private placement that will occur simultaneously with the closing of the Proposed Public Offering. Each Private Placement Warrant is exercisable to purchase one Class A common stock at a price of \$11.50 per share, subject to adjustment (see Note 7). A portion of the proceeds from the Private Placement Warrants will be added to the proceeds from the Proposed Public Offering to be held in the Trust Account. If the Company does not complete a Business Combination within the Combination Period, the proceeds from the sale of the Private Placement Warrants will be used to fund the redemption of the Public Shares (subject to the requirements of applicable law) and the Private Placement Warrants will expire worthless.

F-11

NOTE 5. RELATED PARTY TRANSACTIONS

Founder Shares

On February 15, 2021, the Sponsor purchased 4,312,500 shares (the "Founder Shares") of the Company's Class B common stock for an aggregate price of \$25,000. The Founder Shares include an aggregate of up to 562,500 shares subject to forfeiture by the Sponsor to the extent that the underwriter's over-allotment is not exercised in full or in part, so that the Sponsor will collectively own, on an as-converted basis, 20% of the Company's issued and outstanding shares after the Proposed Public Offering (assuming the Sponsor does not purchase any Public Shares in the Proposed Public Offering).

The Sponsor has agreed, subject to certain limited exceptions, not to transfer, assign or sell any of the Founder Shares until the earlier to occur of: (1) one year after the completion of a Business Combination or (B) subsequent to a Business Combination, (x) if the last reported sale price of the Class A common stock equals or exceeds \$12.00 per share (as adjusted for stock splits, stock dividends, reorganizations, recapitalizations and the like) for any 20 trading days within any 30-trading day period commencing at least 150 days after a Business Combination, or (y) the date on which the Company completes a liquidation, merger, capital stock exchange or other similar transaction that results in all of the Company's stockholders having the right to exchange their shares of common stock for cash, securities or other property.

Administrative Services Agreement

The Company intends to enter into an agreement, commencing on the effective date of the Proposed Public Offering through the earlier of the Company's consummation of a Business Combination and its liquidation, to pay an affiliate of the Sponsor a total of up to \$10,000 per month for office space, administrative and support services.

Promissory Note — Related Party

On February 23, 2021, the Sponsor agreed to loan the Company an aggregate of up to \$300,000 to cover expenses related to the Proposed Public Offering pursuant to a promissory note (the "Promissory Note"). The Promissory Note is non-interest bearing and is payable on the earlier of (i) December 31, 2021, or (ii) the consummation of the Proposed Public Offering. As of February 25, 2021, the Company had no amount outstanding under the Promissory Note.

Related Party Loans

In order to finance transaction costs in connection with a Business Combination, the Sponsor or an affiliate of the Sponsor or certain of the Company's directors and officers may, but are not obligated to, loan the Company funds as may be required ("Working Capital Loans"). If the Company completes a Business Combination, the Company would repay the Working Capital Loans out of the proceeds of the Trust Account released to the Company. Otherwise, the Working Capital Loans would be repaid only out of funds held outside the Trust Account. In the event that a Business Combination does not close, the Company may use a portion of proceeds held outside the Trust Account to repay the Working Capital Loans, but no proceeds held in the Trust Account would be used to repay the Working Capital Loans. Except for the foregoing, the terms of such Working Capital Loans, if any, have not been determined and no written agreements exist with respect to such loans. The Working Capital Loans would either be repaid upon consummation of a Business Combination, without interest, or, at the lender's discretion, up to \$1,500,000 of such Working Capital Loans may be convertible into warrants of the post-Business Combination entity at a price of \$1.00 per warrant. The warrants would be identical to the Private Placement Warrants.

F-12

NOTE 6. COMMITMENTS

Registration Rights

The holders of the Founder Shares, Private Placement Warrants and any warrants that may be issued upon conversion of the Working Capital Loans (and any shares of

Class A common stock issuable upon the exercise of the Private Placement Warrants and warrants that may be issued upon conversion of Working Capital Loans and upon conversion of the Founder Shares) will be entitled to registration rights pursuant to a registration rights agreement to be signed prior to or on the effective date of the Proposed Public offering requiring the Company to register such securities for resale (in the case of the Founder Shares, only after conversion to shares of our Class A common stock). The holders of these securities will be entitled to make up to three demands, excluding short form registration demands, that the Company register such securities. In addition, the holders have certain “piggy-back” registration rights with respect to registration statements filed subsequent to the completion of a Business Combination and rights to require the Company to register for resale such securities pursuant to Rule 415 under the Securities Act. However, the registration rights agreement will provide that the Company will not be required to effect or permit any registration or cause any registration statement to become effective until termination of the applicable lock-up period. The registration rights agreement does not contain liquidated damages or other cash settlement provisions resulting from delays in registering the Company’s securities. The Company will bear the expenses incurred in connection with the filing of any such registration statements.

Underwriting Agreement

The Company will grant the underwriter a 45-day option to purchase up to 2,250,000 additional Units to cover over-allotments at the Proposed Public Offering price, less the underwriting discounts and commissions.

The underwriter will be entitled to a cash underwriting discount of \$0.20 per Unit, or \$3,000,000 in the aggregate (or \$3,450,000 if the underwriters’ over-allotment option is exercised in full), payable upon the closing of the Proposed Public Offering. In addition, the underwriters will be entitled to a deferred fee of \$0.35 per Unit, or \$5,250,000 in the aggregate (or \$6,037,500 in the aggregate if the underwriters’ over-allotment option is exercised in full). The deferred fee will become payable to the underwriter from the amounts held in the Trust Account solely in the event that the Company completes a Business Combination, subject to the terms of the underwriting agreement.

Farvahar Capital LLC (“Farvahar Capital”), a FINRA-registered broker dealer is acting as an advisor to the Company in connection with the Public Offering. There will be an underwriting discount of two percent (2.0%) (the “Initial Underwriting Fee”) which shall be paid in cash at the Closing. The Sponsor, the Company, and B. Riley (the representative of underwriters) have agreed that a portion of the Initial Underwriting Fee will be allocated to Farvahar Capital in connection with a separate agreement between Farvahar Capital and the Company. Farvahar Capital is not acting as an underwriter in connection with the Public Offering, and accordingly, Farvahar is neither purchasing Units nor offering Units to the public in connection with the Public Offering, and is not otherwise participating in the Public Offering as defined under FINRA Rule 5110. Payment to Farvahar Capital for acting as an advisor to the Company in connection with the Public Offering in an aggregate amount equal to 25% of the fee payable to the underwriters upon consummation of the Public Offering (excluding the deferred underwriting commissions). The underwriters have agreed to pay such fees to Farvahar Capital in respect of the provision of such advisory services.

In addition to the underwriting discount, the Company has agreed to pay for the FINRA-related fees and expenses of the underwriters’ legal counsel and certain diligence and other fees, which such fees and expenses are capped at an aggregate of \$50,000. Company will also reimburse the underwriters for background checks on our directors, director nominees and executive officers.

The Company may engage Farvahar Capital, or another affiliate of the Sponsor group, as the Company’s lead financial advisor in connection with the Initial Business Combination and may pay such affiliate a customary financial advisory fee in an amount that constitutes a market standard financial advisory fee for comparable transactions. Any fee in connection with such engagement may be conditioned upon the completion of such transactions.

F-13

NOTE 7. STOCKHOLDER’S EQUITY AND WARRANTS

Preferred Stock — The Company is authorized to issue 1,000,000 shares of \$0.0001 par value preferred stock. At February 25, 2021, there were no shares of preferred stock issued or outstanding.

Class A Common Stock — The Company is authorized to issue up to 80,000,000 shares of Class A, \$0.0001 par value common stock. Holders of the Company’s common stock are entitled to one vote for each share. At February 25, 2021, there were no shares of Class A common stock issued or outstanding.

Class B Common Stock — The Company is authorized to issue up to 20,000,000 shares of Class B, \$0.0001 par value common stock. Holders of the Company’s common stock are entitled to one vote for each share. At January 25, 2021, there were 4,312,500 shares of Class B common stock issued and outstanding, of which an aggregate of up to 562,500 shares are subject to forfeiture to the extent that the underwriters’ over-allotment option is not exercised in full or in part so that the Sponsor will own 20% of the Company’s issued and outstanding common stock after the Proposed Public Offering (assuming Sponsor does not purchase any Public Shares in the Proposed Public Offering).

Holders of Class A common stock and Class B common stock will vote together as a single class on all other matters submitted to a vote of stockholders, except as required by law.

The shares of Class B common stock will automatically convert into shares of Class A common stock at the time of a Business Combination, or earlier at the option of the holder, on a one-for-one basis, subject to adjustment as provided herein. In the case that additional shares of Class A common stock, or equity-linked securities, are issued or deemed issued in excess of the amounts issued in the Proposed Public Offering and related to the closing of a Business Combination, the ratio at which the shares of Class B common stock will convert into shares of Class A common stock will be adjusted (unless the holders of a majority of the issued and outstanding shares of our Class B common stock agree to waive such anti-dilution adjustment with respect to any such issuance or deemed issuance) so that the number of shares of Class A common stock issuable upon conversion of all shares of Class B common stock will equal, in the aggregate, on an as-converted basis, 20% of the sum of all shares of common stock issued and outstanding upon the completion of the Proposed Public Offering, plus all shares of our Class A common stock and equity-linked securities issued or deemed issued in connection with a Business Combination, excluding any shares or equity-linked securities issued, or to be issued, to any seller in our a Business Combination.

Warrants — Public Warrants may only be exercised for a whole number of shares. No fractional shares will be issued upon exercise of the Public Warrants. The Public Warrants will become exercisable on the later of (a) 30 days after the consummation of a Business Combination or (b) 12 months from the closing of the Proposed Public Offering. The Public Warrants will expire five years from the consummation of a Business Combination or earlier upon redemption or liquidation.

The Company will not be obligated to deliver any Class A common stock pursuant to the exercise of a Public Warrant and will have no obligation to settle such Public Warrant exercise unless a registration statement under the Securities Act covering the issuance of the Class A common stock issuable upon exercise of the Public Warrants is then effective and a prospectus relating thereto is current, subject to the Company satisfying its obligations with respect to registration. No warrant will be exercisable and the Company will not be obligated to issue shares of Class A common stock upon exercise of a warrant unless Class A common stock issuable upon such warrant exercise has been registered, qualified or deemed to be exempt under the securities laws of the state of residence of the registered holder of the warrants.

F-14

The Company has agreed that as soon as practicable, but in no event later than 15 business days after the closing of a Business Combination, it will use its commercially

reasonable efforts to file with the SEC a registration statement covering the issuance, under the Securities Act, of the Class A common stock issuable upon exercise of the warrants. The Company will use its commercially reasonable efforts to cause the same to become effective within 60 business days after the closing of a Business Combination and to maintain the effectiveness of such registration statement, and a current prospectus relating thereto, until the expiration of the warrants in accordance with the provisions of the warrant agreement. If any such registration statement has not been declared effective by the 60th business day following the closing of a Business Combination, holders of the warrants will have the right, during the period beginning on the 61st business day after the closing of a Business Combination and ending upon such registration statement being declared effective by the SEC, and during any other period when the company fails to have maintained an effective registration statement covering the issuance of the shares of Class A common stock issuable upon exercise of the warrants, to exercise such warrants on a “cashless basis.” Notwithstanding the above, if the shares of Class A common stock are, at the time of any exercise of a warrant, not listed on a national securities exchange such that they satisfy the definition of a “covered security” under Section 18(b)(1) of the Securities Act, the Company may, at its option, require holders of Public Warrants who exercise their warrants to do so on a “cashless basis” in accordance with Section 3(a)(9) of the Securities Act and, in the event the Company so elect, the Company will not be required to file or maintain in effect a registration statement, but will use its commercially reasonable efforts to register or qualify the shares under applicable blue sky laws to the extent an exemption is not available.

Once the warrants become exercisable, the Company may redeem the Public Warrants:

- in whole and not in part;
- at a price of \$0.01 per warrant;
- upon not less than 30 days’ prior written notice of redemption given after the warrants become exercisable to each warrant holder; and
- if, and only if, the reported last sale price of the Class A common stock equals or exceeds \$18.00 per share (as adjusted for stock splits, stock dividends, reorganizations, recapitalizations and the like) for any 20 trading days within a 30-trading day period commencing once the warrants become exercisable and ending three business days before the Company sends the notice of redemption to the warrant holders.

If and when the warrants become redeemable by the Company, the Company may exercise its redemption right even if it is unable to register or qualify the underlying securities for sale under all applicable state securities laws.

If the Company calls the Public Warrants for redemption, management will have the option to require all holders that wish to exercise the Public Warrants to do so on a “cashless basis,” as described in the warrant agreement. The exercise price and number of shares of Class A common stock issuable upon exercise of the warrants may be adjusted in certain circumstances including in the event of a stock dividend, or recapitalization, reorganization, merger or consolidation. However, except as described below, the warrants will not be adjusted for issuance of Class A common stock at a price below its exercise price. Additionally, in no event will the Company be required to net cash settle the warrants. If the Company is unable to complete a Business Combination within the Combination Period and the Company liquidates the funds held in the Trust Account, holders of warrants will not receive any of such funds with respect to their warrants, nor will they receive any distribution from the Company’s assets held outside of the Trust Account with the respect to such warrants. Accordingly, the warrants may expire worthless.

The Private Placement Warrants will be identical to the Public Warrants underlying the Units being sold in the Proposed Public Offering, except that the Private Placement Warrants will and the common shares issuable upon the exercise of the Private Placement Warrants will not be transferable, assignable or salable until 30 days after the completion of a Business Combination, subject to certain limited exceptions. Additionally, the Private Placement Warrants will be exercisable on a cashless basis and will be non-redeemable so long as they are held by the initial purchasers or their permitted transferees. If the Private Placement Warrants are held by someone other than the initial purchasers or their permitted transferees, the Private Placement Warrants will be redeemable by the Company and exercisable by such holders on the same basis as the Public Warrants.

F-15

NOTE 8. SUBSEQUENT EVENTS

The Company evaluated subsequent events and transactions that occurred after the balance sheet date up to the date that the financial statements were issued. Based upon this review, the Company did not identify any subsequent events that would have required adjustment or disclosure in the financial statements other than as disclosed below.

On April 12, 2021, the SEC issued a statement with respect to the accounting for warrants issued by special purchase acquisition companies. In light of the SEC Staff’s Statement, the Company has determined that the fair value of the warrants should be classified as a warrant liability on the Company’s balance sheet as of the closing of the Proposed Public Offering that will be filed on Form 8-K. Subsequent changes to the fair value of the warrants will be recorded in the Company’s statement of operations.

INFORMATION NOT REQUIRED IN PROSPECTUS

Item 13. Other Expenses of Issuance and Distribution.

The estimated expenses payable by us in connection with the offering described in this registration statement (other than the underwriting discount and commissions) will be as follows:

SEC/FINRA expenses	\$	45,195
Accounting fees and expenses		40,000
Printing and engraving expenses		35,000
Travel and road show expenses		20,000
Directors and officers insurance premiums(1)		650,000
Legal fees and expenses		300,000
NYSE listing and filing fees		85,000
Miscellaneous		64,805
Total	\$	1,240,000

- (1) This amount represents the approximate amount of annual director and officer liability insurance premiums the registrant anticipates paying following the completion of its initial public offering and until it completes a business combination.

Item 14. Indemnification of Directors and officers.

Our amended and restated certificate of incorporation will provide that all of our directors, officers, employees and agents shall be entitled to be indemnified by us to the fullest extent permitted by Section 145 of the DGCL. Section 145 of the DGCL concerning indemnification of officers, directors, employees and agents is set forth below.

Section 145. Indemnification of officers, directors, employees and agents; insurance.

(a) A corporation shall have power to indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (other than an action by or in the right of the corporation) by reason of the fact that the person is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by the person in connection with such action, suit or proceeding if the person acted in good faith and in a manner the person reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, had no reasonable cause to believe the person's conduct was unlawful. The termination of any action, suit or proceeding by judgment, order, settlement, conviction, or upon a plea of nolo contendere or its equivalent, shall not, of itself, create a presumption that the person did not act in good faith and in a manner which the person reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, had reasonable cause to believe that the person's conduct was unlawful.

II-1

(b) A corporation shall have power to indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action or suit by or in the right of the corporation to procure a judgment in its favor by reason of the fact that the person is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise against expenses (including attorneys' fees) actually and reasonably incurred by the person in connection with the defense or settlement of such action or suit if the person acted in good faith and in a manner the person reasonably believed to be in or not opposed to the best interests of the corporation and except that no indemnification shall be made in respect of any claim, issue or matter as to which such person shall have been adjudged to be liable to the corporation unless and only to the extent that the Court of Chancery or the court in which such action or suit was brought shall determine upon application that, despite the adjudication of liability but in view of all the circumstances of the case, such person is fairly and reasonably entitled to indemnity for such expenses which the Court of Chancery or such other court shall deem proper.

(c) To the extent that a present or former director or officer of a corporation has been successful on the merits or otherwise in defense of any action, suit or proceeding referred to in subsections (a) and (b) of this section, or in defense of any claim, issue or matter therein, such person shall be indemnified against expenses (including attorneys' fees) actually and reasonably incurred by such person in connection therewith.

(d) Any indemnification under subsections (a) and (b) of this section (unless ordered by a court) shall be made by the corporation only as authorized in the specific case upon a determination that indemnification of the present or former director, officer, employee or agent is proper in the circumstances because the person has met the applicable standard of conduct set forth in subsections (a) and (b) of this section. Such determination shall be made, with respect to a person who is a director or officer at the time of such determination, (1) by a majority vote of the directors who are not parties to such action, suit or proceeding, even though less than a quorum, or (2) by a committee of such expenses designated by majority vote of such directors, even though less than a quorum, or (3) if there are no such directors, or if such directors so direct, by independent legal counsel in a written opinion, or (4) by the stockholders.

(e) Expenses (including attorneys' fees) incurred by an officer or director in defending any civil, criminal, administrative or investigative action, suit or proceeding may be paid by the corporation in advance of the final disposition of such action, suit or proceeding upon receipt of an undertaking by or on behalf of such director or officer to repay such amount if it shall ultimately be determined that such person is not entitled to be indemnified by the corporation as authorized in this section. Such expenses (including attorneys' fees) incurred by former officers and directors or other employees and agents may be so paid upon such terms and conditions, if any, as the corporation deems appropriate.

(f) The indemnification and advancement of expenses provided by, or granted pursuant to, the other subsections of this section shall not be deemed exclusive of any other rights to which those seeking indemnification or advancement of expenses may be entitled under any bylaw, agreement, vote of stockholders or disinterested directors or otherwise, both as to action in such person's official capacity and as to action in another capacity while holding such office. A right to indemnification or to advancement of expenses arising under a provision of the certificate of incorporation or a bylaw shall not be eliminated or impaired by an amendment to such provision after the occurrence of the act or omission that is the subject of the civil, criminal, administrative or investigative action, suit or proceeding for which indemnification or advancement of expenses is sought, unless the provision in effect at the time of such act or omission explicitly authorizes such elimination or impairment after such action or omission has occurred.

(g) A corporation shall have power to purchase and maintain insurance on behalf of any person who is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise against any liability asserted against such person and incurred by such person in any such capacity, or arising out of such person's status as such, whether or not the corporation would have the power to indemnify such person against such liability under this section.

(h) For purposes of this section, references to “the corporation” shall include, in addition to the resulting corporation, any constituent corporation (including any constituent of a constituent) absorbed in a consolidation or merger which, if its separate existence had continued, would have had power and authority to indemnify its directors, officers, and employees or agents, so that any person who is or was a director, officer, employee or agent of such constituent corporation, or is or was serving at the request of such constituent corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, shall stand in the same position under this section with respect to the resulting or surviving corporation as such person would have with respect to such constituent corporation if its separate existence had continued.

II-2

(i) For purposes of this section, references to “other enterprises” shall include employee benefit plans; references to “fines” shall include any excise taxes assessed on a person with respect to any employee benefit plan; and references to “serving at the request of the corporation” shall include any service as a director, officer, employee or agent of the corporation which imposes duties on, or involves services by, such director, officer, employee or agent with respect to an employee benefit plan, its participants or beneficiaries; and a person who acted in good faith and in a manner such person reasonably believed to be in the interest of the participants and beneficiaries of an employee benefit plan shall be deemed to have acted in a manner “not opposed to the best interests of the corporation” as referred to in this section.

(j) The indemnification and advancement of expenses provided by, or granted pursuant to, this section shall, unless otherwise provided when authorized or ratified, continue as to a person who has ceased to be a director, officer, employee or agent and shall inure to the benefit of the heirs, executors and administrators of such a person.

(k) The Court of Chancery is hereby vested with exclusive jurisdiction to hear and determine all actions for advancement of expenses or indemnification brought under this section or under any by law, agreement, vote of stockholders or disinterested directors, or otherwise. The Court of Chancery may summarily determine a corporation’s obligation to advance expenses (including attorneys’ fees).

In connection with this registration statement, we have undertaken that insofar as indemnification for liabilities arising under the Securities Act may be permitted to our directors, officers, and controlling persons pursuant to the foregoing provisions, or otherwise, we have been advised that, in the opinion of the SEC, such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment of expenses incurred or paid by a director, officer or controlling person in a successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, we will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to the court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue. See Item 17 “Undertakings”.

In accordance with Section 102(b)(7) of the DGCL, our amended and restated certificate of incorporation, will provide that no director shall be personally liable to us or any of our stockholders for monetary damages resulting from breaches of their fiduciary duty as directors, except to the extent such limitation on or exemption from liability is not permitted under the DGCL. The effect of this provision of our amended and restated certificate of incorporation is to eliminate our rights and those of our stockholders (through stockholders’ derivative suits on our behalf) to recover monetary damages against a director for breach of the fiduciary duty of care as a director, including breaches resulting from negligent or grossly negligent behavior, except, as restricted by Section 102(b)(7) of the DGCL. However, this provision does not limit or eliminate our rights or the rights of any stockholder to seek non-monetary relief, such as an injunction or rescission, in the event of a breach of a director’s duty of care.

Our amended and restated certificate of incorporation will also provide that we will, to the fullest extent authorized or permitted by applicable law, indemnify our current and former officers and directors, as well as those persons who, while directors or officers of our corporation, are or were serving as directors, officers, employees or agents of another entity, trust or other enterprise, including service with respect to an employee benefit plan, in connection with any threatened, pending or completed proceeding, whether civil, criminal, administrative or investigative, against all expense, liability and loss (including, without limitation, attorney’s fees, judgments, fines, ERISA excise taxes and penalties and amounts paid in settlement) reasonably incurred or suffered by any such person in connection with any such proceeding. Notwithstanding the foregoing, a person eligible for indemnification pursuant to our amended and restated certificate of incorporation will be indemnified by us in connection with a proceeding initiated by such person only if such proceeding was authorized by our board of directors, except for proceedings to enforce rights to indemnification.

II-3

The right to indemnification which will be conferred by our amended and restated certificate of incorporation is a contract right that includes the right to be paid by us the expenses incurred in defending or otherwise participating in any proceeding referenced above in advance of its final disposition, provided, however, that if the DGCL requires, an advancement of expenses incurred by our officer or director (solely in the capacity as an officer or director of our corporation) will be made only upon delivery to us of an undertaking, by or on behalf of such officer or director, to repay all amounts so advanced if it is ultimately determined that such person is not entitled to be indemnified for such expenses under our amended and restated certificate of incorporation or otherwise.

The rights to indemnification and advancement of expenses will not be deemed exclusive of any other rights which any person covered by our amended and restated certificate of incorporation may have or hereafter acquire under law, our amended and restated certificate of incorporation, our bylaws, an agreement, vote of stockholders or disinterested directors, or otherwise.

If the DGCL is amended to authorize corporate action further eliminating or limiting the liability of directors, then, in accordance with our amended and restated certificate of incorporation, the liability of our directors to us or our stockholders will be eliminated or limited to the fullest extent authorized by the DGCL, as so amended. Any repeal or amendment of provisions of our amended and restated certificate of incorporation affecting indemnification rights, whether by our stockholders or by changes in law, or the adoption of any other provisions inconsistent therewith, will (unless otherwise required by applicable law) be prospective only, except to the extent such amendment or change in law permits us to provide broader indemnification rights on a retroactive basis, and will not in any way diminish or adversely affect any right or protection existing at the time of such repeal or amendment or adoption of such inconsistent provision with respect to any act or omission occurring prior to such repeal or amendment or adoption of such inconsistent provision. Our amended and restated certificate of incorporation will also permit us, to the extent and in the manner authorized or permitted by law, to indemnify and to advance expenses to persons other than those specifically covered by our amended and restated certificate of incorporation.

Our bylaws, which we intend to adopt immediately prior to the closing of this offering, include the provisions relating to advancement of expenses and indemnification rights consistent with those which will be set forth in our amended and restated certificate of incorporation. In addition, our bylaws provide for a right of indemnity to bring a suit in the event a claim for indemnification or advancement of expenses is not paid in full by us within a specified period of time. Our bylaws also permit us to purchase and maintain insurance, at our expense, to protect us and/or any director, officer, employee or agent of our corporation or another entity, trust or other enterprise against any expense, liability or loss, whether or not we would have the power to indemnify such person against such expense, liability or loss under the DGCL.

Any repeal or amendment of provisions of our bylaws affecting indemnification rights, whether by our board of directors, stockholders or by changes in applicable law, or the adoption of any other provisions inconsistent therewith, will (unless otherwise required by applicable law) be prospective only, except to the extent such amendment or change in law permits us to provide broader indemnification rights on a retroactive basis, and will not in any way diminish or adversely affect any right or protection existing thereunder with respect to any act or omission occurring prior to such repeal or amendment or adoption of such inconsistent provision.

We will enter into indemnification agreements with each of our officers and directors a form of which is to be filed as an exhibit to this registration statement. These agreements will require us to indemnify these individuals to the fullest extent permitted under Delaware law against liabilities that may arise by reason of their service to us, and to advance expenses incurred as a result of any proceeding against them as to which they could be indemnified.

Pursuant to the Underwriting Agreement to be filed as Exhibit 1.1 to this registration statement, we have agreed to indemnify the underwriters and the underwriters have agreed to indemnify us against certain civil liabilities that may be incurred in connection with this offering, including certain liabilities under the Securities Act.

Item 15. Recent Sales of Unregistered Securities.

On February 15, 2021, Colombier Sponsor LLC, purchased an aggregate of 4,312,500 founder shares, for an aggregate offering price of \$25,000 at an average purchase price of approximately \$0.006 per share. The number of founder shares issued was determined based on the expectation that the founder shares would represent 20% of the outstanding shares of common stock upon completion of this offering. Such securities were issued in connection with our organization pursuant to the exemption from registration contained in Section 4(a)(2) of the Securities Act. Colombier Sponsor LLC is an accredited investor for purposes of Rule 501 of Regulation D.

In addition, Colombier Sponsor LLC has subscribed to purchase from us an aggregate of 5,250,000 private placement warrants (or 5,700,000 warrants if the underwriters' option to purchase additional units is exercised in full) at \$1.00 per warrant (for an aggregate purchase price of \$5,250,000 or \$5,700,000 if the underwriters' option to purchase additional units is exercised in full). This purchase will take place on a private placement basis simultaneously with the completion of our initial public offering. Any such issuances will be made pursuant to the exemption from registration contained in Section 4(a)(2) of the Securities Act.

No underwriting discounts or commissions were paid with respect to such sales.

Item 16. Exhibits and Financial Statement Schedules.

Item 17. Undertakings.

(a) The undersigned registrant hereby undertakes to provide to the underwriter at the closing specified in the underwriting agreements, certificates in such denominations and registered in such names as required by the underwriter to permit prompt delivery to each purchaser.

(b) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such

director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.

(c) The undersigned registrant hereby undertakes that:

(1) For purposes of determining any liability under the Securities Act of 1933, the information omitted from the form of prospectus filed as part of this registration statement in reliance upon Rule 430A and contained in a form of prospectus filed by the registrant pursuant to Rule 424(b)(1) or (4) or 497(h) under the Securities Act shall be deemed to be part of this registration statement as of the time it was declared effective.

(2) For the purpose of determining any liability under the Securities Act of 1933, each post-effective amendment that contains a form of prospectus shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) For the purpose of determining liability under the Securities Act of 1933 to any purchaser, if the registrant is subject to Rule 430C, each prospectus filed pursuant to Rule 424(b) as part of a registration statement relating to an offering, other than registration statements relying on Rule 430B or other than prospectuses filed in reliance on Rule 430A, shall be deemed to be part of and included in the registration statement as of the date it is first used after effectiveness. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such first use, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such date of first use.

II-6

(4) For the purpose of determining liability of a registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities, the undersigned registrant undertakes that in a primary offering of securities of an undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;

(ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by an undersigned registrant;

(iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and

(iv) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.

II-7

SIGNATURES

Pursuant to the requirements of the Securities Act of 1933 the registrant has duly caused this registration statement to be signed on its behalf by the undersigned, thereunto duly authorized, in the City of New York, State of New York on the 28th day of May, 2021.

15,000,000 Units
Colombier Acquisition Corp.
UNDERWRITING AGREEMENT

[•], 2021

B. Riley Securities, Inc.
 299 Park Avenue
 New York, NY 10171

As Representative of the Underwriters named in Schedule I

Ladies and Gentlemen:

Colombier Acquisition Corp., a Delaware corporation (the “Company”), proposes to sell to you and, as applicable, to the underwriters named in Schedule I hereto (the “Underwriters”), for whom you are acting as representative (the “Representative”), 15,000,000 units (the “Units”) of the Company (said Units to be issued and sold by the Company being hereinafter called the “Underwritten Securities”). The Company also proposes to grant to the Underwriters an option to purchase up to 2,250,000 additional Units to cover over-allotments, if any (the “Option Securities”). The Option Securities and the Underwritten Securities are hereinafter collectively called the “Securities.” To the extent there are no additional Underwriters listed on Schedule I other than you, the term Representative as used herein shall mean you, as Underwriters, and the term Underwriter shall mean either the singular or plural as the context requires. Certain capitalized terms used herein and not otherwise defined are defined in Section 21 hereof.

Each Unit consists of one share of the Company’s Class A common stock, par value \$0.0001 per share (the “Shares”), and one-third of one redeemable warrant, where each whole warrant entitles the holder to purchase one Share (the “Warrants”). The Shares and the Warrants included in the Units will not trade separately until the 52nd day following the date of the Prospectus (or if such date is not a Business Day, the following Business Day) (unless the Representative informs the Company of its decision to allow earlier separate trading), subject to (a) the Company’s preparation of an audited balance sheet reflecting the receipt by the Company of the proceeds of the Offering (as defined in Section 4 below), (b) the filing of such audited balance sheet with the U.S. Securities and Exchange Commission (the “Commission”) on a Current Report on Form 8-K or similar form by the Company that includes such audited balance sheet, and (c) the Company having issued a press release announcing when such separate trading will begin. Each whole Warrant entitles its holder, upon exercise, to purchase one Share at a price of \$11.50 per Share, subject to certain adjustments, during the period commencing on the later of thirty (30) days after the completion of the Company’s initial Business Combination (as defined below), and twelve (12) months from the date of the consummation of the Offering and terminating on the five (5)-year anniversary of the date of the completion of such initial Business Combination or earlier upon redemption or Liquidation (as defined below). As used herein, the term “Business Combination” (as described more fully in the Registration Statement (as defined in Section 1(a) below)) shall mean a merger, capital stock exchange, asset acquisition, stock purchase, reorganization or similar business combination with one or more businesses.

The Company has entered into an Investment Management Trust Agreement, dated as of the hereof, with Continental Stock Transfer & Trust Company (CST”), as trustee (the “Trustee”), in substantially the form filed as an exhibit to the Registration Statement (the “Trust Agreement”), pursuant to which the proceeds from the sale of the Private Placement Warrants (as defined below) and certain proceeds of the Offering will be deposited and held in a U.S.-based trust account (the “Trust Account”) for the benefit of the Company, the Underwriters and the holders of the Underwritten Securities and the Option Securities, if and when issued.

The Company has entered into a Warrant Agreement, dated as of the hereof, with respect to the Warrants and the Private Placement Warrants with CST, as warrant agent, in substantially the form filed as an exhibit to the Registration Statement (the “Warrant Agreement”), pursuant to which CST will act as warrant agent in connection with the issuance, registration, transfer, exchange, redemption, and exercise of the Warrants and the Private Placement Warrants.

1

The Company has entered into a Securities Subscription Agreement, dated as of February 15, 2021 (the “Founder’s Purchase Agreement”), with Colombier Sponsor LLC, a Delaware limited liability company (the “Sponsor”), pursuant to which the Sponsor purchased an aggregate of 4,312,500 shares of Class B common stock, par value \$0.0001 per share, of the Company (including the Shares issuable upon conversion thereof, where applicable, the “Founder Shares”), for an aggregate purchase price of \$25,000. Up to 562,500 of the Founder Shares are subject to forfeiture to the extent the Underwriters do not exercise their over-allotment option. The Founder Shares are substantially similar to the Shares included in the Units, except as described in the Registration Statement, the General Disclosure Package and the Prospectus.

The Company has entered into a Private Placement Warrants Purchase Agreement, dated as of the date hereof (the “Private Placement Agreement”), with the Sponsor, pursuant to which the Sponsor agreed to purchase an aggregate of 5,250,000 warrants (or up to 5,700,000 warrants if the Underwriters’ over-allotment option is exercised in full) for \$1.00 per warrant (the “Private Placement Warrants”), each Private Placement Warrant entitling the holder, upon exercise, to purchase one Share in a private placement that will occur simultaneously with the consummation of the Offering. The Private Placement Warrants are substantially similar to the Warrants, except as described in the Registration Statement, the General Disclosure Package and the Prospectus.

The Company has entered into a Registration Rights Agreement, dated as of the date hereof, with the Sponsor and the other parties thereto, in substantially the form filed as an exhibit to the Registration Statement (the “Registration Rights Agreement”), pursuant to which the Company has granted certain registration rights in respect of the Founder Shares, the Private Placement Warrants, the warrants that may be issued upon conversion of working capital loans (which will be substantially similar to the Private Placement Warrants), and the Shares underlying such warrants and Private Placement Warrants.

The Company has caused to be duly executed and delivered a letter agreement, dated as of the date hereof, by and among the Sponsor and each of the Company’s officers, directors, and director nominees, in substantially the form filed as an exhibit to the Registration Statement (the “Insider Letter”).

The Company has entered into an Administrative Services Agreement, dated as of the date hereof, with the Sponsor, in substantially the form filed as an exhibit to the Registration Statement (the “Administrative Services Agreement”), pursuant to which the Company will pay to the Sponsor an aggregate monthly fee of \$10,000 for certain office space, utilities and secretarial and administrative support from the date the securities of the Company are first listed on the New York Stock Exchange (the “NYSE”) until the earlier of (x) the consummation of an initial Business Combination and (y) the Liquidation.

1. Representations and Warranties. The Company represents and warrants to, and agrees with, each Underwriter as set forth below in this Section 1.

(a) The Company has prepared and filed with the Commission the registration statements (File No. 333-254492) on Form S-1 (collectively, the “Registration Statement”), including the related Preliminary Prospectus, for registration under the Act of the offering and sale of the Securities. Such Registration Statement, including any amendments thereto filed prior to the Execution Time, has become effective. The Company has filed one or more amendments thereto, including the related Preliminary Prospectus, each of which has previously been furnished to the Representative. The Company will file with the Commission the Prospectus in accordance with Rule 424(b). As filed, such Prospectus shall contain all information required by the Act and, except to the extent the Representative shall agree in writing to a modification, shall be in all substantive respects in the form furnished to the Representative prior to the Execution Time or, to the extent not completed at the Execution Time, shall contain only such specific additional information and other changes (beyond that contained in the latest Preliminary Prospectus) as the Company has advised you and that has been approved by

you, prior to the Execution Time, will be included or made therein. The Company has complied, to the Commission's satisfaction, with all requests of the Commission for additional or supplemental information.

2

(b) On the Effective Date, the Registration Statement did, and when the Prospectus is first filed in accordance with Rule 424(b) and on the Closing Date (as defined in Section 3(a) below) and on any date on which Option Securities are purchased, if such date is not the Closing Date (an "Additional Closing Date"), the Prospectus (and any supplement thereto) will, comply in all material respects with the applicable requirements of the Act; on the Effective Date and at the Execution Time, the Registration Statement did not and will not contain any untrue statement of a material fact or omit to state any material fact required to be stated therein or necessary in order to make the statements therein not misleading; any individual Written Testing-the-Waters Communication (as defined in Section 1(nnn) below), as of its date of use, complied in all material respects with the Act, and, when considered together with the General Disclosure Package, did not and will not contain any untrue statement of a material fact or omit to state any material fact required to be stated therein or necessary in order to make the statements therein, in light of the circumstances under which they were made, not misleading; and on the date of any filing pursuant to Rule 424(b) and on the Closing Date and any Additional Closing Date, the Prospectus (together with any supplement thereto) will not include any untrue statement of a material fact or omit to state a material fact necessary in order to make the statements therein, in the light of the circumstances under which they were made, not misleading; provided, however, that the Company makes no representations or warranties as to the information contained in or omitted from the Registration Statement or the Prospectus (or any supplement thereto) in reliance upon and in conformity with information furnished in writing to the Company by or on behalf of any Underwriter through the Representative specifically for inclusion in the Registration Statement or the Prospectus (or any supplement thereto), it being understood and agreed that the only such information furnished by or on behalf of any Underwriter consists of the information described as such in Section 8(b) hereof.

(c) The General Disclosure Package, as of the Applicable Time, did not and will not contain any untrue statement of a material fact or omit to state any material fact necessary in order to make the statements therein, in light of the circumstances under which they were made, not misleading; provided, however, that the Company makes no representations or warranties as to the information contained in or omitted from the General Disclosure Package in reliance upon and in conformity with written information furnished to the Company by or on behalf of any Underwriter through the Representative specifically for use therein, it being understood and agreed that the only such information furnished by or on behalf of any Underwriter consists of the information described as such in Section 8(b) hereof.

(d) The Company has filed with the Commission a Form 8-A (File No. [•]) providing for the registration under the Exchange Act of the Securities. The registration of the Securities under the Exchange Act has been declared effective by the Commission on or prior to the date hereof. The Securities have been authorized for listing, subject to official notice of issuance and evidence of satisfactory distribution, on the NYSE, and the Company knows of no reason or set of facts that is likely to adversely affect such authorization.

(e) The Commission has not issued any order or threatened to issue any order preventing or suspending the effectiveness of the Registration Statement or the use of any Preliminary Prospectus, the Prospectus or any part thereof, and has not instituted or threatened to institute any proceedings with respect to such an order.

(f) (i) At the time of filing the Registration Statement and (ii) as of the Execution Time (with such date being used as the determination date for purposes of this clause (ii)), the Company was and is an Ineligible Issuer (as defined in Rule 405).

(g) The Company has not prepared or used a Free Writing Prospectus in connection with the Offering (as defined below).

(h) The Company has been duly incorporated and is validly existing as a corporation in good standing under the laws of the State of Delaware with full corporate power and authority to own or lease, as the case may be, and to operate its properties and conduct its business as described in the General Disclosure Package and the Prospectus and to enter into this Agreement, the Trust Agreement, the Warrant Agreement, the Founder's Purchase Agreement, the Private Placement Agreement, the Registration Rights Agreement, the Insider Letter and the Administrative Services Agreement and to carry out the transactions contemplated hereby and thereby, and except where the failure to be so qualified or be in good standing would not reasonably be expected, individually or in the aggregate, to have a Material Adverse Effect (as defined herein), is duly qualified to do business as a foreign corporation and is in good standing under the laws of each jurisdiction that requires such qualification.

(i) There is no franchise, contract or other document of a character required to be described in the Registration Statement or Prospectus, or to be filed as an exhibit thereto, which is not described or filed as required; and the statements in the General Disclosure Package and the Prospectus under the headings "Principal Stockholders," "Certain Relationships and Related Party Transactions," and "Description of Securities" insofar as such statements summarize legal matters, agreements, documents or proceedings discussed therein, are in all material respects accurate and fair summaries of such legal matters, agreements, documents or proceedings. There are no business relationships or related party transactions involving the Company or any other person required by the Act to be described in the Registration Statement or Prospectus that have not been described as required.

3

(j) The Company's authorized equity capitalization is as set forth in the Registration Statement, the General Disclosure Package and the Prospectus.

(k) All issued and outstanding shares of capital stock of the Company have been duly and validly authorized and issued and are fully paid and non-assessable; and none of such shares were issued in violation of the preemptive rights of any holders of any security of the Company or similar contractual rights granted by the Company. The offers and sales of the outstanding shares of capital stock and Warrants were at all relevant times either registered under the Act, the applicable state securities and blue sky laws or, based in part on the representations and warranties of the purchasers of such shares of capital stock and Warrants, exempt from such registration requirements. The holders of the outstanding shares of capital stock of the Company are not entitled to preemptive or other rights to subscribe for the Securities arising by operation of law or under the Amended and Restated Certificate of Incorporation of the Company (as amended from time to time, the "Amended and Restated Certificate"), or otherwise; and, except as set forth in the Registration Statement, the General Disclosure Package and the Prospectus, no options, warrants or other rights to purchase, agreements or other obligations to issue, or rights to convert any obligations into or exchange any securities for shares or other ownership interests in the Company are outstanding.

(l) The Securities have been duly authorized and, when issued and delivered by the Company against payment for the Securities by the Underwriters pursuant to this Agreement, will be validly issued.

(m) The Shares included in the Units have been duly authorized and, when issued and delivered by the Company against payment for the Securities by the Underwriters pursuant to this Agreement, will be validly issued, fully paid and non-assessable.

(n) The Warrants included in the Units, when issued and delivered in the manner set forth in the Warrant Agreement against payment for the Securities by the Underwriters pursuant to this Agreement, will be duly issued and delivered, and will constitute valid and binding obligations of the Company, enforceable against the Company in accordance with their terms, except as the enforceability thereof may be limited by bankruptcy, insolvency, or similar laws affecting creditors' rights generally from time to time in effect and by equitable principles of general applicability.

(o) The Shares issuable upon exercise of the Warrants included in the Units and the Private Placement Warrants have been duly authorized and reserved for issuance upon exercise thereof and, when issued and delivered by the Company against payment therefor pursuant to the Warrants and the Private Placement Warrants, as applicable, and the Warrant Agreement, will be validly issued, fully paid and non-assessable. The holders of such Shares will not be subject to personal liability by reason of being such holders; such Shares are not and will not be subject to any preemptive or other similar contractual rights granted by the Company; and all corporate action required to be taken for the authorization, issuance and sale of such Shares (other than such execution (if applicable), countersignature (if applicable) and delivery at the time of issuance) have been duly and validly taken.

(p) Except as set forth in the Registration Statement, the General Disclosure Package and the Prospectus, no holders of any securities of the Company or any rights exercisable for or convertible or exchangeable into securities of the Company have the right to require the Company to register any such securities of the Company under the Act or to include any such securities in a registration statement to be filed by the Company.

(q) No securities of the Company have been sold by the Company or by or on behalf of, or for the benefit of, any person or persons controlling, controlled by, or under common control with the Company from its inception through and including the date hereof, except as disclosed in the Registration Statement, the General Disclosure Package and the Prospectus.

(r) Neither the Company nor any of its affiliates has, prior to the date hereof, made any offer or sale of any securities that are required to be “integrated” pursuant to the Act with the offer and sale of the Underwritten Securities pursuant to the Registration Statement.

4

(s) The Founder Shares have been duly authorized and are validly issued, except with respect to the forfeiture of certain Founder Shares as described in the Registration Statement upon the failure by the Underwriters to purchase any or all of the Option Securities, fully paid and non-assessable. The shares of Common Stock issuable upon exercise of the Private Placement Warrants have been duly authorized and reserved for issuance and, when issued and delivered against payment therefor pursuant to the Private Placement Warrants Purchase Agreement, the Private Placement Warrants, and the Warrant Agreement will be validly issued, fully paid and nonassessable.

(t) The Private Placement Warrants have been duly authorized and, when delivered upon the consummation of the Offering, will be duly authorized, validly issued, fully paid and non-assessable, and will constitute valid and binding obligations of the Company, enforceable against the Company in accordance with their terms, except as the enforceability thereof may be limited by bankruptcy, insolvency, or similar laws affecting creditors’ rights generally from time to time in effect and by equitable principles of general applicability.

(u) This Agreement has been duly authorized, executed and delivered by the Company and is a valid and binding agreement of the Company, enforceable against the Company in accordance with its terms except as the enforceability thereof may be limited by bankruptcy, insolvency, or similar laws affecting creditors’ rights generally from time to time in effect and by equitable principles of general applicability.

(v) The Trust Agreement has been duly authorized, executed and delivered by the Company, and is a valid and binding agreement of the Company, enforceable against the Company, in accordance with its terms except as the enforceability thereof may be limited by bankruptcy, insolvency, or similar laws affecting creditors’ rights generally from time to time in effect and by equitable principles of general applicability.

(w) The Warrant Agreement has been duly authorized, executed and delivered by the Company and is a valid and binding agreement of the Company, enforceable against the Company in accordance with its terms except as the enforceability thereof may be limited by bankruptcy, insolvency, or similar laws affecting creditors’ rights generally from time to time in effect and by equitable principles of general applicability.

(x) The Founder’s Purchase Agreement has been duly authorized, executed and delivered by the Company and the Sponsor, and is a valid and binding agreement of the Company and the Sponsor, enforceable against the Company and the Sponsor in accordance with its terms except as the enforceability thereof may be limited by bankruptcy, insolvency, or similar laws affecting creditors’ rights generally from time to time in effect and by equitable principles of general applicability.

(y) The Private Placement Agreement has been duly authorized, executed and delivered by the Company and the Sponsor, and is a valid and binding agreement of the Company and the Sponsor, enforceable against the Company and the Sponsor in accordance with its terms except as the enforceability thereof may be limited by bankruptcy, insolvency, or similar laws affecting creditors’ rights generally from time to time in effect and by equitable principles of general applicability.

(z) The Registration Rights Agreement has been duly authorized, executed and delivered by the Company and is a valid and binding agreement of the Company, enforceable against the Company in accordance with its terms except as the enforceability thereof may be limited by bankruptcy, insolvency, or similar laws affecting creditors’ rights generally from time to time in effect and by equitable principles of general applicability.

(aa) The Insider Letter executed by the Company, the Sponsor and, to the Company’s knowledge, the Insider Letter executed by each executive officer, director and director nominee of the Company, has been duly authorized, executed and delivered by the Company, the Sponsor and each such executive officer, director and director nominee, respectively, and is a valid and binding agreement of the Company, the Sponsor and each such executive officer, director and director nominee, respectively, enforceable against the Company, the Sponsor and each such executive officer, director and director nominee of the Company, respectively, in accordance with its terms except as the enforceability thereof may be limited by bankruptcy, insolvency, or similar laws affecting creditors’ rights generally from time to time in effect and by equitable principles of general applicability.

5

(bb) The Administrative Services Agreement has been duly authorized, executed and delivered by the Company and, assuming the due authorization, execution, and delivery thereof by the Sponsor, is a valid and binding agreement of the Company, enforceable against the Company in accordance with its terms except as the enforceability thereof may be limited by bankruptcy, insolvency, or similar laws affecting creditors’ rights generally from time to time in effect and by equitable principles of general applicability.

(cc) The Company is not and, after giving effect to the offering and sale of the Securities and the Private Placement Warrants and the application of the proceeds thereof as described in the Registration Statement, the General Disclosure Package and the Prospectus, will not be required to register as an “investment company” as defined in the Investment Company Act of 1940, as amended (the “Investment Company Act”).

(dd) No consent, approval, authorization, filing with or order of any court or governmental agency or body is required in connection with the transactions contemplated herein or in the Trust Agreement, the Warrant Agreement, the Founder’s Purchase Agreement, the Private Placement Agreement, the Registration Rights Agreement, the Insider Letter or the Administrative Services Agreement, except for the registration under the Act and the Exchange Act of the Securities, and such as may be required under the state securities or blue sky laws of any jurisdiction in connection with the purchase and distribution of the Securities by the Underwriters in the

manner contemplated herein and in the General Disclosure Package and the Prospectus.

(ee) The Company is not in violation or default of (i) any provision of the Amended and Restated Certificate, (ii) the terms of any indenture, contract, lease, mortgage, deed of trust, note agreement, loan agreement or other agreement, obligation, condition, covenant or instrument to which it is a party or bound or to which its property is subject, or (iii) any (x) statute, law, rule, or regulation, or (y) judgment, order or decree of any court, regulatory body, administrative agency, governmental body, arbitrator or other authority having jurisdiction over the Company; except in the case of clauses (ii) and (iii) above for any such conflict, breach or violation that would not, individually or in the aggregate, be reasonably expected to have a material adverse effect on the financial condition, prospects, earnings, business or properties of the Company, taken as a whole, whether or not arising from transactions in the ordinary course of business (a “Material Adverse Effect”).

(ff) Neither the issue and sale of the Securities nor the consummation of any other of the transactions herein contemplated nor the fulfillment of the terms hereof or of the Trust Agreement, the Warrant Agreement, the Founder’s Purchase Agreement, the Private Placement Agreement, the Registration Rights Agreement, the Insider Letter or the Administrative Services Agreement will conflict with, result in a breach or violation of, or imposition of any lien, charge or encumbrance upon any property or assets of the Company pursuant to, (i) the Amended and Restated Certificate, (ii) the terms of any indenture, contract, lease, mortgage, deed of trust, note agreement, loan agreement or other agreement, obligation, condition, covenant or instrument to which the Company is a party or bound or to which the Company’s property is subject, or (iii) any statute, law, rule, or regulation, judgment, order or decree applicable to the Company of any court, regulatory body, administrative agency, governmental body, arbitrator or other authority having jurisdiction over the Company or any of its respective properties.

(gg) The historical financial statements, including the notes thereto and the supporting schedules, if any, of the Company included in the General Disclosure Package, the Prospectus and the Registration Statement present fairly the financial condition, results of operations and cash flows of the Company as of the dates and for the periods indicated, comply as to form with the applicable accounting requirements of the Act and have been prepared in conformity with generally accepted accounting principles (“GAAP”) applied on a consistent basis throughout the periods involved (except as otherwise noted therein). The summary financial data set forth under the caption “Summary Financial Data” in the General Disclosure Package, Prospectus and Registration Statement fairly present, on the basis stated in the General Disclosure Package, Prospectus and Registration Statement, the information included therein. The Company is not party to any off-balance sheet transactions, arrangements, obligations (including contingent obligations), or other relationships with unconsolidated entities or other persons that may have a material current or future effect on the Company’s financial condition, changes in financial condition, results of operations, liquidity, capital expenditures, capital resources, or significant components of revenues or expenses. The statistical, industry-related and market-related data included in the Registration Statement, the General Disclosure Package and the Prospectus are based on or derived from sources that the Company reasonably and in good faith believes are reliable and accurate, and such data agree with the sources from which they are derived.

6

(hh) No action, suit or proceeding by or before any court or governmental agency, authority or body or any arbitrator involving the Company or the Sponsor, or any of its executive officers, directors or director nominees, or the property of the Company is pending or threatened that (i) could reasonably be expected to have a material adverse effect on the performance of this Agreement or the consummation of any of the transactions contemplated hereby by the Company or (ii) could reasonably be expected to have a Material Adverse Effect, except as set forth in or contemplated in the General Disclosure Package and the Prospectus (exclusive of any supplement thereto).

(ii) The Company owns or leases all such properties as are necessary to the conduct of its operations as presently conducted.

(jj) Marcum LLP (“Marcum”), who has certified certain financial statements of the Company and delivered its report with respect to the audited financial statements and schedules included in the Registration Statement, General Disclosure Package and the Prospectus, is a registered public accounting firm that is independent with respect to the Company within the meaning of the Act and the Exchange Act and the applicable published rules and regulations thereunder.

(kk) The Company maintains effective “disclosure controls and procedures” (as defined under Rule 13a-15(e) under the Exchange Act) to the extent required by such rule.

(ll) Solely to the extent that the Sarbanes-Oxley Act of 2002, as amended, and the rules and regulations promulgated by the Commission thereunder (the “Sarbanes-Oxley Act”) have been applicable to the Company, there is and has been no failure on the part of the Company to comply in all material respects with the applicable provisions of the Sarbanes-Oxley Act.

(mm) There is and has been no failure on the part of the Company or any of the Company’s officers or directors, in their capacities as such, to comply with (as and when applicable), and immediately following the Effective Date the Company will be in compliance with, the requirements of Section 303A of the NYSE’s Listed Company Manual. Further, there is and has been no failure on the part of the Company or any of the Company’s officers or directors, in their capacities as such, to comply with (as and when applicable), and immediately following the Effective Date the Company will be in compliance with, the phase-in requirements and all other provisions of the NYSE corporate governance requirements set forth in the NYSE’s Listing Standards.

(nn) There are no transfer, stamp, issue, registration, documentary or other similar taxes, duties, fees or charges under U.S. federal law or the laws of any state, or any political subdivision thereof, or under the laws of any non U.S. jurisdiction, required to be paid in connection with the execution and delivery of this Agreement or the issuance or sale by the Company of the Securities.

(oo) The Company has filed all tax returns (including U.S. federal, state and non U.S.) that are required to be filed by it or has requested extensions thereof (except in any case in which the failure so to file would not have a Material Adverse Effect) through the date hereof and has paid all taxes required to be paid by it and any other assessment, fine or penalty levied against it, to the extent that any of the foregoing is due and payable, except for any such assessment, fine or penalty that is currently being contested in good faith and for which adequate reserves required by GAAP have been created with respect thereto or as would not have a Material Adverse Effect, except as set forth in or contemplated in the Registration Statement, General Disclosure Package and the Prospectus (exclusive of any supplement thereto).

(pp) The Company possesses all licenses, certificates, permits and other authorizations issued by the appropriate federal, state or foreign regulatory authorities necessary to conduct its business, and the Company has not received any notice of proceedings relating to the revocation or modification of any such license, certificate, authorization or permit that, singly or in the aggregate, if the subject of an unfavorable decision, ruling or finding, would have a Material Adverse Effect, except as set forth in or contemplated in the Registration Statement, the General Disclosure Package and the Prospectus (exclusive of any supplement thereto).

7

(qq) Neither the Company, the Sponsor, any director, director nominee, or officer, nor, to the knowledge of the Company, any agent, employee, affiliate or other person associated with or acting on behalf of the Company: (i) has used any corporate funds for any unlawful contribution, gift, entertainment or other unlawful expense relating to political activity; (ii) has made any direct or indirect unlawful contribution or payment to any official of, or candidate for, or any employee of, any federal, state or foreign office from corporate funds; (iii) has made any bribe, unlawful rebate, payoff, influence payment, kickback or other unlawful payment; or (iv) is aware of or has taken any action, directly or indirectly, that could result in a violation by the Company, the Sponsor or such other persons of the OECD Convention on Bribery of Foreign Public Officials in International Business Transactions, the Foreign Corrupt Practices Act of 1977, as amended, and the rules and regulations thereunder (collectively, the “FCPA”).

The Company, the Sponsor and, the Company's directors, director nominees, officers, agents, employees and affiliates have each conducted the business of the Company and their own businesses on behalf of the Company in compliance with the FCPA and any applicable similar anti-corruption and anti-bribery law or regulation and have instituted and maintain policies and procedures designed to ensure, and which are reasonably expected to continue to ensure, continued compliance therewith.

(rr) The operations of the Company are and have been conducted at all times in compliance with applicable financial recordkeeping and reporting requirements, including those of the Bank Secrecy Act, as amended by Title III of the Uniting and Strengthening America by Providing Appropriate Tools Required to Intercept and Obstruct Terrorism Act of 2001 (USA PATRIOT Act), the Currency and Foreign Transactions Reporting Act of 1970, as amended, the applicable money laundering statutes of jurisdictions where the Company conducts business, the applicable rules and regulations thereunder and any related or similar rules, regulations or guidelines, issued, administered or enforced by any governmental agency (collectively, the "Money Laundering Laws") and no action, suit or proceeding by or before any court or governmental agency, authority or body or any arbitrator involving the Company with respect to the Money Laundering Laws is pending or threatened.

(ss) Neither the Company, the Sponsor, any director, director nominee, or officer, nor, to the knowledge of the Company, any agent or affiliate of the Company is currently subject to any sanctions administered by the Office of Foreign Assets Control of the U.S. Treasury Department ("OFAC") or any similar sanctions imposed by any other body, governmental or other, to which any of such persons is subject (collectively, "other economic sanctions"); and the Company will not directly or indirectly use the proceeds of the Offering, or lend, contribute or otherwise make available such proceeds to any subsidiary, joint venture partner or other person or entity, for the purpose of financing the activities of any person currently subject to any sanctions administered by OFAC or other economic sanctions.

(tt) Except as disclosed in the Registration Statement, the General Disclosure Package and the Prospectus, the Company (i) does not have any material lending or other relationship with any bank or lending affiliate of any of the Underwriters and (ii) does not intend to use any of the proceeds from the sale of the Securities hereunder to repay any outstanding debt owed to any affiliate of any of the Underwriters.

(uu) All information contained in the questionnaires (the "Questionnaires") completed by the Sponsor and the Company's officers and directors and, to the Company's knowledge, all the information contained in the Questionnaires completed by the Company's director nominees and provided to the Underwriters, is true and correct in all material respects and the Company has not become aware of any information that would cause the information disclosed in the Questionnaires completed by the Sponsor or the Company's officers, directors and director nominees to become inaccurate and incorrect in any material respect that has not otherwise been disclosed to the Representative by the Company.

(vv) Except as disclosed in the Registration Statement, the General Disclosure Package and the Prospectus, prior to the date hereof, the Company has not selected any specific initial Business Combination target and has not, nor, has anyone on its behalf, initiated any substantive discussions, directly or indirectly, with any initial Business Combination target.

(ww) Except as described in the Registration Statement, the General Disclosure Package and the Prospectus, there are no claims, payments, arrangements, contracts, agreements or understandings relating to the payment of a brokerage commission or finder's, consulting, origination or similar fee by the Company or the Sponsor with respect to the sale of the Securities hereunder or any other arrangements, agreements or understandings of the Company, the Sponsor or any officer or director of the Company, or, to the Company's knowledge, their respective affiliates, that may affect the Underwriters' compensation, as determined by the Financial Industry Regulatory Authority, Inc. ("FINRA").

8

(xx) Except as described in the Registration Statement, the General Disclosure Package and the Prospectus, the Company has not made any direct or indirect payments (in cash or securities that would qualify as "underwriting compensation" as defined in Rule 5110.01(j)(22) of FINRA's Conduct Rules): to any person, as a finder's fee, consulting fee or otherwise, in consideration of such person raising capital for the Company or introducing to the Company persons who raised or provided capital to the Company; to any person, to the Company's knowledge, that has been accepted by FINRA as a member of FINRA (a "Member"); or to any person or entity that, to the Company's knowledge, has any direct or indirect affiliation or association with any Member, within the FINRA Review Period, as defined in Rule 5110(j)(20) of FINRA's Conduct Rules, other than payments to the Underwriters pursuant to this Agreement.

(yy) Except as described in the Registration Statement, the General Disclosure Package and the Prospectus, during the period beginning 180 days prior to the initial filing of the Registration Statement and ending on the Effective Date, no Member and/or any person associated or affiliated with a Member has provided any investment banking, financial advisory and/or consulting services to the Company.

(zz) Except as disclosed in the FINRA Questionnaires provided to the Representative, no officer, or director, nor, to the Company's knowledge, any beneficial owner of any class of the Company's securities (whether debt or equity, registered or unregistered, regardless of the time acquired or the source from which derived) (any such individual or entity, a "Company Affiliate") is a Member or a person associated or affiliated with a Member.

(aaa) Except as disclosed in the FINRA Questionnaires provided to the Representative, to the Company's knowledge, no Company Affiliate is an owner of shares or other securities of any Member (other than securities purchased on the open market).

(bbb) To the knowledge of the Company, no Company Affiliate has made a subordinated loan to any Member.

(ccc) Except as described in the Registration Statement, the General Disclosure Package and the Prospectus, no proceeds from the sale of the Underwritten Securities (excluding underwriting compensation as disclosed in the Registration Statement, General Disclosure Package and the Prospectus) will be paid by the Company to any Member, or any persons associated or affiliated with a Member.

(ddd) The Company has not issued any warrants or other securities, or granted any options, directly or indirectly to anyone who is a "participating member," as defined in Rule 5110(j)(15) of FINRA's Conduct Rules, in the Offering within the FINRA Review Period, as defined in Rule 5110(j)(20) of FINRA's Conduct Rules.

(eee) Except as described in the Registration Statement, the General Disclosure Package and the Prospectus, no person to whom securities of the Company have been privately issued within the FINRA Review Period, as defined in Rule 5110(j)(20) of FINRA's Conduct Rules, has any relationship or affiliation or association with any Member intending to participate in the Offering.

(fff) To the Company's knowledge, no Member intending to participate in the Offering has a conflict of interest with the Company. For this purpose, a "conflict of interest" means, if at the time of the Member's participation in the Offering, any of the following applies: (A) the securities are to be issued by the Member; (B) the Company controls, is controlled by or is under common control with the Member or the Member's associated persons; (C) at least 5% of the net offering proceeds, not including underwriting compensation, are intended to be: (i) used to reduce or retire the balance of a loan or credit facility extended by the Member, its affiliates and its associated persons, in the aggregate; or (ii) otherwise directed to the Member, its affiliates and associated persons, in the aggregate; or (D) as a result of the Offering and any transactions contemplated at the time of the Offering: (i) the Member will be an affiliate of the Company; (ii) the Member will become publicly owned; or (iii) the Company will become a Member or form a broker-dealer subsidiary. As used herein, the term "Member intending to participate in the Offering" includes any associated person of a Member that is participating in the Offering, any members of such associated person's immediate family, and any affiliate of a Member that is participating in the Offering.

(ggg) The Company has not taken, directly or indirectly, any action designed to or that would constitute or that might reasonably be expected to cause or

(hhh) The Company does not own an interest in any corporation, partnership, limited liability company, joint venture, trust or other entity.

(iii) No relationship, direct or indirect, exists between or among any of the Company or any affiliate of the Company, on the one hand, and any director, director nominee, officer, stockholder, special advisor, customer or supplier of the Company or any affiliate of the Company, on the other hand, which is required by the Act or the Exchange Act to be described in the Registration Statement, General Disclosure Package or the Prospectus that is not described as required. There are no outstanding loans, advances (except normal advances for business expenses in the ordinary course of business) or guarantees of indebtedness by the Company to or for the benefit of any of the officers, directors or director nominees of the Company or any of their respective family members, except as disclosed in the Registration Statement, General Disclosure Package and the Prospectus. The Company has not extended or maintained credit, arranged for the extension of credit, or renewed an extension of credit, in the form of a personal loan to or for any director or officer of the Company.

(jjj) The Company has not offered, or caused the Underwriters to offer, the Underwritten Securities to any person or entity with the intention of unlawfully influencing: (a) a customer or supplier of the Company or any affiliate of the Company to alter the customer's or supplier's level or type of business with the Company or such affiliate or (b) a journalist or publication to write or publish favorable information about the Company or any such affiliate.

(kkk) Upon delivery and payment for the Units on the Closing Date, the Company will not be subject to Rule 419 under the Act and none of the Company's outstanding securities will be deemed to be a "penny stock" as defined in Rule 3a51-1 under the Exchange Act.

(lll) From the time of the initial filing date of the Registration Statement to the Commission through the Execution Time, the Company has been and is an "emerging growth company," as defined in Section 2(a) of the Act (an "Emerging Growth Company").

(mmm) As of the time of the initial filing date of the Registration Statement, the Company was a "smaller reporting company," as defined in Rule 12b-2 of the Exchange Act.

(nnn) The Company (i) has not alone engaged in any Testing-the-Waters Communication other than Testing-the-Waters Communications with the consent of the Representative with entities that are qualified institutional buyers within the meaning of Rule 144A under the Act or institutions that are accredited investors within the meaning of Rule 501 under the Act and (ii) has not authorized anyone other than the Representative to engage in Testing-the-Waters Communications. The Company reconfirms that the Representative has been authorized to act on its behalf in undertaking Testing-the-Waters Communications. The Company has not distributed any Written Testing-the-Waters Communications other than those listed on Schedule III hereto or other Written Testing-the-Waters Communications that contain substantially the same information, of which the Representative has been made aware. "Testing-the-Waters Communication" means any oral or written communication with potential investors undertaken in reliance on Section 5(d) of the Act, and "Written Testing-the-Waters Communication" means any Testing-the-Waters Communication that is a written communication within the meaning of Rule 405 under the Act.

Any certificate signed by any officer of the Company and delivered to the Representative or counsel for the Underwriters in connection with the Offering shall be deemed a representation and warranty by the Company, as to matters covered thereby, to each Underwriter.

2. Purchase and Sale.

(a) Subject to the terms and conditions and in reliance upon the representations and warranties herein set forth, the Company agrees to sell to each Underwriter, and each Underwriter agrees, severally and not jointly, to purchase from the Company, at a purchase price of \$9.80 per Unit, the amount of the Underwritten Securities set forth opposite such Underwriter's name in Schedule I hereto.

(b) Subject to the terms and conditions and in reliance upon the representations and warranties herein set forth, the Company hereby grants an option to the Underwriters to purchase, severally and not jointly, up to 2,250,000 Option Securities at the same purchase price per Unit as the Underwriters shall pay for the Underwritten Securities. This option may be exercised only to cover over-allotments in the sale of the Underwritten Securities by the Underwriters. This option may be exercised in whole or in part at any time on or before the 45th day after the date of the Prospectus upon written notice by the Representative to the Company setting forth the number of Option Securities as to which the Underwriters are exercising the option and the Additional Closing Date. The number of Option Securities to be purchased by each Underwriter shall be based upon the same percentage of the total number of the Option Securities to be purchased by the several Underwriters as such Underwriter is purchasing of the Underwritten Securities, subject to such adjustments as the Representative in its absolute discretion shall make to eliminate any fractional shares.

(c) In addition to the discount from the public offering price represented by the purchase price set forth in the first sentence of Section 2(a) of this Agreement, the Company hereby agrees to pay to the Underwriters a deferred discount of \$0.35 per Unit (for both Underwritten Securities and Option Securities) purchased hereunder (the "Deferred Discount"). The Deferred Discount will be paid directly to the Representative, on behalf of the Underwriters, by the Trustee from amounts on deposit in the Trust Account by wire transfer payable in same-day funds if and when the Company consummates its initial Business Combination. The Underwriters hereby agree that if no Business Combination is consummated within the time period provided in the Trust Agreement and the funds held under the Trust Agreement are distributed to the holders of the Shares included in the Securities sold pursuant to this Agreement (the "Public Stockholders"), (i) the Underwriters will forfeit any rights or claims to the Deferred Discount and (ii) the Trustee under the Trust Agreement is authorized to distribute the Deferred Discount to the Public Stockholders on a pro rata basis.

3. Delivery and Payment.

(a) Delivery of and payment for the Underwritten Securities and the Option Securities (if the option provided for in Section 2(b) hereof shall have been exercised on or before the second Business Day prior to the Closing Date) shall be made at [•] [a.m./p.m.], New York City time, on [•], 2021, or at such time on such later date not more than two Business Days after the foregoing date as the Representative shall designate, which date and time may be postponed by agreement between the Representative and the Company or as provided in Section 9 hereof (such date and time of delivery and payment for the Securities being herein called the "Closing Date"). Delivery of the Securities shall be made to the Representative for the respective accounts of the Underwriters against payment by the Underwriters through the Representative of the purchase price thereof by wire transfer payable in same-day funds to an account specified by the Company and to the Trust Account as described below in this Section 3. Delivery of the Underwritten Securities and the Option Securities shall be made through the facilities of The Depository Trust Company ("DTC") unless the Representative shall otherwise instruct.

(b) Payment for the Underwritten Securities shall be made as follows: \$141,750,000 of the proceeds received by the Company for the Underwritten Securities (including \$8,250,000 of Deferred Discount) shall be deposited in the Trust Account pursuant to the terms of the Trust Agreement along with such portion of the gross proceeds of the Private Placement Warrants (the "Private Placement Portion") in order for the Trust Account to equal the product of (i) the number of Units sold and (ii)

\$10.00, upon delivery to the Representative of the Underwritten Securities through the facilities of DTC or, if the Representative has otherwise instructed, upon delivery to the Representative of certificates (in form and substance satisfactory to the Representative) representing the Underwritten Securities, in each case for the account of the Underwriters. Underwritten Securities shall be registered in such name or names and in such authorized denominations as the Representative may request in writing at least two Business Days prior to the Closing Date. If delivery is not made through the facilities of DTC, the Company will permit the Representative to examine and package the Underwritten Securities for delivery, at least one Business Day prior to the Closing Date. The Company shall not be obligated to sell or deliver the Underwritten Securities except upon tender of payment by the Representative for all the Underwritten Securities.

(c) Payment for the Option Securities shall be made as follows: \$9.80 per Option Security (including \$0.35 per Option Security of Deferred Discount) shall be deposited in the Trust Account pursuant to the terms of the Trust Agreement upon delivery to the Representative of the Option Securities through the facilities of DTC or, if the Representative has otherwise instructed, upon delivery to the Representative of certificates (in form and substance satisfactory to the Representative) representing the Option Securities (or through the facilities of DTC) for the account of the Underwriter. The Option Securities shall be registered in such name or names and in such authorized denominations as the Representative may request in writing at least two Business Days prior to the Closing Date. If delivery is not made through the facilities of DTC, the Company will permit the Representative to examine and package the Option Securities for delivery, at least one Business Day prior to the Closing Date. The Company shall not be obligated to sell or deliver the Option Securities except upon tender of payment by the Representative for all the Option Securities.

11

(d) If the option provided for in Section 2(b) hereof is exercised after the second Business Day prior to the Closing Date, the Company will deliver the Option Securities (at the expense of the Company) to the Representative, in the same manner as the delivery of the Underwritten Securities, on the date specified by the Representative (which shall be at least two Business Days after exercise of said option) for the respective accounts of the Underwriters, against payment by the Underwriters through the Representative of the purchase price thereof to the Trust Account as described above in Section 3(b). If settlement for the Option Securities occurs after the Closing Date, the Company will deliver to the Representative on the Additional Closing Date for the Option Securities, and the obligation of the Underwriters to purchase the Option Securities shall be conditioned upon receipt of, supplemental opinions, certificates and letters confirming as of such date the opinions, certificates and letters delivered on the Closing Date pursuant to Section 6 hereof.

4. Offering by Underwriters. It is understood that the Underwriters propose to offer the Securities for sale to the public as set forth in the Prospectus (the "Offering").

5. Agreements. The Company agrees with the Underwriters that:

(a) Prior to the termination of the Offering, the Company will not file any amendment of the Registration Statement or supplement to the Prospectus or any Rule 462(b) Registration Statement unless the Company has furnished the Representative a copy for its review prior to filing and will not file any such proposed amendment, supplement or Rule 462(b) Registration Statement to which the Representative reasonably objects. The Company will cause the Prospectus, properly completed, and any supplement thereto to be filed in a form approved by the Representative with the Commission pursuant to the applicable paragraph of Rule 424(b) within the time period prescribed and will provide evidence satisfactory to the Representative of such timely filing. The Company will promptly advise the Representative (i) when the Prospectus, and any supplement thereto, shall have been filed (if required) with the Commission pursuant to Rule 424(b) or when any Rule 462(b) Registration Statement shall have been filed with the Commission, (ii) when, prior to termination of the Offering, any amendment to the Registration Statement shall have been filed or become effective, (iii) of any request by the Commission or its staff for any amendment of the Registration Statement, any Rule 462(b) Registration Statement or any Written Testing-the-Waters Communication or for any supplement to the Prospectus or for any additional information, (iv) of the issuance by the Commission of any stop order suspending the effectiveness of the Registration Statement or any order preventing or suspending the use of the Preliminary Prospectus, the Prospectus or any Written Testing-the-Waters Communication, or of the institution of any proceedings for that purpose or pursuant to Section 8A of the Act and (v) of the receipt by the Company of any notification with respect to the suspension of the qualification of the Securities for sale in any jurisdiction or the institution or threatening of any proceeding for such purpose. The Company will use its best efforts to prevent the issuance of any such stop order or the occurrence of any such suspension or objection to the use of the Registration Statement and, upon such issuance, occurrence or notice of objection, to obtain as soon as possible the withdrawal of such stop order or relief from such occurrence or objection, including, if necessary, by filing an amendment to the Registration Statement or a new registration statement and using its best efforts to have such amendment or new registration statement declared effective as soon as practicable.

(b) If, at any time prior to the filing of the Prospectus pursuant to Rule 424(b), any event or development occurs as a result of which the Preliminary Prospectus would include any untrue statement of a material fact or omit to state any material fact necessary in order to make the statements therein in the light of the circumstances under which they were made at such time not misleading, the Company will (i) notify promptly the Representative so that any use of the Preliminary Prospectus may cease until it is amended or supplemented; (ii) amend or supplement the Preliminary Prospectus to correct such statement or omission in a form reasonably acceptable to the Representative; and (iii) supply any amendment or supplement to the Representative in such quantities as it may reasonably request.

12

(c) If, at any time when a prospectus relating to the Securities is required to be delivered under the Act (including in circumstances where such requirement may be satisfied pursuant to Rule 172), any event or development occurs as a result of which the Prospectus as then supplemented would include any untrue statement of a material fact or omit to state any material fact necessary in order to make the statements therein in the light of the circumstances under which they were made at such time not misleading, or if it shall be necessary to amend the Registration Statement or supplement the Prospectus to comply with the Act or the rules thereunder, the Company promptly will (i) notify the Representative of any such event; (ii) prepare and file with the Commission, subject to the second sentence of paragraph (a) of this Section 5, an amendment or supplement that will correct such statement or omission or effect such compliance; and (iii) supply any supplemented Prospectus to the Representative in such quantities as it may reasonably request.

(d) As soon as practicable, the Company will make generally available to its security holders and to the Representative an earnings statement or statements of the Company and its subsidiaries that will satisfy the provisions of Section 11(a) of the Act and Rule 158.

(e) The Company will not make any offer relating to the Units that constitutes or would constitute a Free Writing Prospectus or a portion thereof required to be filed by the Company with the Commission or retained by the Company under Rule 433 of the Act.

(f) The Company will furnish to the Representative and counsel for the Underwriters, upon request and without charge, a copy of the Registration Statement (with exhibits thereto) and, so long as delivery of a prospectus by an Underwriter or dealer may be required by the Act (including in circumstances where such requirement may be satisfied pursuant to Rule 172), as many copies of each Preliminary Prospectus, the Prospectus and any supplement thereto as the Representative may reasonably request. The Company will pay the expenses of printing or other production of all documents relating to the Offering.

(g) The Company will arrange, if necessary, for the qualification of the Securities for sale under the laws of such jurisdictions as the Representative may designate and will maintain such qualifications in effect so long as required for the distribution of the Securities; provided that in no event shall the Company be obligated to qualify to do business in any jurisdiction where it is not now so qualified or to take any action that would subject it to service of process in suits, other than those arising out

of the offering or sale of the Securities, in any jurisdiction where it is not now so subject.

(h) The Company will not, without the prior written consent of the Representative, (x) offer, sell, contract to sell, pledge or otherwise dispose of (or enter into any transaction that is designed to, or might reasonably be expected to, result in the disposition (whether by actual disposition or effective economic disposition due to cash settlement or otherwise) by the Company or any affiliate of the Company or any person in privity with the Company or any affiliate of the Company), directly or indirectly, including the filing (or participation in the filing) of a registration statement with the Commission in respect of, or establish or increase a put equivalent position or liquidate or decrease a call equivalent position within the meaning of Section 16 of the Exchange Act with respect to, any other Units, shares of capital stock, Warrants or any securities convertible into, or exercisable, or exchangeable for, shares of capital stock or publicly announce an intention to effect any such transaction during the period commencing on the date hereof and ending 180 days after the date of this Agreement or (y) release the Sponsor or any officer, director or director nominee of the Company from the 180-day lock-up contained in the Insider Letter; provided, however, that the Company may (1) issue and sell the Private Placement Warrants, (2) issue and sell the Option Securities on exercise of the option provided for in Section 2 hereof, (3) issue securities in connection with the initial Business Combination, (4) issue up to 1,500,000 additional warrants with the terms identical to the Private Placement Warrants, at a price of \$1.00 per warrant, for the repayment of loans, which may be made by the Sponsor or an affiliate of the Sponsor or any of the officers or directors of the Company, to finance transaction costs in connection with the initial Business Combination and (5) register with the Commission pursuant to the Registration Rights Agreement, in accordance with the terms of the Registration Rights Agreement, the resale of the securities covered thereby.

(i) The Company will not take, directly or indirectly, any action designed to or that would constitute or that might reasonably be expected to cause or result in, under the Exchange Act or otherwise, stabilization or manipulation of the price of any security of the Company to facilitate the sale or resale of the Securities.

13

(j) The Company agrees to pay the costs and expenses relating to the offering, including, without limitation: (i) the preparation, printing or reproduction and filing with the Commission of the Registration Statement (including financial statements and exhibits thereto), each Preliminary Prospectus, the Prospectus and each amendment or supplement to any of them; (ii) the printing (or reproduction) and delivery (including postage, air freight charges and charges for counting and packaging) of such copies of the Registration Statement, each Preliminary Prospectus, the Prospectus and all amendments or supplements to any of them, as may, in each case, be reasonably requested for use in connection with the offering and sale of the Securities; (iii) the preparation, printing, authentication, issuance and delivery of certificates, if any, for the Securities, including any stamp or transfer taxes in connection with the original issuance and sale of the Securities; (iv) the printing (or reproduction) and delivery of this Agreement and all other agreements or documents printed (or reproduced) and delivered in connection with the Offering; (v) the registration of the Securities under the Exchange Act and the listing of the Securities on the NYSE; (vi) the printing and delivery of a preliminary blue sky memorandum, any registration or qualification of the Securities for offer and sale under the securities or blue sky laws of the several states and any filings required to be made with FINRA; (vii) all fees of the Representative's legal counsel in connection with the Offering, including FINRA-related fees and expenses, certain diligence and other fees, and those associated with qualifying the Offering under blue sky laws, filing fees, costs and other expense in connection with listing the Company's securities, in an amount not to exceed \$50,000; (viii) reimbursement of the Underwriters for all fees, expenses and disbursements relating to investigations and background checks of the Company's officers and directors; (ix) the transportation and other expenses incurred by or on behalf of the Company (and not the Underwriters) in connection with presentations to prospective purchasers of the Securities; (x) the fees and expenses of the Company's accountants and the fees and expenses of counsel (including local and special counsel) for the Company; and (xi) all other costs and expenses incident to the performance by the Company of its obligations hereunder.

(k) For a period commencing on the Effective Date and ending five (5) years from the date of the consummation of the Business Combination or until such earlier time at which the Liquidation occurs, the Company will use its best efforts to maintain the registration of the Units, the Shares and the Warrants under the provisions of the Exchange Act, except after giving effect to a going private transaction or acquisition of the Company after the completion of a Business Combination. The Company will not deregister the Units, the Shares or the Warrants under the Exchange Act (except in connection with a going private transaction or acquisition of the Company after the completion of a Business Combination) without the prior written consent of the Representative.

(l) The Company shall, on the date hereof, retain its independent registered public accounting firm to audit the balance sheet of the Company as of the Closing Date (the "Audited Balance Sheet") reflecting the receipt by the Company of the proceeds of the Offering on the Closing Date. As soon as the Audited Balance Sheet becomes available, the Company shall promptly, but not later than four Business Days after the Closing Date, file a Current Report on Form 8-K with the Commission, which report shall contain the Audited Balance Sheet. Additionally, if not disclosed on such Current Report on Form 8-K, upon the Company's receipt of the proceeds from the exercise of all or any portion of the option provided for in Section 2(b) hereof, the Company shall promptly, but not later than four Business Days after the receipt of such proceeds, file a Current Report on Form 8-K with the Commission, which report shall disclose the Company's sale of the Option Securities and its receipt of the proceeds therefrom.

(m) For a period commencing on the Effective Date and ending five (5) years from the date of the consummation of the Business Combination or until such earlier time at which the Liquidation occurs or the Shares and the Warrants cease to be publicly traded, the Company, at its expense, shall cause its regularly engaged independent registered public accounting firm to review (but not audit) the Company's financial statements for each of the first three fiscal quarters prior to the announcement of quarterly financial information, the filing of the Company's Quarterly Report on Form 10-Q and the mailing, if any, of quarterly financial information to stockholders.

(n) For a period commencing on the Effective Date and ending five (5) years from the date of the consummation of the Business Combination or until such earlier time at which the Liquidation occurs, the Company shall, to the extent such information or documents are not otherwise publicly available, upon written request from the Representative, furnish to the Representative copies of such financial statements and other periodic and special reports as the Company from time to time furnishes generally to holders of any class of securities, and, to the extent such information or documents are not otherwise publicly available, upon written request from the Representative, promptly furnish to the Representative: (i) a copy of such registration statements, financial statements and periodic and special reports as the Company shall be required to file with the Commission and from time to time furnishes generally to holders of any such class of its securities; and (ii) such additional documents and information with respect to the Company and the affairs of any future subsidiaries of the Company as the Representative may from time to time reasonably request, all subject to the execution of a satisfactory confidentiality agreement. Any registration statements, financial statements, periodic and special reports or other additional documents referred to in the preceding sentence filed on the Commission's EDGAR website will be considered furnished for the purposes of this section.

14

(o) For a period commencing on the Effective Date and ending at least five (5) years from the date of the consummation of the Business Combination or until such earlier time at which the Liquidation occurs or the Shares and the Warrants cease to be publicly traded, the Company shall retain a transfer and warrant agent.

(p) In no event will the amounts payable by the Company to the Sponsor for office space, utilities and secretarial and administrative support exceed \$10,000 per month in the aggregate from the date hereof until the earlier of the date of the consummation of the Business Combination or the Liquidation.

(q) The Company will not consummate a Business Combination with any entity that is affiliated with the Sponsor or any of the Company's officers or directors unless the Company, or a committee of its independent directors, obtains an opinion from an independent investment banking firm which is a member of FINRA, or from an independent accounting firm, that such Business Combination is fair to the Company from a financial point of view. The Company shall not pay the Sponsor or its

affiliates or any of the Company's officers, directors or any of their respective affiliates any fees or compensation for services rendered to the Company prior to, or in connection with, the consummation of a Business Combination; provided however, that such officers, directors and affiliates (i) may receive reimbursement for out-of-pocket expenses incurred by them in connection with activities on the Company's behalf to the extent that such expenses do not exceed the amount of available proceeds not deposited in the Trust Account; (ii) may be repaid loans as described in the Registration Statement, the General Disclosure Package and the Prospectus; and (iii) may be paid \$10,000 per month for office space, utilities, and secretarial and administrative support pursuant to the Administrative Services Agreement.

(r) The Company will apply the net proceeds from the Offering and the sale of the Private Placement Warrants received by it in a manner consistent in all material respects with the applications described under the caption "Use of Proceeds" in the General Disclosure Package and the Prospectus.

(s) For a period of 60 days following the Effective Date, in the event any person or entity (regardless of any FINRA affiliation or association) is engaged to assist the Company in its search for a merger candidate or to provide any other merger and acquisition services, or has provided or will provide any investment banking, financial, advisory and/or consulting services to the Company, the Company agrees that it shall promptly provide to FINRA (via a FINRA submission), the Representative and its counsel a notification prior to entering into the agreement or transaction relating to a potential Business Combination: (i) the identity of the person or entity providing any such services; (ii) complete details of all such services and copies of all agreements governing such services prior to entering into the agreement or transaction; and (iii) justification as to why the value received by any person or entity for such services is not underwriting compensation for the Offering. The Company also agrees that proper disclosure of such arrangement or potential arrangement will be made in the tender offer materials or proxy statement, as applicable, which the Company may file in connection with the Business Combination for purposes of offering redemption of shares held by its stockholders or for soliciting stockholder approval, as applicable.

(t) The Company shall advise FINRA, the Representative and its counsel if it is aware that any 5% or greater stockholders of the Company becomes an affiliate or associated person of a Member participating in the distribution of the Securities.

(u) The Company shall cause the proceeds of the Offering and the sale of the Private Placement Warrants to be held in the Trust Account to be invested only in United States government treasury bills with a maturity of 185 days or less or in money market funds meeting certain conditions under Rule 2a-7 under the Investment Company Act as set forth in the Trust Agreement and disclosed in the General Disclosure Package and the Prospectus. The Company will otherwise conduct its business in a manner so that it will not become subject to registration under the Investment Company Act. Furthermore, once the Company consummates a Business Combination, it will be engaged in a business other than that of investing, reinvesting, owning, holding or trading securities and will not be required to register as an investment company under the Investment Company Act.

15

(v) During the period prior to the Company's initial Business Combination or Liquidation, the Company may instruct the Trustee under the Trust Agreement to release: (i) interest from the Trust Account in the amounts necessary to pay taxes and (ii) the per-share amount in the Trust Account (including any interest income earned on the amounts held in the Trust Account (which interest shall be net of taxes payable)) to Public Stockholders who properly redeem their Public Shares in connection with a vote to approve an amendment to the Amended and Restated Certificate to modify the substance or timing of the Company's obligation to redeem 100% of the Public Shares if the Company does not consummate an initial Business Combination within the time period prescribed in the Amended and Restated Certificate. Otherwise, all funds held in the Trust Account (including any interest income earned on the amounts held in the Trust Account (which interest shall be net of taxes payable)) will remain in the Trust Account until the earlier of the consummation of the Company's initial Business Combination or the Liquidation; provided, however, that in the event of the Liquidation, up to \$100,000 of interest income may be released to the Company if the proceeds of the Offering held by the Company outside of the Trust Account are not sufficient to cover the costs and expenses associated with implementing the Company's plan of dissolution.

(w) The Company agrees not to amend, modify or otherwise change the Warrant Agreement, the Trust Agreement, and the Insider Letter without the prior written consent of the Representative, which will not be unreasonably withheld. Furthermore, the Trust Agreement shall provide that the trustee Trustee is required to obtain a joint written instruction signed by both the Company and the Representative with respect to the transfer of the funds held in the Trust Account from the Trust Account, prior to commencing any liquidation of the assets of the Trust Account in connection with the consummation of any Business Combination, and such provision of the Trust Agreement shall not be permitted to be amended without the prior written consent of the Representative.

(x) The Company will reserve and keep available that maximum number of its authorized but unissued securities that are issuable upon exercise of any of the Warrants and Private Placement Warrants outstanding from time to time and the conversion of the Founder Shares.

(y) Prior to the earlier of the consummation of a Business Combination and the Liquidation, the Company shall not issue (other than in replacement for lost, stolen or mutilated certificates) any Shares, Warrants or any options or other securities convertible into Shares, or any preferred shares, in each case, that participate in any manner in the Trust Account or that vote as a class with the Shares on a Business Combination.

(z) The Company shall cause its audit committee to review on a quarterly basis all payments made to the Sponsor, any of the Company's officers or directors, or to the Company's or any of such other persons' respective affiliates.

(aa) The Company agrees that it will use commercially reasonable efforts to prevent the Company from becoming subject to Rule 419 under the Act prior to the consummation of any Business Combination, including, but not limited to, using its best efforts to prevent any of the Company's outstanding securities from being deemed to be a "penny stock" as defined in Rule 3a-51-1 under the Exchange Act during such period.

(bb) To the extent required by Rule 13a-15(e) under the Exchange Act, the Company will maintain "disclosure controls and procedures" (as defined under Rule 13a-15(e) under the Exchange Act) and a system of internal accounting controls sufficient to provide reasonable assurances that (i) transactions are executed in accordance with management's general or specific authorization, (ii) transactions are recorded as necessary in order to permit preparation of financial statements in accordance with GAAP and to maintain accountability for assets, (iii) access to assets is permitted only in accordance with management's general or specific authorization, and (iv) the recorded accountability for assets is compared with existing assets at reasonable intervals and appropriate action is taken with respect to any differences.

(cc) The Company will use commercially reasonable efforts to effect and, for a period commencing on the Effective Date and ending at least five (5) years from the date of the consummation of the initial Business Combination or until such earlier time at which the Liquidation occurs or the Shares and Warrants cease to be publicly traded, maintain the listing of the Units, the Shares and the Warrants on the NYSE (or another national securities exchange).

(dd) As soon as legally required to do so, the Company and its directors and officers, in their capacities as such, shall take all actions necessary to comply with any applicable provisions of the Sarbanes-Oxley Act, including Section 402 related to loans and Sections 302 and 906 related to certifications, and to comply with the NYSE's Listing Standards.

16

(ee) The Company shall not take any action or omit to take any action that would cause the Company to be in breach or violation of its Amended and

(ff) The Company will seek to have all vendors, service providers, prospective target businesses, lenders or other entities with which it does business enter into agreements waiving any right, title, interest or claim of any kind in or to any monies held in the Trust Account for the benefit of the Public Stockholders. The Company may forego obtaining such waivers only if the Company shall have received the approval of its Chief Executive Officer.

(gg) The Company may consummate the initial Business Combination and conduct redemptions of Shares for cash upon consummation of such Business Combination without a stockholder vote pursuant to Rule 13e-4 and Regulation 14E of the Exchange Act, including the filing of tender offer documents with the Commission. Such tender offer documents will contain substantially the same financial and other information about the initial Business Combination and the redemption rights as is required under the Commission's proxy rules and will provide each stockholder of the Company with the opportunity prior to the consummation of the initial Business Combination to redeem the Shares held by such stockholder for an amount of cash equal to (A) the aggregate amount then on deposit in the Trust Account as of two Business Days prior to the consummation of the initial Business Combination, representing (x) the proceeds held in the Trust Account from the Offering and the sale of the Private Placement Warrants and (y) any interest income earned on the funds held in the Trust Account (which interest shall be net of taxes payable), divided by (B) the total number of Shares sold as part of the Units in the Offering (the "Public Shares") then outstanding. Alternatively, the Company will submit such Business Combination to the Company's stockholders for their approval ("Business Combination Vote"). With respect to the initial Business Combination Vote, if any, the Sponsor and the Company's officers and directors have agreed to vote all of their Founder Shares and any other Shares purchased during or after the Offering in favor of the Company's initial Business Combination. If the Company seeks stockholder approval of the initial Business Combination, the Company will offer to each Public Stockholder holding Shares the right to have its shares redeemed in conjunction with a proxy solicitation pursuant to the proxy rules of the Commission at a per share redemption price (the "Redemption Price") equal to (I) the aggregate amount then on deposit in the Trust Account as of two Business Days prior to the consummation of the initial Business Combination representing (1) the proceeds held in the Trust Account from the Offering and the sale of the Private Placement Warrants and (2) any interest income earned on the funds held in the Trust Account (which interest shall be net of any taxes payable), divided by (II) the total number of Public Shares then outstanding. If the Company seeks stockholder approval of the initial Business Combination, the Company may proceed with such Business Combination only if a majority of the outstanding Shares voted by the stockholders at a duly held stockholder meeting are voted to approve such Business Combination. If, after seeking and receiving such stockholder approval, the Company elects to so proceed, it will redeem Public Shares, at the Redemption Price, from those Public Stockholders who affirmatively requested such redemption. Only Public Stockholders holding Shares who properly exercise their redemption rights, in accordance with the applicable tender offer or proxy materials related to such Business Combination and the Amended and Restated Certificate, shall be entitled to receive distributions from the Trust Account in connection with an initial Business Combination, and the Company shall pay no distributions with respect to any other holders of shares of capital stock of the Company in connection therewith. In the event that the Company does not effect a Business Combination within the time period prescribed in the Amended and Restated Certificate, the Company will (i) cease all operations except for the purpose of winding up, (ii) as promptly as reasonably possible but not more than ten (10) Business Days thereafter, redeem 100% of the Public Shares, at a per-share price, payable in cash, equal to the aggregate amount then on deposit in the Trust Account, including interest (which interest shall be net of taxes payable and less up to \$100,000 of such net interest to pay dissolution expenses), divided by the number of then outstanding Public Shares, which redemption will completely extinguish Public Stockholders' rights as stockholders (including the right to receive further liquidation distributions, if any), and (iii) as promptly as reasonably possible following such redemption, subject, in the case of clauses (ii) and (iii), to the approval of the Company's remaining stockholders and the Company's board of directors, dissolve and liquidate, subject in each case to the Company's obligations under Delaware law to provide for claims of creditors and the requirements of other applicable law. Only Public Stockholders holding Shares included in the Securities shall be entitled to receive such redemption amounts and the Company shall pay no such redemption amounts or any distributions in liquidation with respect to any other shares of the Company. The Sponsor and the Company's officers and directors have agreed that they will not propose any amendment to its Amended and Restated Certificate that would affect the substance or timing of the Company's obligation to redeem 100% of the outstanding Public Shares if the Company has not consummated a Business Combination within the time period prescribed in the Amended and Restated Certificate unless the Company offers the right to redeem the Public Shares in connection with such amendment, as described in the Registration Statement, General Disclosure Package and the Prospectus.

17

(hh) In the event that the Company desires or is required by an applicable law or regulation to cause an announcement ("Business Combination Announcement") to be placed in *The Wall Street Journal*, *The New York Times* or any other news or media publication or outlet or to be made via a public filing with the Commission announcing the consummation of the Business Combination that indicates that the Underwriters were the underwriters in the Offering, the Company shall supply the Representative with a draft of the Business Combination Announcement and provide the Representative with a reasonable advance opportunity to comment thereon, subject to the agreement of the Underwriters to keep confidential such draft announcement in accordance with the Representative's standard policies regarding confidential information.

(ii) Upon the consummation of the initial Business Combination, the Company and the Representative will jointly direct the Trustee under the Trust Agreement to pay the Representative, on behalf of the Underwriters, the Deferred Discount out of the proceeds of the Offering held in the Trust Account. The Underwriters shall have no claim to payment of any interest earned on the portion of the proceeds held in the Trust Account representing the Deferred Discount. If the Company fails to consummate its initial Business Combination within the time period prescribed in the Amended and Restated Certificate, the Deferred Discount will not be paid to the Representative and will, instead, be included in the Liquidation distribution of the proceeds held in the Trust Account made to the Public Stockholders. In connection with any such Liquidation, the Underwriters will forfeit any rights or claims to the Deferred Discount.

(jj) The Company will endeavor in good faith, in cooperation with the Representative, to qualify the Securities for offering and sale under the securities laws of such jurisdictions as the Representative may reasonably designate and will maintain such qualifications in effect so long as required for the distribution of the Securities, provided that no such qualification shall be required in any jurisdiction where, as a result thereof, the Company would be subject to service of general process or to taxation as a foreign corporation doing business in such jurisdiction. Until the earliest of (i) the date on which all Underwriters shall have ceased to engage in market-making activities in respect of the Securities, (ii) the date on which the Securities are listed on the NYSE (or any successor thereto), (iii) a going private transaction after the completion of a Business Combination, and (iv) the date of the liquidation of the Company, in each jurisdiction where such qualification shall be effected, the Company will, unless the Representative agrees that such action is not at the time necessary or advisable, use all reasonable efforts to file and make such statements or reports at such times as are or may be required to qualify the Securities for offering and sale under the securities laws of such jurisdiction.

(kk) If at any time following the distribution of any Written Testing-the-Waters Communication, there occurred or occurs an event or development as a result of which such Written Testing-the-Waters Communication included or would include any untrue statement of a material fact or omitted or would omit to state any material fact necessary in order to make the statements therein in light of the circumstances under which they were made at such time, not misleading, the Company will promptly (i) notify the Representative so that use of the Written Testing-the-Waters Communication may cease until it is amended or supplemented; (ii) amend or supplement, at its own expense, such Written Testing-the-Waters Communication to eliminate or correct such untrue statement or omission; and (iii) supply any amendment or supplement to the Representative in such quantities as may be reasonably requested.

(ll) The Company will promptly notify the Representative if the Company ceases to be an Emerging Growth Company at any time prior to the later of (i) completion of the distribution of the Securities within the meaning of the Act and (ii) completion of the 180-day restricted period referred to in Section 5(h) hereof.

(mm) If the Representative, in their sole discretion, agree to release or waive the transfer restrictions set forth in any Insider Letter for an officer or director of the Company and provides the Company with notice of the impending release or waiver at least three Business Days before the effective date of the release or waiver, the Company agrees to announce the impending release or waiver by a press release substantially in the form of Exhibit A hereto through a major news service at least two Business Days before the effective date of the release or waiver.

(nn) Upon the earlier to occur of the expiration or termination of the Underwriters' over-allotment option, the Company shall cancel or otherwise effect the forfeiture of Founder Shares from the Sponsor, in an aggregate amount equal to the number of Founder Shares determined by multiplying (a) 565,500 by (b) a fraction, (i) the numerator of which is 2,250,000 minus the number of Shares purchased by the Underwriters upon the exercise of their over-allotment option, and (ii) the denominator of which is 2,250,000. For the avoidance of doubt, if the Underwriters exercise their over-allotment option in full, the Company shall not cancel or otherwise effect the forfeiture of the Founder Shares pursuant to this subsection.

(oo) Subject to FINRA Rule 5110(g)(5), the Company hereby grants to the Representative the right (the "Right of First Refusal") to act as lead placement agent in any private placement, backstop or similar financing transactions entered into or contemplated by the Company in connection with an initial business combination within 24 months following the closing of the Offering (each, an "Other Transaction"). The Representative shall be given prompt notice of any Other Transaction and the Representative shall have 10 days following the receipt of such notice to confirm whether the Representative will exercise its Right of First Refusal. In the event the Representative chooses to exercise the Right of First Refusal, its compensation in connection with any Other Transaction shall be determined by agreement between the Company and the Representative on the basis of compensation customarily paid to placement agents in similar transactions.

6. Conditions to the Obligations of the Underwriters. The obligations of the Underwriters to purchase the Underwritten Securities and the Option Securities, as the case may be, shall be subject to the accuracy of the representations and warranties on the part of the Company contained herein as of the Execution Time, the Closing Date and any Additional Closing Date pursuant to Section 3 hereof, to the accuracy of the statements of the Company made in any certificates pursuant to the provisions hereof, to the performance by the Company of its obligations hereunder and to the following additional conditions:

(a) The Prospectus, and any supplement thereto, have been filed in the manner and within the time period required by Rule 424(b); and no stop order suspending the effectiveness of the Registration Statement or any notice objecting to its use shall have been issued and no proceedings for that purpose shall have been instituted or threatened.

(b) The Company shall have requested and caused Eversheds Sutherland (US) LLP, counsel for the Company, to have furnished to the Representative its opinions dated the Closing Date and addressed to the Representative, in a form reasonably acceptable to the Representative.

(c) The Representative shall have received from Reed Smith LLP, counsel for the Underwriters, such opinion or opinions, dated the Closing Date and addressed to the Representative, with respect to the issuance and sale of the Securities, the Registration Statement, the General Disclosure Package, the Prospectus (together with any supplement thereto) and other related matters as the Representative may reasonably require, and the Company shall have furnished to such counsel such documents as they request for the purpose of enabling them to pass upon such matters.

(d) The Company shall have furnished to the Representative a certificate of the Company, signed by the Chief Executive Officer and the principal financial or accounting officer of the Company, dated the Closing Date, to the effect that the signers of such certificate have carefully examined the Registration Statement, each Preliminary Prospectus, the Prospectus and any amendment or supplement thereto, and this Agreement and that:

(i) the representations and warranties of the Company in this Agreement are true and correct on and as of the Closing Date with the same effect as if made on the Closing Date and the Company has complied with all the agreements and satisfied all the conditions on its part to be performed or satisfied at or prior to the Closing Date;

(ii) no stop order suspending the effectiveness of the Registration Statement or any notice objecting to its use has been issued and no proceedings for that purpose have been instituted or threatened; and

(iii) since the date of the most recent financial statements included in the General Disclosure Package and the Prospectus (exclusive of any supplement thereto), there has been no Material Adverse Effect, except as set forth in or contemplated in the General Disclosure Package and the Prospectus (exclusive of any supplement thereto).

(e) The Company shall have requested and caused Marcum to have furnished to the Representative, at the Execution Time and at the Closing Date, letters, dated respectively as of the Execution Time and as of the Closing Date, in form and substance satisfactory to the Representative, confirming that it is a registered public accounting firm that is independent with respect to the Company within the meaning of the Act and the Exchange Act and the applicable rules and regulations adopted by the Commission thereunder and that it has performed an audit of the financial statements of the Company for the period from February 12, 2021 (inception) through February 25, 2021, provided that the cutoff date shall not be more than two Business Days prior to such Execution Time or Closing Date, as applicable, and stating in effect that:

(i) in their opinion the audited financial statements and financial statement schedules included in the Registration Statement, the General Disclosure Package and the Prospectus and reported on by them comply as to form in all material respects with the applicable accounting requirements of the Act and the related rules and regulations adopted by the Commission; and

(ii) they have performed certain other specified procedures as a result of which they determined that certain information of an accounting, financial or statistical nature (which is limited to accounting, financial or statistical information derived from the general accounting records of the Company) set forth in the Registration Statement, the General Disclosure Package and the Prospectus, including the information set forth under the captions "Dilution" and "Capitalization" in the General Disclosure Package and the Prospectus, agrees with the accounting records of the Company, excluding any questions of legal interpretation.

References to the Prospectus in this paragraph (e) include any supplement thereto at the date of the letter.

(f) Subsequent to the Execution Time or, if earlier, the dates as of which information is given in the Registration Statement (exclusive of any amendment thereof), the General Disclosure Package and the Prospectus (exclusive of any supplement thereto), there shall not have been (i) any change or decrease specified in the letter or letters referred to in paragraph (e) of this Section 6 or (ii) any change, or any development involving a prospective change in, or affecting the earnings, business, management, properties, assets, rights, operations, condition (financial or otherwise) or prospects of the Company, whether or not arising from transactions in the ordinary course of business, except as set forth in or contemplated in the General Disclosure Package and the Prospectus (exclusive of any supplement thereto) the effect of which, in any case referred to in clause (i) or (ii) above, is, in the sole judgment of the Representative, so material and adverse as to make it impractical or inadvisable to proceed with the offering or delivery of the Securities as contemplated by the Registration Statement (exclusive of any amendment thereof), the General Disclosure Package and the Prospectus (exclusive of any supplement thereto).

(g) Prior to the Closing Date, the Company shall have furnished to the Representative such further information, certificates and documents as the Representative may reasonably request.

(h) FINRA shall not have raised any objection with respect to the fairness or reasonableness of the underwriting or other arrangements of the transactions contemplated hereby.

- (i) The Securities shall be duly listed, subject to notice of issuance, on the NYSE, satisfactory evidence of which shall have been provided to the Representative.
- (j) On the Effective Date, the Company shall have delivered to the Representative executed copies of the Trust Agreement, the Warrant Agreement, the Founder's Purchase Agreement, the Private Placement Agreement, the Insider Letter, the Registration Rights Agreement and the Administrative Services Agreement.
- (k) At least one (1) Business Day prior to the Effective Date, the Sponsor shall have caused the purchase price for the Private Placement Warrants to be deposited into the Trust Account.
- (l) No order preventing or suspending the sale of the Units in any jurisdiction designated by the Representative pursuant to Section 5(jj) hereof shall have been issued as of the Closing Date, and no proceedings for that purpose shall have been instituted or shall have been threatened.

If any of the conditions specified in this Section 6 shall not have been fulfilled when and as provided in this Agreement, or if any of the opinions and certificates mentioned above or elsewhere in this Agreement shall not be reasonably satisfactory in form and substance to the Representative and counsel for the Underwriters, this Agreement and all obligations of the Underwriters hereunder may be canceled at, or at any time prior to, the Closing Date by the Representative. Notice of such cancellation shall be given to the Company in writing or by telephone or facsimile confirmed in writing.

The documents required to be delivered by this Section 6 shall be delivered at the office of Reed Smith LLP, counsel for the Underwriters, at 599 Lexington Avenue, New York, New York 10022, Attention: Ari Edelman, Esq., unless otherwise indicated herein, on the Closing Date.

7. Reimbursement of Underwriters' Expenses. If the sale of the Securities provided for herein is not consummated because any condition to the obligations of the Underwriters set forth in Section 6 hereof is not satisfied, because of any termination pursuant to Section 10 hereof (other than clauses (ii) or (iii) thereof) or because of any refusal, inability or failure on the part of the Company to perform any agreement herein or comply with any provision hereof other than by reason of a default by any of the Underwriters, the Company will reimburse the Underwriters severally through the Representative on demand for all reasonable and documented out-of-pocket expenses (including reasonable and documented fees and disbursements of counsel) that shall have been incurred by them in connection with the proposed purchase and sale of the Securities.

8. Indemnification and Contribution.

(a) The Company agrees to indemnify, defend and hold harmless each Underwriter and any person who controls any Underwriter within the meaning of Section 15 of the Act or Section 20 of the Exchange Act, and the respective directors, officers, employees and agents of each Underwriter from and against any loss, expense, liability, damage or claim (including the reasonable cost of investigation) which, jointly or severally, any such Underwriter or controlling person may incur under the Act, the Exchange Act or otherwise, insofar as such loss, expense, liability, damage or claim arises out of or is based upon any untrue statement or alleged untrue statement of a material fact contained in the Registration Statement (or any amendment), the Preliminary Prospectus, any Free Writing Prospectus that the Company has filed or was required to file with the Commission or is otherwise required to retain, the Prospectus, any "road show" as defined in Section 433(h) of the Act or any Written Testing-the-Waters Communication or in any amendment thereof or supplement thereto, or arise out of or are based upon the omission or alleged omission to state therein a material fact required to be stated therein or necessary to make the statements therein not misleading; provided, however, that the Company will not be liable in any such case to the extent that any loss, expense, liability, damage or claim arises out of or is based upon any untrue statement or alleged untrue statement or omission or alleged omission of a material fact contained in and in conformity with information furnished in writing by the Underwriters through the Representative to the Company specifically for inclusion therein. The indemnity agreement set forth in this Section 8(a) shall be in addition to any liability which the Company may otherwise have.

If any action is brought against an Underwriter or controlling person in respect of which indemnity may be sought against the Company pursuant to this Section 8(a), such Underwriter shall promptly notify the Company in writing of the institution of such action, and the Company shall assume the defense of such action, including the employment of counsel and payment of expenses; provided, however, that any failure or delay to so notify the Company will not relieve the Company of any obligation hereunder, except to the extent that its ability to defend is actually impaired by such failure or delay. Such Underwriter or controlling person shall have the right to employ its or their own counsel in any such case, but the fees and expenses of such counsel shall be at the expense of such Underwriter or such controlling person unless the employment of such counsel shall have been authorized in writing by the Company in connection with the defense of such action, or the Company shall not have employed counsel to have charge of the defense of such action within a reasonable time or such indemnified party or parties shall have reasonably concluded (based on the advice of counsel) that there may be defenses available to it or them which are different from or additional to those available to the Company (in which case the Company shall not have the right to direct the defense of such action on behalf of the indemnified party or parties), in any of which events such fees and expenses shall be borne by the Company and paid as incurred (it being understood, however, that the Company shall not be liable for the expenses of more than one separate firm of attorneys for the Underwriters or controlling persons in any one action or series of related actions in the same jurisdiction (other than local counsel in any such jurisdiction) representing the indemnified parties who are parties to such action). Anything in this paragraph to the contrary notwithstanding, the Company shall not be liable for any settlement of any such claim or action effected without its consent.

(b) Each Underwriter agrees, severally and not jointly, to indemnify, defend and hold harmless the Company, the Company's directors, the Company's officers that signed the Registration Statement, and any person who controls the Company within the meaning of Section 15 of the Act or Section 20 of the Exchange Act, to the same extent as the foregoing indemnity from the Company to each Underwriter, but only with reference to written information relating to such Underwriter furnished to the Company by or on behalf of such Underwriter through the Representative specifically for inclusion in the documents referred to in the foregoing indemnity. This indemnity agreement will be in addition to any liability that any Underwriter may otherwise have. The Company acknowledges that the following statements set forth under the heading "Underwriting," [(x) the list of Underwriters and their respective roles and participation in the sale of the Securities, (y) the sentence related to the Underwriter's intention not to make sales to discretionary accounts and (z) the paragraphs related to stabilization, covering transactions and bids, in the Preliminary Prospectus, the General Disclosure Package and the Prospectus (to the extent such statements relate to the Underwriters), constitute the only information furnished by or on behalf of any Underwriter through the Representative to the Company for purposes of this Section 8].¹

If any action is brought against the Company or any such person in respect of which indemnity may be sought against any Underwriter pursuant to the foregoing paragraph, the Company or such person shall promptly notify the Representative in writing of the institution of such action and the Representative, on behalf of the Underwriters, shall assume the defense of such action, including the employment of counsel and payment of expenses. The Company or such person shall have the right to employ its own counsel in any such case, but the fees and expenses of such counsel shall be at the expense of the Company or such person unless the employment of such counsel shall have been authorized in writing by the Representative in connection with the defense of such action or the Representative shall not have employed counsel to have charge of the defense of such action within a reasonable time or such indemnified party or parties shall have reasonably concluded (based on the advice of counsel) that there may be defenses available to it or them which are different from or additional to those available to the Underwriters (in which case the Representative shall not have the right to

direct the defense of such action on behalf of the indemnified party or parties), in any of which events such fees and expenses shall be borne by such Underwriter and paid as incurred (it being understood, however, that the Underwriters shall not be liable for the expenses of more than one separate firm of attorneys in any one action or series of related actions in the same jurisdiction (other than local counsel in any such jurisdiction) representing the indemnified parties who are parties to such action). Anything in this paragraph to the contrary notwithstanding, no Underwriter shall be liable for any settlement of any such claim or action effected without the written consent of the Representative.

(c) If the indemnification provided for in this Section 8 is unavailable or insufficient to hold harmless an indemnified party under subsections (a) and (b) of this Section 8 in respect of any losses, expenses, liabilities, damages or claims referred to therein, then each applicable indemnifying party, in lieu of indemnifying such indemnified party, shall contribute to the amount paid or payable by such indemnified party as a result of such losses, expenses, liabilities, damages or claims (i) in such proportion as is appropriate to reflect the relative benefits received by the Company and the Underwriters from the offering of the Securities or (ii) if (but only if) the allocation provided by clause (i) above is not permitted by applicable law, in such proportion as is appropriate to reflect not only the relative benefits referred to in clause (i) above but also the relative fault of the Company and of the Underwriters in connection with the statements or omissions which resulted in such losses, expenses, liabilities, damages or claims, as well as any other relevant equitable considerations. The relative benefits received by the Company and the Underwriters shall be deemed to be in the same proportion as the total proceeds from the offering (net of underwriting discounts and commissions but before deducting expenses) received by the Company bear to the underwriting discounts and commissions received by the Underwriters. The relative fault of the Company and of the Underwriters shall be determined by reference to, among other things, whether the untrue statement or alleged untrue statement of a material fact or omission or alleged omission relates to information supplied by the Company or by the Underwriters and the parties' relative intent, knowledge, access to information and opportunity to correct or prevent such statement or omission. The amount paid or payable by a party as a result of the losses, claims, damages and liabilities referred to above shall be deemed to include any legal or other fees or expenses reasonably incurred by such indemnified party in connection with investigating or defending any claim or action.

¹ To be reviewed and updated once the preliminary prospectus is finalized.

22

(d) The Company and the Underwriters agree that it would not be just and equitable if contribution pursuant to this Section 8 were determined by pro rata allocation (even if the Underwriters were treated as one entity for such purpose) or by any other method of allocation which does not take account of the equitable considerations referred to in Section 8(c)(i) and, if applicable, Section 8(c)(ii). Notwithstanding the provisions of this Section 8, no Underwriter shall be required to contribute any amount in excess of the underwriting discounts and commissions applicable to the Securities purchased by such Underwriter. No person guilty of fraudulent misrepresentation (within the meaning of Section 11(f) of the Act) shall be entitled to contribution from any person who was not guilty of such fraudulent misrepresentation. The Underwriters' obligations to contribute pursuant to this Section 8 are several in proportion to their respective underwriting commitments and not joint.

(e) In any proceeding relating to the Registration Statement, the Preliminary Prospectus, the General Disclosure Package, any Written Testing-the-Waters Communication, the Prospectus, or any supplement or amendment thereto, each party against whom contribution may be sought under this Section 8 hereby consents to the exclusive jurisdiction of (i) the federal courts of the United States of America located in the City and County of New York, Borough of Manhattan and (ii) the courts of the State of New York located in the City and County of New York, Borough of Manhattan (collectively, the "Specified Courts"), agrees that process issuing from such courts may be served upon it by any other contributing party and consents to the service of such process and agrees that any other contributing party may join it as an additional defendant in any such proceeding in which such other contributing party is a party.

(f) Any losses, claims, damages, liabilities or expenses for which an indemnified party is entitled to indemnification or contribution under this Section 8 shall be paid by the indemnifying party to the indemnified party as such losses, claims, damages, liabilities or expenses are incurred. The indemnity and contribution agreements contained in this Section 8 and the representations and warranties of the Company set forth in this Agreement shall remain operative and in full force and effect, regardless of (i) any investigation made by or on behalf of any Underwriter, its directors or officers or any person controlling any Underwriter, the Company, its directors or officers or any persons controlling the Company, (ii) acceptance of any Securities and payment therefor hereunder, and (iii) any termination of this Agreement. A successor to any Underwriter, its directors or officers or any person controlling any Underwriter, or to the Company, its directors or officers, or any person controlling the Company, shall be entitled to the benefits of the indemnity, contribution and reimbursement agreements contained in this Section 8.

9 . Default by an Underwriter. If any one or more Underwriters shall fail to purchase and pay for any of the Securities agreed to be purchased by such Underwriter or Underwriters hereunder and such failure to purchase shall constitute a default in the performance of its or their obligations under this Agreement, the remaining Underwriters shall be obligated severally to take up and pay for (in the respective proportions that the amount of Securities set forth opposite their names in Schedule I hereto bears to the aggregate amount of Securities set forth opposite the names of all the remaining Underwriters) the Securities that the defaulting Underwriter or Underwriters agreed but failed to purchase; provided, however, that in the event that the aggregate amount of Securities that the defaulting Underwriter or Underwriters agreed but failed to purchase shall exceed 10% of the Underwritten Securities, the remaining Underwriters shall have the right to purchase all, but shall not be under any obligation to purchase any, of the Securities. If within one Business Day after such default relating to more than 10% of the Underwritten Securities the remaining Underwriters do not arrange for the purchase of such Underwritten Securities, then the Company shall be entitled to a further period of one Business Day within which to procure another party or parties reasonably satisfactory to the Representative to purchase said Underwritten Securities. In the event that neither the remaining Underwriters nor the Company purchase or arrange for the purchase of all of the Underwritten Securities to which a default relates as provided in this Section 9, this Agreement will terminate without liability to any non-defaulting Underwriter or the Company. In the event of a default by any Underwriter as set forth in this Section 9, the Closing Date shall be postponed for such period, not exceeding five Business Days, as the Representative shall determine in order that the required changes in the Registration Statement and the Prospectus or in any other documents or arrangements may be effected. Nothing contained in this Agreement shall relieve any defaulting Underwriter of its liability, if any, to the Company and any non-defaulting Underwriter for damages occasioned by its default hereunder.

23

10 . Termination. This Agreement shall be subject to termination in the absolute discretion of the Representative, by notice given to the Company prior to delivery of and payment for the Securities, if at any time prior to such delivery and payment trading in the Company's Units, Shares or Warrants shall have been suspended by the Commission, or trading in securities generally on the NYSE or The Nasdaq Capital Market shall have been suspended or limited or minimum prices shall have been established on such exchange or trading market, a banking moratorium shall have been declared either by Federal or New York State authorities, there shall have occurred any outbreak or escalation of hostilities, declaration by the United States of a national emergency or war, or other national or international calamity or crisis (including, without limitation, an act of terrorism) or change in economic or political conditions the effect of which on financial markets is such as to make it, in the sole judgment of the Representative, impractical or inadvisable to proceed with the offering or delivery of the Securities as contemplated by the General Disclosure Package or the Prospectus (exclusive of any supplement thereto), if the Company shall have sustained a material loss by fire, flood, accident, hurricane, earthquake, theft, sabotage or other calamity (including, without limitation, a calamity relating to a public health matter or natural disaster) or malicious act which, whether or not such loss shall have been insured, will, in the Representative's sole opinion, make it inadvisable to proceed with the delivery of the Units or since the respective dates as of which information is given in the Registration Statement, the General Disclosure Package and the Prospectus, any material adverse change or any development involving a prospective material adverse change in or affecting the earnings, business, management, properties, assets, rights, operations, condition (financial or otherwise) or prospects of the Company, whether or not arising in the ordinary course of business.

11. Representations and Indemnities to Survive. The respective agreements, representations, warranties, indemnities and other statements of the Company or its officers and of the Underwriters set forth in or made pursuant to this Agreement will remain in full force and effect, regardless of any investigation made by or on behalf of any Underwriter or the Company or any of the officers, directors, employees, agents or controlling persons referred to in Section 8 hereof, and will survive delivery of and payment for the Securities. The provisions of Sections 7 and 8 hereof shall survive the termination or cancellation of this Agreement.

12. Recognition of the U.S. Special Resolution Regimes

(a) In the event that any Underwriter that is a Covered Entity (as defined below) becomes subject to a proceeding under a U.S. Special Resolution Regime (as defined below), the transfer from such Underwriter of this Agreement, and any interest and obligation in or under this Agreement, will be effective to the same extent as the transfer would be effective under the U.S. Special Resolution Regime if this Agreement, and any such interest and obligation, were governed by the laws of the United States or a state of the United States.

(b) In the event that any Underwriter that is a Covered Entity (as defined below) or a BHC Act Affiliate (as defined below) of such Underwriter becomes subject to a proceeding under a U.S. Special Resolution Regime, Default Rights (as defined below) under this Agreement that may be exercised against such Underwriter are permitted to be exercised to no greater extent than such Default Rights could be exercised under the U.S. Special Resolution Regime if this Agreement were governed by the laws of the United States or a state of the United States.

For purposes of this Section 12, the following terms shall have the following meaning: (2) "BHC Act Affiliate" has the meaning assigned to the term "affiliate" in, and shall be interpreted in accordance with, 12 U.S.C. § 1841(k); (x) "Covered Entity" means any of the following: (i) a "covered entity" as that term is defined in, and interpreted in accordance with, 12 C.F.R. § 252.82(b); (ii) a "covered bank" as that term is defined in, and interpreted in accordance with, 12 C.F.R. § 47.3(b); or (iii) a "covered FSI" as that term is defined in, and interpreted in accordance with, 12 C.F.R. § 382.2(b); (y) "Default Right" has the meaning assigned to that term in, and shall be interpreted in accordance with, 12 C.F.R. §§ 252.81, 47.2 or 382.1, as applicable; and (z) "U.S. Special Resolution Regime" means each of (i) the Federal Deposit Insurance Act and the regulations promulgated thereunder and (ii) Title II of the Dodd-Frank Wall Street Reform and Consumer Protection Act and the regulations promulgated thereunder.

13. Notices. All communications hereunder will be in writing and effective only on receipt, and, if sent to the Representative, will be mailed, delivered or e-mailed to: B. Riley Securities, Inc., 299 Park Avenue, New York, NY 10171, Attention: Syndicate Department, with a copy to the Representative's counsel at Reed Smith LLP, 599 Lexington Avenue, New York, NY 10022, Attention: Ari Edelman, Esq., or, if sent to the Company, will be mailed, delivered or e-mailed to Colombier Acquisition Corp., 214 Brazilian Avenue, Suite 200-A, Palm Beach, FL 33480; Attention: Omeed Malik, with a copy to the Company's counsel at Eversheds Sutherland (US) LLP, 700 Sixth Street, NW, Suite 700, Washington, DC 20001, Attention: Payam Siadatpour, Esq.

24

14. Successors. This Agreement will inure to the benefit of and be binding upon the parties hereto and their respective successors and the affiliates, officers, directors, employees, agents and controlling persons referred to in Section 8 hereof, and no other person will have any right or obligation hereunder. No party to this Agreement may assign, in whole or in part, this Agreement or any of its rights or obligations hereunder without the prior written consent of the other parties hereto.

15. No Fiduciary Duty. The Company hereby acknowledges that (a) the purchase and sale of the Securities pursuant to this Agreement is an arm's-length commercial transaction between the Company, on the one hand, and the Underwriters and any affiliate through which it may be acting, on the other, (b) the Underwriters are acting as principal and not as an agent or fiduciary of the Company and (c) the Company's engagement of the Underwriters in connection with the Offering and the process leading up to the Offering is as independent contractors and not in any other capacity. Furthermore, the Company agrees that it is solely responsible for making its own judgments in connection with the Offering (irrespective of whether any of the Underwriters has advised or is currently advising the Company on related or other matters). The Company agrees that it will not claim that the Underwriters have rendered advisory services of any nature or respect, or owe an agency, fiduciary or similar duty to the Company, in connection with such transaction or the process leading thereto.

16. Integration. This Agreement supersedes all prior agreements and understandings (whether written or oral) between the Company and the Underwriters, or any of them, with respect to the subject matter hereof.

17. Applicable Law. This Agreement will be governed by and construed in accordance with the laws of the State of New York applicable to contracts made and to be performed within the State of New York, without regards to the conflicts of laws principles that would apply to the laws of another jurisdiction. Any legal suit, action or proceeding arising out of or based upon this Agreement or the transactions contemplated hereby shall be instituted in the Specified Courts, and the Company and each Underwriter irrevocably submit to the exclusive jurisdiction (except for proceedings instituted in regard to the enforcement of a judgment of any such court, as to which such jurisdiction is non-exclusive) of such courts in any such suit, action or proceeding. The Company and each Underwriter irrevocably and unconditionally waives any objection to the laying of venue of any suit, action or other proceeding in the Specified Courts and irrevocably and unconditionally waives and agrees not to plead or claim in any such court that any such suit, action or other proceeding brought in any such court has been brought in an inconvenient forum.

18. WAIVER OF JURY TRIAL. THE COMPANY HEREBY IRREVOCABLY WAIVES, TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW, ANY AND ALL RIGHT TO TRIAL BY JURY IN ANY LEGAL PROCEEDING ARISING OUT OF OR RELATING TO THIS AGREEMENT OR THE TRANSACTIONS CONTEMPLATED HEREBY.

19. Counterparts. This Agreement may be signed in one or more counterparts, each of which shall constitute an original and all of which together shall constitute one and the same agreement. This Agreement may be executed by facsimile, PDF or other electronic means, which signatures will be accepted as if they were original execution signatures.

20. Headings. The section headings used herein are for convenience only and shall not affect the construction hereof.

21. Definitions. The terms that follow, when used in this Agreement, shall have the meanings indicated.

"Act" shall mean the Securities Act of 1933, as amended, and the rules and regulations of the Commission promulgated thereunder.

"Applicable Time" shall mean 4:00 p.m. (New York time) on the date of this Agreement.

"Business Day" shall mean any day other than a Saturday, a Sunday or a legal holiday or a day on which banking institutions or trust companies are authorized or obligated by law to close in New York City; provided, however, for clarification, banking institutions or trust companies shall not be deemed to be authorized or obligated by law to close due to "stay at home", "shelter-in-place", "non-essential employee" or any other similar orders or restrictions or the closure of any physical branch locations at the direction of any governmental authority so long as the electronic funds transfer systems (including for wire transfers) of such banking institutions or trust companies in New York City are generally open for use by customers on such day.

25

“Effective Date” shall mean each date and time that the Registration Statement, any post-effective amendment or amendments thereto and any Rule 462(b) Registration Statement became or becomes effective.

“Exchange Act” shall mean the Securities Exchange Act of 1934, as amended, and the rules and regulations of the Commission promulgated thereunder.

“Execution Time” shall mean the date and time that this Agreement is executed and delivered by the parties hereto.

“FINRA Questionnaires” shall mean the written questionnaires sent on behalf of the Representative to the officers, directors, and holders of 5% or more of any class of the Company’s capital stock prior to the Closing Date.

“Free Writing Prospectus” shall mean a free writing prospectus, as defined in Rule 405.

“General Disclosure Package” shall mean (i) the Preliminary Prospectus dated [•], 2021, relating to the Securities and (ii) the Time of Delivery Information, if any, set forth on Schedule II hereto.

“Liquidation” shall mean the distributions of the Trust Account to the Public Stockholders in connection with the redemption of Shares held by the Public Stockholders pursuant to the terms of the Amended and Restated Certificate if the Company fails to consummate a Business Combination.

“Preliminary Prospectus” shall mean the preliminary prospectus referred to in paragraph 1(a) above and any preliminary prospectus included in the Registration Statement at the Effective Date that omits Rule 430A Information.

“Prospectus” shall mean the prospectus relating to the Securities that is first filed pursuant to Rule 424(b) after the Execution Time.

“Registration Statement” shall mean the registration statement referred to in paragraph 1(a) above, including exhibits and financial statements and any prospectus and prospectus supplement relating to the Securities that is filed with the Commission pursuant to Rule 424(b) and deemed part of such registration statement pursuant to Rule 430A, as amended at the Execution Time and, in the event any post-effective amendment thereto or any Rule 462(b) Registration Statement becomes effective prior to the Closing Date, shall also mean such registration statement as so amended or such Rule 462(b) Registration Statement, as the case may be.

“Rule 158”, “Rule 172”, “Rule 405”, “Rule 419”, “Rule 424”, “Rule 430A”, “Rule 433” and “Rule 462” refer to such rules under the Act.

“Rule 430A Information” shall mean information with respect to the Securities and the offering thereof permitted to be omitted from the Registration Statement when it becomes effective pursuant to Rule 430A.

“Rule 462(b) Registration Statement” shall mean a registration statement and any amendments thereto filed pursuant to Rule 462(b) relating to the Offering covered by the registration statement referred to in Section 1(a) hereof.

22. CONSTRUCTION.

Unless the context otherwise requires:

(a) the words “hereof,” “hereto,” “herein” and “hereunder” and words of similar import, when used in this Agreement, shall refer to this Agreement as a whole and not to any particular provision of this Agreement;

(b) words defined in the singular shall have a comparable meaning when used in the plural, and vice versa;

26

(c) wherever the word “include,” “includes” or “including” is used in this Agreement, it shall be deemed to be followed by the words “without limitation”;

(d) references herein to any law shall be deemed to refer to such law as amended, reenacted, supplemented or superseded in whole or in part and in effect from time to time and also to all rules and regulations promulgated thereunder;

(e) if the last day for the giving of any notice or the performance of any act required or permitted under this Agreement is a day that is not a Business Day, then the time for the giving of such notice or the performance of such action shall be extended to the next succeeding Business Day; and

(f) with regard to each and every term and condition of this Agreement and all other agreements and instruments subject to the terms hereof, the parties understand and agree that such documents have been mutually negotiated, prepared and drafted, and if at any time the parties desire or are required to interpret or construe any such term or condition, no consideration will be given to the issue of which party actually prepared, drafted or requested any such term or condition; and

(g) a reference to “knowledge” of the Company or of which the Company is “aware” means to the actual knowledge of any of the directors or officers of the Company, each after due and reasonable inquiry.

[Remainder of page intentionally left blank.]

27

If the foregoing is in accordance with your understanding of our agreement, please sign and return to us the enclosed duplicate hereof, whereupon it will become a binding agreement among the Company and the Underwriters in accordance with its terms.

Very truly yours,

SCHEDULE I

<u>Underwriter</u>	<u>Number of Underwritten Securities to be Purchased</u>
B. Riley Securities, Inc.	15,000,000
TOTAL	15,000,000

29

SCHEDULE II
TIME OF DELIVERY INFORMATION

Colombier Acquisition Corp. priced 15,000,000 units at \$10.00 per unit plus an additional 3,750,000 units if the underwriters exercise their over-allotment option in full.

The underwriting discounts and commissions shall be \$0.55 per Unit, including \$0.35 per Unit in the aggregate payable to the Underwriters for deferred underwriting commissions to be placed into the Trust Account and released to the Underwriters upon completion of the initial Business Combination in accordance with the Trust Agreement.

The amounts in the Trust Account may be invested only in U.S. government treasury bills with a maturity of 185 days or less or in money market funds meeting certain conditions under Rule 2a-7 under the Investment Company Act which invest only in direct U.S. government treasury obligations.

The units will be issued pursuant to an effective registration statement that has been previously filed with the U.S. Securities and Exchange Commission.

This communication shall not constitute an offer to sell or the solicitation of any offer to buy, nor shall there be any sale of the securities in any state or jurisdiction in which such offer, solicitation or sale would be unlawful prior to the registration or qualification under the securities law of any such state or jurisdiction.

Copies of the prospectus related to this offering may be obtained from B. Riley Securities, Inc., 299 Park Avenue, New York, NY 10171, Attention: Syndicate Department.

Registration Statement on Form S-1
 (File No. 0001847064)

Ladies and Gentlemen:

We have acted as counsel to Colombier Acquisition Corp., a Delaware corporation (the "Company"), in connection with the Registration Statement on Form S-1 (the "Registration Statement") of the Company, filed with the Securities and Exchange Commission pursuant to the Securities Act of 1933, as amended (the "Act"), and the rules and regulations thereunder (the "Rules"). You have asked us to furnish our opinion as to the legality of the securities being registered under the Registration Statement. The Registration Statement relates to the registration under the Act of (i) 17,250,000 units (the "Units") of the Company (including Units issuable by the Company upon exercise of the underwriters' over-allotment option), each such Unit consisting of one share of the Company's Class A common stock, par value \$0.0001 per share (the "Common Stock"), and one-third of one redeemable warrant of the Company (each whole warrant, a "Warrant") to purchase a share of Common Stock and (ii) all shares of Common Stock (the "Unit Shares") and all Warrants issued as part of the Units, as specified in the Registration Statement.

In connection with the furnishing of this opinion, we have examined originals, or copies certified or otherwise identified to our satisfaction, of the following documents (collectively, the "Documents"):

1. the Registration Statement;
 2. the Amended and Restated Certificate of Incorporation, certified as of a recent date by the Delaware Secretary of State (the "Certificate of Incorporation");
 3. the Amended and Restated Bylaws of the Company, certified as of the date hereof by an officer of the Company (the "Bylaws");
 4. the form of the underwriting agreement (the "Underwriting Agreement"), proposed to be entered into between the Company and the underwriters named in the Registration Statement;
 5. the Form of Specimen Unit Certificate, included as Exhibit 4.1 to the Registration Statement;
 6. the Form of Specimen Class A Common Stock Certificate, included as Exhibit 4.2 to the Registration Statement;
-
7. the Form of Specimen Warrant Certificate, included as Exhibit 4.3 to the Registration Statement; and
 8. the form of warrant agreement proposed to be entered into by and between Continental Stock Transfer & Trust Company (the "Warrant Agent") and the Company, included as Exhibit 4.4 to the Registration Statement (the "Warrant Agreement").

In addition, we have examined (i) such corporate records of the Company that we have considered appropriate and copies of resolutions of the board of directors of the Company relating to the issuance of the Units, Unit Shares and the Warrants, certified by the Company and (ii) such other certificates, agreements and documents that we deemed relevant and necessary as a basis for the opinions expressed below. We have also relied upon the factual matters contained in the representations and warranties of the Company made in the Documents and upon certificates of public officials and the officers of the Company.

In our examination of the Documents referred to above, we have assumed, without independent investigation, the genuineness of all signatures, the legal capacity of all individuals who have executed any of the documents reviewed by us, the authenticity of all documents submitted to us as originals, the conformity to the originals of all documents submitted to us as certified, photostatic, reproduced or conformed copies of valid existing agreements or other documents, the authenticity of all the latter documents and that the statements regarding matters of fact in the certificates, records, agreements, instruments and documents that we have examined are accurate and complete.

The opinions expressed in paragraphs 1 and 3 below are limited by (i) applicable bankruptcy, insolvency, reorganization, receivership, moratorium, fraudulent conveyance, and other similar laws affecting the rights and remedies of creditors generally, (ii) general principles of equity (including without limitation the availability of specific performance or injunctive relief and the application of concepts of materiality, reasonableness, good faith and fair dealing), regardless of whether considered in a proceeding at law or in equity and (iii) federal and state securities laws or principles of public policy that may limit enforcement of rights to indemnity, contribution and exculpation.

On the basis of and subject to the foregoing, and in reliance thereon, and subject to the assumptions, limitations and qualifications set forth in this opinion letter, and further assuming that:

- (i) any Units issued and sold pursuant to the Registration Statement and in accordance with the terms of the Underwriting Agreement will have been duly authorized, executed, and delivered by Continental Stock Transfer & Trust Company, as transfer agent, and the agreed consideration will have been fully paid at the time of such delivery by, the purchasers thereof
- (ii) each Warrant Agreement, including any amendments or supplements thereto, and the Warrants issued thereunder will have been duly executed by the Company and duly authorized and authenticated by the Warrant Agent in accordance with the terms of such Warrant Agreement; and
- (iii) the Warrants issued and sold pursuant to the Registration Statement and in accordance with the terms of the Warrant Agreement will have been duly authorized, executed, and delivered by the Warrant Agent, and the agreed consideration will have been fully paid at the time of such delivery by, the purchasers thereof.

We are of the opinion that:

-
1. The Units, when duly issued, delivered and paid for as contemplated in the Registration Statement and in accordance with the terms of the Underwriting Agreement, will constitute the legal, valid and binding obligations of the Company, enforceable against the Company in accordance with their terms.
 2. The Unit Shares have been duly authorized by all necessary corporate action on the part of the Company and, when the Units are duly issued, delivered and paid for as contemplated in the Registration Statement and in accordance with the terms of the Underwriting Agreement, the Unit Shares will be validly issued, fully paid and non-assessable.
 3. The Warrants included in the Units, when the Units are duly issued, delivered and paid for as contemplated in the Registration Statement and in accordance with the terms of the Underwriting Agreement and the Warrant Agreement, will constitute the legal, valid and binding obligations of the Company, enforceable against the Company in accordance with their terms; except that we express no opinion as to the validity, legally binding effect or enforceability of the second proviso in Section 4.4 of the Warrant Agreement or any related provision in the Warrants that requires or relates to adjustments to the conversion rate in an amount that a court would determine in the circumstances under applicable law to be commercially unreasonable or a penalty or forfeiture.

The opinions expressed above are limited to the laws of the State of New York and the General Corporation Law of the State of Delaware. Our opinion is rendered only with respect to the laws, and the rules, regulations and orders under those laws, that are currently in effect. Without limiting the preceding sentence, we express no opinion as to any federal or state securities or broker-dealer laws or regulations thereunder relating to the offer, issuance and sale of the Units pursuant to the Registration Statement.

This opinion letter has been prepared, and should be interpreted, in accordance with customary practice followed in the preparation of opinion letters by lawyers who regularly give, and such customary practice followed by lawyers who on behalf of their clients regularly advise opinion recipients regarding, opinion letters of this kind.

The opinions expressed in this opinion letter (i) are strictly limited to the matters stated in this opinion letter, and without limiting the foregoing, no other opinions are to be inferred and (ii) are only as of the date of this opinion letter, and we are under no obligation, and do not undertake, to advise the Company or any other person or entity either of any change of law or fact that occurs, or of any fact that comes to our attention, after the date of this opinion letter, even though such change or such fact may affect the legal analysis or a legal conclusion in this opinion letter.

We hereby consent to the filing of this opinion letter as an exhibit to the Registration Statement and to the reference of our firm in the "Legal Matters" section of the Registration Statement. We do not admit by giving this consent that we are in the category of persons whose consent is required under Section 7 of the Act and the rules and regulations thereunder.

Very truly yours,

/s/ Eversheds Sutherland (US) LLP

INVESTMENT MANAGEMENT TRUST AGREEMENT

This Investment Management Trust Agreement (this “Agreement”) is made effective as of [], 2021 by and between Colombar Acquisition Corp., a Delaware corporation (the “Company”), and Continental Stock Transfer & Trust Company, a New York limited purpose trust company (the “Trustee”).

WHEREAS, the Company’s registration statement on Form S-1, File No. 333-254492 (the “Registration Statement”) and prospectus (the “Prospectus”) for the initial public offering of the Company’s units (the “Units”), each of which consists of one share of the Company’s Class A common stock, par value \$0.0001 per share (the “Common Stock”), and one-third of one redeemable warrant, each whole warrant entitling the holder thereof to purchase one share of Common Stock (such initial public offering hereinafter referred to as the “Offering”), has been declared effective as of the date hereof by the U.S. Securities and Exchange Commission; and

WHEREAS, the Company has entered into an Underwriting Agreement (the “Underwriting Agreement”) with B. Riley Securities, Inc. (the “Representative”); and

WHEREAS, as described in the Prospectus, \$150,000,000 of the proceeds of the Offering and sale of the Private Placement Warrants (as defined in the Underwriting Agreement) (or \$172,500,000 if the Representative’s over-allotment option is exercised in full) will be delivered to the Trustee to be deposited and held in a segregated trust account located at all times in the United States (the “Trust Account”) for the benefit of the Company and the holders of the Common Stock included in the Units issued in the Offering as hereinafter provided (the amount to be delivered to the Trustee (and any interest subsequently earned thereon) is referred to herein as the “Property,” the stockholders for whose benefit the Trustee shall hold the Property will be referred to as the “Public Stockholders,” and the Public Stockholders and the Company will be referred to together as the “Beneficiaries”); and

WHEREAS, pursuant to the Underwriting Agreement, a portion of the Property equal to \$5,250,000, or \$6,037,500 if the Representative’s over-allotment option is exercised in full, is attributable to deferred underwriting discounts and commissions that will be payable by the Company to the Representative upon and concurrently with the consummation of the Business Combination (as defined below) (the “Deferred Discount”); and

WHEREAS, the Company and the Trustee desire to enter into this Agreement to set forth the terms and conditions pursuant to which the Trustee shall hold the Property.

NOW THEREFORE, IT IS AGREED:

1. Agreements and Covenants of Trustee. The Trustee hereby agrees and covenants to:

(a) Hold the Property in trust for the Beneficiaries in accordance with the terms of this Agreement in the Trust Account established by the Trustee in the United States at J.P. Morgan Chase Bank, N.A. (or at another U.S. – chartered commercial bank with consolidated assets of \$100 billion or more) and at a brokerage institution selected by the Trustee that is reasonably satisfactory to the Company;

(b) Manage, supervise and administer the Trust Account subject to the terms and conditions set forth herein;

(c) In a timely manner, upon the written instruction of the Company, invest and reinvest the Property in solely United States government securities within the meaning of Section 2(a)(16) of the Investment Company Act of 1940, as amended, having a maturity of 185 days or less, or in money market funds meeting the conditions of paragraphs (d)(1), (d)(2), (d)(3) and (d)(4) of Rule 2a-7 promulgated under the Investment Company Act of 1940, as amended (or any successor rule), which invest only in direct U.S. government treasury obligations, as determined by the Company; the Trustee may not invest in any other securities or assets, it being understood that the Trust Account will earn no interest while account funds are invested or uninvested awaiting the Company’s instructions hereunder and the Trustee may earn bank credit or other consideration;

1

(d) Collect and receive, when due, all interest or other income arising from the Property, which shall become part of the “Property,” as such term is used herein;

(e) As soon as practicable notify the Company and the Representative of all communications received by the Trustee with respect to any Property requiring action by the Company;

(f) Supply any necessary information or documents as may be requested by the Company (or its authorized agents) in connection with the Company’s preparation of the tax returns relating to assets held in the Trust Account;

(g) Participate in any plan or proceeding for protecting or enforcing any right or interest arising from the Property if, as and when instructed by the Company to do so;

(h) Render to the Company monthly written statements of the activities of, and amounts in, the Trust Account reflecting all receipts and disbursements of the Trust Account;

(i) Commence liquidation of the Trust Account only after and promptly after (x) receipt of, and only in accordance with, the terms of a letter from the Company (“Termination Letter”) in a form substantially similar to that attached hereto as either Exhibit A or Exhibit B, as applicable, signed on behalf of the Company by its Chief Executive Officer, President, Chief Financial Officer, Secretary or Chairman of the board of directors of the Company (the “Board”) or other authorized officer of the Company and, in the case of Exhibit A, acknowledged and agreed to by the Representative and complete the liquidation of the Trust Account and distribute the Property in the Trust Account, including interest earned on funds held in the Trust Account (net of amounts withdrawn in accordance with this Agreement and less up to \$100,000 of interest that may be released to the Company to pay dissolution expenses), only as directed in the Termination Letter and the other documents referred to therein, or (y) upon the date which is the later of (i) 24 months after the closing of the Offering or 27 months from the closing of the Offering if the Company has executed a letter of intent, agreement in principle or definitive agreement for an initial Business Combination within 24 months from the closing of the Offering and (ii) such later date as may be approved by the Company’s stockholders in accordance with the Company’s amended and restated Certificate of Incorporation, if a Termination Letter has not been received by the Trustee prior to such date, in which case the Trust Account shall be liquidated in accordance with the procedures set forth in the Termination Letter attached as Exhibit B and the Property in the Trust Account, including interest earned on funds held in the Trust Account (net of amounts withdrawn in accordance with this Agreement and less up to \$100,000 of interest that may be released to the Company to pay dissolution expenses) shall be distributed to the Public Stockholders of record as of such date;

(j) Upon written request from the Company, which may be given from time to time in a form substantially similar to that attached hereto as Exhibit C (a “Tax Payment Withdrawal Instruction”), withdraw from the Trust Account and distribute to the Company the amount of interest earned on the Property requested by the Company to cover any tax obligation owed by the Company as a result of assets of the Company or interest or other income earned on the Property, which such payment the Company shall forward to the relevant taxing authority; provided, however, that to the extent there is not sufficient cash in the Trust Account to pay such tax

obligation, the Trustee shall liquidate such assets held in the Trust Account as shall be designated by the Company in writing to make such distribution, so long as there is no reduction in the principal amount initially deposited in the Trust account; provided, further, that if the tax to be paid is a franchise tax, the written request by the Company to make such distribution shall be accompanied by a copy of the franchise tax bill from the relevant taxing authority for the Company. The written request of the Company referenced above shall constitute presumptive evidence that the Company is entitled to said funds, and the Trustee shall have no responsibility to look beyond said request;

(k) Upon written request from the Company, which may be given from time to time in a form substantially similar to that attached hereto as Exhibit D (a “Working Capital Withdrawal Instruction”), withdraw from the Trust Account and distribute to the Company the amount of interest earned on the Property requested by the Company to fund working capital compliance requirements (a “Working Capital Withdrawal”), which amount shall be delivered directly to the Company; provided, however, that to the extent there is not sufficient cash in the Trust Account to fund such Working Capital Withdrawal, the Trustee shall liquidate such assets held in the Trust Account as shall be designated by the Company in writing to make such distribution, so long as there is no reduction in the principal amount initially deposited in the Trust account. The written request of the Company referenced above shall constitute presumptive evidence that the Company is entitled to said funds, and the Trustee shall have no responsibility to look beyond said request; provided, further, that Working Capital Withdrawal shall not exceed \$1,000,000 per annum;

2

(l) Upon written request from the Company, which may be given from time to time in a form substantially similar to that attached hereto as Exhibit E (a “Stockholder Redemption Withdrawal Instruction”), the Trustee shall distribute to the Public Stockholders on behalf of the Company the amount requested by the Company to be used to redeem shares of Common Stock from Public Stockholders properly submitted in connection with a stockholder vote to approve an amendment to the Company’s amended and restated Certificate of Incorporation to modify the substance or timing of the Company’s obligation to redeem 100% of its public shares of Common Stock if the Company has not consummated an initial Business Combination within such time as is described in the Company’s amended and restated Certificate of Incorporation or with respect to any other material provisions relating to stockholders’ rights or pre-initial Business Combination activity. The written request of the Company referenced above shall constitute presumptive evidence that the Company is entitled to distribute said funds, and the Trustee shall have no responsibility to look beyond said request; and

(m) Not make any withdrawals or distributions from the Trust Account other than pursuant to Section 1(i), (j), (k) or (l) above.

2. Agreements and Covenants of the Company. The Company hereby agrees and covenants to:

(a) Give all instructions to the Trustee hereunder in writing, signed by the Company’s Chairman of the Board, President, Chief Executive Officer, Chief Financial Officer or Secretary. In addition, except with respect to its duties under Sections 1(i), 1(j), 1(k) and 1(l) hereof, the Trustee shall be entitled to rely on, and shall be protected in relying on, any verbal or telephonic advice or instruction which it, in good faith and with reasonable care, believes to be given by any one of the persons authorized above to give written instructions, provided that the Company shall promptly confirm such instructions in writing;

(b) Subject to Section 4 hereof, hold the Trustee harmless and indemnify the Trustee from and against any and all expenses, including reasonable counsel fees and disbursements, or losses suffered by the Trustee in connection with any action taken by it hereunder and in connection with any action, suit or other proceeding brought against the Trustee involving any claim, or in connection with any claim or demand, which arises out of or relates to this Agreement, the services of the Trustee hereunder, or the Property or any interest earned on the Property, except for expenses and losses resulting from the Trustee’s, or its representatives’, gross negligence, fraud or willful misconduct. Promptly after the receipt by the Trustee of notice of demand or claim or the commencement of any action, suit or proceeding, pursuant to which the Trustee intends to seek indemnification under this Section 2(b), it shall notify the Company in writing of such claim (hereinafter referred to as the “Indemnified Claim”). The Trustee shall have the right to conduct and manage the defense against such Indemnified Claim; provided that the Trustee shall obtain the consent of the Company with respect to the selection of counsel; provided, further that the Company may conduct and manage the defense against any Indemnified Claim if the Trustee does not promptly take reasonable steps to mount such a defense. The Trustee may not agree to settle any Indemnified Claim without the prior written consent of the Company. The Company may participate in any such action with its own counsel;

(c) Pay the Trustee the fees set forth on Schedule A hereto, including an initial set-up fee, annual administration fee, and transaction processing fee which fees shall be subject to modification by the parties from time to time. It is expressly understood that the Property shall not be used to pay such fees unless and until the property is distributed to the Company pursuant to Sections 1(i) hereof. The Company shall pay the Trustee the initial set-up fee and the first annual administration fee at the consummation of the Offering. The Company shall not be responsible for any other fees or charges of the Trustee except as set forth in this Section 2(c), Schedule A and as may be provided in Section 2(b) hereof;

(d) In connection with any vote of the Company’s stockholders regarding a merger, capital stock exchange, asset acquisition, stock purchase, reorganization or similar business combination involving the Company and one or more businesses (the “Business Combination”), provide to the Trustee an affidavit or certificate of the inspector of elections for the stockholder meeting verifying the vote of such stockholders regarding such Business Combination;

3

(e) Provide the Representative with a copy of any Termination Letter(s) and/or any other correspondence that is sent to the Trustee with respect to any proposed withdrawal from the Trust Account promptly after it issues the same;

(f) Unless otherwise agreed between the Company and the Representative, ensure that any Instruction Letter delivered in connection with a Termination Letter in the form of Exhibit A expressly provides that the Deferred Discount is paid directly to the accounts as directed by the Representative prior to any transfer of the funds held in the Trust Account to the Company or any other person;

(g) Instruct the Trustee to make only those distributions that are permitted under this Agreement, and refrain from instructing the Trustee to make any distributions that are not permitted under this Agreement; and

(h) Within four (4) business days after the Representative exercises the over-allotment option (or any unexercised portion thereof) or such over-allotment expires, provide the Trustee with a notice in writing of the total amount of the Deferred Discount, which shall in no event be less than \$5,250,000, or \$6,037,500 if the underwriters’ over-allotment option is exercised in full.

3. Limitations of Liability. The Trustee shall have no responsibility or liability to:

(a) Imply obligations, perform duties, inquire or otherwise be subject to the provisions of any agreement or document other than this Agreement and that which is expressly set forth herein;

(b) Take any action with respect to the Property, other than as directed in Section 1 hereof, and the Trustee shall have no liability to any party except for liability arising out of the Trustee’s, or its representatives’, gross negligence, fraud, or willful misconduct;

(c) Institute any proceeding for the collection of any principal and income arising from, or institute, appear in or defend any proceeding of any kind with respect to, any of the Property unless and until it shall have received instructions from the Company given as provided herein to do so and the Company shall have advanced or guaranteed to it funds sufficient to pay any reasonably incurred expenses incident thereto;

(d) Refund any depreciation in principal of any Property;

(e) Assume that the authority of any person designated by the Company to give instructions hereunder shall not be continuing unless provided otherwise in such designation, or unless the Company shall have delivered a written revocation of such authority to the Trustee;

(f) The other parties hereto or to anyone else for any action taken or omitted by it, or any action suffered by it to be taken or omitted, in good faith and in the Trustee's best judgment, except for the Trustee's, or its representatives', gross negligence, fraud, or willful misconduct. The Trustee may rely conclusively and shall be protected in acting upon any order, notice, demand, certificate, opinion or advice of counsel (including counsel chosen by the Trustee, which counsel may be the Company's counsel), statement, instrument, report or other paper or document (not only as to its due execution and the validity and effectiveness of its provisions, but also as to the truth and acceptability of any information therein contained) which the Trustee believes, in good faith and with reasonable care, to be genuine and to be signed or presented by the proper person or persons. The Trustee shall not be bound by any notice or demand, or any waiver, modification, termination or rescission of this Agreement or any of the terms hereof, unless evidenced by a written instrument delivered to the Trustee, signed by the proper party or parties and, if the duties or rights of the Trustee are affected, unless it shall give its prior written consent thereto;

(g) Verify the accuracy of the information contained in the Registration Statement;

4

(h) Provide any assurance that any Business Combination entered into by the Company or any other action taken by the Company is as contemplated by the Registration Statement;

(i) File information returns with respect to the Trust Account with any local, state or federal taxing authority or provide periodic written statements to the Company documenting the taxes payable by the Company, if any, relating to any interest income earned on the Property;

(j) Prepare, execute and file tax reports, income or other tax returns and pay any taxes with respect to any income generated by, and activities relating to, the Trust Account, regardless of whether such tax is payable by the Trust Account or the Company, including, but not limited to, franchise and income tax obligations, except pursuant to Section 1(j) hereof; or

(k) Verify calculations, qualify or otherwise approve the Company's written requests for distributions pursuant to Sections 1(i), 1(j), 1(k) and 1(l) hereof.

4. Trust Account Waiver. The Trustee has no right of set-off or any right, title, interest or claim of any kind ("Claim") to, or to any monies in, the Trust Account, and hereby irrevocably waives any Claim to, or to any monies in, the Trust Account that it may have now or in the future. In the event the Trustee has any Claim against the Company under this Agreement, including, without limitation, under Section 2(b) or Section 2(c) hereof, the Trustee shall pursue such Claim solely against the Company and its assets outside the Trust Account and not against the Property or any monies in the Trust Account.

5. Termination and Replacement of Trustee. This Agreement shall terminate as follows:

(a) If the Trustee gives written notice to the Company that it desires to resign under this Agreement, the Company shall use its reasonable efforts to locate a successor trustee, pending which the Trustee shall continue to act in accordance with this Agreement. At such time that the Company notifies the Trustee that a successor trustee has been appointed and has agreed to become subject to the terms of this Agreement, the Trustee shall transfer the management of the Trust Account to the successor trustee, including but not limited to the transfer of copies of the reports and statements and any other reasonable transfer requests that the Company may make, whereupon this Agreement shall terminate; provided, however, that in the event that the Company does not locate a successor trustee within ninety (90) days of receipt of the resignation notice from the Trustee, the Trustee may submit an application to have the Property deposited with any court in the State of New York or with the United States District Court for the Southern District of New York and upon such deposit, the Trustee shall be immune from any liability whatsoever; or

(b) At such time that the Trustee has completed the liquidation of the Trust Account and its obligations in accordance with the provisions of Section 1(i) hereof and distributed the Property in accordance with the provisions of the Termination Letter, this Agreement shall terminate except with respect to Section 2(b).

6. Miscellaneous.

(a) The Company and the Trustee each acknowledge that the Trustee will follow the security procedures set forth below with respect to funds transferred from the Trust Account. The Company and the Trustee will each restrict access to confidential information relating to such security procedures to authorized persons. Each party must notify the other party immediately if it has reason to believe unauthorized persons may have obtained access to such confidential information, or of any change in its authorized personnel. In executing funds transfers, the Trustee shall rely upon all information supplied to it by the Company, including, account names, account numbers, and all other identifying information relating to a Beneficiary, Beneficiary's bank or intermediary bank. Except for any liability arising out of the Trustee's, or its representatives', gross negligence, fraud, or willful misconduct, the Trustee shall not be liable for any loss, liability or expense resulting from any error in the information or transmission of the funds.

5

(b) This Agreement shall be governed by and construed and enforced in accordance with the laws of the State of New York, without giving effect to conflicts of law principles that would result in the application of the substantive laws of another jurisdiction. This Agreement may be executed in several original or facsimile counterparts, each one of which shall constitute an original, and together shall constitute but one instrument.

(c) This Agreement contains the entire agreement and understanding of the parties hereto with respect to the subject matter hereof. This Agreement or any provision hereof may only be changed, amended or modified (other than to correct a typographical error) by a writing signed by each of the parties hereto.

(d) Sections 1(i) and 1(l) hereof may only be changed, amended or modified pursuant to Section 6(c) hereof with the Consent of the Stockholders, it being the specific intention of the parties hereto that each of the Company's stockholders is, and shall be, a third party beneficiary of this Section 6(d) with the same right and power to enforce this Section 6(d) as the other parties hereto. For purposes of this Section 6(d), the "Consent of the Stockholders" means receipt by the Trustee

of a certificate from the inspector of elections of the stockholder meeting certifying that either (i) the Company's stockholders of record as of a record date established in accordance with Section 213(a) of the Delaware General Corporation Law, as amended ("DGCL") (or any successor rule), who hold sixty-five percent (65%) or more of all then outstanding shares of the Common Stock and Class B common stock, par value \$0.0001 per share, of the Company voting together as a single class, have voted in favor of such change, amendment or modification, or (ii) the Company's stockholders of record as of the record date who hold sixty-five percent (65%) or more of all then outstanding shares of the Common Stock and Class B common stock, par value \$0.0001 per share, of the Company voting together as a single class, have delivered to such entity a signed writing approving such change, amendment or modification. No such amendment will affect any Public Stockholder who has otherwise indicated his election to redeem his share of Common Stock in connection with a stockholder vote sought to amend the Certificate of Incorporation. Except for any liability arising out of the Trustee's, or its representatives', gross negligence, fraud, or willful misconduct, the Trustee may rely conclusively on the certification from the inspector or elections referenced above and shall be relieved of all liability to any party for executing the proposed amendment in reliance thereon.

(e) The parties hereto consent to the jurisdiction and venue of any state or federal court located in the City of New York, County of New York, State of New York, for purposes of resolving any disputes hereunder. AS TO ANY CLAIM, CROSS-CLAIM OR COUNTERCLAIM IN ANY WAY RELATING TO THIS AGREEMENT, EACH PARTY WAIVES THE RIGHT TO TRIAL BY JURY.

(f) Any notice, consent or request to be given in connection with any of the terms or provisions of this Agreement shall be in writing and shall be sent by express mail or similar private courier service, by certified mail (return receipt requested), by hand delivery or by facsimile transmission:

(g) Each of the Company and the Trustee hereby represents that it has the full right and power and has been duly authorized to enter into this Agreement and to perform its respective obligations as contemplated hereunder. The Trustee acknowledges and agrees that it shall not make any claims or proceed against the Trust Account, including by way of set-off, and shall not be entitled to any funds in the Trust Account under any circumstance.

(h) Each of the Company and the Trustee hereby acknowledges and agrees that the Representative is a third party beneficiary of this Agreement.

(i) The Trustee shall perform its duties under this Agreement in compliance with all applicable laws and keep confidential all information relating to this Agreement and, except as required by applicable law, shall not use such information for any purpose other than the performance of the Trustee's obligations under this Agreement.

(j) Except as specified herein, no party to this Agreement may assign its rights or delegate its obligations hereunder to any other person or entity.

(k) This Agreement may be executed in one or more counterparts, each of which shall for all purposes be deemed to be an original but all of which together shall constitute one and the same Agreement. Only one counterpart signed by the party against whom enforceability is sought needs to be produced to evidence the existence of this Agreement.

Re: Trust Account Termination Letter

Dear Mr. Wolf and Ms. Gonzalez:

Pursuant to Section 1(i) of the Investment Management Trust Agreement between Colombier Acquisition Corp. (the "Company") and Continental Stock Transfer & Trust Company (the "Trustee"), dated as of , 2021 (the "Trust Agreement"), this is to advise you that the Company has entered into an agreement with [insert name] (the "Target Business") to consummate a business combination with Target Business (the "Business Combination") on or about [insert date]. The Company shall notify you at least seventy-two (72) hours in advance of the actual date of the consummation of the Business Combination (the "Consummation Date"). Capitalized terms used but not defined herein shall have the meanings set forth in the Trust Agreement.

In accordance with the terms of the Trust Agreement, we hereby authorize you to commence to liquidate all of the assets of the Trust Account, and to transfer the proceeds into the trust operating account at J.P. Morgan Chase Bank, N.A. to the effect that, on the Consummation Date, all of the funds held in the Trust Account will be immediately available for transfer to the account or accounts that the Company shall direct on the Consummation Date (including as directed to it by the Representative) (with respect to the Deferred Discount). It is acknowledged and agreed that while the funds are on deposit in the trust operating account at J.P. Morgan Chase Bank, N.A. awaiting distribution, the Company will not earn any interest or dividends.

On the Consummation Date (i) counsel for the Company shall deliver to you written notification that the Business Combination has been consummated, or will be consummated concurrently with your transfer of funds to the accounts as directed by the Company (the "Notification") and (ii) the Company shall deliver to you (a) [an affidavit] [a certificate] of the Chief Executive Officer of the Company, which verifies that the Business Combination has been approved by a vote of the Company's stockholders, if a vote is held and (b) a joint written instruction signed by the Company and the Representative with respect to the transfer of the funds held in the Trust Account, including payment of amounts owed to public stockholders who have properly exercised their redemptions rights and payment of amounts of the Deferred Discount to the underwriter from the Trust Account (the "Instruction Letter"). You are hereby directed and authorized to transfer the funds held in the Trust Account immediately upon your receipt of the Notification and the Instruction Letter, in accordance with the terms of the Instruction Letter. In the event that certain deposits held in the Trust Account may not be liquidated by the Consummation Date without penalty, you will notify the Company in writing of the same and the Company shall direct you as to whether such funds should remain in the Trust Account and be distributed after the Consummation Date to the Company. Upon the distribution of all the funds, net of any payments necessary for reasonable unreimbursed expenses related to liquidating the Trust Account, your obligations under the Trust Agreement shall be terminated.

In the event that the Business Combination is not consummated on the Consummation Date described in the notice thereof and we have not notified you on or before the original Consummation Date of a new Consummation Date, then upon receipt by the Trustee of written instructions from the Company, the funds held in the Trust Account shall be reinvested as provided in Section 1(c) of the Trust Agreement on the business day immediately following the Consummation Date as set forth in such written instruction as soon thereafter as possible.

Very truly yours,

Colombier Acquisition Corp.

Re: Trust Account Termination Letter

Dear Mr. Wolf and Ms. Gonzalez:

Pursuant to Section 1(j) of the Investment Management Trust Agreement between Colombier Acquisition Corp. (the "Company") and Continental Stock Transfer & Trust Company (the "Trustee"), dated as of , 2021 (the "Trust Agreement"), this is to advise you that the Company has been unable to effect a Business Combination with a Target Business within the time frame specified in the Company's amended and restated Certificate of Incorporation, as described in the Company's Prospectus relating to the Offering. Capitalized terms used but not defined herein shall have the meanings set forth in the Trust Agreement.

In accordance with the terms of the Trust Agreement, we hereby authorize you to liquidate all of the assets in the Trust Account and to transfer the total proceeds into a segregated account held by you on behalf of the Beneficiaries to await distribution to the Public Stockholders. The Company has selected [insert completion deadline] as the effective date for the purpose of determining when the Public Stockholders will be entitled to receive their share of the liquidation proceeds. You agree to be the Paying Agent of record and, in your separate capacity as Paying Agent, agree to distribute said funds directly to the Public Stockholders in accordance with the terms of the Trust Agreement and the amended and restated Certificate of Incorporation of the Company. Upon the distribution of all the funds, net of any payments necessary for reasonable unreimbursed expenses related to liquidating the Trust Account, your obligations under the Trust Agreement shall be terminated, except to the extent otherwise provided in Section 1(i) of the Trust Agreement.

Very truly yours,

Colombier Acquisition Corp.

Re: Trust Account Tax Payment Withdrawal Instruction

Dear Mr. Wolf and Ms. Gonzalez:

Pursuant to Section 1(j) of the Investment Management Trust Agreement between Colombier Acquisition Corp. (the "Company") and Continental Stock Transfer & Trust Company (the "Trustee"), dated as of , 2021 (the "Trust Agreement"), the Company hereby requests that you deliver to the Company \$_____ of the interest income earned on the Property as of the date hereof. Capitalized terms used but not defined herein shall have the meanings set forth in the Trust Agreement.

The Company needs such funds [to pay for the tax obligations as set forth on the attached tax return or tax statement]. In accordance with the terms of the Trust Agreement, you are hereby directed and authorized to transfer (via wire transfer) such funds promptly upon your receipt of this letter to the Company's operating account

Re: Trust Account Working Capital Withdrawal Instruction

Dear Mr. Wolf and Ms. Gonzalez:

Pursuant to Section 1(k) of the Investment Management Trust Agreement between Colombier Acquisition Corp. (the "Company") and Continental Stock Transfer & Trust Company (the "Trustee"), dated as of , 2021 (the "Trust Agreement"), the Company hereby requests that you deliver to the Company \$_____ of the interest income earned on the Property as of the date hereof. Capitalized terms used but not defined herein shall have the meanings set forth in the Trust Agreement.

The Company needs such funds to fund its working capital requirements. In accordance with the terms of the Trust Agreement, you are hereby directed and authorized to transfer (via wire transfer) such funds promptly upon your receipt of this letter to the Company's operating account at:

Re: Trust Account Stockholder Redemption Withdrawal Instruction

Dear Mr. Wolf and Ms. Gonzalez:

Pursuant to Section 1(l) of the Investment Management Trust Agreement between Colombier Acquisition Corp. (the "Company") and Continental Stock Transfer & Trust Company (the "Trustee"), dated as of , 2021 (the "Trust Agreement"), the Company hereby requests that you deliver to the redeeming Public Stockholders of the Company \$_____ of the principal and interest income earned on the Property as of the date hereof into a segregated account held by you on behalf of the Beneficiaries for distribution to the Stockholders who have requested redemption of their shares. Capitalized terms used but not defined herein shall have the meanings set forth in the Trust Agreement.

The Company needs such funds to pay its Public Stockholders who have properly elected to have their shares of Common Stock redeemed by the Company in connection with a stockholder vote to approve an amendment to the Company's amended and restated Certificate of Incorporation. As such, you are hereby directed and authorized to transfer (via wire transfer) such funds promptly upon your receipt of this letter.
